I'll never forget the first time someone called me 'trash.' I was 13, and it was my own father. I guess I should've expected it, since

Mom said I was a mistake for as long as I remember. I've been underestimated by everyone, from my ex-husband to my college instructor, who never thought I'd pass his EMT courses. When I first applied for the Fire Academy, I was laughed out the door, probably because my resume listed my employer as "Cherry Girls Gentlemen's Club." I figure, people will doubt you. Let them. Just don't doubt yourself. I got into the academy and passed with flying colors, and I just got my uniform as one of Boston's finest. I'm only a provisional firefighter, but when I make it through the trial period, I'll have my dream. The only thing standing in my way is the scorching attraction I feel towards my lieutenant—who is hands off because of the job. Life isn't fair. Will the first good relationship I've ever experienced mean the end to my dream?

I hate her for what she did to me. She didn't just break my heart. She crushed it beneath her sneakered foot and burned it to ashes. She wrecked me. But I'm still not over her. I can have any woman I want with a crook of my finger. I want her. Only her. Call me crazy. Call me obsessed. Both would apply. I blew up my whole world for her. Because I want her back in my life. Dare to Know Barbour Publishing

I am sure we can all relate to and are interested in reading about the struggles others have encountered throughout life, which will help to encourage us and keep us motivated to keep the faith and not give up. This is the book to read. Once you start reading, it will hardly leave your hand until completed, unless you are taking a break to laugh, ponder, and reminisce on your own experiences. It is mostly geared toward women, but men will find it very interesting and may learn from some of the lessons included. It depicts happiness, hardships, realistic experiences, and dreams that the author creatively captures in a humorous way. She starts out in childlike fantasy of exploring her world. Her family background is presented to show how much this has prepared for her a good foundation in relying on God to go through all the obstacles encountered and still encountering in

her life. Therefore, in each area, one is pointed to biblical references as guidelines for living. Being brought up in the church throughout her life, she boldly talks about sexual desires in relation to herself and in general, which were unmentionable in church, and is still a difficult area to deal with. Her writing provides a break from ordinary reading as she incorporates poetry and motivational verses for inspiration while touching on a wide range of areas, including some of the controversies in today's world.

Dare Me Entangled: Brazen

#1 NEW YORK TIMES BESTSELLER • Brené Brown has taught us what it means to dare greatly, rise strong, and brave the wilderness. Now, based on new research conducted with leaders, change makers, and culture shifters, she's showing us how to put those ideas into practice so we can step up and lead. Don't miss the five-part HBO Max docuseries Brené Brown: Atlas of the Heart! NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Leadership is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we

know that power becomes infinite when we share it with others. We don't avoid difficult conversations and situations; we lean into vulnerability when it's necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the exact same time as we're scrambling to figure out what we have to offer that machines and AI can't do better and faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author Brené Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 50 companies all ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and examples to answer these questions in the no-BS style that millions of readers have come to expect and love. Brown writes, "One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It's learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It's why we're here."

Whether you've read *Daring Greatly* and *Rising Strong* or you're new to Brené Brown's work, this book is for anyone who wants to step up and into brave leadership.
