It seemed that whenever Mussolini acted on his own, it was bad news for Hitler. Indeed, the Fuhrer's relations with his Axis partners were fraught with an almost total lack of coordination. Compared to the Allies, the coalition was hardly an alliance at all. Focusing on Germany's military relations with Italy, Romania, Hungary, and Finland, Richard DiNardo unearths a wealth of information that reveals how the Axis coalition largely undermined Hitler's objectives from the Eastern Front to the Balkans, Mediterranean, and North Africa. DiNardo argues that the Axis military

alliance was doomed from the beginning by a lack of common war aims, the absence of a unified command structure, and each nation's fundamental mistrust of the others. Germany was disinclined to make the kinds of compromises that successful wartime partnerships demanded and, because Hitler insisted on separate pacts with each nation, Italy and Finland often found themselves conducting counterproductive parallel wars on their own. DiNardo's detailed assessments of ground, naval, and air operations reveal precisely why the Axis allies were so dysfunctional as a collective force, sometimes for seemingly mundane but vital reasons—a shortage of interpreters, for example. His analysis covers coalition warfare at every level, demonstrating that some military services were better at working with their allies

than others, while also pointing to rare successes, such as Rommel's effective coordination with Italian forces in North Africa. In the end, while some individual Axis units fought with distinction—if not on a par with the vaunted Wehrmacht—and helped Germany achieve some of its military aims, the coalition's overall military performance was riddled with disappointments. Breaking new ground, DiNardo's work enlarges our understanding of Germany's defeat while at the same time offering a timely reminder of the challenges presented by coalition warfare.

The Cambridge History of the Second World War: Volume 1, Fighting the War
 Soldiershop Publishing
 Introducing: Axis Powers: Iron Fist And Rising Sun - A Captivating Book Bundle
 Discover the captivating story of the Axis

Powers - Germany, Italy, and Japan - and their impact on World War II and the world at large. **Axis Powers: Iron Fist And Rising Sun** is a compelling book bundle that takes you on a captivating journey through the rise, fall, and aftermath of one of the most tumultuous periods in history. **Book 1: Rise And Fall: The Axis Powers In World War II** Step into the heart of the conflict as you explore the major events, military strategies, and key figures that defined the Axis Powers' involvement in World War II. From their lightning-fast blitzkrieg tactics to the intense battles on multiple fronts, this book provides a comprehensive and engaging account of the Axis Powers' military might and the relentless determination of their opponents. **Book 2: Fascism's Grip: The Axis Powers And Totalitarianism** Dive deep into the ideologies, policies, and practices that characterized the totalitarian regimes of Germany, Italy, and Japan. Explore the rise of fascism, the cults of personality surrounding leaders such as Hitler and Mussolini, and the impact of totalitarian rule on society, politics, and individual lives. Gain a profound understanding of the mechanisms of control and the far-reaching implications of these ideologies. **Book 3: The Asian Theatre: Axis Powers In The Pacific** Embark on an often-overlooked but crucial aspect of World War II - the Asian theater. Delve into the Japanese invasion of China, the island-hopping campaigns in the Pacific, and the strategic battles that shaped the course of the war in this region. Through gripping accounts of military strategies, personal stories, and the geopolitical significance of the Asian theater, this book sheds light on a critical chapter of history. **Book 4: The Aftermath: Axis Powers And Post-War Reckoning** Witness the profound impact of World War II on the Axis Powers and the complex aftermath that followed. From the Nuremberg Trials to the reconstruction efforts and the pursuit of justice, this book explores the post-war reckoning faced by the defeated nations. Gain insights into the challenges of rebuilding shattered societies, dismantling totalitarian systems, and pursuing a path of reconciliation in a post-war world. **Why Choose Axis Powers: Iron Fist And Rising Sun?** Comprehensive Coverage: This book bundle provides a comprehensive exploration of the Axis Powers, covering their rise, their military campaigns, their ideologies, and the aftermath of their defeat. Engaging Narratives: Immerse yourself in captivating storytelling as you journey through the significant events and key figures that shaped this pivotal period in history. Meticulous Research: Benefit from

meticulously researched and well-documented accounts, ensuring the accuracy and depth of the historical information presented. Thought-Provoking Analysis: Gain a deeper understanding of the complexities and consequences of World War II, totalitarianism, and the lasting impact of the Axis Powers. Complete Bundle: Get all four books in one bundle, offering a comprehensive and well-rounded exploration of the Axis Powers and their historical significance. **Axis Powers: Iron Fist And Rising Sun** is an essential addition to any history enthusiast's collection. Whether you are a student, a history buff, or simply eager to delve into the captivating story of World War II, this book bundle offers a riveting journey through the rise, fall, and aftermath of the Axis Powers. Don't miss out on this opportunity to explore the Axis Powers' impact on history. Grab your copy of **Axis Powers: Iron Fist And Rising Sun** today and embark on an unforgettable historical adventure!

