*Minimalisms* Univ of California Press

Drawing on all the community's collective voices--from "doctors to drug dealers"--*Fearless Dialogues* is a groundbreaking program that seeks real solutions to problems of chronic unemployment, violence, and hopelessness. In cities around the United States and now the world, the program's founder, Gregory C. Ellison, and his team create conversations among community members who have never spoken to one another, the goal of which are real, implementable, and lasting changes to the life of the community. These community transformations are based on both face-to-face encounters and substantive analysis of the problems the community faces. In *Fearless Dialogues: A New Movement for Justice*, Ellison makes this same kind of analysis available to readers, walking them through the steps that must be taken to find common ground in our divided communities and then to implement genuine and lasting change.

*A Brief History of the Subordination of African Americans in the U.S.* Wipf and Stock Publishers

"Entertaining history...Donovan was a combination of bold innovator and imprudent rule bender, which made him not only a remarkable wartime leader but also an extraordinary figure in American history" (The New York Times Book Review). He was one of America's most exciting and secretive generals—the man Franklin Roosevelt made his top spy in World War II. A mythic figure whose legacy is still intensely debated, "Wild Bill" Donovan was director of the Office of Strategic Services (the country's first national intelligence agency) and the father of today's CIA. Donovan introduced the nation to the dark arts of covert warfare on a scale it had never seen before. Now, veteran journalist Douglas Waller has mined government and private archives throughout the United States and England, drawn on thousands of pages of recently declassified documents, and interviewed scores of Donovan's relatives, friends, and associates to produce a riveting biography of one of the most powerful men in modern espionage. *Wild Bill Donovan* reads like an action-packed spy thriller, with stories of daring young men and women in the OSS sneaking behind enemy lines for sabotage, breaking into Washington embassies to steal secrets, plotting to topple Adolf Hitler, and suffering brutal torture or death when they were captured by the Gestapo. It is also a tale of political intrigue, of infighting at the highest levels of government, of powerful men pitted against one another. Separating fact from fiction, Waller investigates the successes and the occasional spectacular failures of Donovan's intelligence career. It makes for a gripping and

revealing portrait of this most controversial spymaster.

*History 3-11* Routledge

Inside, readers will find an introductory overview of key developments in biology since 1900; a detailed chronology of milestones in biology; biographical sketches of influential scientists of the twentieth century and their roles in advancing the science; annotated listings of related organizations, works for further reading, and Web sites; and a comprehensive dictionary of more than 1,200 biological terms and concepts."--BOOK JACKET.  
*HĀ-ĪSH MŌSHE: Studies in Scriptural Interpretation in the Dead Sea Scrolls and Related Literature in Honor of Moshe J. Bernstein* SacraSage Press

Today's moviegoers and critics generally consider some Hollywood products—even some blockbusters—to be legitimate works of art. But during the first half century of motion pictures very few Americans would have thought to call an American movie "art." Up through the 1950s, American movies were regarded as a form of popular, even lower-class, entertainment. By the 1960s and 1970s, however, viewers were regularly judging Hollywood films by artistic criteria previously applied only to high art forms. In *Hollywood Highbrow*, Shyon Baumann for the first time tells how social and cultural forces radically changed the public's perceptions of American movies just as those forces were radically changing the movies themselves. The development in the United States of an appreciation of film as an art was, Baumann shows, the product of large changes in Hollywood and American society as a whole. With the postwar rise of television, American movie audiences shrank dramatically and Hollywood responded by appealing to richer and more educated viewers. Around the same time, European ideas about the director as artist, an easing of censorship, and the development of art-house cinemas, film festivals, and the academic field of film studies encouraged the idea that some American movies--and not just European ones--deserved to be considered art.

*Victory Through Surrender* Routledge

In the course of last two decades, the notion of care has become prominent in the social and cultural sciences. As a result of this proliferation of care in several disciplinary fields, we are observing not only the expansion of its conceptual meaning, but also an increasing imprecision in its usage. A growing amount of literature focuses on the intersection between work, gender, ethnicity, affect, and mobility regimes. In view of this growing field of literature, *Anthropological Perspectives on Care* looks at the notion of care from an anthropological perspective. Complementing earlier approaches, Alber and Drotbohm argue that an interpretation of care in relation to three different concepts, namely work, kinship and the life-course, will facilitate empirical and conceptual distinctions between the different

activities that are labeled as care.

