LOGAN WILLIAMSON

Hamburg Days Crown Archetype

The Beatles, the Rolling Stones, the Kinks, the Who, and numerous other groups put Britain at the center of the modern musical map. Please Please Me offers an insider's view of the British pop-music recording industry during the seminal period of 1956 to 1968, based on personal recollections, contemporary accounts, and all relevant data that situate this scene in the economic, political, and social context of postwar Britain. Author Gordon Thompson weaves issues of class, age, professional status, gender, and ethnicity into his narrative, beginning with the rise of British beat groups and the emergence of teenagers as consumers in postwar Britain, and moving into the competition between performers and the recording industry for control over the music. He interviews musicians, songwriters, music directors, and producers and engineers who worked with the best-known performers of the era. Drawing his interpretation of the processes at work during

this musical revolution into a wider context, Thompson unravels the musical change and innovation of the time with an eye on understanding what traces individuals leave in the musical and recording process.

New Critical Perspectives on the Beatles Prestel Publishing

An intimate, revealing look at the legendary band, documented in a series of personal, never-before-seen photographs taken during The Beatles' three U.S. tours—the largest single trove of such important unknown rock photographs ever uncovered In the early 1960s, four working-class lads from Liverpool invaded America, igniting a cultural revolution that would transform a generation and change the world. During that time, few were closer to The Beatles than Bob Bonis, the tour manager for all three U.S. tours, 1964, 1965, and 1966. While on the road with the Fab Four, Bonis, a passionate amateur photographer with a keen eye, an innate sense of composition, and a deep love for his subjects, snapped some nine hundred photographs of

the band—a remarkable collection that until now has only been known to family and close friends. Unearthed after forty-five years, the photos that comprise The Lost Beatles Photographs form a groundbreaking portrait of the most iconic band of the twentieth century at a pivotal time in their career, conquering America. Bonis's photos offer fans unprecedented, behind-the-scenes access to The Beatles during their breakthrough moments on the world stage, from rehearsing backstage to stellar performances in concert. Here are John Lennon, Paul McCartney, George Harrison, and Ringo Starr in casual moments, in rehearsal, in concert, in dressing rooms, on vacation, at press events, on the road. Funny, surprising, provocative, beautiful, these photos recall an unforgettable period in history and offer a fresh look at these legends at the beginning of their fame. Whether you're a devoted aficionado or just discovering the Fab Four, The Lost Beatles Photographs is a remarkable addition to Beatle lore and a must-have for every fan.

The Beatles in

Hamburg Liverpool University Press
 An answered prayer for Beatles fans and collectors, the first - volume of a unique work that exhaustively chronicles all known and - available Beatles recordings! Have you ever watched a Beatles film clip and wondered: • Where was that filmed? • Is any more of that footage available? Have you ever heard a Beatles interview and asked: • When was that taped? • Where's the best place to find the complete recording? *Way Beyond Compare* has the answers to these and thousands of similar questions. It's the key to unlocking the secrets behind every known Beatles recording in circulation through 1965, telling you where to find them, what makes them unique, and how they fit within the context of the Beatles' amazing musical and cultural journey. Author John C. Winn has spent twenty years (twice as long as the Beatles were together!) sifting through, scrutinizing, organizing, and analyzing hundreds of hours of audio and video recordings—and putting them into a digestible chronological framework for *Way Beyond Compare*

and its companion volume, *That Magic Feeling: The Beatles' Recorded Legacy, Volume Two, 1966–1970*. "It takes a rare and special kind of mind to sift through it all, to research and enquire, catalogue and chronicle, assess and contrast, identify and label, and to fit all the myriad pieces into the vast jigsaw puzzle that is the Beatles' career. John C. Winn is that person, and he's done it with a rare skill and intelligence." —Mark Lewisohn
The Lost Beatles Photographs Insight Editions
 "In this new graphic novella, Will Eisner explores the hopes and dreams of a young man who desires to be a cartoonist. It takes place during the depressed economic time of the mid-1930s. As the young man nourishes his vision of the future, he discovers the newly created field of comic books. As he gains a foothold in the new industry, the young man learns and grows along with it. The people he meets, his success, his failures, his persistence of vision are all documented here. This is the story about businessmen and artists, pragmatists and dreamers, by a man who

