Although best known as the wife of C. S. Lewis, Joy Davidman was an accomplished writer in her own right, with several published works to her credit. *Out of My Bone* tells Davidman's life story in her own words through her numerous letters most never published before and her autobiographical essay "The Longest Way Round." / Gathered and expertly introduced by Don W. King, these letters reveal Davidman's persistent search for truth, her curious, incisive mind, and her arresting, sharply penetrating

voice. They chronicle her religious, philosophical, and intellectual journey from secular Judaism to atheism to Communism to Christianity. Her personal engagement with large issues offers key insights into the historical milieu of America in the 1930s and 1940s. Davidman also writes about the struggles of her earlier marriage to William Lindsay Gresham and of trying to reconcile her career goals with her life as mother of two sons. Most poignantly, perhaps, these letters expose Davidman's mental, emotional, and spiritual state as she confronted the cancer that eventually took her life in 1960 at age 45. / Moving and riveting, *Out of My Bone* reveals anew the singular woman whom Lewis deeply loved and who influenced his later writings, especially *Till We Have Faces*.

"This book is very important in the wider context of related scholarship in the modern-day civil rights movement because it will be the first on the youth perspective in the NAACP. . . . I believe that it will be widely used by scholars and the general public."—Linda Reed, author of *Simple Decency and Common Sense: The Southern Conference Movement, 1938-1963* "A recent trend in the historiography of the civil rights movement is the increased understanding of the role that young people played in the right for equality. . . . Bynum has filled a gap in the civil rights literature in this short book." —Choice Historical studies of black youth activism have until now focused almost exclusively on the activities of the Congress Racial Equality (CORE) and the Student Nonviolent Coordinating Committee (SNCC). However, the NAACP youth councils and college chapters predate both of those organizations. Thomas Bynum carefully examines the

activism of the NAACP youth and effectively refutes the perception of the NAACP as working strictly through the courts. His research illuminates the many direct-action activities undertaken by the young people of the NAACP—activities that helped precipitate the breakdown of racial discrimination and segregation in America. He also explores the evolution of the youth councils and college chapters, including their sometime rocky relationship with the national office, and captures the successes, failures, and challenges the NAACP youth groups experiences at the national, state, and local levels. Thomas Bynum is an assistant professor of history at Middle Tennessee State University.

College financial aid is not like negotiating with a car dealership, where bluff and bluster will get you a bigger, better deal. Appealing for more financial aid depends on presenting the college financial aid office with adequate documentation of special circumstances that affect the family's ability to pay for college. This book provides a guide for students and their families on how to appeal for more financial aid for college and how to improve the likelihood of a successful appeal. This book also discusses techniques for increasing eligibility for need-based financial aid and merit aid. The topics covered by this book include corrections, updates, special circumstances, writing an effective financial aid appeal letter, adequate documentation, professional judgment adjustments, unusual circumstances, dependency overrides and the differences between the FAFSA and CSS Profile forms.

Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email

Leslie Pal explores a phenomenon unique to Canadian politics - the direct funding of advocacy groups by the government - and makes a significant contribution to the debate on the role of the state in shaping society. Focusing on groups concerned with the official languages, multiculturalism, and women's issues, he argues that funding was not neutral but was driven by state interests, and particularly by a national unity agenda.
