ALISSON RODGERS

The Germanic Languages Legare
Street Press

The new novel by the internationally acclaimed author- "a farce of nuclear proportions"(Vanity Fair) Arnon Grunberg is one of the most subtly outrageous provocateurs in world literature. The Jewish Messiah, which chronicles the evolution of one Xavier Radek from malcontent grandson of a former SS

officer, to Jewish convert, to co-translator of Hitler's Mein Kampf into Yiddish, to Israeli politician and Israel's most unlikely prime minister, is his most outrageous work yet. Taking on the most well-guarded pieties and taboos of our age, The Jewish Messiah is both a great love story and a grotesque farce that forces a profound reckoning with the limits of human guilt, cruelty, and suffering. It is without question Arnon Grunberg's masterpiece.

Hertzberg develops his daring thesis that

the "modern, secular, anti-Semitism was fashioned not as a reaction to the Enlightenment and the Revolution, but within the Enlightenment and Revolution themselves." He finds that modern anti-Semitism owes less to Christian theological mentality than to doctrinaire libertarianism of figures such as Voltaire, d'Holbach, Diderot, and Marat.

Provides a unique, up-to-date survey of twelve Germanic languages from English and German to Faroese and Yiddish.

Algemeen Nederduitsch en Friesch Dialecticon Södertörn Philosophical Studie

This book is a celebration. It praises the many innovative aspects of Irina Sandomirskaja's contributions to a variety of fields in the humanities and Slavic studies, in particular through the numerous colleagues who mirror the impact of her work in their own research and thought. As such, this celebration is also an expression of academic gratitude and a gesture of friendship.

Jean Baumgarten's Introduction to Old Yiddish Literature, thoroughly revised from the first edition and translated into English, provides students and scholars of medieval, Renaissance, and early modern European cultures with an exemplary survey of the broad and deep literary tradition in Yiddish. Baumgarten conceives of his work as the study of an entire culture via its literature, and thus he conceives of literature in a broad sense: he begins with four chapters addressing pertinent issues of the larger cultural context of the literature and moves on to a consideration of the primary genres in which the culture is expressed (epic, romance, prose narrative, drama, biblical translation and

commentary, ethical and moral treatises, prayers, and the broad range of literature of daily use - medical, legal, and historical). In the field of early Yiddish studies the book will be the standard of intellectual breadth and scholarly excellence for decades to come. In this second edition, the hundreds of text citations and bibliographical references that are the scholarly basis of the study have been verified, and the citations translated anew directly from the original source. *Dutch in Yiddish, Yiddish in Dutch* Soffer Publishing
"4000+ Dutch - Yiddish Yiddish - Dutch Vocabulary" - is a list of more than 4000 words translated from Dutch to Yiddish, as well as translated from Yiddish to Dutch. Easy to use- great for tourists and

The World Guide to Special Libraries lists about 35,000 libraries world wide categorized by more than 800 key words - including libraries of departments, institutes, hospitals, schools, companies, administrative bodies, foundations, associations and religious communities. It provides complete details of the libraries and their holdings, and alphabetical indexes of subjects and institutions.

[Russian and Soviet Sociolinguistics and Taboo Varieties of the Russian Language](#)

Createspace Independent Publishing Platform

From the author of *A People's Tragedy*, an original reading of the Russian Revolution, examining it not as a single event but as a hundred-year cycle of violence in pursuit of utopian dreams. In this elegant and incisive account, Orlando Figes offers an illuminating new perspective on the Russian Revolution. While other historians have focused their examinations on the cataclysmic years immediately before and after 1917, Figes shows how the revolution, while it changed in form and character, nevertheless retained the same idealistic goals throughout, from its origins in the famine crisis of 1891 until its end with the collapse of the communist Soviet regime in 1991. Figes traces three generational phases: Lenin and the Bolsheviks, who set the pattern of

destruction and renewal until their demise in the terror of the 1930s; the Stalinist generation, promoted from the lower classes, who created the lasting structures of the Soviet regime and consolidated its legitimacy through victory in war; and the generation of 1956, shaped by the revelations of Stalin's crimes and committed to "making the Revolution work" to remedy economic decline and mass disaffection. Until the very end of the Soviet system, its leaders believed they were carrying out the revolution Lenin had begun. With the authority and distinctive style that have marked his magisterial histories, Figes delivers an accessible and paradigm-shifting reconsideration of one of the defining events of the twentieth century.

Anton de Kom's We Slaves of Suriname

is a literary masterpiece as well as a
 fierce indictment of racism and
 colonialism. In this classic book,
 published here in English for the first
 time, the Surinamese writer and
 resistance leader recounts the history of
 his homeland, from the first settlements
 by Europeans in search of gold through
 the era of the slave trade and the period
 of Dutch colonial rule, when the old slave
 mentality persisted, long after slavery
 had been formally abolished. 159 years
 after the abolition of slavery in Suriname
 and 88 years after its initial publication,
 We Slaves of Suriname has lost none of
 its brilliance and power.

Palgrave Macmillan

"The epic tale of the rise to power of
 Russia's current president-- of his

emergence from shrouded obscurity and deprivation to become one of the most consequential and complicated leaders in modern history." --

Words, Bodies, Memory Penguin

In July 1941, the Soviet Union was in mortal danger. Imperiled by the Nazi invasion and facing catastrophic losses, Stalin called on the Soviet people to “subordinate everything to the needs of the front.” Kazakhstan answered that call. Stalin had long sought to restructure Kazakh life to modernize the local population—but total mobilization during the war required new tactics and produced unique results. *Kazakhstan in World War II* analyzes these processes and their impact on the Kazakhs and the Soviet Union as a whole. The first English-language study of a non-Russian

Soviet republic during World War II, the book explores how the war altered official policies toward the region’s ethnic groups—and accelerated Central Asia’s integration into Soviet institutions. World War II is widely recognized as a watershed for Russia and the Soviet Union—not only did the conflict legitimize prewar institutions and ideologies, it also provided a medium for integrating some groups and excluding others. *Kazakhstan in World War II* explains how these processes played out in the ethnically diverse and socially “backward” Kazakh republic. Roberto J. Carmack marshals a wealth of archival materials, official media sources, and personal memoirs to produce an in-depth examination of wartime ethnic policies in the Red Army, Soviet

propaganda for non-Russian groups, economic strategies in the Central Asian periphery, and administrative practices toward deported groups. Bringing Kazakhstan's previously neglected role in World War II to the fore, Carmack's work fills an important gap in the region's history and sheds new light on our understanding of Soviet identities. Revolutionary Russia, 1891-1991 John Wiley & Sons

This is the first comprehensive study examining the impact of emancipation on the lives of Amsterdam's Jews. The enactment of equality in 1796 failed to provide these Jews with similar rights and opportunities as the non-Jews; two thirds of Amsterdam's Jewish community remained poor for much of the nineteenth century. Even though the

declaration of emancipation should have provided the Jews with legal and social equality, the Dutch authorities continued to retain their perception of the Jews as a separate and different group of predominantly uncultured paupers and never made it their priority to remove all restrictive measures.
