A landmark collaboration between a thirty-year veteran of the CIA and a Pulitzer Prize-winning journalist, *The Main Enemy* is the dramatic inside story of the CIA-KGB spy wars, told through the actions of the men who fought them. Based on hundreds of interviews with operatives from both sides, *The Main Enemy* puts us inside the heads of CIA officers as they dodge surveillance and walk into violent ambushes in Moscow. This is the story of the generation of spies who came of age in the shadow of the Cuban missile crisis and rose through the ranks to run the CIA and KGB in the last days of the Cold War. The clandestine operations they masterminded took them from the sewers of Moscow to the back streets of Baghdad, from Cairo and Havana to Prague and Berlin, but the action centers on Washington, starting in the infamous "Year of the Spy"—when, one by one, the CIA's agents in Moscow began to be killed, up through to the very last man. Behind the scenes

with the CIA's covert operations in Afghanistan, Milt Bearden led America to victory in the secret war against the Soviets, and for the first time he reveals here what he did and whom America backed, and why. Bearden was called back to Washington after the Soviets withdrew from Afghanistan and was made chief of the Soviet/East Euro-pean Division—just in time to witness the fall of the Berlin Wall, the revolutions that swept across Eastern Europe, and the implosion of the Soviet Union. Laced with startling revelations—about fail-safe top-secret back channels between the CIA and KGB, double and triple agents, covert operations in Berlin and Prague, and the fateful autumn of 1989—*The Main Enemy* is history at its action-packed best.

The New York Times bestselling true account of John Chapman, Medal of Honor recipient and Special Ops Combat Controller, and his heroic one-man stand during the Afghan War, as he sacrificed his life to save the lives of twenty-three comrades-in-arms. In the predawn hours of March 4, 2002, just below the 10,469-foot peak of a mountain in eastern Afghanistan, a fierce battle raged. Outnumbered by Al Qaeda fighters, Air Force Combat Controller John Chapman and a handful of Navy SEALs struggled to take the summit in a desperate bid to find a lost teammate. Chapman, leading the charge, was gravely wounded in the initial assault. Believing he was dead, his SEAL leader ordered a retreat. Chapman regained consciousness alone, with the enemy closing in on three sides. John Chapman's subsequent display of incredible valor -- first saving the lives of his SEAL teammates and then, knowing he was mortally wounded, single-handedly engaging two dozen hardened fighters to save the lives of an incoming rescue squad -- posthumously earned him the Medal of Honor. Chapman is the first airman in nearly fifty years to be given the distinction reserved for America's greatest heroes. Alone at Dawn is also a behind-the-scenes look at the Air Force Combat Controllers: the world's deadliest and most versatile special operations force, whose members must not only exceed the qualifications of Navy SEAL and Army Delta Force teams but also act with sharp decisiveness and deft precision -- even in the face of life-threatening danger. Drawing from firsthand accounts, classified documents, dramatic video footage, and extensive interviews with leaders and survivors of the operation, Alone at Dawn is the story of an extraordinary man's brave last stand and the brotherhood that forged him.
