NATIONAL BESTSELLER • A coming-of-age classic about a young girl growing up in Chicago •

Acclaimed by critics, beloved by readers of all ages, taught in schools and universities alike, and translated around the world—from the winner of the 2019 PEN/Nabokov Award for Achievement in International Literature. “Cisneros draws on her rich [Latino] heritage...and seduces with precise, spare prose, creat[ing] unforgettable characters we want to lift off the page. She is not only a gifted writer, but an absolutely essential one.” —The New York Times Book Review *The House on Mango Street* is one of the most cherished novels of the last fifty years. Readers from all walks of life have fallen for the voice of Esperanza Cordero, growing up in Chicago and inventing for herself who and what she will become. “In English my name means hope,” she says. “In Spanish it means too many letters. It means sadness, it means waiting.” Told in a series of vignettes—sometimes heartbreaking, sometimes joyous—Cisneros’s masterpiece is a classic story of childhood and self-discovery and one of the greatest neighborhood novels of all time. Like Sinclair Lewis’s *Main Street* or Toni Morrison’s *Sula*, it makes a world through people and their voices, and it does so in language that is poetic and direct. This gorgeous coming-of-age novel is a celebration of the power of telling one’s story and of being proud of where you’re from.

John Ratey, bestselling author and clinical professor of psychiatry at Harvard Medical School, lucidly explains the human brain’s workings, and paves the way for a better understanding of how the brain affects who we are. Ratey provides insight into the basic structure and chemistry of the brain, and demonstrates how its systems shape our perceptions, emotions, and behavior. By giving us a greater understanding of how the brain responds to the guidance of its user, he provides us with knowledge that can enable us to improve our lives. In *A User’s Guide to the Brain*, Ratey clearly and succinctly surveys what scientists now know about the brain and how we use it. He looks at the brain as a malleable organ capable of improvement and change, like any muscle, and examines the way specific motor functions might be applied to overcome neural disorders ranging from everyday shyness to autism. Drawing on examples from his practice and from everyday life, Ratey illustrates that the most important lesson we can learn about our brains is how to use them to their maximum potential.

The New York Times bestseller that gives “readers with an entrepreneurial turn of mind . . . road maps on how millionaires found their niches” (USA Today). The author of the blockbuster bestseller *The Millionaire Next Door: The Surprising Secrets of America’s Wealthy* shows how self-made millionaires have surmounted shortcomings such as average intelligence by carefully choosing their careers, taking calculated risks, and living balanced lifestyles while maintaining their integrity. Dr. Thomas J. Stanley also builds on his research from *The Millionaire Next Door* and takes us further into the psyche of the American millionaire. Stanley focuses in on the top one percent of households in America and tells us the motor behind the engine; what makes them tick. His findings on how these families reached such financial success are based on in-depth surveys and interviews with more than thirteen hundred millionaires. “A very good book that deserves to be well read.” —The Wall Street Journal “Worth every cent . . . It’s an inspiration for anyone who has ever been told that he wasn’t smart enough or good enough.” —Associated Press “A high IQ isn’t necessarily an indicator of financial success . . . Stanley tells us that the typical millionaire had an average GPA and frugal spending habits—but good interpersonal skills.” —Entertainment Weekly “Ideas bigger than the next buck.” —Orlando Sentinel

An essential reference for all game designers, this 1938 classic is "a fascinating account of 'man the player' and the contribution of play to civilization" (Harper's). In this classic evaluation of play that has become a "must-read" for those in game design, Dutch philosopher Johan Huizinga defines play as the central activity in flourishing societies. Like civilization, play requires structure and participants willing to create within limits. Starting with Plato, Huizinga traces the contribution of Homo Ludens, or "man the player" through Medieval Times, the Renaissance, and into our modern civilization. Huizinga defines play against a rich theoretical background, using cross-cultural examples from the humanities, business, and politics. Homo Ludens defines play for generations to come.

