GALVAN YOUNG

Comparative Homeland
Security McGraw Hill
Professional
From the #1 New York
Times–bestselling
author of North and
South: The first in a
saga about a German

immigrant and his
family's rise in 20th-
century America. The
tide of the twentieth
century is rising upon
the world, and on its
crest rides the Crown
family. Young Pauli
Kroner, freshly arrived
in America from the
streets of Berlin,
makes his way to the
mansion of his

millionaire uncle in Chicago, looking to fulfill his dreams. His uncle, Joe Crown, is a self-made brewery tycoon who rules his domain with an iron hand—especially when it comes to his own family of defiantly rebellious children and a wife yearning for her own liberation. In this new world, Pauli will rise as his own man and find his destiny in the early days of motion pictures. Surrounded by relations close and distant, proud and vengeful, each struggling to find themselves at the dawn of a new era, he will witness and experience the violence of the Pullman Strike, and find love in the arms of a woman who can never be his as he follows the

march of history, intertwined with such figures as the audacious Theodore Roosevelt, the ruthless Thomas Edison, the fading western icon Buffalo Bill, and many more. Named a New York Times Notable Book, *Homeland* is a “first-rate historical . . . chock-full of fascinating period detail, [Jakes’s] captivating story brings to life the sounds, smells and tastes of turn-of-the-century America in a manner comparable to Michener’s *Hawaii* and Doctorow’s *Ragtime*” (*Publishers Weekly*). This ebook features an illustrated biography of John Jakes including rare images from the author’s personal collection.

Homeland Security: A Complete Guide to Understanding, Preventing and Surviving Terrorism is the authoritative textbook on one of the most important topics facing our nation. From complex policy issues to common terrorist tactics, Homeland Security provides a practical foundation for professionals, students, and concerned citizens alike. Designed for readers who need to understand both the “big picture” and their own roles in the war against terror, the book provides a clear, comprehensive and fascinating overview of an increasingly complex and misunderstood topic. This indispensable reference, filled with fascinating real-life

examples and tips, covers the basics of homeland security such as: national strategies and principles; federal, state and local roles; terrorist history and tactics; cyber-terrorism; business preparedness; critical infrastructure protection; weapons of mass destruction; and key policy issues. Perfect for academic and training classrooms, each chapter includes an overview, learning objectives, source document, discussion topic, summary, and quiz. Media Reviews: "Homeland Security is much more than a textbook. It is an indispensable reference resource for those seeking to understand how terrorists operate and

the structures and mechanisms that have been developed to respond to the magnitude of the terrorist threats confronting us" Washington Times, "Securing America" By Joshua Sinai, August 2, 2005 >Published Homeland Security University of Notre Dame Press

During the Chicano Movement in the 1960s and 1970s, the idea of Aztlán, homeland of the ancient Aztecs, served as a unifying force in an emerging cultural renaissance. Does the term remain useful? This expanded new edition of the classic 1989 collection of essays about Aztlán weighs its value. To encompass new developments in the discourse the editors have added six new

essays.

Homeland Security
Princeton University Press

A new analysis of one of the most loaded terms in the German language: Heimat, or Homeland. The idea of Heimat (home, homeland, native region) has been as important to German self-perceptions over the last two hundred years as the shifting notion of the German nation. While the idea of Heimat has been long neglected in English studies of German culture-- among other reasons because the word Heimat has no exact equivalent in English-- this book offers us the first cross-disciplinary and comprehensive analysis, in English or German, of this all-pervasive German

idea. Blickle shows how the idea of Heimat interpenetrates German notions of modernity, identity, gender, nature, and innocence. Blickle reminds us of such commonplace expressions of Heimat sentimentality as Biedermeier landscapes of Alpine meadows and castles on the Rhine, but also finds the Heimat preoccupation in Hegel, Nietzsche, and Freud. Always aware of the many literary representations of Heimat (for instance in Schiller, Hölderlin, Heine, Kafka, and Thomas Mann), Blickle does not argue for the fundamental innocence of Heimat. Instead he shows again and again how the idealization of a home ground leads to borders of exclusion.

