When the aging king of a Magical Kingdom (England) decides to split his empire between his three daughters, Cinderella, Belle, and the Snow Queen—who-in-no-way-resembles-a-copyrighted-character, terrible tragedy ensues. Terrible, hilarious tragedy. Combining the gut-wrenching plot twists of the popular television series and the soul-numbing despair of Shakespearean tragedy, this adaptation of King Lear will leave you dying with laughter as the body count mounts.

Mama Hook reminisces about her great experiences sailing the Never Sea and the stories she told young James Hook when he was growing up. Written by Sharon Osbourne, the stories are reminiscent of familiar fables like "The Tortoise and the Hare," set in Jake and the Never Land Pirates' world of fun pirate playfulness and daring adventures.

"Stars are beautiful, but they may not take part in anything, they must just look on forever." "To die will be an awfully big adventure." "All the world is made of faith, and trust, and pixie dust." "Never say goodbye because goodbye means going away and going away means forgetting."

"The moment you doubt whether you can fly, you cease for ever to be able to do it."

"Dreams do come true, if only we wish hard enough. You can have anything in life if you

will sacrifice everything else for it." "When the first baby laughed for the first time, its laugh broke into a thousand pieces, and they all went skipping about, and that was the beginning of fairies." "Wendy," Peter Pan continued in a voice that no woman has ever yet been able to resist, "Wendy, one girl is more use than twenty boys." "Fairies have to be one thing or the other, because being so small they unfortunately have room for one feeling only at a time."

The adventures of Peter Pan, the boy who would not grow up.

Peter and Wendy

Walter Foster Jr.

Born and raised a pirate in the south seas, I knew a thing or

two about loyalty and proving one's salt. When I returned with a heavy ship's belly full of treasure, I knew I'd finally proven to my mother I was worthy to be a captain! Only, the Pirate Queen didn't see it that way. And who did she choose to give my ship to? Of all people? James "Hook"--or as he now likes to be called, Pan. Can you believe it? Hook, who has the audacity to earn the rights of a captain by having his father make the bargain with my mother. In spite of the momentary embarrassment, The Sea Devil is as good as mine, and I will prove to my mother once and for all that she made a mistake. All I need to do is obtain the summer stone from the sirens. Sounds simple enough. Until I get

pulled into the sea and learn it's not only my destiny to save the sirens, but my birthright. And if I don't, the sea witch may claim us all. Being a pirate was so much easier.

Hassell Street Press Books on intercultural communication are rarely written with an intercultural readership in mind. In contrast, this multinational team of authors has put together an introduction to communicating across cultures that uses examples and case studies from around the world. The book

further covers essential new topics, including international conflict, social networking, migration, and the effects technology and mass media play in the globalization of communication.

Written to be accessible for international students too, this text situates communication theory in a truly global perspective. Each chapter brings to life the links between theory and practice and between the global and the local, introducing key theories and their practical applications. Along the way, you will be supported with first-rate learning resources, including: • theory corners with concise, boxed-out digests of key theoretical concepts •

case illustrations putting the main points of each chapter into context • learning objectives, discussion questions, key terms and further reading framing each chapter and stimulating further discussion • a companion website containing resources for instructors, including multiple choice questions, presentation slides, exercises and activities, and teaching notes. This book will not merely guide you to success in your studies, but will teach you to become a more critical consumer of information and understand the influence of your own culture on how you view yourself and others.

*Jake and the Never Land Pirates: Mama Hook Knows Best* Simon and Schuster  
BOOKER PRIZE WINNER • NATIONAL BESTSELLER • A novel that follows a middle-aged man as he contends with a past he never much thought about—until his closest childhood friends return with a vengeance: one of them from the grave, another maddeningly present. A novel so

compelling that it begs to be read in a single setting, The Sense of an Ending has the psychological and emotional depth and sophistication of Henry James at his best, and is a stunning achievement in Julian Barnes's oeuvre. Tony Webster thought he left his past behind as he built a life for

himself, and his career has provided him with a secure retirement and an amicable relationship with his ex-wife and daughter, who now has a family of her own. But when he is presented with a mysterious legacy, he is forced to revise his estimation of his own nature and place in the world.