*New Movements in the Study and Teaching of History* WWW.Snowballpublishing.com

This is one of the best books that I have ever read. E. Stanley Jones was a great man who walked with God. His wisdom developed over a lifetime is distilled here. The only path to victory - joy, peace, and purpose in life - is by surrendering one's life to God and spending the rest of one's life surrendering over and over again until it becomes a habit. It is a process, one that takes time and self-discipline. But the result, as Jesus promised, is a life that is full and overflowing - not one without pain - but one of overcoming trial after trial by taking direction from the One who knows and loves us like no one else. The secret of how to do that is in this book. Harold G. Koenig, M.D. Director, Center for Spirituality, Theology and Health Duke University Medical Center, Durham, North Carolina

*Silent Histories* SAGE

Updated in response to the 2000 revision of the National Curriculum, this text explores ways in which curriculum balance and coherence can be achieved and a rich and exciting primary history curriculum retained, while not underestimating the demands of literacy, numeracy and ICT.

*Placing Movies* Routledge

Jonathan Rosenbaum, longtime contributor to such publications as *Film Quarterly*, *Sight and Sound*, and *The Village Voice*, is arguably the most eloquent, insightful film critic writing in America today. *Placing Movies*, the first collection of his work, gathers together thirty of his most distinctive and illuminating pieces. Written over a span of twenty-one years, these essays cover an extraordinarily broad range of films—from Hollywood blockbusters to foreign art movies to experimental cinema. They include not just reviews but perceptive commentary on directors, actors, and trends; and thoughtful analysis of the practice of film criticism. It is this last element—Rosenbaum's reflections on the art of film criticism—that sets this collection apart from other volumes of film writing. Both in the essays themselves and in the section introductions, Rosenbaum provides a rare insider's view of his profession: the backstage politics, the formulation of critical judgments, the function of film commentary. Taken together, these pieces serve as a guided tour of the profession of film criticism. They also serve as representative samples of Rosenbaum's unique brand of film writing. Among the highlights are memoirs of director Jacques Tati and maverick critic Manny Farber, celebrations of classics such as *Gentlemen Prefer Blondes* and *The Manchurian Candidate*, and considered reevaluations of Orson Welles and Woody Allen.

*Womanist Sass and Talk Back* Vintage

The fruit of a two-year research project, this ground-breaking

book aims to provide the first historical account of the teaching of history in twentieth-century England, and a series of reflections and suggestions which will inform, feed into and influence the current and future debates about teaching in schools.

**Media Literacy in the Digital Age** Routledge

The Guided Reader to Teaching and Learning History draws on extracts from the published work of some of the most influential history education writers, representing a range of perspectives from leading classroom practitioners to academic researchers, and highlighting key debates surrounding a central range of issues affecting secondary History teachers. This book brings together key extracts from classic and contemporary writing and contextualises these in both theoretical and practical terms. Each extract is accompanied by an introduction, a summary of the key points and issues raised, questions to promote discussion and suggestions for further reading to extend thinking. Taking a thematic approach and including a short introduction to each theme, the chapters include: The purpose of history education; Pupil perspectives on history education; Assessment and progression in history; Inclusion in history; Diversity in history; Teaching difficult issues; Technology and history education; Change and continuity; Historical Interpretations; Professional development for history teachers. Aimed at trainee and newly qualified teachers including those working towards Masters level qualifications, as well as existing teachers, this accessible, but critically provocative text is an essential resource for those that wish to deepen their understanding of History Education.

**Fearless Dialogues** Beacon Press

The Manual for Courts-Martial (MCM), United States (2012 Edition) updates the MCM (2008 Edition). It is a complete reprinting and incorporates the MCM (2008 Edition), including all amendments to the Rules for Courts-Martial, Military Rules of Evidence (Mil. R. Evid.), and Punitive Articles made by the President in Executive Orders (EO) from 1984 to present, and specifically including EO 13468 (24 July 2008); EO 13552 (31 August 2010); and EO 13593 (13 December 2011). This edition also contains amendments to the Uniform Code of Military Justice (UCMJ) made by the National Defense Authorization Acts for Fiscal Years 2009 through 2012. Some of the significant changes are summarized and listed below. This summary is for quick reference only and should not be relied upon or cited by practitioners in lieu of the actual provisions of the MCM that have been amended. The MCM (2012 Edition) includes unique changes warranting attention.

**Functional and Operatorial Statistics** Schreiber, Shengold Publishing

"Silent Histories" was originally published in 2014 in a limited edition of 45 handmade copies, Tokyo / 2014"--Colophon.

