 Rowman & Littlefield  
 MEDITATION FOR BEGINNERS IN SIX WORLD RELIGIONS is a step-by-step guide to meditation based on Hinduism, Buddhism, Daoism, Kabbalah, Christian Mysticism, and Sufism. In Chapter I, I explain the nature of meditation and its various stages—physiological, psychological, and spiritual. Chapter II presents how to become free of negative conditioning, such as anxiety, stress, loneliness, depression; how to free positive qualities, such as love, compassion, generosity, trust; and how to expand moment to moment awareness. Chapter III discusses the process of formal meditation from the beginning all the way to enlightenment. In Chapter IV I set out Ground Rules for Formal Meditation. After discussing the Meaning of Yoga in Chapter IV, in the next chapter I present Patanjali's Yoga Sutra and the meditation practices it prescribes. Next I consider the Meaning of Mantra and Transcendental Meditation, and then Bhakti Meditation and Jnana Yoga or Yoga of Knowledge. Next three

chapters are devoted to Concentration and Insight Meditation to represent Theravada Buddhism; Zen Buddhism; and Tibetan Buddhism and their meditation practices. For Daoism, after discussing its nature, I present meditation exercises culled from various sources. Next, I go on to present Kabbalah and selective Kabbalist meditation practices. From Eastern Christianity, I include how to practice the "Jesus Prayer." For Western Christianity, I include meditative exercises culled from classical and contemporary sources. For Sufism, I include descriptions of meditative methods derived from various sources. For those who would want to proceed to advanced practices, I include chapters for Choosing a Path; Finding a Qualified Teacher; and the ideal Teacher-Student Relationship as these will be crucial for them to arrive an experience of enlightenment.

**Llewellyn's Complete Book of Ceremonial Magick** Lehigh University Press

This book is a radical exploration of the mystical teachings in the Gospel of John. It helps the reader to experience these spiritual truths for themselves, and go beyond the everyday mind, which is dominated by the ego and realize their eternal Being, which Johns Gospel calls Logos. By approaching the teachings in a meditative state, the symbolism contained within the Greek text opens out and comes alive in the present moment. The Gospel is not a historical document; it speaks directly to each person now and the states of consciousness represented in the stories are accessible now. The book contains guided meditations to help bring this to life for the reader. This awakening concerns our relationship with the whole of life. Spiritual consciousness means that we are aware of the sacredness of our connections to each other as fellow human beings, and to the creatures of the natural world. Christ and the Logos contain both masculine and feminine in balance; at this critical time, our well-being and that of our fellow creatures is dependent on this realization.

The Shambhala Guide to Kabbalah and Jewish Mysticism Jewish mystics from biblical times to the present have explored the hidden secrets of the Torah in quest of a single goal: to lose the self in the Infinite "No-thingness" (Ein Sof) and be at one with God. In language accessible to the layperson, this Shambhala Guide provides a detailed introduction to the complex world of Kabbalah and Jewish mysticism. With an extensive background in meditation practice, Perle Besserman emphasizes Kabbalah's spiritual disciplines, grounded in righteous living, devotional practices, and meditation. She discusses the Kabbalistic universe, including the four worlds and ten sefirot; Jewish meditation

techniques and instructions for beginning meditation; mystics and teachers from Rabbi Akiva and the Baal Shem Tov to Aryeh Kaplan; the often uneasy relationship between Kabbalah and mainstream Judaism; and applying the ancient wisdom of Jewish mysticism to life in the world of today.

There are no short-cuts to becoming a Witch. Traditionally, students take a year and a day to prepare for their initiation into the Craft. Based on this age-old custom, *Wicca: A Year and a Day* is a one-of-a-kind daily guide that introduces Witchcraft over a 366-day cycle. Ideal for solitary students, this intensive study course teaches the core content of Wiccan practice: the tides of time, the wonders of the seasons, the ways of herbs and magic, the mysticism of the Old Ones, and the inner disciplines of seers and sages. Daily lessons include exercises, Wiccan theology and lore, and discussions relating to circle work, magical correspondences, holidays, deities, tools, healing, and divination.

The Earth is poised to make a great disclosure. It's a hierophant. But what's a hierophant? A person who reveals the holy light. But it can also be a landscape or a planet. And what's the holy light? It is the structure of reality and consciousness, a map of the heavenly realms, the engineering blueprint of Creation. Some people call this imminent disclosure the Apocalypse and run for cover. But that is mistaken. Apocalypse means the revelation of the divine revelation. It means the end of our picture of the world as we know it. The world itself will be fine, even better than fine. Splendid. Illumined. The Architect of reality lays down His cards, face up, and you see the whole deck. Here is the truth of yourself and the Earth. How will this disclosure work? What we call sacred sites and holy landscapes will start revealing themselves in full to us in all their geomantic and visionary richness. That's the inner patterning of their design, their arrays of Light temples and subtle palaces primed for our visionary adventures and edification. The Earth needs us to have these adventures and visions because that's how we keep the planet healthy.

