This book provides an overview of the practice of Islamic finance and the historical roots that define its modes of operation. The focus of the book is analytical and forward-looking. It shows that Islamic finance exists mainly as a form of rent-seeking legal-arbitrage. In every aspect of finance - from personal loans to investment banking, and from market structure to corporate governance - Islamic finance aims to

replicate in Islamic forms the substantive functions of contemporary financial instruments, markets, and institutions. By attempting to replicate the substance of contemporary financial practice using pre-modern contract forms, Islamic finance has arguably failed to serve the objectives of Islamic law. This book proposes refocusing Islamic finance on substance rather than form. This approach would entail abandoning the paradigm of 'Islamization' of every financial practice. It would also entail reorienting the brand-name of Islamic finance to emphasize issues of community banking, micro-finance, and socially responsible

investment. Corán, palabra y verdad Oxford University Press
 The Hidayah has dominated the field of Islamic jurisprudence since the day it was written over 800 years ago. It has been the primary text used by Muslims jurist to issue authentic and reliable rulings on Islamic law according to the school of Imam Abu Hanifa (d 150H/767CE). The Hidayah commands such an authoritative position amongst the doctors of law that the knowledge of a scholar who has not read it is not considered reliable. It has been a standard text in the curricula of Islamic law schools since the 12th century. It was first translated into English by Charles Hamilton in 1791. Around 70 huge

commentaries, some spread over more than a dozen volumes have been written on it. The number of explanatory glosses is in thousands. Comprehensive in content and conveniently organized, with the publication of this all previous works that discussed Islamic jurisprudence according to the Hanafi law become outmoded and soon fell into disuse. If revealed books are not taken into account, never has a book received so much attention as the Hidayah. This landmark publication of the Hidayah not only has been translated in its entirety for the first time but has been done so from Arabic, the language in which it was written. The author, Shaykh Al

Islam, Burhan Al-Din Marghanani (d 593 AH/ 1197 CE) was considered to be the leading jurist of the Muslim world in his times. "The hidayah is justly celebrated as the most practical and useful summary compilation of Hanafi jurisprudence. It has been a standard text in the curricula of Islamic law schools since the 12th century. It was first translated by Charles Hamilton in 1791. A new translation into modern English has been long overdue. This translation by Imran Ahsan Khan Nyazee is both precise and straight forward. With his knowledge of Islamic law and jurisprudence combined with his command of both the Arabic and English languages, he

has conveyed the meaning of the original with great clarity. The *hidayah* is a dense work, intended for use in teaching Hanafi fiqh - it is a work that needs explication if its arguments are to be understood fully. This the translator has provided through this valuable notes" Dr Mohammad Akram Nadwi, research fellow, Oxford centre for Islamic studies, Oxford **Milestones** Institute of Southeast Asian This volume presents the seminal treatise of the important Spanish Muslim mystic, Ibn al-'Arabī, on Islamic sainthood *The Book of the Fabulous Gryphon*. In highly allusive, symbolic language, the Shaykh al-Akbar reveals his manifesto of the revolutionary significance of

sainthood in the person of its timely epitome, the Seal of the saints. The first part of the book consists of a critical introduction dealing with the biographical, historical and bibliographical background to the *Fabulous Gryphon*, along with a thorough examination of its concepts, themes and structure. The complete, annotated translation of the *Gryphon* is followed by further original translations of related texts by Ibn al-'Arabī. Apart from the *Fusūs al-ḥikam*, no comparable treatise by this leading figure of Islamic spirituality has ever been presented in its entirety in any western language. *Tasheel Al-Nahw* Version 2.1 Routledge *La intervención de Dios*

en la historia por medio de un Discurso abajado, el Corán, fue esencial para la economía islámica de la salvación; pero también determinante en la constitución de la teología y la exégesis, así como en la elaboración del ordenamiento canónico y la visión del mundo. De ahí que, desde la perspectiva islámica premoderna, el acceso autónomo del creyente a cualquiera de los campos de la acción social y el pensamiento requiera el dominio de la lengua árabe. Fue en árabe como Dios comunicó su Mensaje, a través de un escogido entre un grupo histórico, el pueblo pagano de los árabes. El artículo coránico de fe según el cual Dios se sirvió de la lengua de los árabes

