In 1775, the young Count de Sade decided to turn a flight from legal trouble into an opportunity to undertake the "grand tour."

He transformed his sojourns in Florence, Rome, Naples, and their environs into a philosophical travelogue; alongside advice on where to go and what to see, his Journey to Italy would include analyses of local customs and institutions, history and politics, natural phenomena, and the development of the arts. For today's readers, Journey to Italy provides remarkable portraits of major Italian cities and the surrounding countryside, vivid accounts of aristocratic and popular entertainments, and a clear sense of what it was like to be a tourist in eighteenth-century Italy - from scams, rough roads,

and unreliable guidebooks to learned interlocutors, balls, and nights at the opera. We witness Sade learning about the lives of Roman emperors, the machinations and misdeeds of pontiffs, the power struggles of the Medici, the ancient libertine world revealed by the excavations of Herculaneum and Pompeii, and a host of artistic examples and cultural practices - the material he would soon metamorphose into trenchant satire, gothic horror, and violent sexual fantasy. This book presents the first English translation of Sade's unfinished and unpolished Journey to Italy along with his

extensive dossiers of notations, sketches, plans, and correspondence. The translation is accompanied by extensive explanatory annotations and preceded by a critical introduction that provides biographical, artistic, historical, and intellectual context for Sade's fascinating project, connecting his travels in and writings about Italy to his later famous and controversial works.

Inventing Eastern Europe Northwestern University Press

Donatien Alphonse Francois, Marquis de Sade (1740-1814), one of the most perplexing personalities of Western culture, has been called 'the freest spirit who ever lived' and 'a frenetic and abominable assemblage of all crimes and obscenities'. Yet scant attention has been given to the two women who were the catalysts of his fate: his loyal, tolerant wife, Renee-Pelagie, and his vindictive mother-in-law, Madame de Montreuil. This groundbreaking account vividly brings to life these two dynamic women and the complex bonds they evolved with the rakish Marquis, as they dedicated themselves to protecting, curbing and, ultimately, confining him. Francine du Plessix Gray draws on thousands of pages of correspondence between the magnetic, aristocratic Marquis de Sade and his plain, bourgeois wife, to explore in historical and psychological detail what it was like to live with this maverick adventurer and man of letters in the decades before the French Revolution. She brilliantly recreates the extravagant hedonism and corruption of late-18th-century France, the ensuing Terror, and the oppression of the Napoleonic regime under which de Sade spent his last years.

Journey to Italy Routledge

"Blank Darkness: Africanist Discourse in French is a brilliant and altogether convincing analysis of the way in which Western writers, from Homer to the twentieth century have . . . imposed their language of desire on the least-known part of the world and have called it 'Africa.' There are excellent readings here of writers ranging from Baudelaire, Rimbaud, Sade, and Céline to Conrad and Yambo Ouologuem, but even more impressive and important than these individual readings is Mr. Miller's wide-ranging, incisive, and exact analysis of 'Africanist' discourse, what it has been and what it has meant in the literature of the Western world."—James Olney, Louisiana State University

