How does an anti-charismatic end up embracing all he once rejected? Out of a deep hunger for the reality of Jesus, Ron Phillips was determined to know God more deeply-or get out of the ministry. Through crisis and a series of disaster, he discovered the power released by the baptism of the Holy Spirit. This is the story of that transformation and the effect it had on the author and his congregation. It is also a passionate cry for unity and wisdom, and a call for charismatics, fundamentalists, evangelicals, and Christians of every denomination to find biblical common ground and freedom in the Spirit.

Sims, a professor of archeology, takes a small group of students to South America as a make up for their missed fieldwork. While on site, he discovers something that simply should not be -- what appears to be a wristwatch in an ancient tomb. After loosing two students in a horrible accident, and his job to these two students, Professor Sims invests everything he has to go back and bring to light this impossible find. What he could not know, nor the young students with him, is the terrible nature of this discovery. Sealed so long ago, hidden from the curiosity of man, it should never have been unearthed again, and unknowingly they find themselves storming the very gates of Hell. Praise for Storming the Gate .WOW. . . That was way intense!

I loved it. .A GREAT STORY. .nothing is ever perfect but this story/novel is damn near it. Okay, this was great. Action packed, drew me in and held me tight. Unforgiving and relentless, it reads like watching a movie!

The Gates of Noon Knopf

This volume deepens our understanding of Jacob Böhme's texts and contexts and facilitates future research. It encompasses sections on the text-centered approach to Böhme, facets of his environment, and aspects of his influence which bring latent features of his writings to light.

Storming the Gate WestBow Press

The Right Nation is not "for" liberals, and it's not "for" conservatives. It's for any of us who want to understand one of the most important forces shaping American life. How did America's government become so much more conservative in just a generation? Compared to Europe-or to America under Richard Nixon-even President Howard Dean would preside over a distinctly more conservative nation in many crucial respects: welfare is gone; the death penalty is deeply rooted; abortion is under siege; regulations are being rolled back; the pillars of New Deal liberalism are turning to sand. Conservative positions have not prevailed everywhere, of course, but this book shows us why they've been so successfully advanced over such a broad front: because the battle has been waged by well-organized, shrewd, and committed troops who to some extent have been lucky in their enemies. John Micklethwait and Adrian Wooldridge, like modern-day Tocquevilles, have the perspective to see this vast subject in the round, un beholden to forces on either side. They steer The Economist's coverage of the United States and have unrivaled access to resources and-because of the magazine's renown for iconoclasm and analytical rigor-have had open-door access wherever the book's research has led them. And it has led

them everywhere: To reckon with the American right, you have to get out there where its centers are and understand the power flow among the brain trusts, the mouthpieces, the organizers, and the foot soldiers. The authors write with wit and skewer whole herds of sacred cows, but they also bring empathy to bear on a subject that sees all too little of it. You won't recognize this America from the far-left's or the far-right's caricatures. Divided into three parts—history, anatomy, and prophecy—The Right Nation comes neither to bury the American conservative movement nor to praise it blindly but to understand it, in all its dimensions, as the most powerful and effective political movement of our age. Chapter One FROM KENNEBUNKPORT TO CRAWFORD Sir Lewis Namier, the great historian of English politics in the age of George III, once remarked that "English history, and especially English parliamentary history, is made by families rather than individuals." The same could be said of American political history, especially in the age of George I and George II. There is no better introduction to the radical transformation of Republicanism in the past generation—from patrician to populist, from Northeastern to Southwestern, from pragmatic to ideological—than the radical transformation of Republicanism's current leading family, the Bushes. Grandfather Prescott The Bushes began political life as classic establishment Republicans: WASPs who summered in Kennebunkport, educated their children at boarding schools and the Ivy League and claimed family ties to the British royal family (Queen Elizabeth II is the thirteenth cousin of the first President Bush). George W.'s paternal great-grandfather, Samuel P. Bush, was a steel and railroad executive who became the first president of the National Association of Manufacturers and a founding member of the United States Chamber of Commerce. His maternal great-grandfather, George Herbert Walker, was even grander. The cofounder of W. A. Harriman, Wall Street's oldest private investment bank, Walker's stature was summed up by his twin Manhattan addresses: his office at One Wall Street and his home at One Sutton Place. There was certainly muck beneath this brass: both Walker and Bush had their share of Wall Street shenanigans and cozy government deals, but in the age...

