*An Illustrated History of Notable Shadowhunters & Denizens of  
Downworld* Springer Science & Business Media

Thirty years ago, I wrote a preface to *The Book of Abraham* by Marek Halter, the amazing saga of a Jewish family, his own, across two thousand years of history. Today, with *The Jewish Odyssey*, the story of that Jewish family has become the history of the Jewish people. A history of four millennia, which, under the pen of Marek Halter, reads like an intelligent novel. Shimon Peres, president of the State of Israel and recipient of the 1994 Nobel Peace Prize --

**Israel** University Park : Pennsylvania State University Press  
At The Plaza is a pictorial record and an anecdotal history of the world's most famous hotel: New York's Plaza. As a story, it traverses the breadth and scope of Gotham's high society during the American Century. As a photo collection, it's like no other, capturing the hotel's remarkable presence on the ever-changing New York scene. For almost one hundred years, The Plaza has mirrored the social history of Manhattan: its tastes in design, entertainment, restaurants and accommodations, as well as its adjustment to Prohibition, the Great Depression, two World Wars, the Cold War, women's rights, smokers' rights, animals' rights and British rock-and-roll. The first guests to sign the register-Mr. and Mrs. Alfred Gwynne Vanderbilt-set the standard for the long procession of luminaries that followed: Mark Twain, Diamond Jim Brady, Scott and Zelda Fitzgerald, Marlene Dietrich, Frank Lloyd Wright, Marilyn Monroe, Jacqueline Kennedy Onassis and the Beatles, among many others. In *At The Plaza*, the hotel's official historian, Curtis Gathje, has compiled a tremendous collection of photographs and vignettes chronicling the colorful history of a building, an institution, and a city.

**Baseball** Simon and Schuster

Berea College's spiritual motto, "God has made of one blood all peoples of the earth," has shaped the institution's unique culture and programs since its founding in 1855. Founder John G. Fee, an

ardent abolitionist, held fast to the radical vision of a college and a community committed to interracial education, to the Appalachian region, and to the equality of women and men hailing from all "nations and climes." A significant distinction in the Berea mission is that rather than following the typical tuition-based model, the college developed a tuition-free work program so that its students could take advantage of a private liberal arts education otherwise unaffordable to them. Using primary sources, recent scholarship, and powerful photographs, Shannon H. Wilson charts the fascinating history and development of one of Kentucky's most distinguished institutions of higher learning.

*Tenements, Towers & Trash* Black Dog & Leventhal

All of the influential people, the historic sites, and the notable events are here. Daniel Schroeter's fascinating history includes the foundation of the ancient Kingdom of Israel, the development of the modern Zionist movement, the legacy of World War II and the Holocaust, the creation of statehood, the conquest of new Arab territory, and the growth of the Palestinian Liberation Organization. With stunning artwork and photographs, *Israel: An Illustrated History* provides a thorough introduction to the history of Israel in a beautiful keep-sake edition. Profusely illustrated with photographs, historical artifacts, works of art, and facsimile documents, chapters profile notable personalities such as Theodor Herzl, David Ben-Gurion, Golda Meir, Menachim Begin, Yasir Arafat, and Yitzhak Rabin. Readers will find sidebars on political figures such as Natan Sharansky, government organizations such as the Mossad, and cultural institutions such as the Israel Philharmonic Orchestra. Primary sources such as Biblical passages, excerpts from Herzl's *Der Judenstadt*, a diary from the first Aliyah, and the U.N. partition resolution of 1947 bring Israel's history to life; landmark structures such as the Western (or Wailing) Wall, the Second Temple, and excavations of the City of David and the Dead Sea caves add to the visual narrative. A glossary, chronology, and a list of Israel's prime ministers and presidents make this beautiful book an invaluable reference.

