"We work with Hilton because he's both a plant stylist and an incredible plant-care wizard. Hilton doesn't just teach you how to get your plants to thrive - he teaches you how to bond with them." -

Apartment Therapy Bestselling author Hilton Carter brings his unique eye and love of plants to show you how to create luscious interiors that not only look amazing but are good for your well-being, too. Hilton first guides you through his own plant journey, his inspirations, and his top ten favourite house plants. He then takes you on a Journey in Greenery where he showcases the homes of 12 inspiring plant parents that demonstrate the versatility of decorating with plants. From a tiny house in Venice, California and a light-filled loft in New York City, to a Berlin apartment decorated with vintage finds, and the Barcelona home of a ceramic artist, there are ideas for all types of spaces and budgets. Hilton then sets you off on your very own plant journey, taking you room by room, profiling the plants that are most suited to each: those that thrive in the tropical humidity of bathrooms, the erratic heat changes of kitchens and plants that can live happily in the indirect light of an entryway or bedroom. Packed full of interior design advice such as using 'statement plants' like Fiddle-leaf figs to create a focal point, how to layer your greenery by using hanging baskets, and how to assemble the perfect plant shelf, Hilton shows you how bringing houseplants into your home creates instant impact. Be inspired to create your own Wild Interiors with Hilton's expert styling advice, plus his hints and tips on plant care that take the mystery out of looking after your green friends.

Materiales de floristería DK Publishing (Dorling Kindersley)

From the earliest practical containers to the star handbags of today, this book is a comprehensive gallimaufry of the handbag through the ages.

The New Lawn Expert DK

This book attempts to set out the fundamental principles to become a great gardener with careful observation and practical experience. "A garden is for its owner's pleasure."

Tópicos selectos de botánica Chronicle Books

En el texto que presentamos con el título de Materiales de Floristería se desarrollan los contenidos curriculares correspondientes al Módulo Profesional del mismo título (Código 3057) dirigido a los alumnos que cursan el Título Profesional Básico en Agro-jardinería y Composiciones Florales, perteneciente a la Familia Profesional Agraria. Su contenido está adaptado a lo establecido en el RD 127/2014, de 28 de febrero, por el cual se regulan los aspectos específicos de la Formación Profesional Básica, y en la Orden ECD/1030/2014, de 11 de junio (Anexo VII). En este libro hemos tratado de exponer secuencialmente y en la forma más asequible posible cuáles son los materiales que el florista va a tener en su floristería. Empezaremos por la recolección y acondicionamiento de material vegetal utilizados en los trabajos de arreglos florales, para proseguir con las técnicas de conservación del material vegetal y desarrollaremos aspectos tan importantes como la recepción y clasificación de materiales y materias primas de floristería, el acondicionamiento y almacenaje de los materiales, materias primas y productos naturales en floristería, la limpieza y eliminación de residuos, para terminar con la exposición de las normas de prevención de riesgos laborales y de protección del medio ambiente aplicables, con indicaciones sobre la legislación aplicable a estas actividades. Se incluyen, además, diversas actividades complementarias y de aplicación, y pequeñas informaciones puntuales de carácter monográfico y actividades finales en cada capítulo que permiten realizar la evaluación final para comprobar los conocimientos adquiridos por los alumnos, con la intención de que el Módulo resulte de alto valor didáctico y sea una garantía para el que lo recibe para su incorporación rápida al mercado de trabajo en el sector de la floristería. Hoy

día un negocio de floristería no puede estar en manos de aficionados sin formación. El florista tiene que conocer a fondo las flores y plantas que tiene en su tienda y saber los cuidados específicos que requieren, para orientar al cliente y asesorarle sobre los productos fertilizantes o fitosanitarios va a necesitar. Por último tendrá que disponer y o programar la compra de los materiales, herramientas y equipos que necesitará para realizar sus arreglos ornamentales, sin olvidar la importancia de saber hacer un pedido, realizar una factura, y recepcionar un producto, etc.

The Garden Expert Penguin

This volume, as the seventh of the series Medicinal and Aromatic Plants of the World, deals with the medicinal and aromatic plant (MAPs) treasures of the so-called Southern Cone, the three southernmost countries (Argentina, Chile and Uruguay) of South America. Similarly to the previous volumes of the series, the main focus is to collect and provide information on major aspects of botany, traditional usage, chemistry, production / collection practices, trade and utilization of this specific group of plants. The contributors, who are recognized professionals and specialist of the domain, have collected and present state of the art information on 41 species. Most of these are not only of interest from the scientific point of view, but hold also a potential for the prospective utilization of the decreasing, occasionally overexploited / endangered medicinal plant resources of this huge continent. The book is expected to serve as a source of information also on some less known or less studied species. As such the volume is expected to support future research and public health professionals.
