ghostwriter and a
perpetually broke
single mother to a
young boy. Lana
Breban is a
powerhouse lawyer,
economist, and
advocate for women’s

rights. With aspirations of running for office, Lana and her staff have decided she needs help softening her public image. That's when Allie is hired to write Lana's memoir about her life as a mother. Allie believes she knows the drill: she has learned how to inhabit the lives of others and tell their stories better than they can. But soon Allie's childcare arrangements unravel; she falls behind on her rent; her subject, Lana, is frustratingly aloof; and Allie's boyfriend decides to go on a road trip toward self-discovery. As a writer for hire and a mother, Allie has gotten too used to being accommodating. At what point will she speak up for all that she deserves?

Impersonation tells a timely, insightful, and bitingly funny story of ambition, motherhood, and class.

An original voice, Ronnow puts some meaning back into the term experimental. This is poetry that is both distinctive and based in the best elements of a literary tradition. Often political, sexual, emotional, but most of all surprising, Ronnow is a man and poet whose personal convictions and writing passion are not mutually exclusive. His poems find "salvation in the details" and have the virtues of honesty, simplicity of statement that coexists with complexity of intent,

and a clear commitment to speak to the reader. The insights, the lyricism, and the wry humor make very rich reading.

"A wonderful, important book.

Opening the Doors of Wonder will go far toward helping us understand one another. This is a much-needed venture in our post-9/11 age."—Henry Louis

Gates, Jr., W.E.B. Du Bois Professor of the Humanities, Harvard University "It may be easier for a camel to squeeze through the eye of a needle than for a spiritual seeker to enter a religious tradition with their psyche intact. Magida explores the varied processes of initiation among an eclectic cross-section of notables that include Christians, Jews, Muslims, Hindus, and Buddhists. His lively portraits of transformation demonstrate both the losses and gains that come with the struggle to find religious meaning within a community. This book promises to stir up powerful memories and reframe the challenge of living faithfully within a world of

competing, often conflicting religious claims."—Dr. Christopher M. Leighton, Executive Director of the Institute for Christian & Jewish Studies "Inside this wonderful book, renowned rabbis, zen priests, authors and even comics and cartoonists recall the religious rites of passage that have shaped their lives. Through the humor and pathos of their stories, we are offered a vital, very readable investigation of our society's current spiritual condition. I highly recommend *Opening the Doors of Wonder*. In whatever way you can, walk on through."—Wes Nisker, Buddhist meditation teacher, journalist, author of *Essential Crazy Wisdom* "This

fascinating book airs out a multitude of responses to a spiritual topic that we avoid at our peril—the presence (or lack) of rites of passage in modern America. Magida's style is often poetic, and his interviews reveal, often in surprising ways, how deeply, and often how invisibly, people of all faiths are influenced by religion's rituals and ceremonies. Moreover, they show how the failure or disappointment of our rites of passage can affect the way we deal with transition for the rest of our lives."—Phil Cousineau, author of *The Art of Pilgrimage* and *Once and Future Myths*

A charming, witty and wide-ranging collection of brief biographies of closeted gay men in modern and early modern history, Hidden: The Intimate Lives of Gay Men Past and Present includes

colorful snapshots of such well-known men as Horatio Alger, Thomas Eakins, King Edward II, Alfred C. Kinsey, and Siegfried Wagner. Readers will find joy and sorrow and pleasure and pain in these 400 biographies of men who were forced to live hidden lives. All were caught in the tension between the torment of secrecy and the calamity of revelation. How did they manage their difficult lives? How indeed did they survive? One who did was James Brooke. He turned his inheritance into a 142 ton schooner, sailed for the East Indies, seized the northern part of Borneo and proclaimed himself Rajah of Sarawak. Among those who did not survive was Jan Quisthout Van der

Linde, a soldier in New Amsterdam (not yet New York). He was stripped of his arms, his sword broken at his feet. He was then tied in a sack, thrown into the Hudson River and drowned until dead. While illuminating individuals, the book also provides rich cultural and historical content, including the trial of those over-the-top transvestites Ernest Boulton Stella of the Strand and Frederick Fanny Park; and a delightful description of the 5th Marquess of Anglesey as he parades along the boulevards of Paris rouged, powdered and perfumed, cradling an equally perfumed poodle festooned with pink ribbons. Written in clear, concise, and lively prose, *Hidden* offers a substantive

and extensive look at men who lived their lives in conflict with their sexuality.

Lady's Who's who

Algonquin Books

A collection of short stories and poems that tell a tale of growing up on the wrong side of the tracks of life and seen through the eyes of two authors. The words expressed in this book are from the heart, the eyes and soul of a desire to live a fruitful life.

Regardless of their past, a struggle to gain a positive perspective are what the authors attempt to reveal. But with this book the reader is at least able to see for themselves that life for some is less than desirable, and with the stories and poems; their interpretations will open the door to

healing and that no one is ever really alone.

