Scripting Pentecost Barnabas in Schools
American Pentecostalism began as a
culturally isolated sect intent upon
announcing the imminence of the

world's end. The sect's early millenarian fervor gradually became muted in favor of flag-waving patriotism. At the end of the twentieth century it has become an affluent, worldwide movement thoroughly entrenched in popular culture. Edith Blumhofer uses the Assemblies of God, the largest classical Pentecostal denomination in the world, as a lens through which to view the changing nature of Anglo Pentecostalism in the United States. She illustrates how the original mission to proclaim the end resulted in the development of Bible schools, the rise of the charismatic movement, and the popularity of such figures as Aimee Semple McPherson, Charles Fox Parham, and David Du Plessis. Blumhofer also examines the sect's use of radio and television and the

creation of a parallel Christian culture

When Kai grows tired of her bookish mum not being adventurous enough for a Brownstone, she decides to seek out the mischievous and rebellious Monkey King. Will he bring her the adventure she craves, or will he cause her more trouble than he's worth? Read the latest story from the mythical Brownstone's family vault where we venture to China and learn about the story of the Monkey King, fight dangerous beasts, taste powerful peaches and see that maybe ... our heroes aren't always what they're cracked up to be.

In the tradition of *I Want My Hat Back*,

this delicious story from Sue Hendra and Paul Linnet tells the story of a cake who's about to attend his very first party—but he has no idea what's coming! Cake has been invited to his very first birthday party! He buys just the right outfit—including the PERFECT hat. But as the candles on his perfect party hat begin to burn, and the other party guests start to sing, Cake starts to think that this is one party he'd rather not be at...

Sent by the Lord Hymns Ancient & Modern

Fifteen easy-to-tell stories combining biblical teaching with contemporary storytelling. Set within the world of the classroom, each story has its roots in one of Jesus' parables. Primary children will recognise themselves and their

classmates in the stories and relate to the underlying message that is the essence of the parable. Each assembly outline is topped and tailed by a theme to help direct the teacher towards the main teaching objective of the story, and a prayer or reflection and suggested song to close the assembly if desired. Each unit also contains a teacher's page giving the Bible reference for the original parable and information to link the teaching to PSHE/Citizenship and the National Framework for RE or local SACRE guidelines.

Poetry Emotion contains a treasure trove of original poems to stimulate a child's observation and deep thinking; to affirm individuality and a sense of belonging; to

express a myriad of feelings; and to develop meaningful skills for living. The 50 poems are organised under 12 value-based topics, providing an ideal vehicle to address social and emotional values at Key Stage 2. They can be used with great effect in Collective Worship, and readily related to English, PSHCE, SEAL and RE in the classroom. The poems in each section are offered with introductory suggestions for ways in which the topics can be unpacked. Topics include: Whose world? Who am I? Who is my neighbour? What's so special about the Bible? It's not fair! Getting on and falling out Going for goals New beginnings Saying no to bullying Good to be me Changes Self awareness Managing feelings Motivation Social skills Ideal for KS2 Collective Worship

The Assemblies of God (AG) is the ninth largest American and the world's largest Pentecostal denomination, with over 50 million followers worldwide. The AG embraces a worldview of miracles and mystery that makes "supernatural" experiences, such as speaking in tongues, healing, and prophecy, normal for Christian believers. Ever since it first organized in 1916, however, the "charismata" or "gifts of the Holy Spirit" have felt tension from institutional forces. Over the decades, vital charismatic experiences have been increasingly tamed by rituals, doctrine, and denominational structure. Yet the path towards institutionalization has not been clear-cut. New revivals and direct

personal experience of God—the hallmarks of Pentecostalism—continue as an important part of the AG tradition, particularly in the growing number of ethnic congregations in the United States. The Assemblies of God draws on fresh, up-to-date research including quantitative surveys and interviews from twenty-two diverse Assemblies of God congregations to offer a new sociological portrait of the AG for the new millennium. The authors suggest that there is indeed a potential revitalization of the movement in the works within the context of the larger global Pentecostal upswing, and that this revitalization may be spurred by what the authors call “godly love:” the dynamic interaction between divine and human love that enlivens and expands benevolence. The

volume provides a wealth of data about how the second-largest American Pentecostal denomination sees itself today, and suggests trends to illuminate where it is headed in the future.

Power Maths Year 5 Pupil Practice Book 5B Barnabas in Schools

The whole-class mastery approach that works for every child. Underpinned by the most effective teaching practices, and created by a team of mastery experts led by Series Editor Tony Staneff, Power Maths is designed to make the whole-class mastery teaching approach work for you, your children and your school. The Practice Books provide just the right amount of intelligent practice for children to complete independently in the final section of the lesson. The practice questions are for everyone - each question varies one small element to move children on in

their thinking. All practice questions are carefully developed to reveal misconceptions. 'Reflect' questions help children to reason and show how deep their understanding is before moving on. Power Maths characters encourage and challenge children to develop growth mindsets and work flexibly. Calculations are connected so that children think about the underlying concept.
