GCSE Biology OCR Gateway Revision Guide

**GCSE Combined Science Biology for OCR Gateway Revision
Question Cards** Philip Allan

The Wright Science Pocket Booster is designed to assist those students embarking on their GCSE Science examinations. This book has been written to cover the key facts for the first biology exam paper for the higher tier on OCR Gateway A. Inside the book, in addition to the printed notes, you also have QR codes that will take you directly to a video that supports that topic. This book is written for the GCSE Combined Science course. It has

been written by a secondary science teacher teaching in England using the resources my students have always found to be helpful.

Absolute clarity is the aim with a new generation of revision guide for the 2020s. This guide has been expertly compiled and edited by successful former teachers of Computer Science, highly experienced examiners and a good dollop of scientific research into what makes revision most effective. Past examinations questions are essential to good preparation, improving understanding and confidence. This guide has combined revision with tips and more practice questions than you could shake a stick at. All the essential ingredients for getting a grade you can be really proud of. Each specification topic has been referenced and distilled into the key points to make in an examination for top marks. Questions on all topics assessing knowledge, application and analysis are all specifically and carefully devised throughout this book.
