Brrr! Find out what it's
like in some of the
coldest, snowiest, most

frozen places in the
world in Eye Wonder:
Arctic and Antarctic.
Take a trip around an
iceberg as big as a
mountain, dive into the
icy seas with seals and
sea lions, meet
penguins and polar
bears - but not at the
same time! And
discover how people
live and work in these
lands of ice and snow...
All aspects of life -
fauna, flora, people
and environment - are
covered in amazing
photographic detail.

Perfect for homework and school projects, or just for fun!

Eyewonder: Explorer Kingfisher

Open your eyes to a world of discovery and take an incredible journey around planet Earth. support Earth engages kids with interactive activities from True or False games to What's this? quizzes, and includes 100 bright stickers to play with.

Myths of the Rune Stone Penguin

Just Blow it Up:

Firepower for Living an Unlimited Life will provide the reader with: A dependable, repeatable process for eliminating barriers Authentic life-expanding tools while demolishing cliches How to recognize the symptoms, causes, and types of brick walls How to pursue a life where "nothing is impossible" Ways to refuse the bricks life offers and reclaim their power Pulling together her experiences from years of coaching entrepreneurs and consulting in hundreds

of small businesses across America, along with stories shared with her by mentors and teachers such as Richard Bach, Bob Burg, Mitch Matthews and John David Mann, Dixie builds a credible case for taking on the "impossible" dream and blowing up any barrier that stands in the way. Just Blow It Up gives a step-by-step process for challenging those barriers, weakening those walls, and finally applying the "real dynamite" and powering right on through.

Dinosaur Penguin

The dawn of the Neolithic Era ushered in major changes in the way people lived. In fact, these changes were so sweeping that the transition from the Mesolithic Era to the Neolithic Era is referred

to as the Neolithic Revolution. The beginnings of agriculture and the domestication of animals both date from this period. These changes to the food supply led people to settle in permanent communities, which, in turn, led to organized societies and social hierarchy. This book examines the factors that could have led to this revolution and the archaeological evidence of which changes happened where and when.

Early People Penguin

Travel back in time to discover who our early ancestors were. The Best Book of Early People is the perfect introduction to the advances of humankind from its primitive beginnings. How did Neanderthals

make tools? Who were the first artists? When was writing invented? This book has the answers!

DKfindout! Stone Age

Words & Pictures

Will Grace: Fabulously Uncensored gives fans a window into all of the hilarious secrets that go into the creation of

this brilliant, groundbreaking and beloved TV show. In-depth interviews with the creators and crew reveal how the show goes from concept to script to screen each week, season to season. The cast share favorite moments, talk about the evolution of their characters, and discuss their individual roads to *Will Grace*. There's also plenty of scoop on high profile guest stars, recurring characters, and other interesting personalities who've dated, dumped, crossed, or otherwise shared airtime with the ensemble. A lavishly illustrated episode guide discloses lost scenes, last-minute line changes, and other juicy details. Packed with stunning pictures, great lines, and on-

screen moments that warrant re-living (again and again), every fan will want this book (to display on their perfectly appointed coffee tables). Since its 1998 debut, NBC's *Will Grace* has been nominated for 49 Emmy Awards and has been the recipient of 12, including wins for all four principal actors, making *Will Grace* only the third television series in history that can make that claim. The show has garnered top ratings, consistently ranking in the Top 20 of the Nielsen ratings; its audience crosses demographic lines in terms of age, economic status and sexual orientation. With the show's continuing popularity and its growing recognition as one of television's

classic comedies, the characters portrayed by Eric McCormack, Debra Messing, Sean Hayes and Megan Mullally -- along with their words of wisdom, insight and humor -- will be enthusiastically embraced by the book-buying audience as well.

Fiery U of Minnesota Press

Eye Wonder: Early People takes a look at what life was like before written records began. From the earliest human-like apes to the use of stone age tools, from the discovery of fire to agriculture and the dawn of civilization, *Early People* explores the early history of the world. Learn about science, history, and the natural world through beautiful photography and lively,

age-appropriate text. The Eye Wonder series organizes information in a way that's easy to search, easy to read, and easy to learn.

After the Ice Age

Penguin

Learn all about the exciting lives of explorers with Eye Wonder: Explorer. What would we know about our planet if it weren't for the explorers? Eye Wonder: Explorer charts the journeys of intrepid travellers, from Marco Polo to Ibn Battuta to Neil Armstrong, looking at the challenges they faced and the discoveries they made. In this action-packed eBook, you'll take a trip along the Silk Road, take the first voyage around the world, race to the South Pole, go deep

underwater and launch up into space. Perfect for homework and school projects, or just for fun!