The Axis Forces 5 Soldiershop Publishing World War II is usually seen as a titanic land battle, decided by mass armies, most importantly those on the Eastern Front. Phillips Payson O'Brien shows us the war in a completely different light. In this compelling new history of the Allied path to victory, he argues that in terms of production, technology and economic power, the war was far more a contest of air and sea than of land supremacy. He shows how the Allies developed a predominance of air and sea power which put unbearable pressure on Germany and Japan's entire war-fighting machine from Europe and the Mediterranean to the Pacific. Air and sea power dramatically expanded the area of battle and allowed the Allies to destroy over half of the Axis' equipment before it had even reached the traditional 'battlefield'. Battles such as El Alamein, Stalingrad and Kursk did not win World War II; air and sea power did.

Italian Aces of World War 2 Scarecrow Press

A new book-magazine dedicated to the history of the Axis formations during the Second World War, with most of the same group of employees who previously were involved in producing the magazine 'The European Volunteer'. We hope that this new project will be positively received by our readers, who already subscribed to the previous magazine so that we can continue our research and our studies on this particular subject of the Second World War, focusing our attention primarily on foreign voluntary formations of the Axis, but also expanding our discussion to the national military units of Germany, Italy

and other European satellite states. Send us your comments and your impressions, so you can meet your needs and improve the content of our magazine. Wishing everyone a pleasant reading experience, see you all in the next issue.

The Axis Forces 12 Back Bay Books

Flying aircraft such as the Macchi 200-202, Fiat G.50 and biplane Fiat CR.42, the Italian fighter pilots were recognised by their Allied counterparts as brave opponents blessed with sound flying abilities, but employing under-gunned and underpowered equipment. Following the Italian surrender in September 1943, a number of aces continued to take the fight to the Allies as part of the Luftwaffe-run ANR, which was equipped with far more potent equipment such as the Bf 109G, Macchi 205V and Fiat G.55. Flying these types, the handful of ANR squadrons continued to oppose Allied bombing raids on northern Italy until VE-Day.

The Axis Forces 21 Soldiershop Publishing In this issue we wanted to commemorate the 80th anniversary of both the German invasion of Poland and the Soviet invasion of Finland, two events that marked the beginning of World War II. In fact, analyzing the contents of this new issue, we initially find an article on the use of Totenkopf units in Poland in September 1939, a second article on the Soviet invasion of Finland. Then we find the biography of Karl Heinz-Boska by Peter Mooney, the history of the Italian smoke generating units on the Baltic, the use of the SS units during the battle of Kursk in July 1943, the first part of a long and detailed article on the biographies of the Krüger brothers and finally an article dedicated to the Close Combat Clasp.

Axis Powers Sagwan Press

This pictorial history presents an in-depth study of the various tanks built and deployed by the Axis Alliance during WWII. Though Nazi Panzer tanks have become a ubiquitous symbol of Axis Alliance combat, the Japanese Army had more tanks than Germany in 1938. These included the Type 95 light tank and the Type 89 and 97 medium tanks. Other Axis powers, including Italy, Romania and Hungary also built their own tanks. The latter was responsible for the Toldi and Turan light tank series. In this informative collection of wartime photographs, military expert Michael Green discusses how the Axis powers drew on British and French tank designs in the period leading up to the Second World War. The Carden-Loyd tankette suspension was used as a model for the Panzer 1 series as well as the light Italian and Japanese tanks. German engineering talent then produced the

ingenious designs of the Panzer II, III and IV series and, later in the War, the Panther Medium and Tiger heavy tanks.

The Second World War OUP Oxford

The enormous loss of life and physical destruction caused by the First World War led people to hope that there would never be another such catastrophe. How then did it come about that there was a Second World War causing twice the 30 million deaths and many times more destruction as had been caused in the previous conflict? In this Very Short Introduction, Gerhard L. Weinberg provides an introduction to the origins, course, and impact of the war on those who fought and the ordinary citizens who lived through it. Starting by looking at the inter-war years and the German invasion of Poland in September 1939, he examines how the war progressed by examining a number of key events, including the war in the West in 1940, Barbarossa, The German Invasion of the Soviet Union, the expansion of Japan's war with China, developments on the home front, and the Allied victory from 1944-45. Exploring the costs and effects of the war, Weinberg concludes by considering the long-lasting mark World War II has left on society today. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

The Axis Forces 15 Harper Collins

Operation Overlord was one of the greatest ever military offensives, working to free Europe from the yoke of Nazism. Starting with the landings on D-Day, Victory in Europe traces the Allied struggle to create a foothold in "Fortress Europe". Overcoming initial setbacks, the final crossing of the Rhine and the advance into Germany changed the course of European history forever. This gripping story is told from the perspective of the service men at the centre of the operation, and how their bravery and doggedness made the defeat of Hitler's hordes possible. Illustrated with over 100 black and white photos and maps, Victory in Europe is a thrilling read on the final offensive push against Adolf Hitler. Features: • Normandy landings • The liberation of Paris • Battle of the Bulge • The fall of Berlin • VE Day

Why the Axis Lost Arcturus Publishing

In this issue: The Kampfgruppe Rehmann, summer 1944, Albert Frey, Knight's Cross with Oakleaves Holder, The French Legion through the eyes of an SS-Kriegsbericht,

Free Corps Denmark at Velikije Luki, Hungarian Armored Forces in WW2, 2nd part.