*Hierophantic Landscapes* visits five landscapes from Norway and England to California and Mexico, providing firsthand reports on the visions and adventures of a small band of geomancers as they seek to unravel the mysteries of the Earth. Maybe not such a small band, because along the way we encounter angels, landscape devas, Nature Spirits, and otherworldly mentors, and revel in vistas of the ancient past of the Earth when that revelation was as fresh as a sunrise, as it will soon be again.

*Poets, Heroes, and their Dragons (2 vols)* Shambhala Publications "Joyfully Jewish" is the first coloring book for adults in the "Color Your Soul" series of family and adult coloring books that integrate the relaxing, meditative art of coloring with deep chassidic secrets of Judaism. This coloring book for grownups and families is a relaxing, uplifting and meditative introduction to Jewish spirituality. Coloring for relaxation and stress relief is a peaceful, meditative activity. As you color in the pages, contemplate the Artnotes thoughts on them and try to internalize them. If you're doing this as a family activity, discuss the ideas while you color them in together. Afterwards, hang up these beautiful family treasures around your home to set a Joyfully Jewish tone. The designs are printed on one side of the page only to prevent bleed-through in this adult coloring book for relaxation.

Guru and Ban are twin brothers born into a Christian family. They both remember past lives, in which Guru was a Buddhist monk and Ban was an American army chaplain. Reincarnation may be

unheard of in Christianity, but the belief is less important than the way we live our present lives. The adventures of Guru and Ban will show you that it is possible for Christianity, Buddhism, Judaism, and other beliefs to lead their members into a covenant of mutual respect, love, and sharing. The brothers will challenge you to re-examine your ideas about good and evil, your place in Creation, and your own resurrection. Then, whatever conclusions you reach or beliefs you settle on, you will always be welcome to come and worship at the Green Church in Shalom City.

In this ground-breaking book, Lon Milo DuQuette explains the symbology of the cards in his Tarot of Ceremonial Magick, a new deck published by Next Millennium. The concept is a breakthrough for occultists of all paths. Each card is illustrated with a list of the Zodiacal, Enochian, Ceremonial, Goetic, Tattvic, and Elemental components. DuQuette explains how the cards relate to each other and makes immediately accessible the more difficult conceptual connections that Crowley made so easily. Through DuQuette's wit and decades of practical knowledge of magical practice, students of the arcane arts can gain a whole new level of understanding of how and why magic works.

*Keeping God at the Center* is informative as well as instructional. It contains four kinds of teaching: first, insights derived from pondering the meaning of selected phrases and prayers from the traditional liturgy; second: four chapters on the personalist theology behind traditional Jewish prayer; third, meditations on the liturgy and clear instructions on how to pray certain prayers; and, fourth, instructions on how to pray certain prayers mystically. Both those well-acquainted with the prayerbook and

those completely unfamiliar with it will be able to derive benefit from this book. It is a continuation of the main themes of Blumenthal's earlier work in Jewish spirituality, theology, and mysticism.

"On a more specific level, this book analyses Rothenberg's use of postmodern "appropriative strategies," such as collage, assemblage, palimpsest, parody, pastiche, forgery, found poetry, and theft. These strategies illustrate the concept, practice, and problematics of appropriation." "Embracing postmodern experimentation and drawing on heterodox Jewish sources, Rothenberg constructs a contemporary American Jewish identity that does not rely on institutionalized Judaism."--Jacket.

Originally published in 1975, *Experience of the Inner Worlds* is a classic magical textbook of the Western Mystery Tradition. Covering a wide range of topics within a Christian-oriented Qabalistic framework, Gareth Knight explains the difference between magic and mysticism, natural and revealed religion, monism and theism. He also covers the practicalities, examining methods of inner plane communication, contact with the Masters, the 'consciousness' approach of Carl Jung, the vision of Dante and the archetypal power of the Hebrew alphabet - all within the context of the Qabalistic Tree of Life. The book also contains powerful visualisation exercises and examples of communication with angelic and elemental contacts. While this book can be used as a course of self-instruction, it is also an important modern reference book of magical theory and practice, and has been used for decades by students of Western Qabalah and magic.

Jehovah-tsidkenu, "the Lord our righteousness"; Jehovah-shalom, "the Lord our peace"; Jehovah-jireh, "the Lord will provide." This is a study of the twelve most common Hebrew names for God and their significance and fulfillment in Christ. God's names reveal not only different dimensions of His character but also point to their fulfillment in the Person and work of Jesus Christ. This classic study examines the Old Testament names of God and the particular aspect of His character and dealings with man that each reveals. *Names of God* is a book that will help contemporary Christians better understand the glory, majesty, and power of God.