In this, his culminating work, the leading international figure in consciousness research masterfully synthesizes his vast findings, drawing not only upon psychedelic therapy and Holotropic Breathwork, but also from literature, cross-cultural studies, ancient mystical sources and psychological data, resulting in a profound consolidation and articulation of what is now known about nonordinary states of consciousness. The Cosmic Game discusses the broadest philosophical, metaphysical and spiritual insights gleaned in Grof's research concerning human nature and reality, addressing the most fundamental questions human beings have asked about the nature of existence since time immemorial. Insights from research into nonordinary states of consciousness portray existence as an astonishing play of the cosmic creative principle that transcends time, space, linear causality, and polarities of every kind and suggest an identity of the individual psyche in its furthest reaches with the universal creative principle and the totality of existence. This identity of the human being with the Divine is the ultimate secret that lies at the core of all great spiritual traditions. "What moves this book into the status of a classic is that it is in substantial agreement with the world's great wisdom and spiritual traditions. This modern corroboration of the perennial philosophy is a stunning achievement and deserves publication to the widest audiences." -- Ken Wilber, author of *Up from Eden: A Transpersonal View of Human Evolution* and *The Atman Project: A Transpersonal View of Human Development* "The Cosmic Game is the latest and best of Stanislav Grof's extraordinary contributions to our understanding of human consciousness. This book provides a coherent picture of how individual experience fits into universal patterns of consciousness" -- Frances Vaughan, author of *Shadows of the Sacred: Seeing through Spiritual Illusions* "Perhaps the most important of all his works, representing as it does an integration of the most profound of his clients' experiences and demonstrating a remarkable convergence with the deepest spiritual experiences reported across centuries and cultures. This convergence is a finding of the greatest significance." -- Roger Walsh, author of *The Spirit of Shamanism* "Grof is the world's leading authority on the deep exploration of the mind and soul... This is a wonderful gift!" -- Charles Tart, author of *States of Consciousness* and *Psi: Scientific Studies of the Psychic Realm* Stanislav Grof, MD, is a psychiatrist with more than fifty years of experience in research of nonordinary states of consciousness. He has

been Principal Investigator in a psychedelic research program at the Psychiatric Research Institute in Prague, Czechoslovakia; Chief of Psychiatric Research at the Maryland Psychiatric Research Center; Assistant Professor of Psychiatry at the Johns Hopkins University; and Scholar-in-Residence at the Esalen Institute. He is currently Professor of Psychology at the California Institute of Integral Studies, conducts professional training programs in holotropic breathwork, and gives lectures and seminars worldwide. He is one of the founders and chief theoreticians of transpersonal psychology and the founding president of the International Transpersonal Association (ITA). In 2007, he was granted the prestigious Vision 97 award from the Vaclav and Dagmar Havel Foundation in Prague. He is the author and editor of many books, including *The Adventure of Self-Discovery: Dimensions of Consciousness and New Perspectives in Psychotherapy and Inner Exploration*; *Ancient Wisdom and Modern Science*; *Beyond the Brain: Birth, Death, and Transcendence in Psychotherapy*; *Human Survival and Consciousness Evolution*; and *Psychology of the Future: Lessons from Modern Consciousness Research*; all published by SUNY Press.

The definite account of psychologist Jean Piaget's work Jean Piaget's influence on psychology has been profound. His pathbreaking investigations and theories of cognitive development have set child psychology moving in entirely new directions. His bold speculations have provided the inspiration for the work of others. His studies have been the subject of many books and countless articles. And, significantly, his influence has spread to other disciplines and is having an ever-growing impact on the general culture at large. Here Jean Piaget, with the assistance of his long-time collaborator B el Inhelder, offers a definitive presentation of the developmental psychology he has elaborated over the last forty years. This comprehensive synthesis traces each stage of the child's cognitive development, over the entire period of childhood, from infancy to adolescence.