**City of Bones** University of Chicago Press

"A stunning, image-driven examination of the "uniquely American

symbol of home and hearth" —BuzzFeed (Books Gift Guide)

"Lavishly illustrated, this book by a Cincinnati native tells the story of America through its iconic structure — the log cabin. In lively prose," —Columbus Dispatch "The perfect holiday gift for grown-ups who graduated past Lincoln Logs," —Mother News Network Like a wooden security blanket that Americans reach for when times get tough, the log cabin has endured as a uniquely American symbol of home and hearth. This strain of cabin fever is no fleeting trend: It has struck at regular intervals since the early 1900s, when log cabin vacations first became an option for an increasingly mobile America. Now the cozy cabin aesthetic is found, like a collective fantasy, in every corner of our national culture. But how did it all begin? This is an image-driven history of log cabins in America. Exploring the log cabin's hidden past, this book draws on colonial diaries and journalistic accounts, as well as paintings, illustrations, and graphics to show how the log cabin—once derided as a poor immigrant's hovel—became an American institution and a modern ambition. Bursting with quirk, charm, and fascinating trivia, *The Log Cabin* is the perfect companion for cabin dwellers, vacationers, and daydreamers alike.

History of fruit accompanied by 300 color illustrations, and biographies of their illustrators.

**Afghanistan** Oxford University Press, USA

'the volume will indeed be a treasury for pictorial sources, and the illustrations to more off-the-beaten-track chapters (especially Noonan's, on European Russia) are correspondingly unusual.' - Guy Halsall, *War in History*, 8, 3, 2001 'the truest picture yet of the Vikings and their age.' -Publishing News

**The Oxford Illustrated History of the World** Running Press  
Book Pub

A New York Times Notable Book of 2017! Here is New York, as you've never seen it before. A perfectly charming, sidesplittingly funny, intellectually entertaining illustrated history of the blocks, the buildings, and the guts of New York City, based on Julia Wertz's popular illustrated columns in *The New Yorker* and *Harper's*. In *Tenements, Towers & Trash*, Julia Wertz takes us

behind the New York that you think you know. Not the tourist's New York—the Statue of Liberty makes a brief appearance and the Empire State Building not at all—but the guts, the underbelly, of this city that never sleeps. With drawings and comics in her signature style, Wertz regales us with streetscapes "Then and Now" and little-known tales, such as the lost history of Kim's Video, the complicated and unresolved business of Ray's Pizza, the vintage trash and horse bones that litter the shore of Brooklyn's Bottle Beach, the ludicrous pinball prohibition, Staten Island's secret abandoned boatyard, and the hair-raising legend of the infamous abortionist of Fifth Avenue, Madame Restell. From bars, bakeries, and bookstores to food carts, street cleaners, and apartments both cramped and grand, Tenements, Towers & Trash is a wild ride in a time machine taxi from the present day city to bygone days of yore.

*Cape May Point* The Countryman Press

Winner of the 2017 New Jersey Studies Academic Alliance Author Award, Reference Category See New Jersey history as you read about it! *Envisioning New Jersey* brings together 650 spectacular images that illuminate the course of the state's history, from prehistoric times to the present. Readers may think they know New Jersey's history—the state's increasing diversity, industrialization, and suburbanization—but the visual record presented here dramatically deepens and enriches that knowledge. Maxine N. Lurie and Richard F. Veit, two leading authorities on New Jersey history, present a smorgasbord of informative pictures, ranging from paintings and photographs to documents and maps. Portraits of George Washington and Molly Pitcher from the Revolution, battle flags from the War of 1812 and the Civil War, women air raid wardens patrolling the streets of Newark during World War II, the Vietnam War Memorial—all show New Jerseyans fighting for liberty. There are also pictures of Thomas Mundy Peterson, the first African American to vote after passage of the Fifteenth Amendment; Paul Robeson marching for civil rights; university students protesting in the 1960s; and Martin Luther King speaking at Monmouth University. The authors highlight the ethnic and religious variety of New Jersey inhabitants with images that range from Native American arrowheads and fishing implements, to Dutch and German buildings, early African American churches and leaders, and modern Catholic and Hindu houses of worship. Here, too, are the

great New Jersey innovators from Thomas Edison to the Bell Labs scientists who worked on transistors. Compiled by the authors of *New Jersey: A History of the Garden State*, this volume is intended as an illustrated companion to that earlier volume. *Envisioning New Jersey* also stands on its own because essays synthesizing each era accompany the illustrations. A fascinating gold mine of images from the state's past, *Envisioning New Jersey* is the first illustrated book on the Garden State that covers its complete history, capturing the amazing transformation of New Jersey over time. **The Illustrated History of Magic** Courier Corporation

