*Host Bibliographic Record for Boundwith Item Barcode 30112072131219 and Others* Franz Steiner Verlag

A collection of 12 essays that explore the identity of Ancient Greece as a nation of very different communities. The volume begins with a study of the continuity of Greek culture and society as shown by the ease with which Greeks identified their local deities with those in Hesiod and Homer. Other topics include: the relationship between population size and political strength in the Arkadian Poleis; the reasons for the shifting location of the city of Miletos; whether Ancient Sparta was a Polis; the political organisation of East Locris in the Classical period; the Chalcidic Peninsula and Thrace; the use of the word `Polis' in the works of Xenophon, historians, Attic orators, inscriptions and in other Archaic and Classical sources. This useful history concludes with an index of literary sources, inscriptions and names.

*The Sons of Ramesses II* Walter de Gruyter

At the beginning of the 18th Dynasnasty, the interaction among members of the royal family began to change. Royal sons were occasionally depicted with their fathers, and by the Amarna period princesses were represented in the presence of the king and queen. One of the most striking examples of this new direction is the frequent depiction of Ramesses II with his children. Marjorie Martin Fisher has compiled all background information and examined all known material about Ramesses II's sons.

*Oligarchia* Franz Steiner Verlag

Keine ausführliche Beschreibung für "Aristoteles und seine Schule" verfügbar.

**Litigation and Cooperation** Franz Steiner Verlag

The two texts presented here are reconstructions of 4th-century chronicles which exist only in ancient translations or in surviving histories. The first text, Chronici canones of Eusebius of Caesarea, is one of the most influential texts of the period but it only survives in two translations and in numerous fragments recorded in other histories. The final part has to be almost completely reconstructed. The second chronicle, The Continuatio Antiochiensis Eusebii , is a history of Antioch between AD 325 and 350 which has to be reconstructed from obscure sources. The reconstructions are presented in Greek with English translations and are accompanied by lengthy commentaries which analyse the value of the reconstruction process.

*The North Aegean Wars, 371-360 B.C* Franz Steiner Verlag

This volume raises troubling questions about the heritage of the Reformation - with respect to the Peasants' War, the Anabaptists, Jews and Muslims. The authors come from different churches - Lutheran, Mennonite and Reformed. They analyze the limitations of the Reformation in their own historical context and offer constructive theological and ethical reflections to we achieve the challenges of global economic justice, the groaning earth of radical commitment to peace and inter-religious reconciliation.

*Xenophon and His World* Franz Steiner Verlag

Augenzeugenberichte zum 11. September 2001 und zu den Kriegen des 17. Jahrhunderts spannen den Bogen der Beiträge des vorliegenden Bandes.

Eine Untersuchung der massenmedialen Darstellung der »Taten« des Kreuzers Emden im Ersten Weltkrieg – eine der zeitgenössischen Mythen – steht neben Analysen von Max Frischs »Die Chinesische Mauer« und den Schriften Pat Barkers. Der Band zeichnet sich durch eine Vielfalt von Ansätzen aus und repräsentiert dennoch nur ein kleines Spektrum der Bandbreite möglicher Themen. Ergänzt werden die Beiträge durch Rezensionen zu einschlägigen Neuerscheinungen sowie durch eine Bibliographie wissenschaftlicher Publikationen aus dem Jahr 2005.

**Thrasylbulus and the Athenian Democracy** Franz Steiner Verlag

This volume provides the Greek text with facing English translation of Plato's 31st Socratic Letter. This letter was composed in response to Philip II's hostility towards Plato for his meddling in Macedonian affairs and, as a result, his withdrawal of support from the Academy. The study includes an extensive commentary and an introductory discussion of the function of this public letter, its historical background, its rhetoric and its authenticity.

[Roman Augural Lore in Greek Historiography](#) Franz Steiner Verlag

This study takes a fresh look at the wilderness narratives Ex 15:22-17:7 and Num 11:1-20:13 from a reception theory perspective. A detailed description of the interaction between the text and a 'co-operative reader' is followed by a systematic depiction of how the reader is guided. Die komplexen Wüstenerzählungen Ex. 15:22-17:7 und Num. 11:1-20:13 werden in einer rezeptionsästhetisch geprägten Exegese neu untersucht. Nach einer ausführlichen Beschreibung der Interaktion der Texte mit einem 'kooperierenden Leser' wird die Lenkung des Lesers in einem weiteren Hauptteil systematisch beschrieben.

