 Insights: #1 I had planned to escape from  
 India during the war, but the war suddenly  
 began, and I was taken prisoner. I was  
 then transferred to another camp. With  
 the help of like-minded companions, I  
 collected compasses, money, and maps.  
 #2 We were transferred to another camp  
 in India, and this time we were transported  
 by rail to the biggest POW camp in India.  
 The conditions at the camp changed  
 completely, and we had the Himalayas  
 right in front of us. We thought about  
 escaping over the passes to Tibet. #3 I  
 had originally intended to escape alone, so

that I wouldn't have to consider a  
 companion. But one day, my friend Rolf  
 Magener told me that an Italian general  
 had the same intentions as myself. We  
 quickly joined forces on the basis that I  
 would be responsible for all the planning,  
 and he for the money and equipment. #4 I  
 was often sent out to gather information  
 for the escape plan, and I learned how to  
 climb over the camp's outer fence and into  
 Marchese's wing. I cut the wires, and we  
 escaped into the jungle.

Johns Hopkins University Press  
 In 1959 a young monk named Tsung Tsai  
 (Ancestor Wisdom) escapes the Red Army  
 troops that destroy his monastery, and  
 flees alone three thousand miles across a  
 China swept by chaos and famine.  
 Knowing his fellow monks are dead,  
 himself starving and hunted, he is  
 sustained by his mission: to carry on the  
 teachings of his Buddhist meditation

master, who was too old to leave with his  
 disciple. Nearly forty years later Tsung  
 Tsai — now an old master himself —  
 persuades his American neighbor,  
 maverick poet George Crane, to travel  
 with him back to his birthplace at the edge  
 of the Gobi Desert. They are unlikely  
 companions. Crane seeks freedom,  
 adventure, sensation. Tsung Tsai is  
 determined to find his master's grave and  
 plant the seeds of a spiritual renewal in  
 China. As their search culminates in a  
 torturous climb to a remote mountain  
 cave, it becomes clear that this seemingly  
 quixotic quest may cost both men's lives.

In this vivid memoir that has sold millions of copies worldwide, Heinrich Harrer recounts his adventures as one of the first Europeans ever to enter Tibet. Harrer was traveling in India when the Second World War erupted. He was subsequently seized and imprisoned by British authorities. After several attempts, he escaped and crossed the rugged, frozen Himalayas, surviving by duping government officials and depending on the generosity of villagers for food and shelter. Harrer finally reached his ultimate destination—the Forbidden City of Lhasa—without money, or permission to be in Tibet. But Tibetan hospitality and his own curious appearance worked in Harrer's favor, allowing him unprecedented acceptance among the upper classes. His intelligence and European ways also intrigued the young Dalai Lama, and Harrer soon became His Holiness's tutor and trusted confidant. When the Chinese invaded Tibet in 1950, Harrer and the Dalai Lama fled the country together. This timeless story illuminates Eastern culture, as well as the childhood of His Holiness and the current plight of Tibetans. It is a must-read for lovers of travel, adventure, history, and culture. A motion picture, under the direction of Jean-Jacques Annaud, will feature Brad Pitt in the lead role of Heinrich Harrer.

An ambitious and magnificent new travelogue by bestselling and prize-winning author Erika Fatland (*The Border and Sovietistan*), on a journey along the Himalaya. The Himalaya weave through five very different countries, where the world religions of Islam, Buddhism and Hinduism are mixed with ancient shamanic religions. Countless languages and vastly different cultures live in the secluded mountain valleys. Modernity and tradition collide, while the great powers fight for influence. We have read about mountain climbers on their way up Mount Everest and about travellers on the spiritual quest for Buddhist monasteries. But how much do we know about the people living in the Himalaya? Fatland invites us into close encounters with the many peoples of the region, and at the same time takes us on a dizzying journey at altitude through incredible landscapes

and dramatic, unknown world histories - all the way to the most volatile human conflicts of our times.

