This book is a collection of my short stories in diverse genres. From Romance to Thriller most of the loved genres you can find in this book. A story for everyone is there inside in a much compressed and quick narration to fit the modern era readers.

**Can I Love?** One Point Six Technology Pvt Ltd

Well, what can I say??? This book portrays one month in one woman's life, a month of massive realisations that

catapult her into a different future than she had ever imagined. It is the illusion of her desires, her passion thrusting her into the unknown. The journey inspires her creativity and opens deep parts of her that she didn't know existed. The story is set entirely in texts and emails, some to and from her lover, some written to herself. Sometimes you need to read between the lines! It is raw, explicit and from the heart.

**Quirkyalone** Routledge

The papers in this volume were selected from the Silver Jubilee edition of the Annual Conference of the Linguistic Association of Nigerian (LAN) which was held at the Nigerian Educational

Research and Development Council (NERDC), Abuja, Nigeria. The Silver Jubilee edition is dedicated to the father of Nigerian Linguistics, Professor Emeritus Ayo Bamgbose. Professor Emeritus Bamgbose was the first indigenous Professor of Linguistics in Nigeria, and the first black African to teach linguistics in any known university south of the Sahara. He was there from the very beginning, and together with co-operation of people such as the late Professor Kay Williamson, he nurtured Nigerian linguistics. He is not just a foremost Nigerian linguist, but also a most famous, respected, celebrated, distinguished, and cherished African linguist of all times. To be candid, Nigerian linguistics is synonymous with Professor Emeritus Bamgbose. In 58

well-written chapters by experts in their fields, the book covers aspects of Nigerian languages, linguistics, literatures and culture. The papers have not been categorized into sections; rather they flow, hence there is some overlapping in the arrangement. The book is an essential resource for all who are interested to learn about current trends in the study of languages, linguistics and related subject-matters in Nigeria.

*The Inside Text* Oxford University Press  
The high degree of internet penetration and its social (and linguistic) effects evidently influence how people, and especially the highly susceptible younger generations, use language. The primary aim of the book is not only to identify the characteristic features of the digital

language variety (this has already been done by several works) but to examine how digital communication affects the language of other mediums of communication: orality, handwritten texts, digitally created but not digitally perceived, that is printed texts, including in particular advertisements (which quickly respond to linguistic change). Naturally, the book presents the characteristics of the digital language variety (and coins the term digilect) but only to give a framework to the impact analysis. It is important to document changes in progress and thus direct attention to potential outcomes. The current linguistic change is different from previous ones primarily in its speed and form of spreading, and it not only brings innovative grammatical forms and

writing/spelling solutions but may also have far-reaching cultural and educational consequences in the long run.

This festive parody reimagines a classic bedtime book as a lively Jewish family gathering complete with bubbies and zeydes—a perfect gift or read aloud that includes an exclusive latke recipe by Ina Garten, TV’s Barefoot Contessa! In the small blue room there was a bubbala, and a little shmatta, and then—oy vey!—came the whole mishpacha! This zesty parody of one of America’s favorite picture books offers a very different bedtime routine: one that is full of family exuberance and love. Instead of whispers of “hush,” this bedtime includes dancing and kvelling, and of

course, noshing—because this little bunny is a Jewish bunny, and this joyous book celebrates the Jewish values of cherishing your loved ones, expressing gratitude, and being generous. Filled with Yiddish words, the book includes a phonetic glossary and even an easy latke recipe by beloved cookbook author Ina Garten, who calls the book “brilliant, beautiful, important, and so much fun!”

*The Sleep Lady's Good Night, Sleep Tight*  
 The Unofficial Joke Book of Good Night SMS

Provides advice for helping infants sleep, including helping a baby to sleep through the night, weaning a child from a family bed, sleepwalking, nightmares, and teaching children how to get themselves to sleep.

*BLACKBERRY LOVE* Tommy Nelson

This report examines the findings of a study by Bell Atlantic, IBM, and Siemens which investigated the role of the Intelligent Network in telecommunications. It considers current trends and future developments, on a national and international level. This report defines and describes the concept of the Intelligent Network and considers the operating requirements (including the hardware and software) and the types of service a network user can expect. Concepts, definitions, and terminology reflect the status of the Intelligent Network in 1988. Actual implementation may differ due to the constantly changing environment, new requirements, and experiences with existing solutions. The report is divided into six parts: Part 1 introduces the

concept of the Intelligent Network, and describes elements common to all IN services. It considers the application program and network management requirements, and provides examples of the hardware and software proposed for implementing the network. Parts 2 through 6 include detailed descriptions of specific IN services. In each part there is a functional service description and an application description. The reader is expected to have a general knowledge and understanding of existing telecommunication networks.