Penguin

Who were the Vikings? Were they fearsome warriors or pioneering explorers? Step back in time and discover the Norsemen of northern Europe with Eye Wonder: Vikings.

Discover the legacies the Vikings left behind, from exciting legends to their epic voyages. Learn about the gods, such as Odin and Thor, as well as writing with runes, plus the legends and beliefs, weapons and warriors, and trade and travel of these rulers of the sea. A precursor to DK's award-winning Eyewitness series, Eye Wonder was specially developed for children aged 5+, featuring

astonishing photography exhibiting subjects within their natural setting and offering a whole new level of information through powerful images. Learn about science, history, and the natural world through beautiful photography and lively, age-appropriate text. The Eye Wonder series organizes information in a way that's easy to search, easy to read, and easy to learn.

The Cave Book The Rosen Publishing Group, Inc
 "Find out how early humans hunted a woolly mammoth, made fire, and created cave paintings in this fascinating book for children about the Stone Age. For any kid who can't get enough of Stone Age facts, DKfindout! Stone Age

is packed with up-to-date information, fun quizzes, and incredible images of every aspect of Stone Age life. Discover what Stone Age people wore, sample some of their favorite foods, and read about the history of wolves. Discover what Stone Age people wore, sample some of their favourite foods and spot the Stone Age animal. DKfindout! Stone Age will surprise and delight young readers.

Eye Wonder: Rocks and Minerals Penguin

In this highly acclaimed novel, Amit Chaudhuri tells us the story of one unremarkable July day

in 1980s' London. Ananda, student of poetry, is lonely, and somewhat fraught, as he grapples with the big questions of literature. His uncle, Radhesh, a bachelor leading an early retired life in a Belsize Park bedsit, is self-involved, eccentric. On this day, they find uncertain companionship as they circle around their past and take stock of their place in the city. Ananda and Radhesh both provide a foil to each other and yet remain apart, as Chaudhuri shows why he is considered his generation's best chronicler of acutely observed life.

Eye Wonder: Vikings Penguin

"Originally published in 1941 by Doubleday, Doran & Co., Inc." The Neolithic

Revolution New Leaf Publishing Group
The fascinating story of how a harsh terrain that resembled modern Antarctica has been transformed gradually into the forests, grasslands, and wetlands we know today.

Leif the Lucky Penguin
What do our myths say about us? Why do we choose to believe stories that have been disproven? David M. Krueger takes an in-depth look at a legend that held tremendous power in one corner of Minnesota, helping to define both a community's and a state's identity for decades. In 1898, a Swedish immigrant farmer claimed to have discovered a large rock with writing carved into its surface in a field near Kensington,

Minnesota. The writing told a North American origin story, predating Christopher Columbus's exploration, in which Viking missionaries reached what is now Minnesota in 1362 only to be massacred by Indians. The tale's credibility was quickly challenged and ultimately undermined by experts, but the myth took hold. Faith in the authenticity of the Kensington Rune Stone was a crucial part of the local Nordic identity. Accepted and proclaimed as truth, the story of the Rune Stone recast Native Americans as villains. The community used the account as the basis for civic celebrations for years, and advocates for the stone continue to promote its validity

despite the overwhelming evidence that it was a hoax. Krueger puts this stubborn conviction in context and shows how confidence in the legitimacy of the stone has deep implications for a wide variety of Minnesotans who embraced it, including Scandinavian immigrants, Catholics, small-town boosters, and those who desired to commemorate the white settlers who died in the Dakota War of 1862. Krueger demonstrates how the resilient belief in the Rune Stone is a form of civil religion, with aspects that defy logic but illustrate how communities characterize themselves. He reveals something unique about America's preoccupation with

divine right and its troubled way of coming to terms with the history of the continent's first residents. By considering who is included, who is left out, and how heroes and villains are created in the stories we tell about the past, *Myths of the Rune Stone* offers an enlightening perspective on not just Minnesota but the United States as well. [Eye Wonder: Volcanoes](#)
[Penguin](#)
[Eye Wonder: Pirates](#) explains what life was like on deck of a pirate ship, who the most dangerous pirates were, and what it was like to walk the plank! From Blackbeard to The Jolly Roger, *Eye Wonder: Pirates* sails through the history of pirates and their leaders, describing

battles between pirate ships and the horrors of being marooned. Packed with fascinating facts and bright images in the renowned Eye Wonder format, younger readers will easily understand what life was like for pirates.