permitió que se desarrollara la exégesis racional, como medio idóneo para acceder al Mensaje divino y actualizarlo. Y es en ese ámbito, el de las humanidades integradas en el saber religioso, tal como se habían desarrollado en Iraq durante los siglos III y IV H./IX y X J.C., donde se movieron los filólogos árabes medievales, entre ellos, el pacense Ibn al-Sid, (m. 521 H./1127 J.C.), el gran sabio andalusí de la palabra. La ubicación de Ibn al-Sid en la historia de la filología árabe y el análisis de los aspectos de su obra relacionados con el Corán, sobre todo la presencia de lenguaje figurado en este, nos permiten adentrarnos en los fundamentos del

humanismo islámico, confluente en muchos aspectos con la sabiduría estoica; generador de un valioso cuerpo de ciencia hermenéutica y lingüística, y alentado por un poderoso impulso ético.

Since the late twentieth century, new institutions of Islamic learning for South Asian women and girls have emerged rapidly, particularly in urban areas and in the diaspora. This book reflects upon the increased access of Muslim girls and women to religious education and the purposes to which they seek to put their learning. *Scholars of Faith* is based on ethnographic fieldwork in two institutions of

religious learning: the Jami'a Nur madrasa in Shahjahanpur, North India, and Al-Huda International, an NGO that offers online courses on Islam, especially the Qur'an. In this monograph, Sanyal argues that Islamic religious education in the early twenty-first century—particularly for women—is thoroughly 'modern' and that this modernity, reflected in both old and new interpretations of religious texts, allows young South Asian women to evaluate their place in traditional structures of patriarchal authority in the public and private spheres in novel ways. *Scholars of Faith* International Institute of Islamic Thought (IIIT) Modern Standard

Annotation. In the aftermath of 9/11 Islamic seminaries or madrasas received much media attention in India, mostly owing to the alleged link between madrasa education and forms of violence. Yet, while ample information on madrasas for boys is available, similar institutions of Islamic learning for girls have for the greater part escaped public attention so far. This study investigates how madrasas for girls emerged in India, how

they differ from madrasas for boys, and how female students come to interpret Islam through the teachings they receive in these schools. Observations suggest that, next to the official curriculum, the 'informal' curriculum plays an equally important role. It serves the madrasa's broader aim of bringing about a complete reform of the students' morality and to determine their actions accordingly. Kitab Jawi Walter de Gruyter GmbH & Co KG The first prime minister of free India, Jawaharlal Nehru, has been a

widely adored figure across the country. However, as is the case with most public figures, there were some circles where the prime minister was unpopular, and his followers highly reviled. The vast and varied criticisms of Nehru weren't simply a matter of his personality and how he was adored by the women of the country, but rather they play with the fundamental question of whether he was a good enough prime minister for a country that was taking its first steps into existence. In *Verdicts on Nehru: The Rise and Fall of a Reputation*, Ramachandra Guha explains these instances and talks about how one can still find it difficult to be a

Nehru supporter in current times. Read on to know more about what made Nehru and how the public received him in a country as wide and varied as India.

The World of Ibn ʿUfayr consists of ten essays by scholars in different fields in Arab-Islamic studies on Ibn ʿUfayr's ḥayy ibn Yaḳẓān, one of the most extraordinary works of medieval Arabic literature, and a text with important dimensions in social and intellectual history, literature, mysticism, philosophy, medicine and science. Most of the essays were presented at a groundbreaking conference at the Wellcome Institute in London, which marked the first attempt at a critical assessment of any medieval Arabic text by drawing together scholars from

widely varying fields. The studies cast light on numerous aspects of social and intellectual life in North Africa and Spain in medieval Islamic times, and explore important aspects of the textual intercommunication between author and audience.

