Exam Board: Non-Specific Level: KS2

Subject: Mathematics First Teaching:

September 2015 First Exam: Summer

2017 Regular practice is essential to achieving mastery. The write-in Year 2 Practice Book C provides carefully structured practice, including variation, for all concepts in the Textbooks. They help children to embed and consolidate

their conceptual understanding and dig deeper into concepts through intelligent practice. To be used with the Rising Stars Mathematics Textbook with further practice books available; Rising Stars Mathematics Year 2 Practice Book A 9781783398133 and Rising Stars Mathematics Year 2 Practice Book B 9781783398140.

Mathematics Rising Stars

Ensure children have mastered the concepts covered with easy-to-implement half-termly tests. These time-saving, ready-made assessments for Year 6 will test children on the content

covered during that half-term and will inform future teaching through insightful reports generated by a MARK, a free online analysis suite.

Using and Applying Mathematics Skills

Rising Stars

Following the great success of the earlier books, this fourth book in the Mathematics Recovery series equips teachers with detailed pedagogical knowledge and resources for teaching number to 7 to 11-year olds. Drawing on extensive programs of research, curriculum development, and teacher development, the book offers a coherent, up-to-date approach emphasising computational fluency and the progressive development of students' mathematical sophistication. The book is organized in key domains of

number instruction, including structuring numbers 1 to 20, knowledge of number words and numerals, conceptual place value, mental computation, written computation methods, fractions, and early algebraic reasoning. Features include: " fine-grained progressions of instruction within each domain; " detailed descriptions of students' strategies and difficulties; " assessment tasks with notes on students' responses; " classroom-ready instructional activities; " an accompanying CD with extensive instructional resources. This book is designed for classroom and intervention teachers, special education teachers and classroom assistants. The book is an invaluable resource for mathematics advisors and coaches, learning support staff, numeracy

consultants, curriculum developers, teacher educators and researchers.

Mathematics SAGE

The questions in this book cover all of the topics that children need to know to achieve a Level 5 pass in the National Tests.

Rising Stars Mathematics Year 3 Practice Book Mathematics Mathematics New Curriculum Mental Maths Tests Designed for use with your class once per week. Progression is built into tests across each year group and between years, and the questions include varied mathematical language. All answers are linked to the new National Curriculum. Rising Stars Assessment Mathematics Progress Tests Year 6 This series features updated pupil-friendly tasks and new diagnostic material. The

book establishes a National Curriculum sub-level for each child. It is simple to use and highly effective for identifying areas of weakness and personalizing remediation. Rising Stars Mathematics Year 3 Half-Termly Assessments Ensure children have mastered the concepts covered with easy-to-implement half-termly tests. These time-saving, ready-made assessments for Year 3 will test children on the content covered during that half-term and will inform future teaching through insightful reports generated by a MARK, a free online analysis suite. Mathematics

This mathematics programme provides thorough guidance to underpin teaching of the National Curriculum while its flexibility gives teachers the freedom to decide how they teach the content.

Rising Stars Assessment Mathematics Progress Tests Year 5

Gain the confidence to stretch your more able students in mathematics with 'Maths for the More Able'. This teacher resource contains tried and tested activities that use and apply mathematical knowledge and challenge pupils who are more able.

Rising Stars Mathematics Year 5 Textbook

The questions in this book cover all of the topics that children need to know to achieve a Level 4 pass in the National

Tests.

Rising Stars Mathematics Year 2 Practice Book B

Ensure children have mastered the concepts covered with easy-to-implement half-termly tests. These time-saving, ready-made assessments for Year 4 will test children on the content covered during that half-term and will inform future teaching through insightful reports generated by a MARK, a free online analysis suite.

Using and Applying Mathematics Skills

This series features updated pupil-friendly tasks and new diagnostic material. The book establishes a National Curriculum sub-level for each child. It is simple to use and highly effective for identifying areas of

weakness and personalizing remediation.

Maths for the More Able

This series features updated pupil-friendly tasks and new diagnostic material. The book establishes a National Curriculum sub-level for each child. It is simple to use and highly effective for identifying areas of weakness and personalizing remediation.

Mathematics Unit Tests

Ensure children have mastered the concepts covered with easy-to-implement half-termly tests. These time-saving, ready-made assessments for Year 3 will test children on the content covered during that half-term and will inform future teaching through insightful reports generated by a MARK, a free

online analysis suite.

Rising Stars Assessment Mathematics Progress Tests Year 2

The questions in this book cover all of the topics that children need to know to achieve a Level 6 pass in the National Tests.

Provide careful and structured practice in maths mastery for children at home or school, covering all concepts that would be covered in class. -Embed and consolidate conceptual understanding. -Dig deeper into mathematical concepts through intelligent practice. -Provide structure and clarity with a write in, levelled book.

Rising Stars Assessment Mathematics Progress Tests Year 6

Provide careful and structured practice in maths mastery for children at home or

school, covering all concepts that would be covered in class. -Embed and consolidate conceptual understanding. -Dig deeper into mathematical concepts through intelligent practice. -Provide structure and clarity with a write in, levelled book.

Rising Stars Mathematics Year 2 Half-Termly Assessments

Designed for use with your class once per week. Progression is built into tests across each year group and between years, and the questions include varied mathematical language. All answers are linked to the new National Curriculum.