#### Digital Discourse Peter Lang

Promoting democracy has grown from a small, little-known activity to a high-profile endeavor. It now involves academia, think tanks, and the popular media. The number of countries and

organizations, inter-governmental, non-governmental, as well as governmental involved in supporting the spread of democracy is now legion. Countries touched by these efforts include a majority of all the world's states and some independent territories that are not yet fully sovereign. The definitional boundaries between promoting democracy and international advocacy and defense of human rights and "good governance" are not precise. Similarly, the concept of promoting democracy itself is not uniformly accepted. It has become a slogan that attracts both fervent support and grave condemnation. For Burnell, promoting democracy refers to a wide range of non-coercive attempts to spread democracy abroad for whatever reason.

At its heart, it is political intervention in the domestic affairs of other countries that seeks to affect the distribution of power, whether by patient and non-violent involvement or more urgent action, democracy assistance projects form a core activity. Burnell holds that participation in the democracy assistance industry will continue to grow. However, the industry's progress up until now has in part been contingent on the progress of democratization itself. The slowdown that is currently happening in the advance of freedom and democracy around the world, and the strength shown by leading authoritarian or semi-authoritarian regimes, must raise questions about the outlook for democracy promotion. If democracy promotion and assistance are to be fit

for the future, then the need for a broadly based, appropriately contextualized examination of the policy and the performance is greater now than at any time in the past.

KATA orang, cinta tidak mengenal siapa. Cinta itu perkara biasa bagi makhluk yang bergelar manusia. Mahu bercinta, ingin dicintai – itu sudah pasti! Persis ombak dan pantai yang tidak ingin berpisah walau sesaat. Itulah CINTA! Cinta yang mendalam pada Erynn membutuhkan matanya. Kali pertama bertemu, Darren Ho sudah jatuh hati. Perwatakan Erynn yang agak lurus mencuit hatinya. Kelembutan sifat Erynn meruntun jiwanya. Keikhlasan gadis itu menawan sanubari. Namun, latar

belakang mereka yang jauh berbeza, apatah lagi perbezaan agama yang dianuti menjadi halangan besar buat mereka meneruskan hubungan. Madam Ho sama sekali tidak mahu melepaskan Darren kepada Erynn. Maka, dia membuat muslihat untuk memisahkan mereka. Bagi mempertahankan nama keluarga Ho, Madam Ho memaksa Darren mengahwini Tania, gadis sebangsanya. Darren serba salah. Antara ibu dan kekasih, yang mana patut didahulukan? Mempertahankan cintanya atau terus menjadi anak yang patuh? Gila! Memang gila dibuatnya. Yang pasti, dia tidak pernah berhenti membilang hari... bilakah cintanya dan Erynn bakal bersatu.

 This is a story about love, sacrifice, disappointment and happiness. Life often leaves you in crossroads during crucial moments. The decisions taken at that point decides your further course. My journey of life is about such decisions taken at crossroads. Sometimes being selfless will snatch everything leaving you high and dry and being little selfish will make your gloomy life to bloom. God helps ONLY them who help themselves.

**Environment and Planning** Penguin  
 This “page-turning biography” reveals the extraordinary life of the children’s book author behind Goodnight Moon and The Runaway Bunny (BookPage). Millions of people around the world know Margaret Wise Brown through her classic

works of children’s literature. But few know that she was equally remarkable for her business savvy, her thirst for adventure, and her vital role in a children’s book publishing revolution. Margaret used her whimsey and imagination to create stories that allowed girls to see themselves as equal to boys. And she spent days researching subjects, picking daisies, and observing nature, all in an effort to precisely capture a child’s sense of wonder as they discovered the world. Living extravagantly off her royalties, Margaret embraced life with passion and engaged in tempestuous love affairs with both men and women. Among her great loves was the gender-bending poet and ex-wife of John Barrymore who went by the pen name Michael Strange. She later

became engaged to a younger man who was the son of a Rockefeller and a Carnegie. When she died unexpectedly at the age of forty-two, Margaret left behind a cache of unpublished work and a timeless collection of books. Drawing on newly-discovered personal letters and diaries, author Amy Gary reveals an intimate portrait of this creative genius whose unrivaled talent breathed new life in to the literary world.

From a leading pediatric sleep physician comes a revolutionary program that will have everyone in the house sleeping through the night. When Dr. Craig Canapari became a father, he realized that all his years of 36-hour hospital shifts didn't even come close to

preparing him for the sleep deprivation that comes with parenthood. The difference is that parents don't get a break—it's hard to know if there's a night of uninterrupted sleep anywhere in the foreseeable future. Sleepless nights for kids mean sleepless nights for the rest of the family—and a grumpy group around the breakfast table in the morning. In *It's Never Too Late to Sleep Train*, Canapari helps parents harness the power of habit to chart a clear path to high-quality sleep for their children. The result is a streamlined two-step sleep training plan that focuses on cues and consequences, the two elements that shape all habits and that take on special importance when it comes to kids' bedtime routines. Dr. Canapari distills years of clinical research and

experience to make sleep training simple and stress-free. Even if you've been told that you've missed the optimal "window" for sleep training, Dr. Canapari is here to prove that it's never too late, whether your child is 6 months or 6 years old. He's on your side in the battle against bedtime, and with his advice, parents and children alike can expect a lifetime of healthy sleep.
