Virgil, Aeneid 11 Open
Book Publishers
This extract from Ovid's
'Theban History' recounts
the confrontation of
Pentheus, king of Thebes,
with his divine cousin,
Bacchus, the god of wine.
Notwithstanding the
warnings of the seer

Tiresias and the
cautionary tale of a
character Acoetes
(perhaps Bacchus in
disguise), who tells of how
the god once transformed
a group of blasphemous
sailors into dolphins,
Pentheus refuses to
acknowledge the divinity
of Bacchus or allow his
worship at Thebes.
Enraged, yet curious to
witness the orgiastic rites
of the nascent cult,

Pentheus conceals himself
in a grove on Mt.
Cithaeron near the locus
of the ceremonies. But in
the course of the rites he
is spotted by the female
participants who rush
upon him in a delusional
frenzy, his mother and
sisters in the vanguard,
and tear him limb from
limb. The episode abounds
in themes of abiding
interest, not least the
clash between the

authoritarian personality of Pentheus, who embodies 'law and order', masculine prowess, and the martial ethos of his city, and Bacchus, a somewhat effeminate god of orgiastic excess, who revels in the delusional and the deceptive, the transgression of boundaries, and the blurring of gender distinctions. This course book offers a wide-ranging introduction, the original Latin text, study aids with vocabulary, and an extensive commentary. Designed to

stretch and stimulate readers, Goldenhard and Zissos's incisive commentary will be of particular interest to students of Latin at AS and undergraduate level. It extends beyond detailed linguistic analysis to encourage critical engagement with Ovid's poetry and discussion of the most recent scholarly thought. The great German philologist Richard Heinze's *Virgil's Epische Technik* was originally published in German in 1903. It was the outstanding book on Virgil in its day, and it remains a very valuable study of the techniques Virgil used to compose the *Aeneid*. This English translation by Hazel Harvey, David Harvey and Fred Robertson was published in 1994, with an introduction by Antonie

Wlosok.

The Classical Tradition

Focus Vergil Aeneid

Commentaries

Virgil, Aeneid 8 provides the first full-scale commentary on one of the most important and popular books of the great epic of imperial Rome.

The commentary is accompanied by a new critical text and a prose translation.

Cicero, Philippic 2, 44-50,

78-92, 100-119 The

Floating Press

In republican times, one of Rome's deadliest enemies was King

Mithridates of Pontus. In 66 BCE, after decades of inconclusive struggle, the tribune Manilius proposed a bill that would give supreme command in the war against Mithridates to Pompey the Great, who had just swept the Mediterranean clean of another menace: the pirates. While powerful aristocrats objected to the proposal, which would endow Pompey with unprecedented powers, the bill proved hugely popular among the people, and one of the praetors, Marcus Tullius

Cicero, also hastened to lend it his support. In his first ever political speech, variously entitled pro lege Manilia or de imperio Gnaei Pompei, Cicero argues that the war against Mithridates requires the appointment of a perfect general and that the only man to live up to such lofty standards is Pompey. In the section under consideration here, Cicero defines the most important hallmarks of the ideal military commander and tries to demonstrate that Pompey is his living embodiment.

This course book offers a portion of the original Latin text, study aids with vocabulary, and a commentary. Designed to stretch and stimulate readers, the incisive commentary will be of particular interest to students of Latin at both AS and undergraduate level. It extends beyond detailed linguistic analysis and historical background to encourage critical engagement with Cicero's prose and discussion of the most recent scholarly thought.

Expositions of the Psalms

1-32 (Vol. 1) BRILL
A complete treatment of Aeneid XI, with a thorough introduction to key characters, context, and metre, and a detailed line-by-line commentary which will aid readers' understanding of Virgil's language and syntax. Indispensable for students and instructors reading this important book, which includes the funeral of Pallas and the death of Camilla.

Virgil, Aeneid 4 BRILL
The Fall of Troy is an epic poem in Greek hexameter verse by Quintus of

Smyrna. It depicts the events of the Trojan War, between the death of Hector and the fall of Ilium, thus serving as a continuation to Homer's Iliad.

