Attorney General's Commission on Pornography, Final Report Macmillan

At twelve-year-old Indian American boy believes he is the reincarnation of Krishna and plans to unveil his true identity at the school talent show. Meet Kiran Sharma: lover of music, dance, and all things sensual; son of immigrants, social outcast, spiritual seeker. A boy who doesn't quite understand his lot—until he realizes he's a god . . . As an only son, Kiran has obligations—to excel in his studies, to honor the deities, to find a nice Indian girl, and, above all, to make his mother and father proud—standard stuff for a boy of his background. If only Kiran had anything in common with the other Indian kids besides the color of his skin. They reject him at every turn, and his cretinous public schoolmates are no better. Cincinnati in the early 1990s isn't exactly a hotbed of cultural diversity, and Kiran's not-so-well-kept secrets don't endear him to any group. Playing with dolls, choosing ballet over basketball, taking the annual talent show way too seriously...the very things that make Kiran who he is also make him the star of his own personal freak show . . . Surrounded by examples of upstanding Indian Americans—in his own home, in his temple, at the weekly parties given by his parents' friends—Kiran nevertheless finds it impossible to get the knack of "normalcy." And then one fateful day, a revelation: perhaps his desires aren't too earthly, but too divine. Perhaps the solution to the mystery of his existence has been before him since birth. For Kiran Sharma, a long, strange trip is about to begin—a journey so sublime, so ridiculous, so painfully beautiful, that it can only lead to the truth . . . Praise for Blue Boy "Compassionate, moving, funny, and wise, Blue Boy is one of the best debut novels I have read in years." &mda

The Digital Closet: LGBT*Q Identities and Affective Politics in a Social Media Age discusses how LGBT*Q individuals occupy a precarious space within society as a marginalized community in the United States. They are afforded representation in some venues yet are often invisible. Through social media, LGBT*Q individuals have sought new ways to forge communities and increase their

visibility. This rise in visibility afforded individuals means to seek out and distribute information to help in the coming out process. Combining archival research, observation, interviews, and visual discourse analysis of social media feeds, the Patrick Johnson examines the role social media plays in expressions of LGBT*Q politics, culture, and coming out. Despite the messages not having changed fundamentally, the improved access to LGBT*Q stories have amplified the ones that are sent. Johnson argues that this is positive in acting as intervention for LGBT*Q suicide rates, hate crimes, and discrimination from the outside. However, the author also contends that it has vastly re-centered and prioritized white, cisgender, masculinity, obscuring other stories and creating potentially dangerous environments for POC, women, trans* individuals, and gay men who do not meet this high standard of masculinity. Scholars of gender studies, media studies, and queer theory will find this book particularly interesting.

The reception of Thomas Gainsborough's Blue Boy from its origins to its appearances in contemporary visual culture reveals how its popularity was achieved and maintained by diverse audiences and in varied venues. Performative manifestations resulted in contradictory characterizations of the painted youth as an aristocrat or a "regular fellow," as masculine or feminine, or as heterosexual or gay. In private and public spaces where viewers saw the actual painting and where living and rendered replicas circulated, Gainsborough's painting was often the centerpiece where dominant and subordinate classes met, gender identities were enacted, and sexuality was implicitly or overtly expressed.

My Government Means to Kill Me Class, Gender, and Sexuality in Thomas Gainsborough's Blue Boy

"As a founder and editor of the wildly influential magazine Christopher Street and then as the first openly gay editor at a mainstream publishing house, Michael Denny critically shaped publishing around gay subjects and themes in the 1970s and 1980s. Authors whom he helped bring into the spotlight include Paul Monette, Randy Shilts, Ethan Mordden, Edmund White, Larry Kramer, and John Preston. Here he presents not a conventional memoir, but an assemblage of writings from the 1970s and 1980s (many previously unpublished) that illuminate the twists and turns of a period of great cultural and political ferment. Denny's time machine of a book both preserves and brings back to life a vibrant period in American cultural history"--

