Annotation The stories of the Chinese great emperors reflect the ancient Chinese philosophy, ideology, their wisdom and their ways of administration. Liu Bang is an outstanding example.

Rising from a peasant background to become Emperor, he founded the Han Dynasty which lasted for about four hundred years and essentially laid the foundations of China as we know it. Liu Bang (256 BC?195 BC), posthumously called Emperor Gaozu, was a

low-ranking functionary in an obscure corner of the realm when he caught the wave of the great uprisings against the Qin Dynasty. First as leader of a local contingent and then as general of larger and larger armies, he eventually overthrew the despotic Qin emperor. Today, the Han are the majority ethnic identity in China. This is the story of the rise of Emperor Gaozu, his alliances and his rivalries, and the priceless partnership provided by his chief military strategist Zhang Liang, who planned victorious campaigns from a distance of 1000 miles; Xiao He, who stabilized the state, pacified the people, and assured the food supply to the army; and General Han Xin, who commanded

the Han army in its conquest of the State of Wei, the State of Zhao, the State of Yan and the State of Qi and played a great role in the defeat of Xiang Yu.

A cultural “biography” of Robert Frost’s beloved poem, arguably the most popular piece of literature written by an American “Two roads diverged in a yellow wood . . .” One hundred years after its first publication in August 1915, Robert Frost’s poem “The Road Not Taken” is so ubiquitous that it’s easy to forget that it is, in fact, a poem. Yet poetry it is, and Frost’s immortal lines remain unbelievably popular. And yet in spite of this devotion, almost everyone gets the

poem hopelessly wrong. David Orr’s *The Road Not Taken* dives directly into the controversy, illuminating the poem’s enduring greatness while revealing its mystifying contradictions. Widely admired as the poetry columnist for *The New York Times Book Review*, Orr is the perfect guide for lay readers and experts alike. Orr offers a lively look at the poem’s cultural influence, its artistic complexity, and its historical journey from the margins of the First World War all the way to its canonical place today as a true masterpiece of American literature. “The Road Not Taken” seems straightforward: a nameless traveler is faced with a choice: two paths forward, with

only one to walk. And everyone remembers the traveler taking “the one less traveled by, / And that has made all the difference.” But for a century readers and critics have fought bitterly over what the poem really says. Is it a paean to triumphant self-assertion, where an individual boldly chooses to live outside conformity? Or a biting commentary on human self-deception, where a person chooses between identical roads and yet later romanticizes the decision as life altering? What Orr artfully reveals is that the poem speaks to both of these impulses, and all the possibilities that lie between them. The poem gives us a portrait of choice without making a decision itself. And in

this, “The Road Not Taken” is distinctively American, for the United States is the country of choice in all its ambiguous splendor. Published for the poem’s centennial—along with a new Penguin Classics Deluxe Edition of Frost’s poems, edited and introduced by Orr himself—*The Road Not Taken* is a treasure for all readers, a triumph of artistic exploration and cultural investigation that sings with its own unforgettably poetic voice.

The uncluttered, two-column format and the large text make for easy reading. The Living Bible is a paraphrase of the Old and New Testaments. Its purpose is to say as exactly as possible what the writers of the Scriptures meant, and to say it simply, expanding where necessary for a clear understanding by the modern reader.

The Roads We Have Traveled, Volume 2,

Richard L. White

collects his travel

writings beginning with

Kerstin's and his trip to Mexico in April 2009

and concluding with a family vacation in

Boulder, Colorado in

December 2019 at the very end of the

decade. While the

coronavirus pandemic

brought a sudden halt

to the Whites' travels,

it was the perfect time

to pause, reflect, and

bring this collection

together. Volume 2

complements the first

volume, published in

2009 and covering

nearly four decades of

travel (1970-2008). The 44 travelogues in Volume 2 include Richard's recollections and observations of visits to a number of foreign countries and states, almost always in the company of Kerstin. While she primarily documents their travels through photography, Richard is always capturing an experience, a moment, an image, or a feeling through the written word. This is also the story of the personal growth of Richard, Kerstin, and their children Janine, Lisa, and Windy, as they complete their graduate and undergraduate degrees and forge new lives and new purposes in the broad field of education in New York, Miami, Chicago, San Francisco, and London.

Throughout the book, Richard demonstrates his love of travel, writing, observation, history, culture, and memory, passions that he shares with Kerstin and has passed on to his children.

