 Blandings Castle lacks its usual balm for the Earl of Emsworth, as his stern sister Lady Constance Keeble is once more in residence. The Duke of Dunstable is also infesting the place again, along with the standard quota of American millionaires, romantic youths, con artists, imposters and so on. With a painting of reclining nude at the centre of numerous intrigues, Gally's genius is once again required to sort things out.

 The American Theatre series discusses every Broadway production chronologically--show by show and season

by season. It offers plot summaries, production details, names of leading actors and actresses--the roles they played, as well as any special or unusual aspects of individual shows. This second volume in the series, covers what is probably the richest period in American theater, the years 1914 through 1930. Bordman includes most of Eugene O'Neill's work, along with playwrights as diverse as Elmer Rice and George Kaufman. Among the era's stars one finds John and Ethel Barrymore, Helen Hayes, Katherine Cornell, and Lynn Fontaine and Alfred Lunt. Considering the sheer number of productions, American theater climbed to its all-time high in the 1920s; by mid-decade, nearly 300 new plays appeared on Broadway each year. America saw more theatrical activity--in every sense of the word-- than any time before or since.

 This excursion into the enchanted comic world of Charlie Chaplin will appeal not just to Chaplin fans but to anyone who

loves comedy. Dan Kamin brings a unique insider's perspective to the subject. An internationally acclaimed comic performing artist himself, he trained Robert Downey, Jr. for his Oscar-nominated portrayal in *Chaplin*, and created Johnny Depp's physical comedy scenes in *Benny and Joon*. The *Comedy of Charlie Chaplin: Artistry in Motion* reveals the inner workings of Chaplin's mesmerizing art as never before. Kamin illuminates the comedian's incredibly sophisticated visual comedy in disarmingly direct prose, providing new insights into how Chaplin achieved his legendary rapport with audiences and demonstrating why comedy created nearly a century ago remains fresh today. He then presents provocative new interpretations of each of the comedian's sound films, showing how Chaplin remained true to his silent comedy roots even as he kept reinventing his art for changing times. The book is lavishly illustrated with many never-before-published images of the comedian. *The divine comedy*, tr. by H.W. Longfellow Dramatists Play Service, Inc.

The Last of the Pelican Daughters Penguin "[A] funny, serious, clever novel." --The New York Times From award-winning Dutch author Martin Michael Driessen comes a fearlessly funny tragedy about an improbable friendship, unstable dreams, missed opportunities, and epic coincidence. In a quiet coastal town in Yugoslavia, two men seeking more than the Communist regime can offer find their lives deceitfully entwined. Andrej is a postman in complete denial of his existence. He yearns for respect and fame but commits petty crimes for reasons he doesn't fully comprehend. Josip is an increasingly irrelevant cable car operator and unfaithfully married. Life was so much simpler when neither one knew the other's secrets. Now that they do--discovered quite by accident--each man has resorted to blackmailing the other. As their anonymous misdeeds escalate, a farce of mutual dependency begins. So does the unlikeliest of friendships when Andrej and Josip finally meet face-to-face. In a tale set against the impending wars, Martin Michael Driessen ingeniously explores the foibles of two painfully ordinary men boldly staking their claims on life.

This comprehensive reference work is designed to be a single source to which readers may turn for guidance on dramatic theory and practice. It therefore concentrates on critical and technical concepts and terms rather than on theatre history or biography. The book contains some 1300 entries varying in length from a few words to several hundred. The terms included relate to the forms of drama (e.g. epic, mime, farce, comedy of manners, tragi-comedy, etc.); to different kinds of stage (thrust, picture-frame, arena, etc.); to technical stage terms (tabs, proscenium arch, sightlines, etc.); to acting terms, including colloquialisms (fluff, corpse-as well as duologue, soliloquy, cross below, upstage, etc.) They also include the critical

terms of important theoreticians (e.g. superobjective, magic 'if', throughline, alienation, montage) and the obvious foreign terms (hamartia, peripeteia, etc.). Dramatic movements and styles are described (naturalism, expressionism, neo-classical, Jacobean, etc.), together with terms relating to costume (e.g. buskins), character types (of, say, the *Commedia dell'Arte*) and dramatic structure (climax, curtain, pace and tempo, episode, chorus, etc.). The entries are fully cross-referenced, and are supported by ample suggestions for further reading and a selection of line drawings illustrating key points in the text.

"In folklore, pelican mothers feed their young on their own blood. Today, four sisters are trying to come to terms with their mother's death - and divide their mother's house between them. Joy wants a baby, Storm wants to be seen, Sage wants to be paid, Maya doesn't want anyone to find out her secret. Granny's in a wheelchair on day release - and Mum's presence still seeps through the ceiling and the floors. The Pelican Daughters are home for the last time. The Wardrobe Ensemble's play *The Last of the Pelican Daughters* is a comedy about four sisters trying to come to terms with their mother's death. It combines the company's trademark irreverent humour and lovable characters to tackle the idea of what it means for young people to grapple with inheritance, loss and justice. *The Last of the Pelican Daughters* was first staged at the Edinburgh Fringe Festival in 2019. In addition to the full script of the play, this published edition includes an extensive oral history of The Wardrobe Ensemble by its members, and a workshop plan for two people of different generations to communicate and collaborate in person or online"--Summary.

The Comedy of the Eighteenth Century Collins Design

This is the first book to survey comprehensively the field of Elizabethan and Jacobean citizen comedy. Most studies of the period focus on major authors; this one follows recurring themes and motifs, through a variety of plays by many authors from the moralizing comedies of the boys' companies. Professor Leggatt provides not only a fresh perspective on familiar plays by such figures as Jonson, Middleton, and Dekker, but also a new look at a number of neglected comedies, some by unfamiliar authors, some by major authors working together. Standard figures □ the usurer, the prodigal, and the prostitute □ and standard plots □ notably intrigues based on money or sex (or both)

□ are traced to show the changes that occur in apparently stereotyped material at the hands of individual authors. The result is to display the range and internal variety of a genre that too often is seen as all of a piece, and to show the different ways in which social thinking can interact with the demands and comic form. This book will interest students of Renaissance English drama, both for its treatment of a neglected type of play and for its comments on individual citizen comedies. Those who are concerned with drama as a vehicle for social commentary will find many points for discussion.

The Divine Comedy ... Translated by Henry Wadsworth Longfellow McGraw-Hill/Contemporary

Steve Neale and Frank Krutnik take as their starting point the remarkable diversity of comedy's forms and modes - feature-length narratives, sketches and shorts, sit-com and variety, slapstick and romance. Relating this diversity to the variety of comedy's basic conventions - from happy endings to the presence of gags and the involvement of humour and laughter - they seek both to explain the nature of these forms and conventions and to relate them to their institutional contexts. They propose that all forms and modes of the comic involve deviations from aesthetic and cultural conventions and norms, and, to demonstrate this, they discuss a wide range of programmes and films, from Blackadder to Bringing up Baby, from City Limits to Blind Date, from the Roadrunner cartoons to Bless this House and The Two Ronnies. Comedies looked at in particular detail include: the classic slapstick films of Keaton, Lloyd, and Chaplin; Hollywood's 'screwball' comedies of the 1930s and 1940s; Monty Python, Hancock, and Steptoe and Son. The authors also relate their discussion to radio comedy.
