This book will be of major interest to student teachers, teachers, lecturers and researchers. It provides a case for an integrated approach to the teaching of drama in primary and secondary schools that will help practitioners develop a theoretical rationale for their work. It also offers practical examples of lesson plans and schemes of work designed to give pupils a broad and balanced experience of drama. These are presented within a framework that argues for an integration of content and form, means and ends, and internal and external experience. Whereas

the author's previous work argued for an inclusive approach that reconciled polarized views about performance drama and improvisation, this book shows how those activities can be related to each other in practice in an integrated curriculum.

First Published in 2000. Over the last 30 years, growth in the popularity and provision of books for children has been remarkable. The quality and inventiveness of children's authors and illustrators have led some to think of the picture book as a new art form. This book is a celebration of some of this work and it concentrates on the potential that picture books have for the teaching and learning of literacy. The aim of this book is to encourage colleagues to take a closer look at some of their favourite picture books and to see how they can be used as a starting point for enjoyable and challenging literacy work in primary classrooms. Believing that teachers do not need to rely on schemes to structure their English curriculum and with this in mind this book includes 24 popular titles that have been identified in terms of their potential for delivering exciting text-, sentence- and word-level work. Written to be used as a resource, and anticipate that many readers will be most interested the commentaries on the picture books (contained in Chapters 3- 7) and the accompanying photocopiable activity sheets.

Baking With Kafka Twinkl

In his inimitable style, British cartoonist Tom Gauld has opened comics to a crossover audience and challenged perceptions of what the medium can be. Noted as a "book-lover's cartoonist," Gauld's weekly strips in The Guardian, Britain's most well-regarded newspaper, stitch together the worlds of literary criticism and pop culture to create brilliantly executed, concise comics. Simultaneously silly and serious, Gauld adds an undeniable lightness to traditionally highbrow themes. From sarcastic panels about the health hazards of being a best-selling

writer to a list of magical items for fantasy writers (such as the Amulet of Attraction, which summons mainstream acceptance, Hollywood money, and fresh coffee), Gauld's cartoons are timely and droll—his trademark British humour, impeccable timing, and distinctive visual style sets him apart from the rest. Lauded both for his frequent contributions to *New Scientist*, *The Guardian* and *The New York Times*, and his Eisner-nominated graphic novels, Tom Gauld is one of the most celebrated cartoonists working today. In *Baking with Kafka*, he proves this with one witty, sly, ridiculous comic after another.

"This is a superb production..." - Pat Mills (Marshal Law, Charley's War, Slaine) Shakespeare died 400 years ago this year and no story captures the mysticism and brutality of Scottish history quite like 'Macbeth'. This graphic novel aims to tell the darkest version yet of this tale of witchcraft, murder, manipulation and unbridled ambition... When we first meet Macbeth he is a hero, he has fought valiantly for his country and saved Scotland from invasion by land and sea. But a mysterious encounter with three witches, who claim to see his future on the throne, spurs his interest in being king. This sets in motion a spiral of evil as Macbeth pushes destiny and descends ever deeper into the abyss. Basing his drawings on Prague Shakespeare Company's adaptation of Shakespeare's masterpiece Scottish artist Stewart Kenneth Moore has 'done double' by documenting a stage

performance in Prague by illustrating it against the starkest memories, places and myths of his homeland. Based on an adapted version of the play, the pacing of the panels and scene setting serves to clarify aspects of the play that can be hard to understand on the stage. In addition the thirty page script, adapted by PSC, is reproduced at the back of the book. Shakespeare loosely based Macbeth on actual events. The witchcraft in this story is almost certainly based on 'Newes from Scotland' a London pamphlet on the Berwick Witch trials. Extracts from this pamphlet are included in this book for comparison. It is the opinion of the artist that 'Newes from Scotland' and Macbeth, to a degree, share the same political subtext, only in Shakespeare's case it comes with a dose of subtle irony. This 114 page book began as a 'Twitter' challenge to illustrate Macbeth in just 28 days in 2016. See - #28DayGraphicNovel 'This is a superb production. The stark black and white style is so sympathetic to the story. And the self-imposed tight deadline is a great idea because deadlines are at the heart of Anglo-American comics and we need them to make our graphic dreams come true.' - Pat Mills (Marshal Law, Charley's War, Slaine)