At Home With The Marquis De Sade City Lights Books

While written sources on the history of Greece have been studied extensively, no

systematic attempt has been made to examine photography as an important cultural and material process. This is surprising, given that Modern Greece and photography are almost peers: both are cultural products of the 1830s, and both actively converse with modernity. *Camera Graeca: Photographs, Narratives, Materialities* fills this lacuna. It is the first inter-disciplinary volume to examine critically and in a theorised manner the entanglement of Greece with photography. The book argues that photographs and the photographic process as a whole have been instrumental in the reproduction of national imagination, in the consolidation of the nation-building process, and in the generation and dissemination of state propaganda. At the same time, it is argued that the photographic field constitutes a site of memory and counter-memory, where various social actors intervene actively and stake their discursive, material, and practical claims. As such, the volume will be of relevance to scholars and photographers, worldwide. The book is divided into four, tightly integrated parts. The first, 'Imag(in)ing Greece', shows that the consolidation of Greek national identity constituted a material-cum-representational process, the projection of an imagery, although some photographic production sits uneasily within the national canon, and may even undermine it. The second part, 'Photographic narratives, alternative histories', demonstrates the narrative function of photographs in diary-keeping and in photobooks. It also examines the constitution of spectatorship through the combination of text and image, and the role of photography as a process of materializing counter-hegemonic discourses and practices. The third part, 'Photographic matter-realities', foregrounds the role of photography in materializing state propaganda, national memory, and war. The final part, 'Photographic ethnographies' *Blank Darkness* New Directions Publishing In an era when both Church and State assigned gender roles and defined sexual practices in terms of male/female, lawful/illicit, Sade's extensive accounts of sexual activity were categorized as deviant, prurient or provocative. William F. Edmiston explores how Sade's unique challenge to sexual, moral and social taboos anticipates the discourses of queer theory. Following an overview of queer theory, Edmiston examines the categories of sex, gender and sexuality as treated in some of Sade's best- and lesser-known works. He demonstrates the extent to which Sade erodes the boundaries of

sexual opposition through discourses justifying rather than illegitimizing 'unlawful' sex. The author reveals the coexistence of two competing discourses on sexuality: a proclivity that cannot be eradicated, and a habit that one can choose to adopt. This pioneering re-reading culminates with an examination of how recent biographies attempt to force Sade into a normal/abnormal dichotomy, manipulating police reports, personal correspondence or narratorial interventions to establish (or not) the author's homosexuality. Through revealing Sade's attempts to undermine prevailing gender roles and sexual identities, Edmiston uncovers a 'queer' discourse that challenges the still common assumption that heterosexuality is exclusively natural and normative, and that nature has always prompted humans to reproduce, rather than to seek pleasure. *The Life and Ideas of the Marquis de Sade* Contra Mundum Press

The infamous Marquis' political satire, revealing, but never offensive, and full of his familiar obsessions: his hatred of all things pretentious, his loathing of a corrupt judicial system, his damning of hypocrisy and false piety.

Political Writings offers an abundance of newly translated essays by Simone de Beauvoir that demonstrate a heretofore unknown side of her political philosophy. The volume traces nearly three decades of Beauvoir's leftist political engagement, from exposés of conditions in fascist Spain and Portugal in 1945 and hard-hitting attacks on right-wing French intellectuals in the 1950s, to the 1962 defense of an Algerian freedom fighter Djamilia Boupacha and a 1975 article arguing for what is now called the "two-state solution" in Israel. In addition, this collection includes provocative essays in which Beauvoir analyzes American politics in ways of particular interest to scholars today.

Sade My Neighbor John Wiley & Sons Herman and the noble and proud Ernestine, two young lovers, find themselves confronted with a pair of libertines who will stop at nothing—not even the confines of the law—to assuage their desires. Count Oxtiern, villainous and dissolute, and his accomplice Madame Scholtz, a widow of lusty temperament,

will shrink from nothing, no lie, no treachery is beneath them in their quest for sexual fulfillment. But does crime really never pay? Or can virtue vanquish vice? This pair of stories showcases his profound moral and social principles, and sets this elegant critique of class prejudice apart from being a mere pornographic episode.

Set against the impending riptide of the French Revolution and composed while Sade was imprisoned in the Bastille, Aline and Valcour embodies the multiple themes that would become the hallmark of his far more sulfurous works. This epistolary work combines genres, interweaving the adventure story with the libertine novel and the novel of feelings to create a compelling, unitary tale. Turbulence disrupts virtuous lives when corrupt schemers work incestuous designs upon them that don't stop with abduction and seduction -- as crime imposes tragic obstacles to love and delivers harsh threats to morality and religion. Embedded within Aline and Valcour are sojourns in unknown lands in Africa and the South Seas: Butua, a cannibalistic dystopia, and Tamoé, a utopian paradise headed by a philosopher-king. In Butua, a lustful chief and callous priesthood rule over a doomed people, with atrocious crimes committed in broad daylight, while in Tamoé happiness and prosperity reign amidst benevolent anarchy. Although not sexually explicit, Aline and Valcour shared the fate of Sade's other novels -- banned in 1815 and later classified a prohibited work by the French government. Published clandestinely, it did not appear in bookstores until after WWII. Continuously in print in France ever since, today it occupies the first volume of the Pléiade edition of the author's collected works. This is the very first rendering of the book into English since its publication in 1795.