[The Letter of Speusippus to Philip II](#) Mohr Siebeck

The topic of this study is highly relevant for the history of the Seleucid Empire. Due to the patchiness of the known sources the study deals with a difficult area. In order to determine a more coherent picture of this relatively obscure and largely misunderstood history, Lerner disentangles from the various literary traditions from the individuals and events to which they relate. Numismatic evidence is also taken into consideration, for instance in the discussion of Euthydemus' Sogdian coinage. "Mit seiner instruktiven analyse des numismatischen Befunds hat der Verfasser den Rahmen abgesteckt fuer weitere Forschung." Das Historisch-Politische Buch .

[Further Studies in the Ancient Greek Polis](#) BRILL

The papers in this volume concentrate on statesmen and statesmanship in Plutarch's Greek and Roman Lives.

**Der Erste und der Letzte** Franz Steiner Verlag

Syn<sup>goroi</sup> are widely known in Athenian law to have served as supporting speakers and aids to the main prosecutors within a courtroom. Lene Rubinstein argues that these people were an important part of court practice and social and political litigation, though largely ignored in many previous studies of Athenian politics. Her study draws extensively on the speeches of syn<sup>goroi</sup> , revealing their multi-functionality as witnesses, as co-speakers alongside the main prosecutor and as part of a collaborative legal team.

**Befreiung von Gewalt zum Leben in Frieden. Liberation from Violence for Life in Peace** BRILL

Intended as an introduction to the definition of oligarchy, this concise study guides the reader through the ideologies of Plato and Aristotle and compares theoretical oligarchy with its practice. Ostwald also examines the benefits and disadvantages of oligarchical citizenship.

**From Political Architecture to Stephanus Byzantium** Franz Steiner Verlag

The Pyrrhic War attracted a great deal of attention in antiquity as the first contest between the burgeoning Roman Empire and the powers of the Hellenistic world. While blame for the initiation of hostilities fell squarely upon the polity of the Tarentines, scholars have long been wary of accounts relating how this conflict began. Three episodes set at Taras prove important for the construction both of Roman history and of narratives in antiquity. Approached as a case study of inventio in historiography, this monograph examines the aims and techniques of authors from Polybius to Zonaras in their depictions of the war's onset. No two of our sources offer the same version of events and new details emerge over the course of time. Analysis of the perception of injury, on the part of the Romans and the Tarentines, considers the implications of the <sup>just'</sup> war on the writing of history.

The basis of this book is Heskell's belief that Philip II's policies regarding Athens cannot be properly understood without a thorough investigation of the preceding events of the 360s, and what Heskell describes as the 'hitbed of diplomatic and military activity' that was the North Aegean in that period. By making the region, rather than the actions of any one power the central focus of the study, Heskell aims to fill in the gaps left by previous writers on the subject.

[Christlicher Katechismus Für Sonntagsschulen](#) Brill Archive

The years 91-82 B.C. witnessed the reforms, factional competition, and civil strife that sowed the seeds of the Republic's eventual destruction. This book investigates that crucial decade in the social and political development of Rome by re-examining the career of L. Cornelius Cinna, one of the most enigmatic, tragic, yet fascinating, figures in all of Roman history; his regime dominated Rome from 87 to 82 B.C. This study attempts to explain how, why, and how successfully Cinna and his faction, as champions of Rome's discontended and obstacle of Rome's conservatives, dealt with those pressing problems that then plagued Rome. Cinna emerges as a competent military strategist and an astute politician who, through conviction and ambition, rose to head an unusual coalition. His odinationio was no military despotism; his faction did not exercise absolute or tyrannical authority over the State. Rather, Cinna's regime ensured political and economic stability and preserved and promoted the Roman State at a time when it surely might have collapsed. "a this work will be of particular service to cautious students looking for up-to-date guidance" *Journal of Roman Studies*

**The Early Karl Barth** Franz Steiner Verlag

"Paul Silas Peterson presents Karl Barth (1886-1968) in his sociopolitical, cultural, ecclesial, and theological contexts from 1905 to 1935. In the foreground of this inquiry is Barth's relation to the features of his time, especially radical socialist ideology, WWI, an intellectual trend that would later be called the Conservative Revolution, the German Christians, the Young Reformation Movement, and National Socialism."--From back of book.

This volume presents the second half of the proceedings of the Sixth International Conference of the International Plutarch Society (2002). The selected papers are divided by theme in sections concentrating on statesmen and statesmanship in Plutarch's Greek and Roman Lives. The volume bears witness to the ongoing, wide-ranging interest in Plutarch's biographies.