was indeed there at the beginning of comic books, and is recognized worldwide today as a master of the medium."-- Jacket.
Sound Man Damiani Limited
Tune In is the first volume of *All These Years*—a highly-anticipated, groundbreaking biographical trilogy by the world's leading Beatles historian. Mark Lewisohn uses his unprecedented archival access and hundreds of new interviews to construct the full story of the lives and work of John Lennon, Paul McCartney, George Harrison, and Ringo Starr. Ten years in the making, *Tune In* takes the Beatles from before their childhoods through the final hour of 1962—when, with breakthrough success just days away, they stand on the cusp of a whole new kind of fame and celebrity. They've one hit record ("Love Me Do") behind them and the next ("Please Please Me") primed for release, their first album session is booked, and America is clear on the horizon. This is the lesser-known Beatles story—the pre-Fab years of Liverpool and Hamburg—and in many respects the most absorbing and incredible

period of them all. Here is the complete and true account of their family lives, childhoods, teenage years and their infatuation with American music, here is the riveting narrative of their unforgettable days and nights in the Cavern Club, their laughs, larks and adventures when they could move about freely, before fame closed in. For those who've never read a Beatles book before, this is the place to discover the young men behind the icons. For those who think they know John, Paul, George, and Ringo, it's time to press the Reset button and tune into the real story, the lasting word.

From Hamburg to Hollywood Macmillan

In the mid-1960s, when so much was happening in the world and the volume everywhere seemed dialed up to 11, the Beatles were the biggest thing on the planet. Their fans screamed from the fences as the Fab Four walked across the airport tarmac or into a vast stadium. They wanted to touch the Beatles. They wanted to know the Beatles. Who might help them? One photographer was inside. The young Australian Robert Whitaker had been

noticed by Beatles manager Brian Epstein, who then hired him. When Beatlemania exploded, Whitaker was along for the wild ride. He was backstage, he was in the studio, he went to the boys' homes, he became their friend and confidante (He grew particularly close to John). Robert Whitaker fashioned many of the iconic Beatles images, and all his pictures of the band were taken in the period that Beatles fans most like to remember: when they were fab, when they changed our culture. Bob Whitaker-a great photographer, after all-was a friend of LIFE's and made contributions to earlier books on John Lennon and George Harrison. In the months before his death in September 2011, he was collaborating with us on this book, his Beatles magnum opus. In these pages are rarely or never seen photographs and his personal reflections, which add resonance to the images. For those who once wanted to touch the Beatles, wanted to know them, this is an essential document. It is full of vitality. Beatlemania was a crazy, crazy place to be, and it is captured here in all its nutty glory. Then,

too, there are the famous Whitaker album covers, including the early drafts of the notorious-and banned-Yesterday and Today jacket. It is LIFE's good fortune, and it will be our readers', that Bob Whitaker talked about all this with us and others through the years. His testimony is that of a proverbial fifth Beatle: He was there, part of the scene. He saw it all, he recorded much of it on film, and he remembered even more. Here, then, is Bob Whitaker's final word on the Beatles-all his best photographs, all his reminiscences. LIFE is proud to bring forth this book. It does what we always try to do-present great photography-and it also pays tribute to a bygone time, a bygone band that we all loved, and a man who was a dear friend.

Riding So High Gingko PressInc

In this book, I wanted to include items from my personal archive that have played a part in my career over 60 years, to give the detail behind the detail. - Jimmy Page From his early days as a young session musician, through his years on the world stage with Led Zeppelin, to his solo work and collaborations, Jimmy

Page has lived a spectacular life in music. Throughout it all he has amassed an extensive private archive of iconic guitars, stage costumes and personal ephemera. Now, in *The Anthology*, Jimmy Page is granting exclusive access to his archive for the first time, and telling the inside story of his phenomenal career. In the new text of over 70,000 words, Jimmy Page guides the reader through hundreds of rare items, many of which are unseen, others of mythic status, such as the Gibson double neck guitar, his dragon emblazoned suit, his white embroidered poppy suit, and the outfit worn in the concert film *The Song Remains the Same*. Also included are handwritten diaries, correspondence, rare vinyl pressings, previously unpublished photographs and much, much more. Created with his full participation, each piece has been individually selected by Jimmy Page, and photographed especially for the book. The result is *Jimmy Page: The Anthology*. Both reflective and revealing, it is quite simply the legendary musician's most comprehensive and fascinating account of his life to date.