From life and literature come the heroines of this volume. The essays demonstrate that women can fit the role of hero as defined by Joseph Campbell: A hero ventures forth from the world of common day into a region of supernatural wonder, fabulous forces are there encountered and a decisive

victory is won, the hero comes back from this mysterious adventure with the power to bestow boons on his fellow man. Contributors to this volume cover a wide range of heroic women. "

Blue Boy Flatiron Books

The third Canadian edition of this anthology has been substantially revised and updated for a contemporary audience; a selection of classic essays from earlier eras has been retained, but the emphasis is very much on twenty-first-century expository writing. There is also a focus on issues of great importance in twenty-first-century Canada, such as climate change, the Truth and Reconciliation Commission, the Jian Ghomeshi trial, Facebook, police discrimination, trans rights, and postsecondary education in the humanities. Works of different lengths and levels of difficulty are represented, as are narrative, descriptive and persuasive essays—and, new to this edition, lyric essays. For the new edition there are also considerably more short pieces than ever before; a number of op-ed pieces are included, as are pieces from blogs and from online news sources. The representation of academic writing from several disciplines has been increased—and in some cases the anthology also includes news reports presenting the results of academic research to a general audience. Also new to this edition are essays from a wide range of the most celebrated prose writers of the modern era—from Susan Sontag, Eula Biss, and Michel Foucault to Anne Carson and Ta-Nehisi Coates. The anthology also offers increased diversity of representation—including, for example, a larger proportion of First Nations writers and women writers than previous Canadian editions. Unobtrusive explanatory notes appear at the bottom of the page, and each selection is preceded by a headnote that provides students with information regarding the context in which the piece was written. Each reading is also followed by questions for discussion. A unique feature is the inclusion of a set of additional notes on the anthology's companion website—notes designed to be of particular help to EAL students and/or students who have little familiarity with Canadian culture. The anthology is accompanied by two companion websites. The student website features additional readings and interactive writing exercises (as well as the additional notes). The instructor website provides additional discussion questions and, for a number of the anthology selections, background information that may be of interest.

From an acclaimed memoirist and National Book Award winner: Three groundbreaking works of nonfiction put a human face on the AIDS epidemic. Paul Monette's searing memoirs of growing up, coming out, and losing his beloved partner to AIDS are now available in a single volume. *Becoming a Man*: This National Book Award-winning memoir follows Monette's childhood. Growing up all-American, Catholic, overachieving . . . and closeted, Monette wrestled with his sexuality for the first thirty years of his life, priding himself on his ability to "pass" for straight. This intimate portrait of a young man's struggle with his own desires and journey to adulthood and self-acceptance through grace and honesty is witty, humorous, and deeply felt. *Borrowed Time*: Chronicling Monette's

relationship with Roger Horwitz, this tragic true story follows Horwitz's fight against and eventual death from AIDS. A "tender and lyrical" memoir (*The New York Times Book Review*), it remains one of the most raw and human tales of the AIDS era—a "searing, shattering, ultimately hope-inspiring account of a great love story" (*San Francisco Examiner*). *The Last Watch of the Night*: Compiling work from the last two years of his life, this collection of essays documents Monette's reflections as he slowly succumbed to AIDS. Ringing with humor, rage, and passion, his words provide a breathtaking view from inside the AIDS scourge. Brutal, funny, and startlingly honest, this comprehensive volume brings together some of the most important stories of the AIDS era.

At the peak of his career in the 1950s, Montgomery Clift was the symbol of a very talented yet rebellious generation of movie stars. His acting combined the personal and the professional, and his seventeen movies show his superb craft and extraordinary sensitivity. Yet there was much more to his life than his talents as an actor—more than most people knew. This book is a biography of the extremely handsome, acutely intelligent, but tormented Montgomery Clift. His life has been described as "the longest suicide in the history of Hollywood," and this biography shows the accuracy of that description. It covers Clift's sheltered childhood, his discovery at the age of 12, the early critical acclaim that brought attention from such noted directors as Elia Kazan and Antoinette Perry, his development as a professional actor and work with many of Hollywood's greatest directors (including Kazan, Fred Zinneman, Alfred Hitchcock and John Huston), and the devastating car accident that disfigured his face and caused him to turn to drugs and alcohol. Throughout the book, attention is given to Clift's self-destructive personality—which created problems that even close friends like Elizabeth Taylor could not help him solve—and his closet homosexuality, which contributed to his intense insecurity. Richly illustrated.