Vergil's Aeneid Cambridge University Press

"As the psalms are a microcosm of the Old Testament, so the Expositions of the Psalms can be seen as a microcosm of Augustinian thought. In the Book of Psalms are to be found the history of the people of Israel, the theology and spirituality of the Old

Covenant, and a treasury of human experience expressed in prayer and poetry. So too does the work of expounding the psalms recapitulate and focus the experiences of Augustine's personal life, his theological reflections and his pastoral concerns as Bishop of Hippo."--
 Publisher's website.

The Speeches in Vergil's Aeneid Virgil, Aeneid, 4.1-299

In his first book of Satires, written in the late, violent days of the Roman republic, Horace exposes satiric speech as a tool of

power and domination. Using critical theories from classics, speech act theory, and others, Catherine Schlegel argues that Horace's acute poetic observation of hostile speech provides insights into the operations of verbal control that are relevant to his time and to ours. She demonstrates that though Horace is forced by his political circumstances to develop a new, unthreatening style of satire, his poems contain a challenge to our most profound habits of violence, hierarchy, and

domination. Focusing on the relationships between speaker and audience and between old and new style, Schlegel examines the internal conflicts of a notoriously difficult text. This exciting contribution to the field of Horatian studies will be of interest to classicists as well as other scholars interested in the genre of satire.

Women and War in Roman Epic Harvard University Press

"In *Women and War in Roman Epic*, Elina Pyy discusses the narrative and ideological functions

of gender in the works of Virgil, Lucan, Statius, Silius Italicus and Valerius Flaccus. By examining the themes of violence, death, guilt, grief, and anger in their epics, she offers an account of the intertextual tradition of the genre and its socio-political background. Through a combination of classical narratology and Julia Kristeva's subjectivity theory, Pyy scrutinises how gendered marginality is constructed in the genre and how it contributes to the fashioning of Roman

imperial identity. Focusing on the ambiguous elements of epic, the study looks beyond the binary oppositions between the Self and the Other, male and female, and Roman and barbarian"--
Satire and the Threat of Speech Bristol Classical Press
 Virgil became a school author in his own lifetime and the centre of the Western canon for the next 1800 years, exerting a major influence on European literature, art, and politics. This

Companion is designed as an indispensable guide for anyone seeking a fuller understanding of an author critical to so many disciplines. It consists of essays by seventeen scholars from Britain, the USA, Ireland and Italy which offer a range of different perspectives both traditional and innovative on Virgil's works, and a renewed sense of why Virgil matters today. The Companion is divided into four main sections, focussing on reception, genre, context, and form.

This ground-breaking book not only provides a wealth of material for an informed reading but also offers sophisticated insights which point to the shape of Virgilian scholarship and criticism to come.

Virgil, Aeneid X Princeton University Press

These books are intended to make Virgil's Latin accessible even to those with a fairly rudimentary

knowledge of the language. There is a departure here from the format of the electronic books, with short sections generally being presented on single, or double, pages and endnotes entirely avoided. A limited number of additional footnotes is included, but only what is felt necessary for a basic understanding of the story and the grammar. Some more detailed footnotes have been taken from Conington's edition of the Aeneid.

[Aeneid Book 1](#) Open Book

Publishers

In Book IV of Virgil's "Aeneid", one of the most studied books of that epic poem, Dido, queen of Carthage, is inflamed by love for Aeneas. The goddesses Juno and Venus plot to unite them, and their 'marriage' is consummated in a cave during a hunt. However, Jupiter sends Mercury to remind Aeneas of his duty, and the hero departs despite Dido's passionate pleas. At the end of the book, Dido commits suicide. This classic edition of the Latin

text of Book IV replaces the long-serving edition by Gould and Whiteley, making this book more accessible to today's students and taking account of the most recent scholarship and critical approaches to Virgil. It includes a substantial introduction, annotation to explain language and content, and a comprehensive vocabulary.

Aeneid Book 4

University of Oklahoma Press

Paideia Romana: Cicero's Tusculan Disputations

takes a new look at an unloved text of the western canon to reveal it as a punchy and profoundly original work, arguably Cicero's most ingenious literary response to the tyranny of Caesar. The book shows how the Tusculans' much lambasted literary design, critically isolated prefaces, and overlooked didactic plot start to cohere once we read the dialogue for what it is: not a Latin treatise on Greek philosophy, but a Roman drama on education, with a strong political subtext.