**The Overseers of Early American Slavery** Harrassowitz

"As Celia struggles to keep Tessa from getting caught up in a bleak crusade for answers, she finds that their sessions open the door to emotions that she's spent years ignoring, forcing her to face the rising tensions in her life - her troubled teenage son, her alcoholic ex-husband, and her fragile new marriage. Celia begins to realize that she must come to terms with the tragic mistakes of her past and the choices that have led her family to their own brink of destruction." "A haunting portrait of two women whose lives converge unexpectedly when the answers one needs turn out to be the other's only chance for peace, *Life Without Summer* illuminates connections between love, marriage, truth, and forgiveness no reader will forget."--BOOK JACKET.

**Torah and Wisdom** Routledge

Rev. ed. of: History 3-11. Abingdon [UK]: David Fulton, 2006.

**Rhythm and Resistance** Chicago Review Press

In recent years, terms such as geometrical purity, technical precision, elimination of ornament and abstraction have tended to be summed up in a single word: minimalism. This book establishes, in art and architecture, the genealogy of a concept whose currency in our daily lives transcends any one discipline. After reviewing the work of the minimalist sculptors who came to the fore in the sixties (Donald Judd, Carl Andre, Sol LeWitt, Robert Morris), the book goes on to consider the austere rationalism of architects such as Adolf Loos and Mies van der Rohe. On this basis minimalisms sets out to present examples of recent architectural practice (Herzog & de Meuron, Peter Zumthor, John Pawson) which, in their combination of the purest forms of the Modern Movement with the most advanced techniques and materials, have helped popularize an aesthetic and a word that have become a sign of the times.

**Time, Culture and Identity** Routledge

"Rhythm and Resistance offers practical lessons about how to teach poetry to build community, understand literature and history, talk back to injustice, and construct stronger literacy skills across content areas and grade levels-- from elementary school to graduate school. Rhythm and Resistance reclaims poetry as a necessary part of a larger vision of what it means to teach for justice." from cover.

**Christianity Beyond Christendom** Westminster John Knox Press

R. G. Collingwood is an important 20th-century historian, archaeologist and philosopher whose works are the subject of continued interest, analysis and study. There is an unquestionable need to support this research activity with the provision of a reference guide which is fully up-to-date, informed and authoritative. The Companion therefore lists all primary and secondary material relevant to the study of Collingwood in all his fields of expertise - historical theory, philosophy and archaeology. It also provides a guide to archive material relevant to his life,

together with sources and locations. The resulting volume is an essential companion to the understanding of the life and thought of R. G. Collingwood.

**Professional Studies in Primary Education** Springer

This textbook gives you a broad overview of everything you will need to know to prepare for your initial teacher training and future career in the classroom. Covering practical issues including planning and assessment, and thought-provoking topics such as reflecting on your practice and developing critical thinking skills, this textbook provides you with an insightful exploration of the realities of teaching in primary schools. This fourth edition has been comprehensively revised and includes five new chapters on: · Teacher wellbeing · The Early Career Framework (ECF) · Digital literacy and primary schools after the pandemic · Growth mindset, dialogue and P4C · Learning outside the classroom This is essential reading for all students on primary initial teacher education courses including university-based (PGCE, BEd, BA with QTS), and schools-based (School Direct, SCITT, Teach First) routes into teaching. Hilary Cooper is Professor Emeritus of History and Pedagogy at the University of Cumbria. Sally Elton-Chalcraft is Professor of Social Justice in Education and also the Director of the Learning Education and Development Research centre in the Institute of Education at the University of Cumbria.

**History 5-11** CRC Press

What if God is not in control? And what if, instead, God always expresses uncontrollable love? Eighty leading thinkers explore the implications of a new way to think about God, the world, and our everyday lives. Their conclusions are radical, whether their writing is in story form or more academic. Essayists take ideas in Thomas Jay Oord's award-winning book, *The Uncontrollable Love of God: An Open and Relational Account of Providence* (IVP Academic). Each contributor explores how we might think and live in light of uncontrollable love.

**The Guided Reader to Teaching and Learning History**

Routledge

The eighteen studies in this volume in honor of Moshe Bernstein on the occasion of his 70th birthday mostly engage with Jewish scriptural interpretation, the principal theme of Bernstein's own research career as expressed in his collected essays, *Reading and Re-Reading Scripture at Qumran* (Brill, 2013). The essays develop a variety of aspects of scriptural interpretation. Although many of them are chiefly concerned with the Dead Sea Scrolls, the significant contribution of the volume as a whole is the way that even those studies are associated with others that consider the broader context of Jewish scriptural interpretation in late antiquity. As a result, a wider frame of reference for scriptural interpretation impinges upon how scripture was read and re-read in the scrolls from Qumran.