**Pilgrimage in Tibet** Harper Collins Answering a critical need for an accurate, in-depth history of Tibet, this single-volume resource reproduces essential, hard-to-find essays from the past fifty years of Tibetan studies. Covering the social, cultural, and political development of Tibet from the seventh century to the modern period, the volume is organized chronologically and regionally to complement courses in Asian and religious studies and world civilizations. Beginning with Tibet's emergence as a regional power and concluding with its profound contemporary transformations, this anthology offers both a general and .. [Bones of the Master](#) Routledge

This is a riveting firsthand account by Blake Kerr, an American doctor who inadvertently walked into one of the grimmest scenes of political oppression in the world. Kerr was visiting Tibet with his old college friend John Ackerly. They were enjoying the sights and sounds of Lhasa, the capital of Tibet, and hitchhiking to Everest, where they "humped loads" for an American expedition assaulting the mountain. Upon returning to Lhasa, Kerr and Ackerly witnessed a series of demonstrations by Tibetan monks greater than anything witnessed by foreigners since China entered Tibet in 1949.

Ven. Nyanatiloka was one of the pioneers of Buddhism in the modern world and the first European Buddhist monk. As the world's senior Western bhikkhu, ordained in 1903, Nyanatiloka attracted many disciples, through whose work his influence continues to be felt today, more than fifty years after his death. Nyanatiloka was also a renowned scholar and translator of Pali scriptures. His classic *The Word of the Buddha*, written more than a century ago, is still widely read. The core of this volume consists of a translation of Nyanatiloka's autobiography, written in German when he was forty-eight. The remaining thirty-one years of his life, from 1926 until 1957, are presented as a biographical postscript, drawn from other sources. The story of Nyanatiloka's life provides an inspiring example of one man's ability to put aside his cultural doubts and hesitations and embrace wholeheartedly a non-Western system of values, ideas and practices. The greatest hardships do not seem to deter him any more than his achievements appear to go to his head. For those who have not experienced the turmoil and uncertainty of war and are accustomed to

instant access of information through the internet, Nyanatiloka's accomplishments are all the more remarkable. The *Life of Nyanatiloka Thera* offers a fascinating insight into the formative period of Europe's encounter with the Dhamma.

Als Harrer 1939 mit der deutschen Erkundungsexpedition zum Nanga Parbat aufbrach, war er bereits ein gefeierter Bergsteiger und Skiläufer. Doch auf dem Rückweg wurden er vom Zweiten Weltkrieg überrascht und in Indien in einem britischen Gefangenenlager interniert. 1944 gelang Harrer die Flucht ins Hochland Tibets. Als erstem Europäer öffnete sich ihm dort der Königshof der damals noch unabhängigen tibetischen Monarchie. Harrer wurde zum Freund und Berater des jungen Dalai Lama und sollte erst acht Jahre später als veränderter Mensch nach Europa zurückkehren. Seine Erinnerungen sind Zeugnis einer persönlichen Reifung, packender Abenteuerbericht und wertvolles Dokument der Geschichte Tibets.

The series *Religion and Society (RS)* contributes to the exploration of religions as social systems- both in Western and non-Western societies; in particular, it examines religions in their differentiation from, and intersection with, other cultural systems, such as art, economy, law and politics. Due attention is given to paradigmatic case or comparative studies that exhibit a clear theoretical orientation with the empirical and historical data of religion and such aspects of religion as ritual, the religious imagination, constructions of tradition, iconography, or media. In addition, the formation of religious communities, their construction of identity, and their relation to society and the wider public are key issues of this series.

The Western image of Tibet as a sacred land is in many ways a mythical construction. But the Tibetans themselves have traditionally mapped out their land in terms of areas of sacred space, and pilgrimage, ensuring a high degree of mobility within all classes of Tibetan society. Pilgrims travelled to local, regional, and national centres throughout recorded Tibetan history. In recent years, pilgrimage has resumed in areas where it had been forbidden by the Chinese authorities, and has now become one of the most prominent religious expressions of Tibetan national identity. In this major

new work, leading scholars of Asian pilgrimage traditions discuss historical and contemporary aspects of pilgrimage within the Tibetan cultural world. Myths and legends, material conditions, textual sources, a modern pilgrim's impressions, political and economic influences, biographies and contemporary developments - all these and many other issues are examined here. The result is an informative and often entertaining work which contributes greatly to our knowledge of the history and culture of Tibet as well as the wider issues of religious power and practice.

