*Itinéraire général de la France* Boydell & Brewer

This title is the first in a series of six books, which include every non-Alpine sport climb, across the whole mainland of France. Burgundy, in central France, is a rock climber's paradise. The limestone found in the soil, which allows fabulous vines to flourish, appears in a more challenging nature - as majestic cliffs, rising vertically above the vineyards. This book has 4200 climbing routes and all of the 50 climbing venues in Burgundy.