Peter Blickle is associate professor of German at Western Michigan University. *Between Two Millstones, Book 1* Wizards of the Coast A tour de force: an utterly singular modern Moroccan classic "When I walked through the large iron gate of the hospital, I must have still been alive..." So begins Ahmed Bouanani's arresting, hallucinatory 1989 novel *The Hospital*, appearing for the first time in English translation. Based on Bouanani's own experiences as a tuberculosis patient, the hospital begins to feel increasingly like a prison or a strange nightmare: the living resemble the dead; bureaucratic angels of death descend to direct traffic, claiming

the lives of a motley cast of inmates one by one; childhood memories and fantasies of resurrection flash in and out of the narrator's consciousness as the hospital transforms before his eyes into an eerie, metaphorical space. Somewhere along the way, the hospital's iron gate disappears. Like Sadegh Hedayat's *The Blind Owl*, the works of Franz Kafka—or perhaps like Mann's *The Magic Mountain* thrown into a meat-grinder—*The Hospital* is a nosedive into the realms of the imagination, in which a journey to nowhere in particular leads to the most shocking places. *Hate in the Homeland* Vintage
In this “thoughtful,

deeply atmospheric novel” by the author of *Wolf Winter*, a Polish refugee faces suspicion after a death in rural postwar England (*Daily Mail*). After World War II ends, soldiers are pouring back into Britain, and in 1946, the country is on the brink of the harshest winter in a hundred years. Blizzards rage and everything is in short supply: jobs, coal, food. In the Somerset wetlands, a Polish veteran named Wladyslaw Malinowski seeks work as a laborer. The soldiers of the Second Polish Corps are reluctant to leave, and many of the locals view them with uncertainty, but Malinowski manages to find employment on a farm. He also finds a potential romance in the local

schoolmistress, Stella. But when murder rocks the small community, suspicion falls on the outsider. From the international bestselling author of *A Dark Devotion* and *Betrayal*, *Homeland* is an insightful look at how hardship and social upheaval can shape—or shatter—everyday lives, “a very fine novel indeed” (*The Independent*).

[The Blue Sword](#) New Directions Publishing

What is a homeland and when does it become a national territory? Why have so many people been willing to die for such places throughout the twentieth century? What is the essence of the Promised Land? Following the acclaimed and controversial *The*

Invention of the Jewish People, Shlomo Sand examines the mysterious sacred land that has become the site of the longest-running national struggle of the twentieth and twenty-first centuries. *The Invention of the Land of Israel* deconstructs the age-old legends surrounding the Holy Land and the prejudices that continue to suffocate it. Sand’s account dissects the concept of “historical right” and tracks the creation of the modern concept of the “Land of Israel” by nineteenth-century Evangelical Protestants and Jewish Zionists. This invention, he argues, not only facilitated the colonization of the Middle East and the establishment of the

State of Israel; it is also threatening the existence of the Jewish state today.

Introduction to Homeland Security

Picador

Knowing your enemies matters. Legendary military strategist Sun Tzu famously said "if you do not know your enemies nor yourself, you will be imperiled in every single battle."

When the Department of Homeland Security was founded in 2003, its stated purpose was "preventing terrorist attacks within the United States and reducing America's vulnerability to terrorism." The Bush administration's definition of the enemy as a tactic, terrorism, rather than a specific movement, proved consequential amid a culture of political

correctness. By the time President Obama took office, Muslim Brotherhood-linked leaders in the United States were forcing changes to national security policy and even being invited into the highest chambers of influence. A policy known as Countering Violent Extremism emerged, downplaying the threat of supremacist Islam as unrelated to the religion and just one among many violent ideological movements. When retired DHS frontline officer and intelligence expert Philip Haney bravely tried to say something about the people and organizations that threatened the nation, his intelligence information was eliminated, and he was

investigated by the very agency assigned to protect the country. The national campaign by the DHS to raise public awareness of terrorism and terrorism-related crime known as If You See Something, Say Something effectively has become If You See Something, Say Nothing. In *See Something, Say Nothing*, Haney - a charter member of DHS with previous experience in the Middle East - and co-author Art Moore expose just how deeply the submission, denial and deception run. Haney's insider, eyewitness account, supported by internal memos and documents, exposes a federal government capitulating to an enemy within and

punishing those who reject its narrative. In this well-documented, first-person account of his unique service with DHS, Haney shows why it's imperative that Americans demand that when they see something and say something, the servants under their charge do something to prevent a cunning, relentless enemy from carrying out its stated aim to "destroy Western Civilization from within."

