Fletorja zyrtare e Republikës së Shqipërisë Logos-A

Imagine writing with the skill of a published author, the knowledge of a seasoned editor and the savvy of a New York literary agent....you'd have all the know-how it takes to transform your story idea into a novel worthy of praise and publication. In this unique guide, agent, editor and novelist Evan Marshall does give you everything it takes to write your novel. Drawing on his extensive experience, Marshall has perfected a simple and methodical approach to novel writing. His clear-cut, 16-step "Marshall Plan" breaks down the complex novel-writing process into a series of parts you put together one piece at a time. You'll have your whole story planned and plotted before you actually begin writing, so there's no chance of working yourself in a corner or making critical mistakes in pacing and plot. In short, The Marshall Plan for Novel Writing works. Use it, and watch your story masterfully develop into a completed manuscript ready to get the full attention of readers, agents and editors alike.

The File on H. Logos-A

A Descriptive Grammar of English is a concise pedagogical reference grammar, highlighting the fundamentals of contemporary English grammar, clearly illustrated with unambiguous and pertinent examples of modern usage.

Gjuha jonë Writer's Digest Books

Beauty, grace and power make the tiger one of the world's most loved animals, yet it is precisely these qualities that have been its downfall. Poaching for skins and body parts, loss of habitat and prey and conflicts between people and wild tigers have caused catastrophic declines in tiger numbers throughout their range. If wild tigers are to survive through the next century, we must act now. *Riding the Tiger* is a comprehensive, scientific and eminently readable account of the problems and possible solutions of securing a future for wild tigers. Lavishly illustrated in full colour, it is written by leading conservationists working throughout Asia. It is a vital information resource for tiger conservationists in the field, necessary reading for serious students of carnivore conservation and conservation biologists in general, and an accessible overview of tiger conservation for general readers.

Aquatic Life of the World Springer

In the mid-1930s, two Irish Americans travel to the Albanian highlands with an early model of a marvelous invention, the tape recorder. Their mission? To discover how Homer could have composed works as brilliant and as long as *The Iliad* and *The Odyssey* without ever putting pen to paper. The answer, they believe, can be found only in Albania, the last remaining habitat of the oral epic. But immediately upon their arrival, the scholars' seemingly arcane research excites suspicion and puts them at the center of ethnic strife in the Balkans. Mistaken for foreign spies, they are placed under surveillance and are dogged by gossip and intrigue. It isn't until a fierce-eyed monk

from the Serbian side of the mountains makes his appearance that the scholars glimpse the full political import of their search for the key to the Homeric question.

Fjalor i shqipes së sotme Skyhorse

Why did the taxi crash on the autobahn in Vienna? Who exactly were Besfort Y and Rovena, the mysterious couple who died after being flung from the backseat? How was Besfort connected to the war in the Balkans? And why was his affair with Rovena clouded in jealousy and mistrust? Who wanted them dead? This is the story of the last forty weeks of their lives - a fever dream where love and obsession collide.

Kah teoria Walter de Gruyter

This book illustrates how to use description logic-based formalisms to their full potential in the creation, indexing, and reuse of multimedia semantics. To do so, it introduces researchers to multimedia semantics by providing an in-depth review of state-of-the-art standards, technologies, ontologies, and software tools. It draws attention to the importance of formal grounding in the knowledge representation of multimedia objects, the potential of multimedia reasoning in intelligent multimedia applications, and presents both theoretical discussions and best practices in multimedia ontology engineering. Readers already familiar with mathematical logic, Internet, and multimedia fundamentals will learn to develop formally grounded multimedia ontologies, and map concept definitions to high-level descriptors. The core reasoning tasks, reasoning algorithms, and industry-leading reasoners are presented, while scene interpretation via reasoning is also demonstrated. Overall, this book offers readers an essential introduction to the formal grounding of web ontologies, as well as a comprehensive collection and review of description logics (DLs) from the perspectives of expressivity and reasoning complexity. It covers best practices for developing multimedia ontologies with formal grounding to guarantee decidability and obtain the desired level of expressivity while maximizing the reasoning potential. The capabilities of such multimedia ontologies are demonstrated by DL implementations with an emphasis on multimedia reasoning applications.

A Stanford University Press classic.

Spring Flowers, Spring Frost Canongate Books

The auxiliary *do* (*tun*) is one of the most-discussed constructions in West Germanic. In German, there is a striking opposition between modern standard German, where the construction is virtually ungrammatical and considered to be "sub-standard" by most speakers, whilst, as this book shows, the construction is attested in all modern dialects as well as historic stages since 1350. In answering why auxiliary *tun* is ungrammatical in modern standard German, it is shown that the stigmatization of *tun* was caused by prescriptive grammarians in the 16th-18th century. Furthermore it is shown that the stigmatization of *tun* as "bad" German occurred in clearly discernible stages, from bad poetry (1550-1680), to bad written German (1680-1740) and finally to "bad" German in general (after 1740), thus providing evidence that the history of the standardization of German needs to take into account direct metalinguistic comments from prescriptive grammarians. The effectiveness

of linguistic purism is also shown by evidence from two other constructions, namely polynegation and double perfect.