This book outlines the life of spiritual diplomacy of the 14th Dalai Lama and his emergence as a global peace icon. It traces his evolution as a Tibetan Buddhist monk rooted in the Geluk tradition, as a Nobel laureate, and as an internationally recognized peacemaker. The volume brings to the fore the Dalai Lama's monastic life grounded in the compassion and ethical responsibility of a bodhisattva, somebody who is willing to renounce samsara for the benefit of others, as well as that of a political leader of Tibet. It examines the deep impact of his ideas of peacekeeping and universal responsibility

on world politics, which draw on acceptance, inclusion, and respect as their central pillars. Further, this book highlights his departure from the practices of the earlier Dalai Lamas, and how the Chinese invasion and his exile in India transformed him into a universal figure of peace, rather than solely being the leader of Tibet. An introspective read, this book will be of much interest to readers interested in spiritual diplomacy and political philosophy. It will also be of interest to scholars and researchers of peace and conflict studies, international relations, politics, and religion, especially Buddhism. *The Himalayas* Simon and Schuster

By the end of 1697—the year his network finally began to work—Leibniz laughed to one of his patrons, "I'm putting a sign on my door reading, 'Bureau of Address for China'!" Depicting Leibniz not as a philosophical authority but as a scholar with human limitations and frustrations, *Leibniz Discovers Asia* is a thrilling and engaging narrative.

*Tibetan Border Worlds* ABRAMS

The focus of the study is the Tibetan and Tibetanized border populations in the little known Himalayan high-valley of Nyishang in West Central Nepal close to the Tibetan border. There, a group of traders have greatly extended their external relations over the past century in the form of long-distance trade ventures, thereby thoroughly changing the internal conditions of socio-economic organizations in their home district. The object of the study is to establish whether larger geohistorical processes of structural change may be conceptualized in such a way as to link structuration at the level of the localized social group to the dynamics of the wider regional setting.

"A beautifully rendered epic journey . . . . The novel works on many levels and excels at them all." —New York Journal of Books

In this captivating and surprising novel of spiritual discovery—a No. 1 bestseller in India—a young American travels to India and finds himself tested physically, emotionally, and spiritually. Max Pzoras is the poster child for the American Dream. The child of Greek immigrants who grew up in a dangerous New York housing project, he triumphed over his upbringing and became a successful Wall Street analyst. Yet on the frigid December night he's involved in a violent street scuffle, Max begins to confront questions about suffering and mortality that have dogged him since his mother's death. His search takes him to the farthest reaches of India, where he encounters a mysterious night market, almost freezes to death on a hike up the Himalayas, and finds himself in an ashram in a drought-stricken village in South India. As Max seeks answers to questions that have bedeviled him—can yogis walk on water and live for 200 years without aging? Can a flesh-and-blood man ever achieve nirvana?—he struggles to overcome his skepticism and the pull of family tugging him home. In an ultimate bid for answers, he embarks on a dangerous solitary meditation in a freezing Himalayan cave, where his physical and spiritual endurance is put to its most extreme test. By turns a gripping adventure story and a journey of tremendous inner transformation, *The Yoga of Max's Discontent* is a contemporary take on man's classic quest for transcendence.

This book looks at a particular type of indigenous architecture that has developed in the city of Lhasa, the capital of Tibet. The focus is on the vernacular residential architecture in the form of the

historic Lhasa Town House, as it was built and lived in from the mid-17th to mid-20th century. The book defines the Lhasa House as a distinct variety of traditional Tibetan architecture by providing a

technical analysis and discussing the cultural framework and the development of a typology. (Series: HABITAT - INTERNATIONAL: Articles on International Urban Development / Schriften zur internationalen Stadtentwicklung - Vol. 18)