'You Shall Surely Not Die' Jonathan Fore

Where does evil come from? If there is a sovereign creator God, as Christian faith holds, is this God ultimately responsible for evil? Does God's sovereignty mean that God causes each instance of sin and suffering? How do Satan, his demons and hell fit into God's providential oversight of all creation and history? How does God interact with human intention and action? If people act freely, does God know in particular every human decision before the choice is made? In this important book Gregory A. Boyd mounts a thorough response to these ages-old questions, which remain both crucial and contentious, both practical and complex. In this work Boyd defends his scripturally grounded trinitarian warfare theodicy (presented in God at War) with rigorous philosophical reflection and insights from human experience and scientific discovery. Critiquing the classical Calvinist solution to the problem of evil, he advocates an alternative understanding of the sovereignty of the trinitarian God and of the reality of Satan that sheds light on our fallen human condition. While all may not agree with Boyd's conclusions, Satan and the Problem of Evil promises to advance the church's discussion of these critical issues.

Not since Betty Eadie's Embraced by the Light has a personal account of a Near-Death Experience (NDE) been so utterly different from most others—or nearly as compelling. "This is a book you devour from cover to cover, and pass on to others. This is a book you will quote in your daily conversation. Storm was meant to write it and we were meant to read it." —from the foreword by Anne Rice In the thirty years since Raymond Moody's Life After Life appeared, a familiar pattern of NDEs has emerged: suddenly floating over one's own body, usually in a hospital setting, then a sudden hurtling through a tunnel of light toward a presence of love. Not so in Howard Storm's case. Storm, an avowed atheist, was awaiting emergency surgery when he realized that he was at death's door. Storm found himself out of his own body, looking down on the hospital room scene below. Next, rather than going "toward the light," he found himself being torturously dragged to excruciating realms of darkness and death, where he was physically assaulted by monstrous beings of evil. His description of his pure terror and torture is unnerving in its utter originality and convincing detail. Finally, drawn away from death and transported to the realm of heaven, Storm met angelic beings as well as the God of Creation. In this fascinating account, Storm tells of his "life review," his conversation with God, even answers to age-old questions such as why the Holocaust was allowed to take place. Storm was sent back to his body with a new knowledge of the purpose of life here on earth. This book is his message of hope.

Many people go every day, living in this sea of life, feeling like they are drowning. This book can be a lifeline to help you stay afloat in these troublesome times. This book will show you there is a meaning and a purpose for you being on this Earth right now at such a time as this. This book can offer hope!

Storming the Gates of Paradise InterVarsity Press

Using medieval miniatures to complement written sources, this book gives a new insight into how ideas of death, sin and salvation altered and developed in order to meet the needs of a changing society in the Middle Ages.

God at War Storming the Gates of Hell

The author, a recipient of the U.S. Jaycees Distinguished Service award, grew up happily in L.A. he received his B.A. from Whittier College and taught in Whittier, California for 36 years. He is retired, even more happily, in Running Springs, California and is currently one of the top senior marathoners in the U.S.; a USA Track & Field All-American; and a Sierra Club hiking guide. He was a fitness and science columnist for Alpheron News; wrote What're We Doin' for P.E.?, Wolfskill (mystery novel), and Genesis Notes (humor); and he has published magazine articles.

Shaking the Gates of Hell Gateway

In a period of tumultuous transition for the church as it moves out of the Christendom era and into the unknowns of the post-Christian era, it is strange that so little has been written about the church's calling out of the dominion of darkness (Satan) and into the kingdom of Light (or, God's dear Son). The very word ecclesia speaks of a people "called out." In the New Testament the theme of spiritual warfare is ubiquitous, and yet is relegated to the margins in our present cultural whitewater. In The Church and the Relentless Darkness, Robert Henderson approaches the topic of spiritual warfare directly, and focuses on its manifestation in local Christian communities. Using the Letter to the Ephesian Christians as his base, Henderson

portrays the relentless darkness that comes with all satanic subtlety on unsuspecting communities, but he brings with this a message of hope and encouraging disciplines.

