Harry Potter: The Dark Arts (Tiny Book)

Jacqui Small

Fifty years ago, shortly after *The Lord of the Rings* was first published, Cor Blok read the trilogy and was completely captivated by its invention and epic storytelling. The breadth of imagination and powerful imagery inspired the young Dutch artist, and this spark of enthusiasm, coupled with his desire to create art that resembled a historical artefact in its own right, led to the creation of more than 100 paintings. Following an exhibition at the Hague in 1961, JRR Tolkien's publisher, Rayner Unwin, sent him five pictures. Tolkien was so taken with them that he met and corresponded with the artist and even bought some paintings for himself. The series bears comparison with the Bayeux Tapestry, in which each tells an epic and complex story in deceptively simple style, but beneath this simplicity lies a compelling and powerful language of form that becomes more effective as the sequence of paintings unfolds. The full-colour paintings in this new book are presented in story order so that the reader can enjoy them as the artist intended. They are accompanied by extracts from *The Lord of the Rings* and the artist also provides an extensive introduction illuminating the creation of the series and notes to accompany some of the major compositions. Many of the paintings appear for the very first time. Readers will find Cor Blok's work refreshing, provocative, charming and wholly memorable - the bold and expressive style that he created stands as a unique achievement in the history of fantasy illustration. Rarely has an artist captured the essence of a writer's work in such singular fashion; the author found much to admire in Cor Blok's work, and what higher accolade is there?

A brand-new illustrated edition of the bestselling adventure novel by author Winter Morgan with 75 full-color illustrations. Perfect for every boy and girl who loves Minecraft! Steve lives on a wheat farm. He has everything he needs to live in the Minecraft world: a bed, a house, and food. Steve likes to spend his mornings in the NPC village and trade his wheat for emeralds, armor, books, swords, and food. One morning, he finds that Zombies have attacked the villagers. The Zombies have also turned the village blacksmith into a Zombie, leaving Steve without a place to get swords. To protect himself and the few villagers that remain, Steve goes on a quest to mine for forty diamonds, which are the most powerful mineral in the Overworld. He wants to craft these diamonds into a diamond sword to shield him and the villagers from the Zombies. Far from his home, with night about to set in, Steve fears for his life. Nighttime is when users are most vulnerable in Minecraft. As he looks for shelter in a temple, he meets a trio of treasure hunters, Max, Lucy, and Henry, who are trying to unearth the treasure under the temple. Steve tells them of his master plan to mine for the most powerful mineral in the Overworld—the diamond. The treasure hunters are eager to join him. Facing treacherous mining conditions, a thunderstorm, and attacks from hostile mobs, these four friends' question if it's better to be a single player than a multiplayer, as they try to watch out for each other and chase Steve's dream at the same time. Will Steve find the diamonds? Will his friends help or hinder the search? Should he trust his new treasure hunter friends? And will Steve get back in time to save the villagers?
