“Every sales

should read
The Greatest
Salesman in
the World. It is
a book to
keep at the
bedside, or on

the living room table—a book to dip into as needed, to browse in now and then, to enjoy in small stimulating portions. It is a book for the hours and for the years, a book to turn to over and over again, as to a friend, a book of moral, spiritual and ethical guidance, an unflinching source of comfort and inspiration.”—Lester J. Bradshaw, Jr., Former Dean, Dale Carnegie Institute of Effective Speaking &

Human Relations “I have read almost every book that has ever been written on salesmanship, but I think Og Mandino has captured all of them in The Greatest Salesman in the World. No one who follows these principles will ever fail as a salesman, and no one will ever be truly great without them; but, the author has done more than present the principles—he has woven them into the fabric of one

of the most fascinating stories I have ever read.”—Paul J. Meyer, President of Success Motivation Institute, Inc. “I was overwhelmed by The Greatest Salesman in the World. It is, without doubt, the greatest and the most touching story I have ever read. It is so good that there are two musts that I would attach to it: First, you must not lay it down until you have finished it; and

secondly, every individual who sells anything, and that includes us all, must read it.”—Robert B. Hensley, President, Life Insurance Co. of Kentucky

The son of Sogolon, the hunchback princess, and Maghan, known as "the handsome", Sundiata grew up to fulfill the prophesies of the soothsayers that he would unite the twelve kingdoms of Mali into one

of the most powerful empires ever known in Africa, which at its peak stretched right across the savanna belt from the shores of the Atlantic to the dusty walls of Timbuktu. Retold by generations of griots, the guardians of African culture, this oral tradition has been handed down from the thirteenth century and captures all the mystery and majesty of medieval African kingship. It is

an epic tale, part history and part legend. *A Letter to My Son, on Why I Hate His Mother* Wayne State University Press Discover the story of Fort Mose in the only book for children about the first free Black community in America In 1724, Francisco Menendez escaped from a plantation in the colony of South Carolina and, with a small group of men, headed south to Florida, at the

time a Spanish colony, to the town of St. Augustine. There he was granted his freedom. He soon became a member of the Black militia and helped defend the area from English invaders. In 1738, Menendez helped found the first legally sanctioned free Black community in America. It was called Fort Mose, and it lay just north of St. Augustine. There were thirty-eight

households of men, women, and children living together at Fort Mose, creating a frontier community that drew on a range of African backgrounds and blended them with the local Spanish, Native American, and English peoples and cultures. Fort Mose became a southern destination for travelers of the Underground Railroad many years before the birth of its legendary “conductor,” Harriet

Tubman.

 Power of Five
 In the early 1980's, on one of his clandestine visits to the former fleshpots of 42nd Street in New York City's Times Square, Mandingo Osceola Tshaka had an epiphany and quit cold

turkey a lifestyle he reveled in for more than 40 years. He was responding to a supernatural cautioning voice to remove a roadblock that could cripple his tireless crusade for justice as he confronted government and private agencies and racism.

daughter of an African-born bossale, has inherited not only the condition of slavery but the traumatic memory of the Middle Passage as well. The stories told to her by her grandmother and godmother, including the horrific voyage aboard the infamous slave ship *Rosalie*, have become part of her own story, the one she tells in this haunting novel by the acclaimed Haitian writer

Évelyne Trouillot. Inspired by the colonial tale of an African midwife who kept a cord of some seventy knots, each one marking a child she had killed at birth, the novel transports us back to Saint-Domingue, before it became Haiti. The year is 1750, and a rash of poisonings is sowing fear among the plantation masters, already unsettled by the unrest caused by Makandal, the

legendary Maroon leader. Through this tumultuous time, Lisette struggles to maintain her dignity and to imagine a future for her unborn child. In telling Lisette's story, Trouillot gives the revolution that will soon rock the island a human face and at long last sheds light on the invisible women and men of Haitian history. Mandingo Jacana Media "Renowned film scholar and editor Barry Keith Grant has assembled all of Britton's published essays of film criticism and

theory for this volume, spanning the late 1970s to the early 1990s. The essays are arranged by theme: Hollywood cinema, Hollywood movies, European cinema, and film and cultural theory. In all, twenty-eight essays consider such varied films as Hitchcock's *Spellbound*, *Jaws*, *The Exorcist*, and *Mandingo* and topics as diverse as formalism, camp, psychoanalysis

s, imperialism, and feminism. Included are such well-known and important pieces as "Blissing Out: The Politics of Reaganite Entertainment " and "Sideshows: Hollywood in Vietnam," among the most perceptive discussions of these two periods of Hollywood history yet published. In addition, Britton's critiques of the ideology of Screen and Wisconsin formalism display his uncommon grasp of theory even when arguing against prevailing critical trends."
