The National Book Critics Circle Award-winning author delivers a collection of essays that serve as the perfect “antidote to mansplaining” (The Stranger). In her comic, scathing essay “Men Explain Things to Me,” Rebecca Solnit took on what often goes wrong in conversations between men and women. She wrote about men who wrongly assume they know things and wrongly assume women don’t, about why this arises, and how this aspect of the gender wars works, airing some of her own hilariously awful encounters. She ends on a serious note— because the ultimate problem is the silencing of women who have something to say, including those saying things like, “He’s trying to kill me!” This book features that now-classic essay with six perfect complements, including an examination of the great feminist writer Virginia Woolf’s embrace of mystery, of not knowing, of doubt and ambiguity, a highly original inquiry into marriage equality, and a terrifying survey of the scope of contemporary violence against women. “In this series of personal but unsentimental essays, Solnit gives succinct shorthand to a familiar female experience that before had gone unarticulated, perhaps even unrecognized.” —The New York Times “Essential feminist reading.” —The New Republic “This slim book hums with power and wit.” —Boston Globe “Solnit tackles big themes of gender and power in these accessible essays. Honest and full of wit, this is an integral read that furthers

the conversation on feminism and contemporary society.” —San Francisco Chronicle “Essential.” —Marketplace “Feminist, frequently funny, unflinchingly honest and often scathing in its conclusions.” —Salon

The One Year Chronological Bible NKJV Page Publishing Inc

The One Year Chronological Bible offers a fascinating way to read through the Bible in one year, in as little as fifteen minutes per day! Gain a better understanding of the order of biblical events and the historical context in which they unfolded. The entire Bible text--books, chapters, and even verses--is arranged in the order the events actually happened. Prophetic books are interwoven with the historical accounts they accompanied. Psalms follow the events about which they were written. Proverbs are placed in the time they were compiled. The life of Christ is woven into one moving story. And Paul's letters to the young churches in the first century are integrated into the book of Acts. Transition statements help you understand why some Scripture portions appear where they do. You do not have to be a Bible historian to appreciate the fascinating new perspective waiting for you in The One Year Chronological Bible. It's like reading some of your favorite passages for the very first time. This edition uses the popular New King James Version of the Bible.

A GRIPPING, FEARLESS EXPLORATION OF MASCULINITY The effects of traditionally defined masculinity have become one of the most prevalent social issues of our time. In this engaging and provocative new book, beloved actor, director, and social activist Justin Baldoni reflects on his own struggles with masculinity. With insight and honesty, he explores a range of difficult, sometimes uncomfortable topics including strength and vulnerability, relationships and marriage, body image, sex and sexuality, racial justice, gender equality, and fatherhood. Writing from experience, Justin invites us to move beyond the scripts we've learned since childhood and the roles we are expected to play. He challenges men to be brave enough to be vulnerable, to be strong enough to be sensitive, to be confident enough to listen. Encouraging men to dig deep within themselves, Justin helps us reimagine what it means to be man enough and in the process what it means to be human.

Hearings Before the Committee on Commerce, United States Senate, 65th Congress, 2d Session on S. Res 170 Hay House, Inc

On most days, in most years, nothing much happens in Dyman, a peaceful Australian community. But today is not most days. A hiker waves down traffic, panicked and breathless, to report a horrendous homicide. Two young but efficient investigators Detective Denise Porter and her partner, Constable Stanthorpe are assigned to the case. The increasingly disturbing and confusing labyrinth of evidence challenges them like no other case has, and what their investigation reveals is almost as disturbing as the crime itself. This murder has all the signs of organized crime, and the tell-tale presence of The Boss is problematic, to say the least. Illusive as well as elusive, The Boss has made sure that every lead is a dead one, every suspicion is a false one, and every fact is anything but. Mayor Brody Mayfield, a well-respected member of the community, is swept into the investigation and quickly finds his reputation called into question. The mayor's assistant, Kate Diamond, has her own secrets to protect. A product of an abusive childhood, she grew up in poverty and was no stranger to death. As an adult, her quest for financial security has her locked into her own set of challenges. The deeper she digs, the more she uncovers her own scandal. Even worse, she begins to suspect that her boss may be closer to The Boss than anyone knows. As one team races to reveal the truth, another works just as hard to protect its secrets.