The first chapter ('The form □ enigmas and answers') tries to make sense of those features of the work that scholars have found baffling or disappointing, such as the nondescript characters, the uncertain genre, or the lack of setting. Chapter 2 ('The prologues □ in tyrannum and cultural warfare') analyses how Cicero in his prologues to the five individual books situates his desire to create and teach a 'Latin philosophy' within wider contexts, in particular the dictatorship of Caesar and

the intellectual traditions of Greece and Rome. The final chapter 3 ('The plot □ teacher and student') explores the pedagogy enacted in the dialogue as a form of constructive outreach, addressed to a future generation of Roman aristocrats. With its emphasis on rhetoric, literary artistry, and historical context, the present volume breaks with earlier scholarship on the Tusculans and thereby makes a significant contribution to the on-going reassessment of Cicero's thought and

authorial practice.

**The Waning Sword:
Conversion Imagery
and Celestial Myth in
'Beowulf'**

Open Book
Publishers

For more than a century, critics of the Aeneid have assumed that all or most of its episodes must propound something about Aeneas and his mission to found the Roman people, and through them about Rome and Augustus; whether that is their positive aspects, or their brutality and destructiveness, or the contrast between the

public "voice" of their achievements and the private "voice" of the suffering they cause. This book argues that this assumption is wrong; the Aeneid's main purpose was to present a series of emotionally moving episodes, especially pathetic ones. This book shows that the Aeneid makes more sense when regarded primarily as a series of emotion-arousing episodes than as expressing a pro-Aeneas, anti-Aeneas or two voices message. That is how it was regarded into the

nineteenth century and that is what the ancient Greeks and Romans assumed was the main purpose of literature.

Cicero, Against Verres,

2.1.53-86 A&C Black

This book is part of a series of individual volumes covering Books 1-6 of Vergil's Aeneid. Each book will include an introduction, notes, bibliography, commentary and glossary, and be edited by an expert in the field. These individual volumes will form a combined Vol 1-6 book as well.

Virgil's aeneid BRILL
Fratantuono and Smith provide the first detailed consideration of Book 5 of Virgil's Aeneid, with introduction, critical text, translation and commentary.

The Fall of Troy Open

Book Publishers

Love and tragedy dominate book four of Virgil's most powerful work, building on the violent emotions invoked by the storms, battles, warring gods, and monster-plagued wanderings of the epic's opening. Destined to be

the founder of Roman culture, Aeneas, nudged by the gods, decides to leave his beloved Dido, causing her suicide in pursuit of his historical destiny. A dark plot, in which erotic passion culminates in sex, and sex leads to tragedy and death in the human realm, unfolds within the larger horizon of a supernatural sphere, dominated by power-conscious divinities. Dido is Aeneas' most significant other, and in their encounter Virgil explores timeless themes

of love and loyalty, fate and fortune, the justice of the gods, imperial ambition and its victims, and ethnic differences. This course book offers a portion of the original Latin text, study questions, a commentary, and interpretative essays. Designed to stretch and stimulate readers, Ingo Gildenhard's incisive commentary will be of particular interest to students of Latin at both A2 and undergraduate level. It extends beyond detailed linguistic analysis to encourage critical

engagement with Virgil's poetry and discussion of the most recent scholarly thought.

Brill's Companion to Theocritus Language of Classical Lite
This is the first comprehensive commentary on Aeneid 11. The commentary treats fully matters of linguistic and textual interpretation, metre and prosody, grammar, lexicon and idiom, of Roman behaviour, social and ritual, as well as Virgil's sources and the literary tradition. New

critical approaches and developments in Virgilian studies have been taken into account with economy and fairness. The Latin text is presented with a facing English translation. The commentary is followed by an appendix on Penthesilea and the Epic Cycle and a second appendix which discusses the weaknesses of Aeneid 11. The book concludes with English and Latin indices. In approach and learning, this commentary continues Nicholas Horsfall's impressive work

as a commentator and will advance our understanding of the Aeneid and the poet Virgil.

Homer the Classic

Bristol Classical Press

Aeneas appears in The Illiad in vague snatches and starts as a traveling warrior of great piety who was loosely connected to the foundation of Rome. Virgil weaves these

fragments into a powerful myth about the founding of Rome in The Aeneid. Aeneas travels from his native Troy to Italy then wages victorious war upon the Latins.
