'With DIE AGAIN Tess Gerritsen proves that she is still at the top of her game. I love this fantastically gripping story and can't wait for more' KARIN SLAUGHTER THE VICTIMS In Boston, Detective Jane Rizzoli and Forensic Pathologist Maura Isles are investigating a bizarre murder. A man has been found gutted and hanging in his home. When the remains of another victim are found, it is clear that this

murderer has been at work for years, and not just in Boston. THE KILLER Six years ago, a group of travellers set off on an African safari. None of them are seen again - apart from one woman who stumbled out of the bush weeks later, barely alive. The only woman to have seen the killer's face. THE SURVIVOR Has the 'safari killer' resurfaced in Boston? Jane is sent to Africa to find the one link between the two cases - the only survivor - and convince her to face death once again... **Before I Die Again** Simon and Schuster Jon Dies at the End is a genre-bending, humorous account of two college drop-

outs inadvertently charged with saving their small town--and the world--from a host of supernatural and paranormal invasions. Now a Major Motion Picture. "[Pargin] is like a mash-up of Douglass Adams and Stephen King... 'page-turner' is an understatement." —Don Coscarelli, director, Phantasm I-V, Bubba Ho-tep STOP. You should not have touched this flyer with your bare hands. NO, don't put it down. It's too late. They're watching you. My name is David. My best friend is John. Those names are fake. You might want to change yours. You may not want to know about the things you'll read on these

pages, about the sauce, about Korrok, about the invasion, and the future. But it's too late. You touched the book. You're in the game. You're under the eye. The only defense is knowledge. You need to read this book, to the end. Even the part with the bratwurst. Why? You just have to trust me. The important thing is this: The sauce is a drug, and it gives users a window into another dimension. John and I never had the chance to say no. You still do. I'm sorry to have involved you in this, I really am. But as you read about these terrible events and the very dark epoch the world is about to enter as a result, it is crucial you keep one thing in mind: None of this was my fault.

When the Legends Die Die Again Tomorrow

The Instant New York Times Bestseller! Kim Liggett's *The Grace Year* is a speculative thriller in the vein of *The Handmaid's Tale* and *The Power*. Survive the year. No one speaks of the grace year. It's forbidden. In Garner County, girls are told they have the power to lure grown men from their beds, to drive women mad with jealousy. They believe their very skin emits a powerful aphrodisiac, the potent essence of youth, of a girl on the edge of womanhood. That's why they're banished for their sixteenth year, to release their magic into the wild so they can return purified and ready for marriage. But not all

of them will make it home alive. Sixteen-year-old Tierney James dreams of a better life—a society that doesn't pit friend against friend or woman against woman, but as her own grace year draws near, she quickly realizes that it's not just the brutal elements they must fear. It's not even the poachers in the woods, men who are waiting for a chance to grab one of the girls in order to make a fortune on the black market. Their greatest threat may very well be each other. With sharp prose and gritty realism, *The Grace Year* examines the complex and sometimes twisted relationships between girls, the women they eventually become, and the difficult decisions they make in-between.
