This short, though comprehensive book, goes far beyond the immediate impact of the "pandemic", but, along with the reader, imagines how our human world may be altered, both positively and negatively, long into an uncertain future. Clearly, the economic, political and social impact is more long-lasting and harmful to

human life than a seasonal infectious disease such as a generic "coronavirus" (i.e., a medical term that can imply a common cold or influenza) which generally fades in the summer and rises in the winter months every year. The overarching tyranny and authoritarian control systems being imposed are far more devastating in both the short and long-term effects than this virus. This pandemic has revealed the psychological makeup of our modern society, how fearful, apathetic and obedient many of us have become, how spoiled for comfort and

convenience, how quickly some of us blame others for our problems and refuse to take responsibility, and how thoroughly we can avoid, resist and ignore the truth. Yet others are seeing the light at the end of this tunnel, the opportunity which may present ourselves to create a better world, not a dystopian nightmare. After being bombarded with contradictory and confusing health advice by numerous public health "experts" and our "friends" on social media, how can any of us remain in denial about the profound and life-changing implications of the rapid changes

being foisted upon us. If we take off the blindfolds, we might very likely see a pre-planned and well-orchestrated pandemic, a "plandemic"? Let's remove the blindfolds and masks, take notice what's actually happening around us. It's to our benefit to do so. Let's take a good look at what we have learned so far and see how we can still "live free in an unfree world".

Together, let's imagine a "Dawning of the Corona Age!"

BANNED IN FRANCE This book is about the development of a New World Order that aims to suppress the whole of humanity. We are raised, by tradition, to trust our governments, and convinced that they care about us. This, however, is a big mistake. Below the surface of official politics lies a complicated social and intellectual process that is taking place. The world is governed by very different personages from what is imagined by those who are not behind the scenes. We are governed, our minds are molded, our tastes formed, our ideas-suggested, largely by men, that we have never heard of. In almost every act of our daily lives, whether in the sphere of politics or business, in our social conductor or our ethical thinking, we are dominated by the relatively small number of persons. Are the visible world leaders just mere puppets directed by an invisible power from behind the scenes? Are there invisible hands controlling the world? Is there a conspiracy? Who are the

conspirators? We are dealing with the rise of a new geo-political supranational power on the world scene. This geo-political power consists of the richest families on this planet. Together with the most powerful multinationals they rule and control all countries and all coalitions. The true aim of this elite group is complete control of Planet Earth. They consist of a small elite group formed by the most influential and powerful, anonymous, very exclusive family dynasties that live dispersed over the world. They keep their power and money betwixt them by intermarriage. They operate behind the scenes of the most important enterprises, media and the financial institutions, but also behind the political scenes. Through connections, money and violence these powerful double-crossing families slipped in with one ultimate goal: the establishment of a One World dictatorship. Their target is to force a New World Order on the whole of mankind. They have bought an enormous part of the world with its economic power and placed it under its control. With the help of their unimaginable financial reserves they currently dispose of a worldwide financial

control system with which they can control the entire world economy and political system. They determine how the leading politicians of this world have to act. Over time these influential families have extended the scope of their power over the whole world. Their web reaches all corners of the world. Their tentacles are woven with all facets of human existence. Their influence is unimaginable and it reaches all the leading institutions and organizations in the fields of politics, education, religion, finances and mass media. Science has also been infiltrated by them and is financially dependent on them and thus subject to manipulation (think of the Rockefeller, Carnegie, and Guggenheim foundation). The New World Order they are planning will be a World Dictatorship. Conservatives will call it Socialism or Communism. Liberals will call it Fascism. The label makes little difference; it will be the Gulag Archipelago on a worldwide basis. This book is a very unique publication and reading it will undoubtedly change the way you look at both history and the world today. It completely turns everything on its head. Once you read it, all of a sudden you will

see the world around you in infrared. You soon see things which are simply not possible to view with the range of standard vision. The contents of this book is highly controversial and uncompromising. It describes a monster that we, in all our ignorance, have created together. It also serves to give us an idea of what's in store for the near future, so we can better prepare for what's coming our way. In 2006 the first French edition of this book was banned in France.

A WORLD WAR IS IN THE MAKING New Updated 2018 Edition
The first edition of this book was banned in France. This four-volume book is different from other books on the topic. It was written long before others started championing the need for the masses to wake up to the New World Order agenda. The first edition did not claim to be into futurism. However, a retrospective view of the events of the last twenty-five years shows that practically all topics mentioned in the book have come to fruition, often in an awesome manner. Like the first edition, this new updated edition is a very unique publication and reading it will undoubtedly change the way you look at both history and the world today. It completely turns everything on its head. Once you read it, all of a sudden you will see the world around you in infrared. You soon see

