The Importance of New Technologies and Entrepreneurship in Business Development: In The Context of Economic Diversity in Developing Countries SBPD Publishing House

Data science is the field of study that combines domain expertise, programming skills, and knowledge of mathematics and statistics to extract meaningful insights from data. Data science or data-driven science enables better decision-making, predictive analysis, and pattern discovery. It lets you find the leading cause of a problem by asking the right questions and performing an exploratory study on the data. It models the data using various algorithms and communicates and visualizes the results via graphs, dashboards, etc. This book is based on the latest CBSE syllabus. The book is divided into two sections: Part A and Part B. Part A includes the "Employability Skills" and Part B covers the "Subject-specific Skills". This book presents the concepts in a very simple language with easy-to-understand examples adapted from day-to-day utilization of Data science technology. The chapters are supplemented with figures and additional information in the form of "Did you know?". In between the chapters, the students are given a chance to revise and challenge their understanding with the help of "Check your knowledge" and fun activities. At the end of every chapter, Multiple Choice Questions, Short and Long answer questions are given. It includes HOTS (Higher Order Thinking Skills) questions and Applied Projects for advanced and practical kinds of questions.

Basic of Information Technology 9 (A.Y. 2023-24) Onward CHANGDER OUTLINE

A Textbook of Retail [Subject Code: 401] for class 9 is designed and developed to facilitate the job role of Store Operation Assistant. It provides learners with the necessary skills and knowledge through practice, experience, and applications in day-to-day business. It has been developed as per the latest syllabus and examination pattern prescribed by the CBSE. The retail industry is one of the fastest growing industries in the skill sector. The entry of many small and large stores has increased the demand for skilled and trained retail professionals for various job roles such as store operation assistant, trainee associate, sales associate, etc. The objectives of this job role are to deliver products and services to the customers, maintain sufficient stock levels, sustain health and safety, and work effectively in a team as well as in the organisation. Consumers have become more aware of the practices in the retail sector as a result of the development of modern merchandising strategies and the establishment of large retail companies. Experiential learning stresses on the learning methodology for the individual. Thus, the learning activities are student-oriented rather than teacher-oriented. In this book, students will learn about introduction to retailing, receiving and storing goods, stock level in storage and how to deliver excellent customer service. Salient Features of this Book • This book adopts a simplified method of presenting the ideas, keeping the needs and expectations of the students and teachers in mind as laid down in the syllabus. • This book is divided into two parts: * Part A deals with the Employability Skills with chapters on the units: Communication Skills- I, Self-Management Skills- I, ICT Skills- I, Entrepreneurial Skills- I and Green Skills - I. * Part B which deals with the Subject Specific Skills comprises of four units. Each unit has four sessions. The first unit focuses on the introduction of retailing. The second unit explains the procedure of receiving and storing of goods. The third unit discusses the stock levels in retail stores, and the fourth unit describes how to deliver excellent customer service. • This book is learner-centred with a comprehensive approach. • Every session in each unit has its accompanying activity and practical exercises. Also, each unit ends with a self

assessment consisting of multiple choice questions, short answer and long answer questions that help in assessing the students' learning. • The learning objectives at the beginning of each unit describe a direction for the student to acquire new skills, knowledge and attitudes. • Fascinating pictures related to the topics are given. We hope that this book will help learners understand retail concepts and scenarios, allowing them to become successful retail professionals. Any suggestions for further improvement of the book will be most welcomed. We wish the readers all the best in their career. -Authors
