 "Every day on
 a bike trip is
 like the one
 before--but it

is also
 completely
 different, or
 perhaps you
 are different,
 woken up in
 new ways by
 the mile." As a
 teenager, Kate
 Harris realized
 that the
 career she
 most craved--
 that of a

generalist explorer, equal parts swashbuckler and philosopher-- had gone extinct. From her small-town home in Ontario, it seemed as if Marco Polo, Magellan and their like had long ago mapped the whole earth. So she vowed to become a scientist and go to Mars. To pass the time before she could launch into outer space, Kate set off by bicycle down a short section of the fabled Silk Road with

her childhood friend Mel Yule, then settled down to study at Oxford and MIT. Eventually the truth dawned on her: an explorer, in any day and age, is by definition the kind of person who refuses to live between the lines. And Harris had soared most fully out of bounds right here on Earth, travelling a bygone trading route on her bicycle. So she quit the laboratory and hit the Silk Road again with

Mel, this time determined to bike it from the beginning to end. Like Rebecca Solnit and Pico Iyer before her, Kate Harris offers a travel narrative at once exuberant and meditative, wry and rapturous. Weaving adventure and deep reflection with the history of science and exploration, *Lands of Lost Borders* explores the nature of limits and the wildness of a world that, like the self and like the

stars, can never be fully mapped. Witches & Magic-makers Grove/Atlantic, Inc. A gorgeously illustrated tribute to birds of all kinds and the fantastic, funny, fascinating things that they do. Birds have lots of ways of communicating: They sing and talk, dance and drum, cuddle and fight. But what does all of the bird talk mean? Filled with gorgeous illustrations, this fascinating

picture book takes a look at the secret life of birds in a child-friendly format that is sure to appeal to readers of all ages - whether they're die-hard bird-watchers or just curious about the creatures in their own backyards. Tibet Through the Red Box Turtleback Books "A stiff breeze blows Mary's beach ball along the water's edge for miles and miles. People, objects and animals appear and

disappear as Mary gallops from page to page, chasing the ball....Sis's inimitably cheerful illustrations fuse a riot of unsullied color with deft details and endless invention."-- Publishers Weekly. "A great choice for beach-chair travelers."-- School Library Journal. *Nicky & Vera* Farrar, Straus and Giroux (BYR) Describes the life and work of the courageous man who changed the

way people saw the galaxy, by offering objective evidence that the earth was not the fixed center of the universe Nehru, Tibet and China Harper Collins Now that a whale is too big for her tank, she is going to be returned to the sea. In December 1938, a young Englishman canceled a ski vacation and went instead to Prague to help the hundreds of

thousands of refugees from the Nazis who were crowded into the city. Setting up a makeshift headquarters in his hotel room, Nicholas Winton took names and photographs from parents desperate to get their children out of danger. He raised money, found foster families in England, arranged travel and visas, and, when necessary, bribed officials and forged documents. In the frantic

spring and summer of 1939, as the Nazi shadow fell over Europe, he organized the transportation of almost 700 children to safety. Then, when the war began and no more children could be rescued, he put away his records and told no one. It was only fifty years later that a chance discovery and a famous television appearance brought Winton's actions to light. Peter Sís weaves Winton's

experiences and the story of one of the children he saved, Vera Gissing. *Nicky & Vera* is a tale of decency, action, and courage told in luminous, poetic images by an internationally renowned artist. *Madlenka's Dog* Univ of California Press Presents the practices, rituals, an roles of witches and magic makers around the world and throughout history. The Tibetan

Book Of Living And Dying
Flash Point
This beautiful tradepaper graphic novel tells the story of one man taking on an empire, calling for truth, peace, and justice for his Tibetan people. Here, in full color for the first time, people can come to know the whole drama of his lifelong struggle. Since the age of 15, the Dalai Lama has defended his people against one of the last great empires, the People's

Republic of China. Under its "dictatorship of the proletariat," China began to invade Tibet in 1950, decimating and then continually oppressing its people. Since colonialism cannot be practiced in our era of self-determined nations, China always maintains that the Tibetans are a type of Chinese, using propaganda and military power to crush Tibet's unique culture and identity. Yet the Dalai

Lama resists by using only the weapon of truth—along with resolute nonviolence—even worrying some of his own people by seeking dialogue and reconciliation based on his more realistic vision. The great 14th Dalai Lama of Tibet has become the first global Dalai Lama, a prominent transnational leader of all who want to make the dramatic changes actually necessary for life on earth to thrive for

centuries to come. Considered the incarnation of the Buddhist savior Chenrezig or Avalokiteshvara—archangel of universal compassion—he is believed to appear in many forms, at many different times, whenever and wherever beings suffer. Representing the plight of his beloved Tibetan people to the world, he has also engaged with all people who suffer oppression and injustice,

as recognized in 1989 by his being awarded the Nobel Peace Prize. Most importantly, the Dalai Lama walks his talk throughout these pages, as he has throughout his life, and he radiates a powerful hope that we can and will prevail. *Man of Peace* presents the inside story of his amazing life and vision, in the high tension of the military occupation of Tibet and the ongoing genocide of its

people—a moving work of political and historical nonfiction brought to life in the graphic novel form—here for all to see. *Seven Years in Tibet* Farrar, Straus and Giroux (BYR) *Bones of the Earth* is Edgar Award-winning author Eliot Pattison’s much anticipated tenth and final installment in the internationally acclaimed Inspector Shan series. After Shan Tao Yun is forced to witness the execution of a