things which are simply not possible to view with the range of standard vision. The contents of this book is highly controversial and uncompromising. It describes a monster that we, in all our ignorance, have created together. It also serves to give us an idea of what's in store for the near future, so we can better prepare for what's coming our way. UR-LODGES We are raised, by tradition, to trust our governments, and are convinced that they care about us. This, however, is a big mistake. Below the surface of official politics lies a complicated social and intellectual process that is taking place. The visible world leaders are mere puppets directed by an invisible power from behind the scenes. This geo-political power consists of the richest families on this planet. The true aim of this elite group is complete control of Planet Earth. Together with the most powerful multinationals, they rule and control most countries and coalitions. Behind the scenes there are various hidden transnational Ur-Lodges under the supervision of the ruling elite of which even high-grade Freemasons have no knowledge. Not only high politicians from

the United States, Russia and Western Europe, but also from Israel, Iran, Turkey, Saudi Arabia, Qatar and many other countries are members of these hidden Freemason-Lodges. They are all marionettes whose strings are pulled by our invisible leaders. Although political leaders on the world stage play opposite roles, behind the scenes they pursue the same goal: a "technocratic world dictatorship". Anyone who aspires to pursue a career in politics to reach the top must become part of one of the Super-Lodges. Raising the political ladder is impossible without being part of one or more of these Lodges. In the Ur-Lodges, our political leaders meet regularly with media moguls, bankers, industrialists and personalities to coordinate and execute the policy of the ruling class. A world war that has to lead to a world dictatorship is in the making. Terror attacks play an important role in this regard. Some eminent "Masonic Grandmasters" do not agree any longer. The whistleblowers, including Zbigniew Brzezinski (White House Foreign Policy Expert) sound the alarm. Among other things, they declare that the leaders of al-Qaeda and ISIS are

also members of the Ur-Lodges. Terrorists, politicians and other personalities are all Freemason brothers and conspire with the ultimate objective to have complete control over the world. This sheds a completely different light on the wars in Iraq and Syria, the millions of refugees flooding Europe and the global terrorist attacks. Anyone who believes that Muslims are guilty of the terrorist attacks must revise his view. **IMPORTANT TO UNDERSTAND: RELIGIOUS DOGMA OF THE ELITE** It might surprise you that the ruling elite of this world consider Lucifer to be their only and true god; that one day he will openly rule this world. As long as our global elite believes that Lucifer's ultimate goal is establishing a dictatorial world power, everybody on earth will experience the daily consequences of this. **ALSO IN SPANISH, GERMAN, FRENCH,** others **Love on a Plate V2** Createspace Independent Publishing Platform The definitive book on self-healing and true health. The Wild Wisdom of Weeds is the only book on foraging and edible weeds to focus on the thirteen weeds found all over the world, each of which represents a complete food source and extensive medical pharmacy and first-aid kit. More than just a field guide to wild edibles, it is a global plan for human survival. When Katrina Blair was eleven she had a life-changing experience where wild plants spoke to her, beckoning her to become a champion of their cause. Since then she has spent months on end taking walkabouts in the wild, eating nothing but what she forages, and has become a wild-foods advocate, community activist, gardener, and chef, teaching and presenting internationally about foraging and the healthful lifestyle it promotes.

Katrina Blair's philosophy in *The Wild Wisdom of Weeds* is sobering, realistic, and ultimately optimistic. If we can open our eyes to see the wisdom found in these weeds right under our noses, instead of trying to eradicate an "invasive," we will achieve true food security. *The Wild Wisdom of Weeds* is about healing ourselves both in body and in spirit, in an age where technology, commodity agriculture, and processed foods dictate the terms of our intelligence. But if we can become familiar with these thirteen edible survival weeds found all over the world, we will never go hungry, and we will become closer to our own wild human instincts—all the while enjoying the freshest, wildest, and most nutritious food there is. For free! The thirteen plants found growing in every region across the world are: dandelion, mallow, purslane, plantain, thistle, amaranth, dock, mustard, grass, chickweed, clover, lambsquarter, and knotweed. These special plants contribute to the regeneration of the earth while supporting the survival of our human species; they grow everywhere where human civilization exists, from the hottest deserts to the Arctic Circle, following the

path of human disturbance. Indeed, the more humans disturb the earth and put our food supply at risk, the more these thirteen plants proliferate. It's a survival plan for the ages. Including over one hundred unique recipes, Katrina Blair's book teaches us how to prepare these wild plants from root to seed in soups, salads, slaws, crackers, pestos, seed breads, and seed butters; cereals, green powders, sauerkrauts, smoothies, and milks; first-aid concoctions such as tinctures, teas, salves, and soothers; self-care/beauty products including shampoo, mouthwash, toothpaste (and brush), face masks; and a lot more. Whether readers are based at home or traveling, this book aims to empower individuals to maintain a state of optimal health with minimal cost and effort.