The volume examines translation of key German texts into the modern Indian languages as well as translation from the vernacular languages of South Asia into German. Our key concerns are shifting

historical contexts, concepts, and translation practices. Bringing an intellectual history dimension to translation studies, we explore the history of translation, translators, and sites of translation. The organization of the volume follows some key questions. Which texts were being translated? At what point or period in time did this happen? What were the motivations behind these translations? Topics covered range from thematic nodes or clusters, e.g., translations of Economics texts and ideas into Urdu, or the translation of Marx and Engels into Marathi, to personal endeavours, such as the first Hindi translation of Goethe's Faust done by Bholanath Sharma in

1939. Missionary as well as Marxist activist translation work from Malayalam, Tamil and Telugu is included too. On the other hand, German translations of Tagore and Gandhi setting in shortly after 1912 are also examined. Also discussed are political strategies of publication of translations from modern Indian languages guiding the output of publishing houses in the GDR after 1949. Further included are the translator's perspective and the contemporary translation and literary culture. What happens through the process of linguistic translation in the realm of cultural translation? What can a historical study of translation tell us

about the history of Indo-German intellectual entanglements in the long twentieth century? The volume brings together multifaceted interdisciplinary research work from South Asian and German studies to answer some of these questions.

 Classical Arabic is the liturgical language used by an estimated 1.8 billion Muslims. As the language of the Qur'an and Hadith, Classical Arabic has served as the lingua franca of Islamic learning throughout the centuries. It is through mastering this language that one gains access to the primary Islamic texts

and other treasures of Islamic heritage and civilisation. Arabic Morphology: An Introduction is a translation of Sarf-i Muqaddamati, a Persian work that has been popular with both seminary and university students for decades. The book is often studied as a precursor to its unabridged version, Sarf-i Sadih, the translation of which ICAS Press has published under the title Arabic Morphology Made Simple. With its clear style, helpful exercises, and bilingual glossary of technical terms, this textbook provides students with an excellent start to their learning of Arabic. Modern Standard Arabic Grammar BRILL Sarf is a fundamental subject that serves as

a gateway to dive further into the ocean of Islamic knowledge. There are a very few books available which go over the basic lessons of Sarf in English. The teachers and students at various Islamic Institutions had problems teaching and learning it. Therefore, we found it imperative to compile the Sarf lessons suitable to explain in the English language.

"I had an obsession with the Amish. Plain and simple. Objectively it made no sense. I, who worked hard at being special, fell in love with a people who valued being ordinary." So begins Sue Bender's story, the captivating and inspiring true story

of a harried urban Californian moved by the beauty of a display of quilts to seek out and live with the Amish. Discovering lives shaped by unfamiliar yet comforting ideas about time, work, and community, Bender is gently coaxed to consider, "Is there another way to lead a good life?" Her journey begins in a New York men's clothing store. There she is spellbound by the vibrant colors and stunning geometric simplicity of the Amish quilts "spoke directly to me," writes Bender. Somehow, "they went straight to my heart." Heeding a persistent inner voice, Bender searches for Amish families willing to allow her to visit and share in their daily lives. Plain and Simple

vividly recounts sojourns with two Amish families, visits during which Bender enters a world without television, telephone, electric light, or refrigerators; a world where clutter and hurry are replaced with inner quiet and calm ritual; a world where a sunny kitchen "glows" and "no distinction was made between the sacred and the everyday." In nine interrelated chapters--as simple and elegant as a classic nine-patch Amish quilt--Bender shares the quiet power she found reflected in lives of joyful simplicity, humanity, and clarity. The fast-paced, opinionated, often frazzled Bender returns home and reworks her "crazy-quilt" life, integrating the soul-soothing

qualities she has observed in the Amish, and celebrating the patterns in the Amish, and celebrating the patterns formed by the distinctive "patches" of her own life.

Charmingly illustrated and refreshingly spare, Plain and Simple speaks to the seeker in each of us.