"One of the most important, representative, revelatory works of Austria at the turn of the century. . . . The best English version of the novel."—Marc A.  The Road to Sparta is the story of the 153-mile run from Athens to Sparta that inspired the marathon and saved democracy, as told—and experienced—by ultramarathoner and New York Times bestselling author Dean Karnazes. In 490 BCE, Pheidippides ran for 36 hours straight from Athens to Sparta to seek help in defending Athens from a Persian invasion in the Battle of Marathon. In doing so, he saved the development of Western civilization and inspired the birth of the marathon as we know it. Even now, some 2,500 years

later, that run stands enduringly as one of greatest physical accomplishments in the history of mankind. Karnazes personally honors Pheidippides and his own Greek heritage by recreating this ancient journey in modern times. Karnazes even abstains from contemporary endurance nutrition like sports drinks and energy gels and only eats what was available in 490 BCE, such as figs, olives, and cured meats. Through vivid details and internal dialogs, *The Road to Sparta* offers a rare glimpse into the mindset and motivation of an extreme athlete during his most difficult and personal challenge to date. This story is sure to captivate and inspire—whether you

run great distances or not at all.

Here is history in the

grand manner, a

powerful narrative

peopled with dozens of

memorable portraits,

telling this important

story with skill and

relish. Freehling

highlights all the key

moments on the road

to war, including the

violence in Bleeding

Kansas, Preston

Brooks's beating of

Charles Sumner in the

Senate chambers, the

Dred Scott Decision,

John Brown's raid on

Harper's Ferry, and

much more. As

Freehling shows, the

election of Abraham

Lincoln sparked a

political crisis, but at

first most Southerners

took a cautious

approach, willing to

wait and see what

Lincoln would do--

especially, whether he

would take any

antagonistic measures

against the South. But

at this moment, the

extreme fringe in the

South took charge, first

in South Carolina and

Mississippi, but then

throughout the lower

South, sounding the

drum roll for secession.

Indeed, *The Road to*

*Disunion* is the first

book to fully document

how this decided

minority of Southern

hotspurs took hold of

the secessionist issue

and, aided by a series

of fortuitous events,

drove the South out of

the Union. Freehling

provides compelling

profiles of the leaders of this movement--many of them members of the South Carolina elite. Throughout the narrative, he evokes a world of fascinating characters and places as he captures the drama of one of America's most important--and least understood--stories. The long-awaited sequel to the award-winning *Secessionists at Bay*, which was hailed as "the most important history of the Old South ever published," this volume concludes a major contribution to our understanding of the Civil War. A compelling, vivid portrait of the final years of the antebellum South, *The Road to Disunion* will stand as an important

history of its subject. "This sure-to-be-lasting work--studded with pen portraits and consistently astute in its appraisal of the subtle cultural and geographic variations in the region--adds crucial layers to scholarship on the origins of America's bloodiest conflict." -- *The Atlantic Monthly* "Splendid, painstaking account...and so a work of history reaches into the past to illuminate the present. It is light we need, and we owe Freehling a debt for shedding it." -- *Washington Post* "A masterful, dramatic, breathtakingly detailed narrative." --*The Baltimore Sun*

The road was a ribbon of moonlight over the purple moor, And the

highwayman came riding- Riding-riding- The highwayman came riding, up to the old inn-door. In Alfred Noyes's thrilling poem, charged with drama and tension, we ride with the highwayman and recoil from the terrible fate that befalls him and his sweetheart Bess, the landlord's daughter. The vivid imagery of the writing is matched by Charles Keeping's haunting illustrations which won him the Kate Greenaway Medal. This new edition features rescanned artwork to capture the breath-taking detail of Keeping's illustrations and a striking new cover.

Set in 1954, Towles uses the story of two brothers to show that our personal journeys are never as linear or predictable as we might hope." —Bill Gates "A real joyride . . . elegantly constructed and compulsively readable." —NPR The

bestselling author of *A Gentleman in Moscow* and *Rules of Civility* and master of absorbing, sophisticated fiction returns with a stylish and propulsive novel set in 1950s America. In June, 1954, eighteen-year-old Emmett Watson is driven home to Nebraska by the warden of the juvenile work farm where he has just served fifteen months for involuntary manslaughter. His mother long gone, his father recently deceased, and the family farm foreclosed upon by the bank, Emmett's intention is to pick up his eight-year-old brother, Billy, and head to California where they can start their lives anew. But when the warden drives away, Emmett discovers that two

friends from the work farm have hidden themselves in the trunk of the warden's car. Together, they have hatched an altogether different plan for Emmett's future, one that will take them all on a fateful journey in the opposite direction—to the City of New York. Spanning just ten days and told from multiple points of view, Towles's third novel will satisfy fans of his multi-layered literary styling while providing them an array of new and richly imagined settings, characters, and themes. "Once again, I was wowed by Towles's writing—especially because *The Lincoln Highway* is so different from *A Gentleman in Moscow* in terms of setting, plot, and

themes. Towles is not a one-trick pony. Like all the best storytellers, he has range. He takes inspiration from famous hero's journeys, including The Iliad, The Odyssey, Hamlet, Huckleberry Finn, and Of Mice and Men. He seems to be saying that our personal journeys are never as linear or predictable as an interstate highway. But, he suggests, when something (or someone) tries to steer us off course, it is possible to take the wheel." - Bill Gates

