"In addition to the many circulars and blank information forms that have been sent out, nearly five thousand letters have been written. Searches have been made through files of newspapers, pamphlets, and college and seminary necrologies and general catalogues. Genealogies, as far as they could be found have been examined in the libraries of the New England Genealogical and Historical Society in Boston, and of the Long Island Historical Society in Brooklyn, and in the Lenox Library in New York. And all available means have been utilized to obtain the information contained in this volume.." --  
From compilers' note

On a chilly January morning in 1872, a special visitor arrived by train in North Platte, Nebraska. Grand Duke Alexis of Russia had already seen the cities and sights of the East—New York, Washington, and Niagara Falls—and now the young nobleman was about to enjoy a western adventure: a grand buffalo hunt. His host would be General Philip Sheridan, and the excursion would include several of the West's most iconic characters: George Armstrong Custer, Buffalo Bill Cody, and Spotted Tail of the

Brulé Sioux. The Royal Buffalo Hunt, as this event is now called, has become a staple of western lore. Yet incorrect information and misconceptions about the excursion have prevented a clear understanding of what really took place. In this fascinating book, Douglas D. Scott, Peter Bleed, and Stephen Damm combine archaeological and historical research to offer an expansive and accurate portrayal of this singular diplomatic event. The authors focus their investigation on the Red Willow Creek encampment site, now named Camp Alexis, the party's only stopping place along the hunt trail that can be located with certainty. In addition to physical artifacts, the authors examine a plethora of primary accounts—such as railroad timetables, invitations to balls and dinners, even sheet music commemorating the visit—to supplement the archaeological evidence. They also reference documents from the Russian State Archives previously unavailable to researchers, as well as recently discovered photographs that show the layout and organization of the camp. Weaving all these elements together, their account constitutes a valuable product of the interdisciplinary approach known as microhistory.

L'oeuvre d'Émile Guillaume célèbre les personnalités de son temps, la Troisième république, et l'auteur nous invite à rencontrer ces derniers... Sculpteur célèbre et reconnu, titulaire de nombreuses récompenses, souvent encensé par la critique, parfois éreinté par ses adversaires, Émile GUILLAUME participa avec passion à la vie artistique,

intellectuelle et politique de la Troisième république. Au travers de son œuvre, il célébra ses artistes, ses poètes, ses grandes figures politiques et ses grands événements. Il en partagea aussi les heures de gloire, les joies, les épreuves, les illusions et les désillusions jusqu'au naufrage final de 1940. C'est donc à une promenade dans le passé à laquelle vous convie l'auteur, à la rencontre d'événements ou de personnages souvent oubliés, mais oh combien étonnants ! Au fil des pages, le lecteur verra toute une époque ressusciter. Il partira à la rencontre de Mlle Guilly d'HERMEMONT, créatrice de la Canne blanche, de François MERCIER, l'industriel philanthrope, ou du surprenant marquis de Chaumont-Quitry, héros de deux guerres. Il revivra la fin tragique du poète Catulle MENDES ou des marins du Pluviôse, la vie mouvementée de la statue de la Délivrance, le combat d'Emile GUILLAUME en faveur de la réconciliation européenne. Cet essai biographique est une véritable balade dans le passé durant laquelle le lecteur suivra les traces d'Emile Guillaume et marchera aux côtés des personnalités d'antan...