The Cure for All Diseases Lotus Press "My destiny has never been pre-determined by my skin color, more than anything else, it is being shaped by the choices I make daily, good and bad." This book follows author Melissa Tate's early life growing up in Africa and eventual migration to the United States. Tate contends that, in America, it is a person's

good choices, not their skin color, that determines the upward trajectory of his or her life. After migrating to the United States at age nineteen for college, her experience in America has been a living contradiction to the false "white privilege" narrative. In spite of being "black in America," Tate has been able to achieve great success to which she credits to hard work, determination, good choices, and her faith in God. Her story, like many African immigrants, is at odds with propaganda peddled by the left. She lives a life of privilege as the fruit of hard work, doing things in the right order and prioritizing life in a way that places God first, then family, then her career. Tate discusses the cultural parallels between African culture vs neo-Black American culture as a means to explain the economic disparities seen between African immigrants (who tend to thrive in America) and Black Americans. The larger neo-Marxist agenda behind critical race theory ideology, as a plot to racially divide and conquer the America from within, is discussed extensively in this book. Tate exposes this dangerous and divisive ideology as a "false religion" that is

antithetical to biblical principles and an assault on the teachings of Martin Luther King, Jr. Tate offers solutions on how America can overcome this agenda, heal the racial divide, and fulfil its God-given destiny as the beacon of light, freedom, and prosperity in the world. Melissa Tate grew up in Africa. At the age of nineteen, she came to the United States to attend college, where she earned a degree in business administration. After working for a large bank for three years as an investment advisor, Tate started her own business. By age twenty-seven, Tate had a thriving small business with several employees. She is married to her college sweetheart and is, today, a mother of three. In recent years, Tate has been making a transition out of business and into politics. She has become a vocal conservative author and social media influencer.

From an internationally recognized physician who combines Eastern and Western medicine, a groundbreaking diet and total body health plan centered on digestive balance and metabolic

transformation. The complaints that Dr. Suhas hears on a daily basis, from high body weight, low energy, and poor sleep, to headaches, unexplained congestion, and depression, all have a surprising common denominator: a weak digestive “fire.” Drawing on traditional Indian practices and principles, *The Hot Belly Diet* shows you how to optimize your digestive powers to foster rapid weight loss and vibrant health. At the core of this three-phase diet that makes lunch the most important meal of the day is a dish called khichadi (pronounced kitch-a-de)—a completely nutritious but incredibly easy-to-make meal that helps clear out your “ama,” or the digestive sludge that antagonizes weight loss, provokes hormonal imbalances, and ultimately triggers inflammation—the root cause of virtually all disease. This unique book also explains what foods are incompatible (milk and eggs, for example), why the sensation of hunger is essential, and how to time your meals throughout the day to avoid snacking. *The Hot Belly Diet* changes your relationship with food to make healthy eating—and living—effortless. Whether you’re suffering from a chronic condition,

looking to prevent future illness, or just want to feel your best every day, *The Hot Belly Diet* will re-establish your body’s natural balance, creating a thinner, healthier, and happier you.

The Octopus of Global Control is a controversial, nonfiction book detailing how those in positions of power are able to manipulate society for their benefit, why they believe that they are entitled to impose their warped world view of reality on mankind, and how we can break free from their grip. The eight tentacles of control that are wrapped around humanity are the Military, Governmental, Covert, Physical, Financial, Media, Spiritual, and Scientific. The book tackles topics such as uncovering the Deep State, false flag terror events, the media's role in manufacturing wars, the 9/11 deception, the fraud of central banking, our broken education system, the use of religion to shape society, and the corrupted medical industry. *The Octopus of Global Control* footnotes these important events by featuring quotes and first-hand observations from over 500 witnesses and participants that were involved in the most important events in our history. Their words add context and help to paint the

picture of these historic events by explaining who these people were, what they said, why it matters, and what actually happened. The author, Charlie Robinson, accomplishes the seemingly impossible task of blending the seriousness of these topics, and the respect they deserve, with dark humor, sarcasm and wit, that allow the reader to laugh at the preposterous while grasping the importance of these lessons.

Free Food and Medicine Hay House, Inc With eye-opening self-tests and questionnaires, this step-by-step guide will help you replace unhealthy eating patterns with a diet of fresh, raw foods. Using the latest scientific research and an open, conversational tone, *12 Steps to Raw Foods* addresses these vital questions and explains the numerous benefits of choosing a diet of fresh—versus cooked—foods. But rather than simply praising the benefits of raw foods, this book offers helpful tips and coping techniques to form and maintain new, healthy patterns. Learn how to make a raw

Find out how to sustain your chosen diet while traveling. These are only a few of the many scenarios that Boutenko outlines.

Written in a convenient 12-step format, this book guides the reader through the most significant physical, psychological, and spiritual phases of the transition from cooked to raw foods. Embracing the raw food lifestyle is more than simply turning off the stove. Such a radical change in the way we eat affects all aspects of life.

Boutenko touches on the human relationship with nature, the value of supporting others, and the importance of living in harmony with people who don't share the same point of view on eating.
