Science Dog Image Comics

Now a Netflix original series! This new edition collects all six volumes of the critically acclaimed series into one massive compendium. Named a "modern masterpiece" by The A.V. Club, *Locke & Key* tells a sprawling tale of magic and family, legacy and grief, good and evil. Acclaimed suspense novelist and New York Times-bestselling author Joe Hill (*The Fireman*, *Heart-Shaped Box*, *NOS4A2*) has created a gripping story of dark fantasy and wonder--with astounding artwork from Gabriel Rodriguez--that, like the doors of Keyhouse, will transform all who open it. Following their father's gruesome murder in a violent home invasion, the Locke children return to his childhood home of Keyhouse in secluded Lovecraft, Massachusetts. Their mother, Nina, is too trapped in her grief--and a wine bottle--to notice that all in Keyhouse is not what it seems: too many locked doors, too many unanswered questions. Older kids Tyler and Kinsey aren't much better. But not youngest son Bode, who quickly finds a new friend living in an empty well and a

new toy, a key, that offers hours of spirited entertainment. But again, all at Keyhouse is not what it seems, and not all doors are meant to be opened. Soon, horrors old and new, real and imagined, will come ravaging after the Lockes and the secrets their family holds.

This is the world. It is not the one we wanted, but it is the one we deserved. The Four Horsemen of the Apocalypse roam the Earth, signaling the End Times for humanity, and our best hope for life, lies in DEATH! The second volume of the Eisner Award nominated series is finally here! "We Are All One" follows our cast around the fractured future-scape of America as we learn more about a world that's rapidly coming to an end.

Thief Of Thieves Vol. 5 Image Comics

The Walking Dead Compendium is here! Since 2003, Robert Kirkman's *The Walking Dead* has been redefining the survival horror genre with its unique and vivid account of life after the end of the world. Although the cast is diverse and often changing (including, of course, a great number of zombies), at the heart of every tale is Rick Grimes: former police officer,

husband, father, and de facto leader of a ragtag band of survivors looking to make a future for themselves in a world that no longer has one. To call *The Walking Dead* a zombie tale is accurate to a point, but it touches on only one facet of a story that asks timeless questions about what it means to live. It also asks whether or not this is possible in a world full of the dead. This is a great opportunity to experience this gripping read for the first time or catch up on the tale with the first four years worth of material, collected in one volume for the first time. The first eight volumes of this fan-favorite series collected into one massive collection. This volume collects THE WALKING DEAD #1-48.