Homeland Security, Second Edition: A Complete Guide Faber Stories

An edge-of-your-seat original prequel based on Showtime's hit series *Homeland* Beirut, 2006. CIA operations officer Carrie Mathison barely escapes an ambush while attempting a

clandestine meeting with a new contact, code-name Nightingale. Suspicious that security has been compromised, she challenges the station chief in a heated confrontation that gets her booted back to Langley. Expert in recognizing and anticipating behavioral patterns—a skill enhanced by her bipolar disorder she keeps secret to protect her career—Carrie is increasingly certain that a terrorist plot has been set in motion. She risks a shocking act of insubordination that helps her uncover secret evidence connecting Nightingale with Abu Nazir, the leader of Al Qaeda in Iraq. Determined to stop the terrorist mastermind, she embarks on an

obsessive quest that will nearly destroy her. Filled with the suspense and plot twists that have made Homeland a must-watch series, this riveting tale reveals the compelling untold backstories of the series' main characters and takes fans deeper into the life and mind of one brilliant female spy.

The Dark Elf Trilogy

Harper Collins
Ayad Akhtar, the American Nation, and Its Others After 9/11: Homeland Insecurity examines playwright and novelist Ayad Akhtar's contributions to multiple genres including film and theatre. This book situates Akhtar's oeuvre within the social and political context of post-9/11 American culture,

marked by the creation of the Homeland Security State and the racialization of Muslims, Arabs, and South Asians. It departs from many traditional studies of 9/11 literature by challenging the binary of victim and perpetrator and examining the continuing impact of the event on questions of American nationalism and belonging. Tracing a literary genealogy for Akhtar, it explores a broad range of issues represented in Akhtar's works such as globalization, the decline of American industry, terrorism, torture, generational conflicts, interracial love, gender and violence, the conflict between secular and religious values—all

issues which affect American nationalism both within and outside the nation's borders, and shape the lives of South Asian American Muslims. Employing the lenses of trauma studies, transnational feminism, postcolonial theory, and performance studies, this book is attentive to the controversial reception of Akhtar's works and the paucity of authentic representation of Muslim Americans. It combines literary interpretations of Akhtar's works with sociological analysis of post-9/11 racial formation, a personal interview with Akhtar, and observations of plays and post-play discussions.

Homeland: Carrie's Run CRC Press
Homeland Security:

The Essentials, Second Edition concisely outlines the risks facing the US today and the structures we have put in place to deal with them. The authors expertly delineate the bedrock principles of preparing for, mitigating, managing, and recovering from emergencies and disasters. From cyberwarfare, to devastating tornadoes, to car bombs, all hazards currently fall within the purview of the Department of Homeland Security, yet the federal role must be closely aligned with the work of partners in the private sector. The book lays a solid foundation for the study of present and future threats to our communities and to national security, also

challenging readers to imagine more effective ways to manage these risks. - Highlights and expands on key content from the bestselling book Introduction to Homeland Security - Concisely delineates the bedrock principles of preparing for, mitigating, managing, and recovering from emergencies and disasters - Provides coverage of the Boston Marathon bombing - Explains the border security, immigration, and intelligence functions in detail - Analyzes the NIST Cybersecurity Framework for critical infrastructure protection - Explores the emergence of social media as a tool for reporting on homeland security issues

Homeland Open Road Media

The definitive guide to Homeland Security—updated with critical changes in the department’s mission, tactics, and strategies Critical reading for government officials, diplomats, and other government officials, as well as executives and managers of businesses affected by Homeland Security activities Provides the most comprehensive coverage available on anti-terrorism intelligence, maritime security, and border security Updates include recent changes in the structure of the Homeland Security department, its new role in natural-disaster response, and new strategies and analytical tools
Homeland Duke

University Press
Groundbreaking history of a rarely covered German unit. Numerous eyewitness reports from members of the division. Detailed maps to illustrate the division's actions.