The Christian Soldier, Or Heaven Taken by Storm Bantam

Schuyler Van Alen is running out of time. The Dark Prince of Hell is storming the Gates of Paradise, intent on winning the heavenly throne for good. Will Bliss and the wolves she has recruited to join her win the battle for the vampires? Is Schuyler prepared to make the ultimate sacrifice? Love and vengeance, duty and loyalty, life and death, are all at odds in the gripping, heartbreaking finale of the Blue Bloods series.

Storming the Gates of Hell - 4 Wm. B. Eerdmans Publishing

This anthology of Solnits essential essays from the past ten years takes the reader from the Pyrenees to the U.S.-Mexican border, from open sky to the deepest mines and offers a panoramic world view enriched by the authors characteristically provocative, inspiring, and hopeful observations.

[Gates of Paradise](#) Wipf and Stock Publishers

This book is a compilation of inspirational encouragement from the word of God, messages I have preached and taught over the years in ministry from past to present, over thirty something years, inspired by the word and Spirit of God, words of hope and spiritual enlightenment and revelation. I have spent years before the Lord listening to Him getting these messages and words, and I really feel they will bless you Amen.

The Death and Resurrection of the Church Storming the Gates of Hell

The Gates of Hell is the follow up to Michael Livingston's amazing The Shards of Heaven, a historical fantasy that reveals the hidden magic behind the history we know, and commences a war greater than any mere mortal battle. Alexandria has fallen, and with it the great kingdom of Egypt. Cleopatra is dead. Her children are paraded through the streets in chains wrought of their mother's golden treasures, and within a year all but one of them will be dead. Only her young daughter, Cleopatra Selene, survives to continue her quest for vengeance against Rome and its emperor, Augustus Caesar. To show his strength, Augustus Caesar will go to war against the Cantabrians in northern Spain, and it isn't long before he calls on Juba of Numidia, his adopted half-brother and the man whom Selene has been made to marry—but whom she has grown to love. The young couple journey to the Cantabrian frontier, where they learn that Caesar wants Juba so he can use the Trident of Poseidon to destroy his enemies. Perfidy and treachery abound. Juba's love of Selene will cost him dearly in the epic fight, and the choices made may change the very fabric of the known world. "Livingston has spiced real history with a compelling dose of fantasy! Wonderfully imaginative and beautifully told." —Bernard Cornwell, bestselling author of The Pagan Lord, on The Shards of Heaven At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Satan and the Problem of Evil Thomas Nelson

The church is heading into a "perfect storm" of cultural forces. Will you sink beneath the waves, or ride the winds of the Spirit? An array of cultural forces is coming together to present the church with unprecedented challenge and unequalled opportunity. Such "category 5" realities as postmodernism, postChristendom attacks on belief in God, and the threat of global warming have coalesced to make a "perfect storm" that will leave people uncertain of their place in the world, and all they have previously believed in. Like the disciples when Jesus calmed the storm, the church can cower and cry out for relief. Or, when everything is spinning and whirling in the wind, the church can go out to meet the storm, embrace the gale, . . . and pass out kites. From the Circuit Rider review: "Like other books Sweet has written and compiled, The Church of the Perfect Storm is thought-provoking and compelling. The material flows in such a way that allows readers to grasp the gravity of the situation. However, as with most futuristic material, there is also a sense in which readers may want to know: 'Okay, now what? Where do we need to steer this ship? Are mainline and evangelical churches so off-course as to fail to weather the rising tides that are here and soon coming?' Readers of this volume may enjoy the description of a post-Christendom world, but they may also want to know more about the prescription for the days ahead. (Click here to read the entire review.)

[Awakened by the Spirit](#) Accent Publications

Modern Christians are often baffled by the problem of evil, frequently attributing pain and suffering to some mysterious "good" purposes of God.

