Resource Manual for
Deaf and Hearing
Impaired Clients**

This manual, which
provides extensive new
instructions for
administering the
Functional Assessment
Inventory (FAI), is
intended to enable
counselors to begin using
the inventory without
undergoing any special
training. The first two
sections deal with the
need for functional
assessment and issues in

the development and use
of the inventory. The
individual items, check
mark blanks, and strength
items included in the
inventory are described,
and instructions for using
them are outlined.
Discussed in a section on
the development of the
FAI are its reliability,
normative information,
strength items,
concurrent validity, use in
assessing the dimensions
of and change in
functional limitations, and
predictive validity. The
fifth section examines the
following companion

instruments in the Functional Assessment System: the Personal Capacities Questionnaire, the Rehabilitation Goals Identification Form, and the Personal Guide to Rehabilitation Goals. A reference list concludes the guide. Copies of the actual Functional Assessment Inventory, scoring sheet, and administration instructions are appended. (MN)