Tibetan for corruption, he can’t shake the suspicion that he has instead witnessed a murder arranged by conspiring officials. When he learns that a Tibetan monk has been accused by the same officials of using Buddhist magic to murder soldiers then is abruptly given a badge as special deputy to the county governor, Inspector Shan realizes he is being thrust into a ruthless power

struggle.

among its

Soon grasping
that the

All of a

sudden, it was not only an assertive China that India had to deal with but also an increasingly complex situation in Tibet which was reeling under pressure from China. Clearly, newly independent India, with Prime Minister Jawaharlal Nehru at its helm, was navigating very choppy waters. Its relations with China progressively deteriorated, eventually leading to the Indo-China

war in 1962. Today, more than six decades after the war, we are still plagued by border disputes with China that seem to routinely grab the headlines. It leads one to question what exactly went on during those initial years of the emergence of a new China"-- Publisher's summary. *The Three Golden Keys* Tarcher A story in pictures about a boy who visits the Empire State Building in

New York, and is magically taken to a place where clouds are made. Forbidden Memory Rowman & Littlefield * First systematic review of Tibetan ritual art* Never-before-published Buddhist art objects* Written by expert on Tibetan art, Michael Henss Tibetan Buddhist art is not only rich in figural icons but also extremely diverse in its symbols and ritual objects.

This first systematic review is an abundantly illustrated reference book on Tibetan ritual art that aids our understanding of its different types and forms, its sacred meanings and ceremonial functions. Over eighteen chapters, several hundred different implements are documented in detail, in many cases for the first time and often in their various styles

and iconographic forms: altar utensils and amulets, masks and mirrors, magic daggers and mandalas, tormas, sculptures and prayer objects, vajras and votive tablets, sacrificial vessels and oracle crowns, stupas and spirit traps, ritual vases, textiles, furniture, and symbolic emblems. These are accompanied by many historical and modern text sources, as well as rare

recorded oral material from high-ranking Tibetan masters. This long-awaited handbook is a must-have for all those with a profound interest in Buddhist art and religion. *Tibetan Prayer Flags* Farrar, Straus and Giroux (BYR) Peter Sís's remarkable biography *The Pilot and the Little Prince* celebrates the author of *The Little Prince*, one of the most beloved books in the world. Antoine de Saint-Exupéry was born in France

in 1900, when airplanes were just being invented. Antoine dreamed of flying and grew up to be a pilot—and that was when his adventures began. He found a job delivering mail by plane, which had never been done before. He and his fellow pilots traveled to faraway places and discovered new ways of getting from one place to the next. Antoine flew over mountains and deserts.

He battled winds and storms. He tried to break aviation records, and sometimes he even crashed. From his plane, Antoine looked down on the earth and was inspired to write about his life and his friends in memoirs and in fiction. Rescued Farrar, Straus and Giroux (BYR) In this vivid memoir that has sold millions of copies worldwide, Heinrich Harrer recounts his adventures as one of the first Europeans ever to enter Tibet. Harrer was traveling in India when the Second World War erupted. He was subsequently seized and imprisoned by British authorities. After several attempts, he escaped and

crossed the rugged, frozen Himalayas, surviving by duping government officials and depending on the generosity of villagers for food and shelter. Harrer finally reached his ultimate destination- the Forbidden City of Lhasa- without money, or permission to be in Tibet. But Tibetan hospitality and his own curious appearance worked in Harrer's favor, allowing him unprecedented acceptance among the

upper classes. His intelligence and European ways also intrigued the young Dalai Lama, and Harrer soon became His Holiness's tutor and trusted confidant. When the Chinese invaded Tibet in 1950, Harrer and the Dalai Lama fled the country together. This timeless story illuminates Eastern culture, as well as the childhood of His Holiness and the current plight

of Tibetans. It is a must-read for lovers of travel, adventure, history, and culture. A motion picture, under the direction of Jean-Jacques Annaud, will feature Brad Pitt in the lead role of Heinrich Harrer. Caldecott Honoree and Sibert

Medalist Peter Sís honors a man who saved hundreds of children from the Nazis. In 1938, twenty-nine-year-old Nicholas Winton saved the lives of almost 700 children trapped in Nazi-occupied Czechoslovakia—a story he never told and that remained unknown until an unforgettable TV appearance in the 1980s reunited him with some of the children he saved. Czech-American

artist, MacArthur Fellow, and Andersen Award winner Peter Sís dramatizes Winton's story in this distinctive and deeply personal picture book. He intertwines Nicky's efforts with the story of one of the children he saved—a young girl named Vera, whose family enlisted Nicky's aid when the Germans occupied their country. As the war passes and Vera grows up, she must

find balance in her dual identities—on e her birthright, the other her choice. Nicky & Vera is a masterful tribute to a humble man’s courageous efforts to protect Europe’s most vulnerable, and a timely portrayal of the hopes and fears of those forced to leave their homes and create new lives.
