*A Portrait of Bowie US*  
 Naval Institute Press  
 The white power movement in America wants a revolution. It has declared all-out war against the federal government and its agents, and has carried out—with military precision—an escalating campaign of terror against the American public. Its soldiers are not lone wolves but are highly organized cadres motivated by a coherent and deeply troubling worldview of white supremacy, anticommunism, and apocalypse. In *Bring the War Home*, Kathleen Belew gives us the first full history of the movement that consolidated in the 1970s and 1980s around a potent sense of betrayal in the Vietnam War and made tragic headlines in the 1995 bombing of the Oklahoma City federal building. Returning to an America ripped apart by a war that, in their view, they were not allowed to win, a small but driven group of veterans, active-duty personnel, and civilian supporters

concluded that waging war on their own country was justified. They unified people from a variety of militant groups, including Klansmen, neo-Nazis, skinheads, radical tax protestors, and white separatists. The white power movement operated with discipline and clarity, undertaking assassinations, mercenary soldiering, armed robbery, counterfeiting, and weapons trafficking. Its command structure gave women a prominent place in brokering intergroup alliances and giving birth to future recruits. Belew's disturbing history reveals how war cannot be contained in time and space. In its wake, grievances intensify and violence becomes a logical course of action for some. *Bring the War Home* argues for awareness of the heightened potential for paramilitarism in a present defined by ongoing war.

 The authors assess alternatives for a next-generation intercontinental ballistic missile (ICBM) across a broad set of potential characteristics and situations. They use the current Minuteman III as a baseline to develop a

framework to characterize alternative classes of ICBMs, assess the survivability and effectiveness of possible alternatives, and weigh those alternatives against their cost.

 Named one of Entertainment Weekly's 12 biggest music memoirs this fall. "An artful and wildly enthralling path for Bowie fans in particular and book lovers in general." —Publishers Weekly (starred review)  
 "The only art I'll ever study is stuff that I can steal from." —David Bowie  
 Three years before David Bowie died, he shared a list of 100 books that changed his life. His choices span fiction and nonfiction, literary and irreverent, and include timeless classics

alongside eyebrow-raising obscurities. In 100 short essays, music journalist John O'Connell studies each book on Bowie's list and contextualizes it in the artist's life and work. How did the power imbued in a single suit of armor in *The Iliad* impact a man who loved costumes, shifting identity, and the siren song of the alter-ego? How did *The Gnostic Gospels* inform Bowie's own hazy personal cosmology? How did the poems of T.S. Eliot and Frank O'Hara, the fiction of Vladimir Nabokov and Anthony Burgess, the comics of *The Beano* and *The Viz*, and the groundbreaking politics of James Baldwin influence Bowie's lyrics, his sound, his artistic outlook? How did the 100 books on this list influence one of the most influential artists of a generation? Heartfelt, analytical, and totally original, *Bowie's Bookshelf* is one part epic reading guide and one part biography of a music legend.

*I Am Iman* CRC Press

"Ocean of Sound" begins in 1889 at the Paris Exposition when Debussy first heard Javanese music performed. A culture absorbed in perfume, light and ambient sound developed in response to the intangibility of 20th century communications. David Toop traces the evolution of this culture, through Erik Satie to the Velvet Underground; Miles Davis to Jimi Hendrix. David Toop, who lives in London, is a writer, musician and recording

artist. His other books are "Rap Attack 3" and "Exotica," *Ocean of Sound* John Wiley & Sons  
Dylan Jones's engrossing, magisterial biography of David Bowie is unlike any Bowie story ever written. Drawn from over 180 interviews with friends, rivals, lovers, and collaborators, some of whom have never before spoken about their relationship with Bowie, this oral history weaves a hypnotic spell as it unfolds the story of a remarkable rise to stardom and an unparalleled artistic path. Tracing Bowie's life from the English suburbs to London to New York to Los Angeles, Berlin, and beyond, its collective voices describe a man profoundly shaped by his relationship with his schizophrenic half-brother Terry; an intuitive artist who could absorb influences through intense relationships and yet drop people cold when they were no longer of use; and a social creature equally comfortable partying with John Lennon and dining with Frank Sinatra. By turns insightful and deliciously gossipy, David Bowie is as intimate a portrait as may ever be drawn. It sparks with