The History of Anti-Semitism, Volume 3 The Minerva Group, Inc.

Aline and Valcour are two young people who love each other passionately. But Aline's father, the Comte de Blamont, is an unscrupulous despot whom neither friendship, nor even family, restrains his bestial sexual appetites, even going so far as to mix his daughters in his morbid desires. A passionate and cruel plot, faithful exponent of the literary style of one of the most characterized "cursed" writers in Western society.

[A Companion to African History](#) Cambridge University Press

Set against the impending riptide of the French Revolution and composed while Sade was imprisoned in the Bastille, Aline & Valcour is a sprawling and intellectually sweeping work. Unlike 120 Days of Sodom, while not pornographic, Aline & Valcour embodies the multiple themes and ideas that would become the hallmark of Sade's more sulfurous works.

Covers the history of the entire African continent, from prehistory to the present day [A Companion to African History](#)

embraces the diverse regions, subject matter, and disciplines of the African continent, while also providing chronological and geographical coverage of basic historical developments. Two dozen essays by leading international scholars explore the challenges facing this relatively new field of historical enquiry and present the dynamic ways in which historians and scholars from other fields such as archaeology, anthropology, political science, and economics are forging new directions in thinking and research. Comprised of six parts, the book begins with thematic approaches to African history—exploring the environment, gender and family, medical practices, and more. Section two covers Africa's early history and its pre-colonial past—early human adaptation, the emergence of kingdoms, royal power, and warring states. The third section looks at the era of the slave trade and European expansion. Part four examines the process of conquest—the discovery of diamonds and gold, military and social response, and more. Colonialism is discussed in the sixth section, with chapters on the economy transformed due to the development of agriculture and mining industries. The last section studies the continent from post World War II all the way up to modern times. Aims at capturing the enthusiasms of practicing historians, and encouraging similar passion in a new generation of scholars Emphasizes linkages within Africa as well as between the continent and other parts of the world All chapters include significant historiographical content and suggestions for further reading Written by a global team of writers with unique backgrounds and views Features case studies with illustrative examples In a field traditionally marked by narrow specialisms, [A Companion to African History](#) is an ideal book for advanced students, researchers, historians, and scholars looking for a broad yet unique overview of African history as a whole.

Bibliotheca Heberiana ; Catalogue Of The Library Of The Late Richard Heber, Esq Pan Macmillan

The literary adventure of D.A.F. (1740-1814) is unique and paradoxical. He was widely read in the nineteenth century, but his books disappeared almost completely from circulation in the century. Meanwhile the exegesis of Sade poured from the presses of the Western world in a flood of words in which the writer, the novelist, and the exceptional pet disappeared. In France today, J. J. Pauvert, who considers Sade "the greatest French writer," is publishing a new edition of the

complete works with a new introduction by Annie Le Brun. *Sade: A Sudden Abyss* is the translation of this introduction, which shows Sade as the inventor of an entirely new language through which he fathoms human nature, desire, and relationships of power. In this fresh and authoritative survey of Sade's work as a whole, Le Brun frees it from such critics as Bataille, Blanchot, Klossowski, and Barthes (who see Sade's language as a metaphor for history, society, or writing itself). She asks, Where is Sade himself in these texts? What exactly does Sade tell us? What is obscured when Sade's writing is placed in a "universe of discourse" rather than understood as a manifestation of a life spent in eleven prisons over twenty-seven years? Like a powerful laser beam, her reflections cut through two centuries of

intellectual hide-and-seek and let Sade for the first time be seen and read in his own light. Annie Le Brun is a French poet and literary theorist. Her books include *Lachez tout*, a critique of the French neofeminist movement; *A distance*; and *Les chateaux de la subversion*, a study of the Gothic tradition.