Jimmy Page: the Anthology SelfMadeHero
The Beatles are the world's most enduring and biggest rock band ever! This is the story of their struggle for success. Taking us through the early days of rock 'n' roll, and their lives in Liverpool during the 1950s, we journey with them to Hamburg as they come of age and through grit, determination and masses of talent became the lads who made the sixties swing! This 145 page graphic novel is part of the Campfire Graphic Novel series, which brings classics, biographies and more to graphic novel format.
Please Please Me Joe Goodden
Alan Levy is a college student who, in the fall of 1960, spends a semester abroad in Hamburg, Germany. There, he has the misfortune to rent a room next door to an up-and-coming rock and roll band from the North of England. They call themselves the Beatles. They are loud, rambunctious, and high-spirited. They are wildly unconventional (at least compared to Alan's Ivy League polish) and play horrible, jarring music at all hours of the night. They are friends,

however, with a young woman with whom Alan has fallen hopelessly in love--a beautiful German photographer named Astrid. *The Boys Next Door* is a bittersweet love story and a tall tale; a fast-paced, comic what-if, and a true fantasy fulfillment for Beatle fans everywhere. It's a loving evocation of a time when rock and roll was new and dangerous, and when the lads from Liverpool were taking their first baby steps toward conquering the world.

Baby's in Black Avon Books

"A life recording hits with the Rolling Stones, the Who, Led Zeppelin, the Eagles, Eric Clapton, the Faces ..."--Jacket.

The Beatles in Hamburg Oxford University Press

Here is the Beatles story as it really was. Throw away what you think you know and start afresh.

The Beatles Springer
Stuart Sutcliffe is the most famous contender for the crown of 'fifth Beatle'. One of the founding members, a close friend of Lennon, he left the band after their Hamburg sojourn in order to pursue his promising career as an artist, dying shortly thereafter of a brain haemorrhage. For years

his sister Pauline has tried to protect his memory against the Beatles' need to sanitise their early history and now she is ready to tell the real story. In so doing she sheds new light on their formative period - the rivalry with McCartney, how George Harrison tried to keep the peace, the truth about Stuart's intense relationship with Lennon and why Lennon was haunted by guilt over her brother's death. And she describes what it was like for those like herself and Cynthia Lennon who have had no choice but to live with the Beatles all their lives. 'Gripping . . . the story of Stuart Sutcliffe. . . holds the key to the birth of pop's greatest group' Daily Mail 'An odd, fascinating book' MOJO [Fab Gear National Geographic Books](#) Here is the full story of John Lennons remarkable uncle, the late singer-composer Charlie Lennon, told in Charlies own words and in tributes by some of those who knew him best. The book provides a unique, fascinating look into the Lennon family and Johns early life in his hometown of Liverpool, England. Charlie talks candidly about his childhood days in

Liverpool, his wartime service in the Royal Army, his memories of John and of Johns son Julian, and his life as a hometown celebrity after coming home to Liverpool in 1982. His close friend Scott Wheeler takes up the story in the 1980s, chronicling his many "travels with Charlie" around Liverpool and Boston in the course of eight years of band tours. The book includes tributes from 13 of Charlies friends, and is illustrated with nearly 600 photos, including many rare Lennon family pictures that have never before been published. Listen to the radio interview! **Life: Remembering John Lennon** Genesis Publications Winner of the 2022 Open Publication Prize by the International Association for the Study of Popular Music (IASPM-ANZ) A Women's History of the Beatles is the first book to offer a detailed presentation of the band's social and cultural impact as understood through the experiences and lives of women. Drawing on a mix of interviews, archival research, textual analysis, and autoethnography, this scholarly work depicts how the Beatles have profoundly shaped and

enriched the lives of women, while also reexamining key, influential female figures within the group's history. Organized topically based on key themes important to the Beatles story, each chapter uncovers the varied and multifaceted relationships women have had with the band, whether face-to-face and intimately or parasocially through mediated, popular culture. Set within a socio-historical context that charts changing gender norms since the early 1960s, these narratives consider how the Beatles have affected women's lives across three generations. Providing a fresh perspective of a well-known tale, this is a cultural history that moves far beyond the screams of Beatlemania to offer a more comprehensive understanding of what the now iconic band has meant to women over the course of six decades. **A Women's History of the Beatles** Chicago Review Press KEYNOTE: The Beatles' incomparable fashion sense takes center stage in this unique look at how the world's most popular band influenced the fashion of the times. The