The Invention of the Land of Israel Harper Collins

Miren and Bittori have been best friends all their lives, growing up in the same small town in the north of Spain. With limited interest in politics, the terrorist threat posed by ETA seems to affect them little. When Bittori’s husband starts receiving threatening letters from the violent group, however – demanding money, accusing him of being a police informant – she turns to her friend for help. But Miren’s

loyalties are torn: her son Joze Mari has just been recruited to the group as a terrorist and to denounce them as evil would be to condemn her own flesh and blood. Tensions rise, relationships fracture, and events race towards a violent, tragic conclusion . . . Fernando Aramburu's *Homeland* is a gripping story and devastating exploration of the meaning of family, friendship, what it's like to live in the shadow of terrorism, and how countries and their people can possibly come to terms with their violent pasts. **Homeland** Orca Book Publishers Since formed in 2002, DHS has been at the forefront of determining and furthering some of the most hotly debated

security issues facing the U.S. and global community in the 21st century. Nearly 200 university programs with undergrad and graduate majors have cropped up in the last dozen-plus years with limited resources available to teach from. *Homeland Security, Third Edition* will continue to serve as the core textbook covering the fundamental history, formation, oversight, and reach of DHS currently. The book is fully updated with new laws, regulations and strategies across intelligence, transportation sectors, emergency management, border security, public utilities and public health. **Homeland Security** John Wiley & Sons Homeland security is a

massive enterprise that gets larger by the moment. What was once mostly a TSA/aviation concern has evolved into a multidimensional operation covering a broad array of disciplines. These include critical infrastructure protection, border security, transportation security, intelligence and counterterrorism, emergency management, immigration and naturalization, and public health. *Homeland Security: An Introduction to Principles and Practice, Second Edition* provides students and practitioners alike with the latest developments on the makeup, organization, and strategic mission of the Department of

Homeland Security (DHS). This new edition is fully updated with new laws, regulations, and strategies that reflect changes and developments over the last several years. The book offers unique insights into the various roles of multi-jurisdictional agencies and stakeholders at all levels of government—including law enforcement, the military, the intelligence community, emergency managers, and the private sector. Coverage includes: The history of security threats in the American experience, the events leading up to 9/11, and the formation and evolution of the DHS The legal basis and foundation for the DHS The nature of risk and threat Training and

preparatory exercises for homeland security professionals How states and localities can work compatibly with federal policy makers Federal Emergency Management Agency (FEMA) in both the pre- and post-9/11 and post-Katrina world The agencies and entities entrusted with intelligence analysis Issues surrounding border security, immigration, and U.S. citizenship Homeland security practice in the airline, maritime, and mass transit industries—including national, regional, and local rail systems The interplay between public health and homeland security Each chapter contains extensive pedagogy, including learning objectives, informative

sidebars, chapter summaries, end-of-chapter questions, web links, and references to aid in comprehension and retention.

Homeland Security: An Introduction to Principles and Practice, Second Edition is the only book to provide an objective, balanced perspective on each of the core components that comprise the DHS's mission and the priorities and challenges that federal and state government agencies continue to face.

[See Something, Say Nothing: A Homeland Security Officer Exposes the Government's Submission to Jihad](#)

Open Road Media
A Newbery Honor Book and a modern classic of young adult fantasy,
The Blue Sword

introduces the desert kingdom of Damar, where magic weaves through the blood and weaves together destinies. New York Times–bestselling and award-winning author Robin McKinley sets the standard for epic fantasy and compelling, complex heroines. Fans of Sarah J. Maas, Leigh Bardugo, and Rae Carson will delight in discovering the rich world of Damar. Harry Crewe is a Homelander orphan girl, come to live in Damar from over the seas. She is drawn to the bleak landscape, so unlike the green hills of her Homeland. She wishes she might cross the sands and climb the dark mountains where no Homelander has ever set foot, where the last of the old Damarians, the

Free Hillfolk, live. Corlath is the golden-eyed king of the Free Hillfolk, son of the sons of the legendary Lady Aerin. When he arrives in Harry’s town to ally with the Homelanders against a common enemy, he never expects to set Harry’s destiny in motion: She will ride into battle as a King’s Rider, bearing the Blue Sword, the great mythical treasure, which no one has wielded since Lady Aerin herself. Legends and myths, no matter how epic, no matter how magical, all begin somewhere.