Axis Forces in Yugoslavia 1941-45

"Describes the opposing viewpoints of the Allies and Axis during World War II"-- Provided by publisher.

The Bloody Road to Tunis Stackpole Books

In this groundbreaking work, Stanislav Kirschbaum examines the Slovak contribution to European civilization in the Middle Ages, the development of a specifically Slovak consciousness in the nineteenth century, the Slovak struggle for autonomy in Czech-dominated Czechoslovakia created by the Treaty of Versailles, the problems that the first Slovak Republic faced in a Nazi-controlled Europe, and the Slovak reaction to the communist regime. Kirschbaum completes this fascinating history by examining the debate about the future of Slovakia and the events that led to independence.

German Ground Forces of World War II

Cambridge University Press

Book magazine dedicated to the German, Italian and Japanese armed forces and their allies during WW2.

The Axis Forces 25 A.J. Kingston

We begin with the deployment of the Polizei Division on the Eastern Front, in the early summer of 1941. For the biographies, this time we address one of the best known and most famous officers of the Waffen SS, Gerd Bremer, who served first in the Leibstandarte Division and then in the Hitlerjugend. We continue with the third part of our study on Frikorps Danmark, as always accompanied by numerous and interesting photographs. The second part of the article dedicated to Walloon volunteers on the Eastern Front follows and we close with the story of Quisling's personal guard.

The Split History of World War II

Bloomsbury Publishing

Special operations - in this context, commando or guerilla activities - conducted by the U.S. Army in World War II have been the subject of a good many thrilling adventure stories but little sober, historical analysis. Only a handful of works have examined the critical issues underlying special operations, and the Army's historical series on World War II treats the subject only in passing. Yet special operations had a significant role that should not be ignored. Ranger units captured positions critical to the success of amphibious landings in the Mediterranean, France, and the Philippines. Partisans advised by American military personnel provided essential

intelligence to American forces and harassed enemy troops in support of American operations in Italy, France, the Philippines, and Burma. As special operations forces grow in importance within the U.S. Army, we need to look at our experience with such activities in World War II. I recommend this study as an overview for Army leaders and other interested parties of an important, but often misunderstood subject. It fills a gap in the Army's history of World War II and honors individuals whose efforts, frequently unsung, nevertheless made a major contribution to the American and Allied victory in that war. Harold W. Nelson Brigadier General, United States Army Chief of Military History

The Axis Force 12 Soldiershop Publishing

Describes weapons, equipment, and uniforms of World War II Allied Forces. *Germany and the Axis Powers from Coalition to Collapse* Cambridge University Press

We begin with the article by P.

Crippa, about the tanks of Mussolini, the armored division wanted by the Duce equipped with German vehicles. Following is the biography of Siegfried Brosow, one of the most famous and decorated officers of Waffen SS. We continue with an article about the employment of the Götz von Berlichingen division during the Mortain counteroffensive and another article on the employment of the Kampfgruppe Peiper on the Ukrainian front in 1943. Grégory Bouysse offers us a brief biography of the Walloon officer Henri Derriks. Our ever faithful Charles Trang speaks to us instead of the formation and employment of the 15th SS Latvian division. We close with the story of the Spanish volunteers integrated into the Waffen SS who fought in Berlin in 1945. *The Axis Forces 11* Osprey Publishing Book magazine dedicated to the German, Italian and Japanese armed forces and their allies during WW2. In this issue: - Attack against the 'Stalin Line', - Karl Nicolussi-Leck, Italian Volunteer in the Waffen-SS, - The "MONTEROSA" Alpine Division of the R.S.I., - Spanish in the Waffen SS, - German perception of volunteers of the Muslim division of the SS, - A Swedish Hero: Gösta Hallberg-Cuula

How the War Was Won DIANE Publishing

A masterful and comprehensive chronicle of World War II, by internationally bestselling historian Antony Beevor. Over the past two decades, Antony Beevor has established himself as one of the world's premier historians of WWII. His multi-award winning books have included Stalingrad and The Fall of Berlin 1945.

Now, in his newest and most ambitious book, he turns his focus to one of the bloodiest and most tragic events of the twentieth century, the Second World War. In this searing narrative that takes us from Hitler's invasion of Poland on September 1st, 1939 to V-J day on August 14, 1945 and the war's aftermath, Beevor describes the conflict and its global reach -- one that included every major power. The result is

a dramatic and breathtaking single-volume history that provides a remarkably intimate account of the war that, more than any other, still commands attention and an audience. Thrillingly written and brilliantly researched, Beevor's grand and provocative account is destined to become the definitive work on this complex, tragic, and endlessly fascinating period in world history, and confirms once more that he is

a military historian of the first rank. [The Axis Forces 4](#) Soldiershop Publishing The contents of this new issue: the Totenkopf-Division on the Western Front (May-June 1940), General der Waffen-SS Matthias Kleinheisterkamp, Hitler's Cossacks (part 3), Hans Siegel, Knight's Cross Holder of the 12. SS-Panzer Division, SS-Panzer Grenadier-Division Wiking on the Manytsch Front and the Panzerschreck.