The law is one of the primary means through which sexuality is constructed, monitored and controlled. In this much needed book, Carl Stychin provides a critical examination of the relationship between law and sexual orientation in the United States, the United Kingdom and Canada. The author exposes the connection between the law and sexual control through an exploration of key questions of current interest and controversy. He examines the motivations behind legal restrictions, and the impact on sexual subcultures and dominant society.

Coming Out Queer Online Houghton Mifflin Harcourt

One writer is stranded by the Second World War. Another flees multiple revolutions to live the rest of his life in Rio de Janeiro. Two others, public about their sexuality at home, choose self-exile. In *Lost and Found Voices* Luc Beaudoin offers a critical engagement with these four displaced authors: Witold Gombrowicz, Valerii Pereleshin, Abdellah Taïa, and Slava Mogutin. Not quite fitting into their respective diasporas and sharing an urge to express their queer desires, it is in their published works of literature, film, and photography that these writers locate their shifting identities and

emergent queer voices. Their artistry is the basis from which Beaudoin traces their expressions of desire in language, culture, and community, offering a contextual queer reading that navigates their linguistic, cultural, artistic, and sexual self-translations and self-portrayals. Their choices are determinative: Gombrowicz masked his attraction to men in his works, keeping the truth hidden in an intimate diary; Pereleshin explored his lust in Brazilian Portuguese after being shunned by the Russian diaspora; Taïa writes in French to destabilize both the language and his status as an immigrant in France; Mogutin becomes a hardcore gay rebel in word and image to rattle assumptions about gay life. Bringing authors generally not familiar to an English-speaking readership into one volume, and including Beaudoin's own experience of living between languages, *Lost and Found Voices* provides provocative insights into what it means to be gay in both the past and the present.

My "Norman Rockwell" childhood was anything but that once you stepped into the painting. It was a life of clashes of violence with a mother indoctrinated in conservatism. My relationship with my mother ended in divorce. From the Bible Belt of the Tennessee Hills to the Hollywood Hills, Nob Hill and Capitol Hill, this is my tell-all odyssey of the underworld life of the Hollywood and Washington

elite. A chance meeting one night with "Madame" Wayland Flowers landed me in Hollywood and into the life of the adult video stardom that led to modeling, male stripping and working in the escort services, leading to clandestine encounters with the Hollywood stars. And now after twenty-five years of silence, *TELL SECRETS, TELL NO LIES*, allows me to finally cast away the shadow that has followed me and reveal the shocking provocative world of malice, perversion, and delirium in this jaw-dropping memoir that defies the imagination. A little about me... I grew up in the bible belt of America and knew at a very early age my life's purpose would never be fulfilled living in that environment. On my seventeenth birthday I set out on my own journey to discover my true values and beliefs. My odyssey took me to New York, California, Washington D.C., and Texas. Along the way I met my life long companion David. I now reside in Las Vegas, Nevada. In reflecting on my past I can truly say I have lived my life to its fullest and I share that experience with each of you in my memoir *TELL SECRETS, TELL NO LIES*. Culture Clash McGill-Queen's Press - MQUP

In a hard-hitting book that refutes conventional wisdom, Katherine Sender explores the connection between the business of marketing to gay consumers and the politics of gay rights and identity. She disputes some marketers' claims that marketing appeals to gay and lesbian consumers are a matter of "business, not politics" and that the business of gay marketing can be considered independently of the politics of gay rights, identity, and visibility. She contends that the gay community is not a preexisting entity that marketers simply tap into; rather it is a construction, an imagined community formed not only through political activism but also through a commercially supported media. She argues that marketing has not only been formative in the constitution of a GLBT community and identity but also has had significant impact on the visibility of gays and lesbians.