A Descriptive Grammar of English John Wiley & Sons

From Ismail Kadare, winner of the inaugural Man Booker International Prize – a novelist in the class of Coetzee, Pamuk, Márquez, and Rushdie – the stunning new translation of one of his major works. In the early fifteenth century, as winter falls away, the people of Albania know that their fate is sealed. They have refused to negotiate with the Ottoman Empire, and war is now inevitable. Soon enough, dust kicked up by Turkish horses is spotted from a citadel. Brightly coloured banners, hastily constructed minarets, and tens of thousands of men fill the plain below. From this moment on, the world is waiting to hear that the fortress has fallen. The Siege tells the enthralling story of the weeks and months that follow – of the exhilaration and despair of the battlefield, the constantly shifting strategies of war, and those whose lives are held in the balance, from the Pasha himself to the artillerymen, astrologer, blind poet, and harem of women who accompany him. "Believe me," the general said. "I've taken part in many sieges but this," he waved towards the castle walls, "is where the most fearful carnage of our times will take place. And you surely know as well as I do that great massacres always give birth to great books. You really do have an opportunity to write a thundering chronicle redolent with pitch and blood, and it will be utterly different from the graceful whines composed at the fireside by squealers who never went to war." Brilliantly vivid, as insightful as it is compelling, *The Siege* is an unforgettable account of the clash of two great civilisations, and a portrait of war that will resonate across the centuries.

Riding the Tiger Basic Books (AZ)

As spring arrives in the Albanian mountain town of B, some strange things are emerging in the thaw. Bank robbers strike the National Bank. Old terrors are dredged up from the shipwreck of history. And ultra-explosive state secrets are threatening to flood the entire nation. Mark, an artist, finds the peaceful rhythms of his life turned upside down by ancient love and modern barbarism and by the particular brutality of a country surprised and divided by its new freedom.

The Ghost Rider Anchor Canada

Provides information on grammatical rules and how to use them, with advice on adding variety to writing, and examples of the right and wrong way to say things.

Studime filologjike Penguin

An old woman is awoken in the dead of night by knocks at her front door. The woman opens it to find her daughter, Doruntine, standing there alone in the darkness. She has been brought home from a distant land by a mysterious rider she claims is her brother Konstandin. But unbeknownst to her, Konstandin has been dead for years. What follows is chain of events which plunges a medieval village into fear and mistrust. Who is the ghost rider?

The Accident Writer's Digest Books

Masterful in its simplicity, *Chronicle in Stone* is a touching coming-of-age story and a testament to the perseverance of the human spirit. Surrounded by the magic of beautiful women and literature, a boy must endure the deprivations of war as he suffers the hardships of growing up. His sleepy country has just thrown off centuries of tyranny, but new waves of domination inundate his city. Through the boy's eyes, we see the terrors of World War II as he witnesses fascist invasions, allied

bombings, partisan infighting, and the many faces of human cruelty—as well as the simple pleasures of life. Evacuating to the countryside, he expects to find an ideal world full of extraordinary things, but discovers instead an archaic backwater where a severed arm becomes a talisman and deflowered girls mysteriously vanish. Woven between the chapters of the boy's story are tantalizing fragments of the city's history. As the devastation mounts, the fragments lose coherence, and we perceive firsthand how the violence of war destroys more than just buildings and bridges.

Part of the authoritative four-volume reference that spans the entire field of child development and has set the standard against which all other scholarly references are compared. Updated and revised to reflect the new developments in the field, the *Handbook of Child Psychology, Sixth Edition* contains new chapters on such topics as spirituality, social understanding, and non-verbal communication. Volume 4: *Child Psychology in Practice*, edited by K. Ann Renninger, Swarthmore College, and Irving E. Sigel, Educational Testing Service, covers child psychology in clinical and educational practice. New topics addressed include educational assessment and evaluation, character education, learning disabilities, mental retardation, media and popular culture, children's health and parenting.

Kultura popullore Logos-A

"The new edition of this A-Z guide explores the main concepts and terms used in the study of language and linguistics. Containing over 300 entries, thoroughly updated to reflect the latest developments in the field, this book includes entries in: cognitive linguistics; discourse analysis; phonology and phonetics; psycholinguistics; sociolinguistics; and syntax and semantics." "Beginning with brief definition, each entry is followed by a comprehensive explanation of the origin and usage of the term. The book is cross-referenced throughout and includes further reading for academics and students alike."--BOOK JACKET.

Standard Albanian Walter de Gruyter

Descriptive grammars are our main vehicle for documenting and analysing the linguistic structure of the world's 6,000 languages. They bring together, in one place, a coherent treatment of how the whole language works, and therefore form the primary source of information on a given language, consulted by a wide range of users: areal specialists, typologists, theoreticians of any part of language (syntax, morphology, phonology, historical linguistics etc.), and members of the speech communities concerned. The writing of a descriptive grammar is a major intellectual challenge, that calls on the grammarian to balance a respect for the language's distinctive genius with an awareness of how other languages work, to combine rigour with readability, to depict structural regularities while respecting a corpus of real material, and to represent something of the native speaker's competence while recognising the variation inherent in any speech community. Despite a recent surge of awareness of the need to document little-known languages, there is no book that focusses on the manifold issues that face the author of a descriptive grammar. This volume brings

together contributors who approach the problem from a range of angles. Most have written descriptive grammars themselves, but others represent different types of reader. Among the topics they address are: overall issues of grammar design, the complementary roles of outsider and native speaker grammarians, the balance between grammar and lexicon, cross-linguistic comparability, the role of explanation in grammatical description, the interplay of theory and a range of fieldwork methods in language description, the challenges of describing languages in their cultural and historical context, and the tensions between linguistic particularity, established practice of particular schools of linguistic description and the need for a universally commensurable analytic framework. This book will renew the field of grammaticography, addressing a multiple readership of descriptive

linguists, typologists, and formal linguists, by bringing together a range of distinguished practitioners from around the world to address these questions.

Vatra e kulturës Stanford University Press

This is the story of an Italian general, accompanied by his chaplain, charged with the mission of scouring Albania in search of the bones of their fallen countrymen, killed twenty years earlier during World War II.