Homeland Elegies

HarperCollins

La Gringa is about a young woman’s search for her identity. Maria Elena Garcia goes to visit her family in Puerto Rico during the Christmas holidays and

arrives with plans to connect with her homeland. Although this is her first trip to Puerto Rico, she has had an intense love for the island, and even majored in Puerto Rican Studies in college. Once Maria is in Puerto Rico, she realizes that Puerto Rico does not welcome her with open arms. The majority of the Puerto Ricans on the island consider her an American – a gringa – and Maria considers this a betrayal. If she’s a Puerto Rican in the United States and an American in Puerto Rico, Maria concludes that she is nobody everywhere. Her uncle, Manolo, spiritually teaches her that identity isn’t based on superficial and external definitions, but rather is an essence that she

has had all along in her heart. This play is published in a bilingual edition; if you are applying for licensing rights, please state which version you wish to produce.

Aztlán Concord Theatricals Russian Nobel prize-winner Aleksandr Solzhenitsyn (1918–2008) is widely acknowledged as one of the most important figures—and perhaps the most important writer—of the last century. To celebrate the centenary of his birth, the first English translation of his memoir of the West, *Between Two Millstones*, Book 1, is being published. Fast-paced, absorbing, and as compelling as the earlier installments of his memoir *The Oak and the Calf* (1975),

Between Two Millstones begins on February 13, 1974, when Solzhenitsyn found himself forcibly expelled to Frankfurt, West Germany, as a result of the publication in the West of *The Gulag Archipelago*. Solzhenitsyn moved to Zurich, Switzerland, for a time and was considered the most famous man in the world, hounded by journalists and reporters. During this period, he found himself untethered and unable to work while he tried to acclimate to his new surroundings. *Between Two Millstones* contains vivid descriptions of Solzhenitsyn's journeys to various European countries and North American locales, where he and his wife

Natalia ("Alya") searched for a location to settle their young family. There are fascinating descriptions of one-on-one meetings with prominent individuals, detailed accounts of public speeches such as the 1978 Harvard University commencement, comments on his television appearances, accounts of his struggles with unscrupulous publishers and agents who mishandled the Western editions of his books, and the KGB disinformation efforts to besmirch his name. There are also passages on Solzhenitsyn's family and their property in Cavendish, Vermont, whose forested hillsides and harsh winters evoked his

Russian homeland, and where he could finally work undisturbed on his ten-volume dramatized history of the Russian Revolution, *The Red Wheel*. Stories include the efforts made to assure a proper education for the writer's three sons, their desire to return one day to their home in Russia, and descriptions of his extraordinary wife, editor, literary advisor, and director of the Russian Social Fund, Alya, who successfully arranged, at great peril to herself and to her family, to smuggle Solzhenitsyn's invaluable archive out of the Soviet Union. *Between Two Millstones* is a literary event of the first magnitude. The book dramatically reflects the pain of

Solzhenitsyn's separation from his Russian homeland and the chasm of incomprehension between him and Western society.

The Indo-Europeans
Butterworth-Heinemann

A startling look at the unexpected places where violent hate groups recruit young people. Hate crimes. Misinformation and conspiracy theories. Foiled white-supremacist plots. The signs of growing far-right extremism are all around us, and communities across America and around the globe are struggling to understand how so many people are being radicalized and why they are increasingly attracted to violent movements. Hate in

the Homeland shows how tomorrow's far-right nationalists are being recruited in surprising places, from college campuses and mixed martial arts gyms to clothing stores, online gaming chat rooms, and YouTube cooking channels. Instead of focusing on the how and why of far-right radicalization, Cynthia Miller-Idriss seeks answers in the physical and virtual spaces where hate is cultivated. Where does the far right do its recruiting? When do young people encounter extremist messaging in their everyday lives? Miller-Idriss shows how far-right groups are swelling their ranks and developing their cultural, intellectual,

and financial capacities in a variety of mainstream settings. She demonstrates how young people on the margins of our communities are targeted in these settings, and how the path to radicalization is a nuanced process of moving in and out of far-right scenes throughout adolescence and adulthood. Hate in the Homeland is essential for understanding the tactics and underlying ideas of modern far-right extremism. This eye-opening book takes readers into the mainstream places and spaces where today's far right is engaging and ensnaring young people, and reveals innovative strategies we can use to combat extremist radicalization.
