Secret societies have both fascinated and frightened people for hundreds of years. Often the infamous Illuminati is mentioned as the core of conspiracies which span the globe. The Illuminati is actually a historical secret society which had goals of revolutions and world domination dating back to the 1770s. Since then, rumors and conspiracy theories involving the Illuminati continue to spread, sometimes finding their way into popular novels like Dan Brown's *Angels & Demons* and Hollywood movies like *Lara Croft: Tomb Raider*. Some men have even come forward claiming to be former members, offering details of what they allege are the inner workings of the organization. When you sift through all of the information available on the subject, you may be surprised that the truth is stranger than fiction. In *The Illuminati: Facts & Fiction*, conspiracy and occult expert Mark Dice separates history from Hollywood and shows why tales of the secret society won't die. - Original Writings and Documents - Purported Texts - Freemasonry's Connections - The Georgia Guidestones - Alleged Victims and Defectors - Aliens and Reptilians - Activists and Eyewitnesses - Fictional books - Fictional films - TV references - The Music Industry - Mainstream Media Manipulation - Documentary Films - Pre Illuminati Organizations - The Luciferian Doctrine - The Federal Reserve - Skull and Bones - The Bilderberg Group - Bohemian Grove - The Council on Foreign Relations - The Franklin Cover-up - Sex Magic - Election Fraud - The

Relationships--whether they are with a spouse, a brother or sister, friend, coworker, or just someone you have known for a short time--can sometimes be very difficult. How do you cope with relational situations that arise? God, in his word, has so much to say about relationships. Even in the beginning of time, God desired to have a relationship with mankind. We see throughout the Bible in the Old and New Testaments that there were so many

relational difficulties. This book offers insight--geared toward women--on relationships through prayer, communication, and many other perspectives in a "princess and frog kind of way." You'll laugh, ponder, and maybe even cry a little. But my prayer is that in reading this book, you will gain insight through the printed word that will help you move to the next level in your relationship with others, and ultimately with God.

Alan Cumming grew up in the grip of a man who held his family hostage, someone who meted out violence with a frightening ease, who waged a silent war with himself that sometimes spilled over onto everyone around him. That man was Alan's father, Alex Cumming. Alex was the dark, enigmatic heart of Cumming family life. But he was not the only mystery. Alan's maternal grandfather, Tommy Darling, had disappeared to the Far East after the Second World War. The last time Alan's mother saw her father she was eight years old. When she was thirteen, the family was informed that he had died in an accidental shooting. Curious to explore this second mystery, Alan committed to filming an episode of the BBC's *Who Do You Think You Are?* Then out of the blue, his father, who Alan and his brother had not seen or spoken to for more than a decade, called. He had a secret he had to share, one that would shock his son to his very core and set in motion a journey that would change Alan's life forever. At times suspenseful, at times deeply moving, but always brave and honest, *Not My Father's Son* is a powerful story about embracing the best aspects of the past and triumphantly pushing the darkness aside.