The book covers the span of years from the ancient civilizations of Mesopotamia and Egypt to the appearance of the surgical specialities in the first half of the 20th century.

*Tangata Whenua* Holiday House

The Victorian illustrated book came into being, flourished, and evolved during the long nineteenth century. While existing scholarship on Victorian illustrators largely centers on the realist artists of the "Sixties," this volume examines the entire lifetime of the Victorian illustrated book. Catherine Golden offers a new framework for viewing the arc of this vibrant genre, arguing that it arose from and continually built on the creative vision of the caricature-style illustrators of the 1830s. She surveys the fluidity of illustration styles across serial installments, British and American periodicals, adult and children's literature, and—more recently—graphic novels. *Serials to Graphic Novels* examines widely recognized illustrated texts, such as *The Pickwick Papers*, *Oliver Twist*, *Alice in Wonderland*, *Peter Rabbit*, and *Trilby*. Golden explores factors that contributed to the early popularity of the

illustrated book—the growth of commodity culture, a rise in literacy, new printing technologies—and that ultimately created a mass market for illustrated fiction. Golden identifies present-day visual adaptations of the works of Austen, Dickens, and Trollope as well as original Neo-Victorian graphic novels like *The League of Extraordinary Gentlemen* and Victorian-themed novels like *Batman: Noël* as the heirs to the Victorian illustrated book. With these adaptations and additions, the Victorian canon has been refashioned and repurposed visually for new generations of readers.

**Cosmos** Oxford University Press, USA

The first installment of Cassandra Clare's bestselling urban fantasy series, *The Mortal Instruments*, is adapted into a graphic novel series! Hanging out with her best friend, Simon, is just about the most exciting thing in Clary's life...that is, until she realizes there are people only she can see. But when her mother disappears and a monster attacks her, Clary has to embrace a world that she never even knew existed—a world full of vampires, werewolves, demons, and those who fight for the humans, Shadowhunters...

*An Illustrated History of the Mandala* Knopf

Imagine the planet, as if from an immense distance of time and space, as a galactic observer might see it—with the kind of objectivity that we, who are enmeshed in our history, can't attain. The Oxford Illustrated History of the World encompasses the whole span of human history. It brings together some of the world's leading historians, under the expert guidance of Felipe Fernandez-Armesto, to tell the 200,000-year story of our world, from the emergence of homo sapiens through to the twenty-first century: the environmental convulsions; the interplay of ideas (good and bad); the cultural phases and exchanges; the collisions and collaborations in politics; the successions of states and empires; the unlocking of energy; the evolutions of economies; the contacts, conflicts, and contagions that have all contributed to making the world we now inhabit.

*A History of Me* Bridget Williams Books

\*AWARD WINNER\* of the NAACP Image Award for Outstanding Literary Work - Debut Author / and the NCBR Recognition Award A gorgeous collection of 145 original portraits that celebrates Black pioneers—famous and little-known—in politics, science, literature, music, and more—with biographical reflections, all created and

curated by an award-winning graphic designer. Illustrated Black History is a breathtaking collection of original portraits depicting black heroes—both famous and unsung—who made their mark on activism, science, politics, business, medicine, technology, food, arts, entertainment, and more. Each entry includes a lush drawing or painting by artist George McCalman, along with an insightful essay summarizing the person's life story. The 145 entries range from the famous to the little-known, from literary luminary James Baldwin to documentarian Madeline Anderson, who produced "I Am Somebody" about the 1969 strike of mostly female hospital workers; from Aretha Franklin to James and Eloyce Gist, who had a traveling ministry in the early 1900s; from Colin Kaepernick to Guion S. Bluford, the first Black person to travel into space. Beautifully designed with over 300 unique four-color artworks and accessible to readers of all ages, this eye-opening, educational, dynamic, and timely compendium pays homage to Black Americans and their achievements, and showcases the depth and breadth of Black genius.