Somehow this chronicle of a long, dark night of the soul also involves funny stories involving

Trump, Putin, and a truly baffling array of degenerates.' Stephen Colbert***What do you do when you realise you have everything you think you've ever wanted but still feel completely empty?What do you do when it all starts to fall apart? The second volume of Moby's extraordinary life story is a journey into the dark heart of fame and the demons that lurk just beneath the bling and bluster of the celebrity lifestyle. In summer 1999, Moby released the album that defined the millennium, PLAY. Like generation-defining albums before it, PLAY was ubiquitous, and catapulted Moby to superstardom. Suddenly he was hanging out with David Bowie and Lou Reed,

Christina Ricci and Madonna, taking ecstasy for breakfast (most days), drinking litres of vodka (every day), and sleeping with super models (infrequently). It was a diet that couldn't last. And then it fell apart. The second volume of Moby's memoir is a classic about the banality of fame. It is shocking, riotously entertaining, extreme, and unforgiving. It is unedifying, but you can never tear your eyes away from the page. Who's who and why Bloomsbury Publishing USA

 J. K. Rowling achieved astounding commercial success with her series of novels about Harry Potter, the boy-wizard who finds out about his magical powers on the morning of his eleventh birthday. The books' incredible popularity, and the subsequent likelihood that they are among this generation's most formative narratives, call for critical exploration and study to interpret the works' inherent tropes and themes. The essays in this collection assume that Rowling's works should not be relegated to the categories of pulp fiction or children's trends, which would deny their certain influence on the intellectual, emotional, and psychosocial

development of today's children. The variety of contributions allows for a range of approaches and interpretive methods in exploring the novels, and reveals the deeper meanings and attitudes towards justice, education, race, foreign cultures, socioeconomic class, and gender. Following an introductory discussion of the Harry Potter phenomenon are essays considering the psychological and social-developmental experiences of children as mirrored in Rowling's novels. Next, the works' literary and historical contexts are examined, including the European fairy tale tradition, the British abolitionist movement, and the public-school story genre. A third section focuses on the social values

underlying the Potter series and on issues such as morality, the rule of law, and constructions of bravery.

Young South Carolinians offer their perspectives on and visions for the future of the state "All of you who contributed to this book write much better than I did in high school." That remarkable observation was made by Pat Conroy in the foreword to the first collection of student writing generated by the South Carolina High School Writing Contest, and it embodies the contest's goals: to encourage young people to write, to think deeply and

creatively, to express themselves, and thereby to recognize and cultivate their abilities. This second volume of Writing South Carolina features the insightful and inspiring entries of each of the twenty-nine winners and finalists: high school juniors and seniors who were challenged to share, using any genre, their ideas for making South Carolina a better place to live. Through essays, poems, and stories, students used their imaginations to celebrate South Carolina and to envision a state that might be improved by addressing civic and social ills, such as domestic violence, racism, drugs, poverty, and educational inequality. Despite being raised in the age

of texts and tweets, these young writers offer their unique perspectives—often revealing, thought-provoking, troubling, and exhilarating—in language that is uniquely their own and often eloquent and passionate. Marjory Wentworth, who provides a foreword to this collection, is South Carolina's poet laureate and has served as a judge for the competition with Pat Conroy.

Opening the Doors of Wonder

National Library of Poetry
A “diverse collection” of essays, stories, and poems about Baltimore that provide “a wide-ranging account of what the city feels like today” (Baltimore Magazine). To many outsiders, Baltimore--sometimes derisively called “Mobtown” or “Bodymore”—is a city

famous for its poverty and violence, twin ills that have been compounded by decades of racial segregation and the loss of manufacturing jobs. But that portrait has only given us a skewed view of a truly unique and diverse American city, the place that produced Babe Ruth, Elijah Cummings, Nancy Pelosi, Edgar Allan Poe, John Waters, Frank Zappa, Billie Holiday, and Thurgood Marshall, among other notables. In over thirty-five essays, poems, and short stories, the authors take an unfiltered look at the ins and outs of Baltimore's past and present. You'll hear about the first time an umbrella appeared in the Inner Harbor, nineteenth-century

grave robbers, and the city's history with redlining and blockbusting. But you'll also get a deeper sense of what life is like in Baltimore today, including stories about urban gardening in Bolton Hill, the slow demise of local journalism, what life was like in the city during COVID, and the legacy of Freddie Gray. As Ron Kipling Williams writes in his essay about the city's magnetic appeal, "Baltimore has always been a city worth fighting for," and running through all these pieces is the story of Baltimore's resilience. Edited by an award-winning author and a former staff writer for *The Wire*, this anthology offers an unfiltered look at Baltimore, far more

nuanced than the stories that are generally told about it. "Let[s] the people of this city define their home through reflections in prose, poetry, recipes, and even a comic strip . . . speaks to the heart of the city." —Baltimore Fishbowl