Beatles' incomparable fashion sense takes center stage in this unique look at how the world's most popular band influenced the fashion of the times. The Beatles knew how much image mattered in the 1960s, and whether it was Nehru jackets, skinny ties, granny glasses, or the Cuban heel boot--if John, Paul, George, or Ringo wore it, the rest of their millions of fans followed. Renowned music and fashion author Paolo Hewitt takes readers on a fashion tour of the Beatles' career and the trends they co-opted. From their Hamburg debut in sunglasses, leather, and black sweaters to the conservative suits they were ordered to wear by their manager Brian Epstein; from their infatuation with Pierre Cardin's collarless jackets to their more casual corduroy; from their Mod madness to psychedelic spaciness to faux-military attire to hippy-chic--each style is revealed as a reflection of the music they made and the world views they embraced. Filled with fabulous photographs and with an appealing retro feel, the book features numerous images, many of which

have never been published before. It offers insights into how the band's meteoric rise and enduring success shaped their fashion choices. There's even a chapter devoted to their hairstyles. Fans of all ages, as well as anyone interested in fashion, will be enthralled with this first ever Beatles stylebook that proves the Fab Four were as timely as they were timeless. ILLUSTRATIONS: 300 colour
Baby's in Black
Bloomsbury Publishing USA
The young photographer Astrid Kirchherr met the Beatles for the first time in 1960 at Kaiserkeller, one of the many club on the Reeperbahn in which young British band where aired to play Rock 'n' Roll. Back then the line up of the band was John Lennon, voice and guitar, Paul McCartney, voice and guitar, George Harrison, guitar, Pete Best, drums e Stuart Sutcliffe, bass guitar, five boys from Liverpool - Harrison was still underage - who had met at school and were looking for places to play and earn some money. The book Astrid Kirchherr with the Beatles presents more than 70 images and materials, retracing the

close and intimate relationship between the photographer and the group as well as the history of a place and a fundamental moment for the band that has changed the history of pop music.

The Dreamer Plume
In 1968, the Beatles went to Rishikesh, India, studied transcendental meditation, and wrote music. These intimate photos are the only record of their time in this sacred retreat. This new edition of *The Beatles in India* brings intimate images of the group, taken at an ashram in Rishikesh, India, to a wider audience than ever before. No photographers or press were allowed at Maharishi Mahesh Yogi's ashram in the foothills of the Himalayas, but the Beatles had no objection to fellow visitor Paul Saltzman freely snapping pictures during their time there. This unprecedented

access resulted in an extensive collection of intimate photos of the world's most beloved rock band during one of their most serene and productive periods, only two years before the official dissolution of the group. Containing a wide-ranging narrative by Saltzman—about everything from the story of how “Dear Prudence” came to be to George Harrison’s description of the first time he picked up a sitar—this unique and exclusive exploration of one of the Beatles’ most tender and bittersweet periods is a must-have for all fans of the legendary rock group.

A Twist of Lennon VT Publishing

The Beatles are probably the most photographed band in history and are the subject of numerous biographical studies, but a surprising dearth of academic scholarship addresses the Fab Four. *New Critical Perspectives on the Beatles* offers a collection of original, previously unpublished essays that explore 'new' aspects of the Beatles. The interdisciplinary collection situates the band in its historical moment of the 1960s, but argues for artistic innovation and cultural

ingenuity that account for the Beatles' lasting popularity today. Along with theoretical approaches that bridge the study of music with perspectives from non-music disciplines, the texts under investigation make this collection 'new' in terms of Beatles' scholarship. Contributors frequently address under-examined Beatles texts or present critical perspectives on familiar works to produce new insight about the Beatles and their multi-generational audiences.

LIFE With the Beatles

Schirmer/Mosel

The Casbah Coffee Club, which opened in Liverpool on 29 August 1959, was the brainchild of Mrs. Mona Best, the mother of Pete Best. It is well known that Pete Best was the drummer for The Beatles in their early days in Liverpool and Hamburg. Less well known is that The Beatles' origins were in fact at Pete's mother's club - it was at the Casbah and with Mona Best's blessing that the greatest popular music phenomenon of the twentieth century began. This book tells the story of how Mona Best created the Casbah, and in the process played a major part in creating The

Beatles. The band played the Casbah over ninety times, first as The Quarrymen, then as The Silver Beatles and finally as The Beatles. The Casbah's significance cannot be overestimated - it brought together some of the greatest names in rock music and became the catalyst for the Mersey Beat phenomenon which swept Liverpool in the early sixties. Seen here for the first time in forty years is the club's interior as it was at the very beginning, juxtaposed with the rooms as they are today, and still showing the ceilings that were painted by John Lennon, Paul McCartney, George Harrison and Pete Best. A wealth of rare material from the Casbah and the Bests' own archives, together with newly commissioned images by photographer Sandro Sodano, documents the club's and The Beatles' intertwined story. Accompanied by a personal memoir of this extraordinary time, written by Roag Best with his brothers Pete and Rory, this is both a moving family tribute from the Bests to their mother, and a unique insight into a remarkable period of Beatles history.