admiration and grievances, lust and envy, as the speakers bring you into studios and bedrooms they shared with Bowie, and onto stages and film sets, opening corners of his mind and experience that transform our understanding of both artist and art. Including illuminating, never-before-seen material from Bowie himself, drawn from a series of Jones's interviews with him across two decades, David Bowie is an epic, unforgettable cocktail-party conversation about a man whose enigmatic shapeshifting and irrepressible creativity produced one of the most sprawling, fascinating lives of our time.

### **The Bowie Companion**

Antique Collector's Club When Ziggy played The Marquee Club in Soho, London, in October 1973, most of those invited to the small venue did not realise that this would be the last performance David Bowie would ever give as Ziggy Stardust. Terry O'Neill, celebrated photographer, was given unprecedented access to document the event. O'Neill captured Bowie and his crew backstage as they went through costume changes, and Bowie transformed into the character he'd soon put to rest. On stage, dodging television cameras and lights, O'Neill snapped the incredible stage presence for which Bowie and his crew had become renowned. O'Neill remembers of Bowie: "He became a character on stage. As much as a person takes a role in a play for the West End or on Broadway, learning the lines, putting on the costumes - this was, I

think, the way Bowie treated his stage. This night at the Marquee, I witnessed a modern-day Hamlet - and it was Ziggy Stardust". AUTHOR: Terry O'Neill has had a star-studded career. He has been in the business of capturing the most iconic, candid, and unguarded moments of the famous and infamous for six decades. His reportage photography chronicled the evolution of fashion in the post-war era, and later the emergence of bands such as The Beatles, The Rolling Stones, and The Animals, and icons like David Bowie and Elton John. He has been photographer-of-choice for a multitude of celebrities, from Sinatra and Audrey Hepburn to Raquel Welch and Paul Newman, and remains the only photographer to have captured shots not only of every James Bond to date, but also more than 25 Bond girls and a staggering 150 Oscar-nominated actors and actresses. O'Neill was awarded with the Royal Society of Arts' highest honour, the Centenary Medal, in 2012. SELLING POINTS: \* Rare and unseen images from Terry O'Neill's unprecedented access to David Bowie's last performance as Ziggy

Stardust, including candid backstage shots \* New and original interviews from a host of people who witnessed the last performance, including Geoff MacCormack - one of Bowie's long-time friends and "Spider"; Suzy Ronson - Mick's wife and stylist; Jayne County - audience member and punk icon; Britt Eckland - noted actress and "it" girl; Mike Garson - Bowie's piano man; and many more \* Foreword by Gary Kemp

David Bowie : Behind The Curtain is a rare, exclusive, intimate, and very candid look at David Bowie during the rise of the Thin White Duke, his Station to Station tour, and numerous larger-than-life stories along the way. In 1975, rock 'n roll photographer Andrew Kent landed the gig of a lifetime. He had been entrusted by Bowie to document, with unfettered access, anything and everything

Bowie and his entourage encountered for the next two years. Backstage, on stage, private parties, birthday parties, limos, quiet hotel moments, dressing rooms, Berlin, Paris, New York, London, Helsinki, Moscow. Also along during the Station to Station tour was an 18 year old Rolling Stone reporter researching a cover story on Bowie named Cameron Crowe. In 1976 Bowie took Iggy Pop, his manager Pat Gibbons, his personal secretary Coco, and Kent on an impromptu excursion by train to the Soviet Union. A mistake on the schedule at the train station caused the group to miss their return train to Helsinki leading the press to run frenzied headlines reading, "David Bowie Missing in Soviet Union!". With his unprecedented access, Kent created a one-of-a-kind travelogue, capturing the unique and spectacular life of one of the most iconic musicians in rock 'n roll history.