Gregory Boyd instead declares that biblical writers did not try to intellectually understand evil but rather grappled to overcome it.

The Burning Bush Gospel Messages Vol. II Tor Books

This gripping narrative is an in-depth study of the valiant men of General John Caldwell's Union Division during the Gettysburg Campaign. Caldwell's Division made a desperate stand against a tough and determined Confederate force in farmer George Rose's nearly 20-acre Wheatfield. Ready for harvest, the infamous Wheatfield would change hands nearly six times in the span of two hours of fighting on July 2, becoming a trampled, bloody, no-man's land for thousands of wounded soldiers. Smith examines the lives of the Union soldiers in the ranks—as well as leaders Cross, Kelly, Zook, Brooke, and Caldwell himself. From Colonel Edward Cross's black bandana, to the famed Irish Brigade's charge on Stoney Hill, to a lone young man from Washington County whose grave is marked in stone nearby, James Smith's Storming the Wheatfield goes deep into the lives the soldiers, evoking a personal connection with the troops. Smith painstakingly contacted nearly one hundred descendants of Caldwell's soldiers, producing one of the most extensively researched narratives to date.

The Dragon Storm - Gates Penguin

On growing up in the American South of the 1960s—an all-American white boy—son of a long line of Methodist preachers, in the midst of the civil rights revolution, and discovering the culpability of silence within the church. By the Pulitzer Prize-winning journalist and columnist for The Birmingham News. "My dad was a Methodist preacher and his dad was a Methodist preacher," writes John Archibald. "It goes all the way back on both sides of my family. When I am at my best, I think it comes from that sermon place." Everything Archibald knows and believes about life is "refracted through the stained glass of the Southern church. It had everything to do with people. And fairness. And compassion." In Shaking the Gates of Hell, Archibald asks: Can a good person remain silent in the face of discrimination and horror, and still be a good person? Archibald had seen his father, the Rev. Robert L. Archibald, Jr., the son and grandson of Methodist preachers, as a moral authority, a moderate and a moderating force during the racial turbulence of the '60s, a loving and dependable parent, a forgiving and attentive minister, a man many Alabamians came to see as a saint. But was that enough? Even though Archibald grew up in Alabama in the heart of the civil rights movement, he could recall few words about racial rights or

wrongs from his father's pulpit at a time the South seethed, and this began to haunt him. In this moving and powerful book, Archibald writes of his complex search, and of the conspiracy of silence his father faced in the South, in the Methodist Church and in the greater Christian church. Those who spoke too loudly were punished, or banished, or worse. Archibald's father was warned to guard his words on issues of race to protect his family, and he did. He spoke to his flock in the safety of parable, and trusted in the goodness of others, even when they earned none of it, rising through the ranks of the Methodist Church, and teaching his family lessons in kindness and humanity, and devotion to nature and the Earth. Archibald writes of this difficult, at times uncomfortable, reckoning with his past in this unadorned, affecting book of growth and evolution.

Storming the Gates of Hell Storming the Gates of Hell

People living with mental health challenges are not excluded from God's love or even the fullness of life promised by Jesus. Unfortunately, this hope is

often lost amid the well-meaning labels and medical treatments that dominate the mental health field today. In *Finding Jesus in the Storm*, John Swinton makes the case for reclaiming that hope by changing the way we talk about mental health and remembering that, above all, people are people, regardless of how unconventionally they experience life. *Finding Jesus in the Storm* is a call for the church to be an epicenter of compassion for those experiencing depression, schizophrenia, bipolar disorder, and related difficulties. That means breaking free of the assumptions that often accompany these diagnoses, allowing for the possibility that people living within unconventional states of mental health might experience God in unique ways that are real and perhaps even revelatory. In each chapter, Swinton gives voice to those experiencing the mental health challenges in question, so readers can see firsthand what God's healing looks like in a variety of circumstances. The result is a book about people instead of symptoms, description instead of diagnosis, and lifegiving hope for everyone in the midst of the storm.