"As men and women have come to Bernard for spiritual counseling and advice, he's learned patterns of behavior that are repeated time and again. After almost four decades of preaching, teaching, and counseling, he's seen that while every situation is unique, people's behaviors and consequences are amazingly consistent. With this in mind, Bernard has developed a ... system for understanding how couples relate to each other. Maturity, decisiveness, consistency, and strength--these are the four things [Bernard feels that] women want and need most from a man"--

It was love at first sight... When her Papa loses his job, indomitable Serafina Scott insists it's her turn to take care of him – meaning landing a well-paying job...and fast. Which is how she ends up working for the Cinderella Project, a high-end matchmaking business, even though she's certainly no expert on affairs of the heart. Until she meets Murdoch, the gruff builder restoring her extravagant new work place. He's inscrutable, infuriating, and gorgeous... Convincing them was a whole other matter. Murdoch finds Sera confounding...and luminous. But beneath her firecracker exterior, she is dangerously soft-hearted, and the last thing she needs is a broken brute like him. While Sera does her best to convince Murdoch that they are a match made in heaven, Murdoch makes it his mission to prove her wrong. Will it come down to who's the most convincing...or who's most willing to

be convinced?

This final volume details the last decade of Marshall's life. This seventh and final volume of The Papers of George Catlett Marshall covers the last ten years of Marshall's life, when he served as secretary of defense from September 1950 to September 1951 following a year as American Red Cross president. Dramatic swings in fortune for US and UN forces in Korea consumed him as defense secretary, yet Europe remained Marshall's strategic focus and with it the establishment of a NATO military command, efforts to convince the French to accept German rearmament, congressional approval for a major US military buildup, and a Mutual Security Program for America's allies. Marshall also participated in the decision to relieve General Douglas MacArthur, sparking public uproar and a Senate investigation. Marshall remained active and honored in retirement, particularly in 1953, when he led the US delegation to the coronation of Queen Elizabeth II and then became the first professional soldier to win the Nobel Peace Prize, a tribute to the Marshall Plan. Through it all, he maintained an extensive correspondence with national and international leaders. When he died on October 16, 1959, George Catlett Marshall was hailed by many as the nation's greatest soldier-statesman since George Washington.

Report of New England Shipbuilding Conference HarperCollins

Set more than four thousand years in the future, The End of This Day's Business depicts a truly utopian way of life, a global society in which distinct national cultures are preserved but coexist without competitive nationalism, violence, or war. Women, characterised as the reasonable sex in this society, care for the earth and all its creatures. Only one price must be paid for this harmony. It is the subjection of men, who, stripped of their history and deprived of any knowledge of women's sacred rights, complacently accept their 'natural' inferiority. The plot turns on the desire of one woman, Grania, an artist and leader, to teach her son what is forbidden for men to know. Risking both their lives, she tells the story of when men dominated, especially of the twentieth-century rise of fascism, and the subsequent world transformation as life-loving women took over from death-loving men.

After too many years of unfulfilling work, Bronnie Ware began searching for a job with heart. Despite having no formal qualifications or previous experience in the field, she found herself working in palliative care. During the time she spent tending to those who were dying, Bronnie's life was transformed. Later, she wrote an Internet blog post, outlining the most common regrets that the people she had cared for had expressed. The post gained so much momentum that it was viewed by more than three million readers worldwide in its first year. At the request of many, Bronnie subsequently wrote a book, The Top Five Regrets of the Dying, to share her story. Bronnie has had a colourful and diverse life. By applying the lessons of those nearing their death to her own life, she developed an understanding that it is possible for everyone, if we make the right choices, to die with peace of mind. In this revised edition of the best-selling memoir that has been read by over a million people worldwide, with translations in 29 languages, Bronnie expresses how significant these regrets are and how we can positively address these issues while we still have the time. 'The problem with The Problem with Men is that I do believe men will have less trouble with it than the title suggests as it is actually a glorious, funny book written by a glorious funny man' AISLING BEA 'Very moving, one of the few things I've consumed in 2020 that has left me with a sense of hope... but one thing wasn't made clear, when is International Men's Day?' JOHN ROBINS For the past decade, Richard Herring has been answering sexist trolls on International Women's Day when they ask 'when is International Men's Day?' in the mistaken belief there isn't one. If only the trolls had learned to use Google they would realise that there is an International Men's Day - it's on November 19th. In The Problem with Men Richard expands on his Twitter discussions and tackles some of the big questions surrounding the problems of toxic masculinity - for women, but also for men - including: - Should men fear feminism? - Is society sexist against men? - Could you win a point against Serena Williams? *spoiler* The answer to all of these is no. With Richard's signature humour and insight, The Problem with Men is a book for anyone striving for an equal society, all year round. 'This is a great book but I think the last thing it needs is a quote by yet another man' JAMES ACASTER

The Buddhist Bible was first published in Vermont in 1932 by DWIGHT GODDARD (1861-1939), a pioneer in the American Zen Buddhist movement. It contains edited versions of foundational Buddhist texts designed to provide spiritual seekers with the heart of the Zen message. Writing at a time when Buddhism was greatly misunderstood in the West, Goddard hoped to bring a new and deep understanding to light. His mission was not only to explain Buddhism to his fellow Americans but to show how the ancient religion could be made relevant to modern problems. The Buddhist Bible made a huge impact when it was published and is known to have influenced the views of iconic Beat author Jack Kerouac.
