## MYA TYLER

---

My Big Animal Book Simon and Schuster  
From Lisa Taddeo, author of the #1 New York Times bestseller and global phenomenon *Three Women*, comes an “intoxicating” (Entertainment Weekly), “fearless” (Los Angeles Times), and “explosive” (People) novel about “what happens when women are pushed beyond the brink, and what comes after the reckoning” (Esquire). Joan has spent a

lifetime enduring the cruelties of men. But when one of them commits a shocking act of violence in front of her, she flees New York City in search of Alice, the only person alive who can help her make sense of her past. In the sweltering hills above Los Angeles, Joan unravels the horrific event she witnessed as a child—that has haunted her every waking moment—while forging the power to finally strike back. *Animal* is a depiction of female rage at its rawest, and a visceral exploration of the fallout from a male-dominated society. ## Book Priddy Books

Some extraordinary rats come to the aid of a mouse family in this Newbery Medal Award-winning classic by notable children’s author Robert C. O’Brien. Mrs. Frisby, a widowed mouse with four small children, is faced with a terrible problem. She must move her family to their summer quarters immediately, or face almost certain death. But her youngest son, Timothy, lies ill with pneumonia and must not be moved. Fortunately, she encounters the rats of NIMH, an extraordinary breed of highly intelligent

creatures, who come up with a brilliant solution to her dilemma. And Mrs. Frisby in turn renders them a great service.

*Animal* Ultimate Book

'Joan is an unforgettable anti-heroine. I don't think I'll ever stop thinking about her' Elizabeth Day 'So insanely good and true and twisted it'll make your teeth sweat' Olivia Wilde 'Like a series of grenades exploding' Marian Keyes I drove myself out of New York City where a man shot himself in front of me. He was a gluttonous man and when his blood came out it looked like the blood of a pig. That's a cruel thing to think, I know. He did it in a restaurant where I was having dinner with another man, another married man. Do you see how this is going? But I wasn't always that way. I am depraved. I hope you like me. ----- A 2021 Highlight for: Guardian - Sunday Express - Independent - New Statesman - Evening Standard - Cosmopolitan - Red - Grazia - Daily Mail - Daily Express - The Week - Irish Times - i - The Sun

#1 NEW YORK TIMES BESTSELLER With unequalled insight and brio, New York

Times columnist David Brooks has long explored and explained the way we live. Now Brooks turns to the building blocks of human flourishing in a multilayered, profoundly illuminating work grounded in everyday life. This is the story of how success happens, told through the lives of one composite American couple, Harold and Erica. Drawing on a wealth of current research from numerous disciplines, Brooks takes Harold and Erica from infancy to old age, illustrating a fundamental new understanding of human nature along the way: The unconscious mind, it turns out, is not a dark, vestigial place, but a creative one, where most of the brain's work gets done. This is the realm where character is formed and where our most important life decisions are made—the natural habitat of *The Social Animal*. Brooks reveals the deeply social aspect of our minds and exposes the bias in modern culture that overemphasizes rationalism, individualism, and IQ. He demolishes conventional definitions of success and looks toward a culture based on trust and humility. *The Social Animal* is a moving intellectual adventure, a story of achievement and a

defense of progress. It is an essential book for our time—one that will have broad social impact and will change the way we see ourselves and the world.

So come read facts about fourteen special animals who are less "normal" than we may think at first look.

**Mrs. Frisby and the Rats of Nimh** Delacorte Press

Explore the beauty and diversity of the animal world through more than 300 captivating images from across time and from every corner of the globe *Animal: Exploring the Zoological World* is a visually stunning and broad-ranging survey that explores and celebrates humankind's ongoing fascination with animals. Since our very first moments on Earth, we have been compelled to make images of the curious beasts around us - whether as sources of food, danger, wonder, power, scientific significance or companionship. This carefully curated selection of images, chosen by an international panel of experts, delves into our shared past to tell the story of animal life. From the first cave paintings, extraordinary medieval bestiaries and exquisite scientific illustration, to iconic paintings, contemporary artworks and the incredible technological advancements that will shape our futures together, the huge range of works reflects the beauty and variety of animals themselves - including butterflies, hummingbirds, bats, frogs, tigers, dogs, jellyfish, spiders and elephants, to name a few. Arranged in a curated and thought-provoking sequence,

this engaging compilation includes iconic works by some of the great names in zoology, such as Conrad Gesner, Charles Darwin and John James Audubon, as well as celebrated artists and photographers, indigenous cultures and lesser-known figures who have made important

contributions to the study and representation of animals throughout history.