RADIANCE : On the Road with the Masters of Magic', describes her life with, and the modern day teachings of, these amazing beings. She writes: Somehow in the course of my life I have been blessed with both witnessing and experiencing pure Divine Radiance. When the Radiance reveals Itself we are captured by Its Splendor as we intuitively recognize Its power. It has taken me decades to discover how when Its illumination enters our energy field, our bodies become irradiated by a laser beam of such perfect sustenance that all our appetites are fulfilled. Contributions by Megan Brown, Jill Coste, Sara K. Day, Rachel Dean-Ruzicka, Rebekah Fitzsimmons, Amber Gray, Roxanne Harde, Tom Jesse, Heidi Jones, Kaylee Jangula Mootz, Leah Phillips, Rachel L. Rickard Rebellino, S. R. Toliver, Jason Vanfosson, Sarah E. Whitney, and Casey Alane Wilson While critical and popular attention afforded to twenty-first-century young adult literature has exponentially increased in recent years, classroom materials and scholarship have remained static in focus and slight in scope. *Twilight*, *The Hunger Games*, *The Fault in Our Stars*, and *The Hate U Give* overwhelm conversations among

scholars and critics—but these are far from the only texts in need of analysis. *Beyond the Blockbusters: Themes and Trends in Contemporary Young Adult Fiction* offers a necessary remedy to this limiting perspective, bringing together essays about the many subgenres, themes, and character types that have until now been overlooked. The collection tackles a diverse range of topics—modern updates to the marriage plot; fairy tale retellings in dystopian settings; stories of extrajudicial police killings and racial justice. The approaches are united, though, by a commitment to exploring the large-scale generic and

theoretical structures at work in each set of texts. As a collection, *Beyond the Blockbusters* is an exciting entryway into a field that continues to grow and change even as its works captivate massive audiences. It will prove a crucial addition to the library of any scholar or instructor of young adult literature.

This story is about Puddy, a young elephant in the Kruger National Park, whose herd is culled. He and his mother are spared and sold to a small game park. Five years later at the age of nine, he, accompanied by an otter named Tarak, a

polecat, a dog and two eagles, returns to his original home to search for his father. He and five bull elephants prevent a cull from taking place after which he and Tarak set out to explore the park. They meet a Russian named Bosky who for the past 28 years has been digging the park full of holes in fruitless search for gold he believes was buried there during the Anglo South African war. Bosky, who is able to communicate with animals and lives amongst them fearlessly, decides to accompany them. Bosky rescues Puddy when he gets into trouble with game rangers. They are joined by an old zebra; they annoy a baboon; foil the plans of two poachers, and are

confronted by a lion and his mate. Puddy goes to place his memory of which is afterwards insubstantial and elusive. Later, Burchell saves Bosky from being trampled by an enraged elephant that flung him to the ground. Then the three animals together save the severely injured Bosky's life again. The story ends where plans are being made for a journey to a land where mammoths once lived; a story that is nearly complete.

North in the World presents 121 poems by Rolf Jacobsen (1907-1994), one of Norway's greatest modern poets.

Garnering the highest praise of critics, Jacobsen won many of Norway's and Sweden's most prestigious literary awards, including the Swedish Academy's Dobloug Prize and the Grand Nordic Prize, also known as the "Little Nobel." But he also has earned a wide popular audience, because ordinary readers can understand and enjoy the way he explores the complex counterpoint of nature and technology, progress and self-destruction, daily life and cosmic wonder. Drawing from all twelve of his books, and including one poem collected posthumously, North in the World offers award-winning English translations of Jacobsen's poems,

accompanied by the original Norwegian texts. The translator, the American poet Roger Greenwald, worked with Jacobsen himself to correct errors that had crept into the Norwegian texts over the years. An in-depth introduction by Greenwald highlights the main features of Jacobsen's poetry, and extensive endnotes, as well as indexes to titles and first lines in both languages, enhance the usefulness of the book for general readers and scholars alike. The result is the definitive bilingual edition of Jacobsen's marvelous poetry.

• A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). • From the bestselling author of *The Passenger* A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to

defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. *The Road* is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation.