Este Libro, basado en los principios y fundamentos del entrenamiento financiero, busca entregarte todos los pasos y estrategias, adem s del impulso que requerir s para comenzar ahora, y no en diez a os m s, tu camino a la estabilidad financiera. La idea es que dise es tu estilo de vida ideal (vivir como millonario en el sentido de hacer cosas interesantes y no  nicamente poseer objetos

ostentosos y llamativos). Para el diseño de una verdadera vida de lujo busca una filosofía existencial diferente, deja atrás horarios de trabajo imposibles, libérate de restricciones actuales y concéntrate en ser productivo, no en estar permanente ocupado. El libro se encuentra organizado en cinco etapas que implican un progreso y crecimiento individual a modo de entrenamiento íntimo y muy personal. La primera etapa te insta a la expansión de tu mente y contexto personal. En la segunda, te comparto las semillas del conocimiento financiero. (Estas dos primeras etapas están más vinculadas a la psicología del dinero y las intensas emociones que nos provoca). En la tercera etapa, se persigue que seas consciente de tu propia seguridad, fortaleza e independencia económica. La cuarta etapa, te induce a expandir todo negocio e inversión que emprendas (utilizando herramientas sofisticadas como la variable tributaria a tu favor) y, finalmente, la quinta etapa, te invita a seguir el camino de la generosidad al compartir tu propia abundancia interior. Te invito entonces a ser imbatible financieramente hablando. Espero que asimiles desde ya que la mejor manera de ayudar o apoyar a otros es que primero procures tu propio bienestar.

Orgullo sajón es volver los ojos a un pasado oscuro, sumergirte en la primavera de un ayer de señores y vasallos, de campos y castillos, de enfrentamientos, mentiras y engaños, de seducción y pasión... Amor, romance y aventuras en esta apasionante novela de Nieves Hidalgo. Corazón de León comanda la Segunda Cruzada e Inglaterra se desangra entre intrigas y luchas feudales. Normandos y sajones se disputan su control y el rey Ricardo concede a su más fiel servidor, Wulkan, el señorío de Kellinword y la mano de una dama sajona, con el mandato expreso de unificar y pacificar el territorio. En este cometido, empeñará su ilusión y la búsqueda de un sosiego que no encontró guerreando. Su prometida, lady Jacqueline de Lynch, sin embargo, ha jurado vengar la muerte de sus padres y no rendir vasallaje a ningún normando. Escapa para no convertirse en su esposa, pero el destino la arrastrará a Kellinword definitivamente. La crítica ha dicho... «Los rifirrafe de la pareja, llevados por su carácter y su terquedad, proporcionan momentos deliciosos; sus enfrentamientos están cargados de pasión, de atrevimiento, también de ceguera en muchas ocasiones. Jacky no se morderá la lengua para decir lo que piensa, aunque lo que siente vaya por otros derroteros. Los momentos de pasión abundan y hay escenas cargadas de ternura, porque incluso un guerrero como Wulkan es capaz de la mayor suavidad cuando ama» Marta Luján Los lectores han dicho... «Como siempre, esta autora no defrauda. Novela romántica con unos personajes con caracteres muy fuertes y definidos.» «Como todo lo que escribe Nieves Hidalgo, una historia tierna y llena de furor a la vez. Jacky es una adelantada a su tiempo, una mujer valiente y decidida que debe vencer sus reservas para poder enamorarse del hombre que se ha convertido en su dueño. ¡¡Preciosa!!» «Este es el libro con el que conocí a Nieves Hidalgo y ¡¡me encantó!! es un libro ambientado en la edad media, en la época de los caballeros y los amores apasionados. Si te gustan las históricas ¡no te la puedes perder por nadaaaaa!» «Una novela preciosa. Los personajes principales con mucha fuerza. Este era el único libro de Nieves Hidalgo que no había leído y no me ha decepcionado.»

Free Play is about the inner sources of spontaneous creation. It is about why we create and what we learn when we do. It is about the flow of unhindered creative energy: the joy of making art in all its varied forms. An international bestseller and beloved classic, Free Play is an inspiring and provocative book, directed toward people in any field who want to contact, honor, and strengthen their own creative powers. It reveals how inspiration arises within us, how that inspiration may be blocked, derailed or obscured, and how finally it can be liberated—how we can be liberated—to speak or sing, write or paint, dance or play, with our own authentic voice. Stephen Nachmanovitch, a pioneer in free improvisation, integrates material from a wide variety of sources among the arts, sciences, and spiritual traditions of humanity, drawing on unusual quotes, amusing and illuminating anecdotes, and original metaphors. The whole enterprise of improvisation in life and art, of recovering free play and awakening creativity, is about being true to ourselves and our visions. Free Play brings us into direct, active contact with boundless creative energies that we may not even know we had.