*Envisioning New Jersey* Macmillan + ORM

National bestseller 2017 National Book Critics Circle (NBCC)  
Finalist ABA Indies Introduce Winter / Spring 2017 Selection  
Barnes & Noble Discover Great New Writers Spring 2017 Selection  
ALA 2018 Notable Books Selection An intimate and poignant graphic novel portraying one family's journey from war-torn Vietnam, from debut author Thi Bui. This beautifully illustrated and emotional story is an evocative memoir about the search for a better future and a longing for the past. Exploring the anguish of immigration and the lasting effects that displacement has on a child and her family, Bui documents the story of her family's daring escape after the fall of South Vietnam in the 1970s, and

the difficulties they faced building new lives for themselves. At the heart of Bui's story is a universal struggle: While adjusting to life as a first-time mother, she ultimately discovers what it means to be a parent—the endless sacrifices, the unnoticed gestures, and the depths of unspoken love. Despite how impossible it seems to take on the simultaneous roles of both parent and child, Bui pushes through. With haunting, poetic writing and breathtaking art, she examines the strength of family, the importance of identity, and the meaning of home. In what Pulitzer Prize-winning novelist Viet Thanh Nguyen calls "a book to break your heart and heal it," *The Best We Could Do* brings to life Thi Bui's journey of understanding, and provides inspiration to all of those who search for a better future while longing for a simpler past.

**Surgery** Oxford Illustrated History

The smallest shore resort on the New Jersey coast, Cape May Point has more than one million visitors each year! This beautiful book depicts Cape May Point's wonderful gingerbread cottages, Victorian chapels, and bantam bungalows that are turning into plastic palaces. Learn about the grand hotels, the two disastrous fires, President Harrison's scandal, the religious revivals and camp meetings, the Country Club, and, of course, the devastating storms that affected the Point. Take a nostalgic journey to Cape May Point's immediate neighbors: the old Life Saving Station, Sunset Beach, the New Jersey State Park, the former South Cape May, the Lighthouse, and Higbee's Beach. Illustrated with over 200 classic photos and drawings, this book will delight vacationers and residents, and inspire future generations of shore-goers.

New York Oxford University Press

*Tangata Whenua: A History* presents a rich narrative of the Māori past from ancient origins in South China to the twenty-first century, in a handy paperback format. The authoritative text is drawn directly from the award-winning *Tangata Whenua: An Illustrated History*; the full text of the big hardback is available in a reader-friendly edition, ideal for students and for bedtime reading, and a perfect gift for those whose budgets do not stretch to the illustrated edition. Maps and diagrams complement the text, along with a full set of references and the important statistical appendix. *Tangata Whenua: An Illustrated History* was published to widespread acclaim in late 2014. This magnificent history has featured regularly in the award lists: winner of the 2015 Royal Society Science Book Prize, shortlisted for the international Ernest Scott Prize, winner of the Te Kōrero o Mua (History) Award at the Ngā Kupu ora Aotearoa Māori Book Awards, and Gold in the Pride in Print Awards. The importance of this history to New Zealand cannot be overstated. Māori leaders emphatically endorsed the book, as have reviewers and younger commentators. They speak of the way *Tangata Whenua* draws together different strands of knowledge – from historical research through archaeology and science to oral tradition. They remark on the contribution this book makes to evolving knowledge, describing it as 'a canvas to paint the future on'. And many comment on the contribution it makes to the growth of understanding between the people of this country.
