The Killer Across the Table  
Simon and Schuster  
The FBI profiler & co-  
author of the #1 New York  
Times–bestseller  
Mindhunter recounts his  
role in catching one of  
America’s most notorious  
serial killers. Inside the  
Mind of BTK tells the

incredible true story of  
how FBI profiler John  
Douglas tracked and  
participated in the hunt  
for one of the most  
notorious serial killers in  
US history. For thirty-one  
years a man who called  
himself BTK (Bind,  
Torture, Kill) terrorized  
the city of Wichita,  
Kansas, sexually  
assaulting and strangling  
a series of victims,  
taunting the police with

cryptic communications,  
and bragging about his  
vicious crimes to local  
newspapers and television  
stations. After  
disappearing for nine  
years, he suddenly  
reappeared, complaining  
that no one was paying  
enough attention to him  
and claiming that he had  
committed other crimes  
for which he had not been  
given credit. When he was  
finally captured, BTK was

revealed to be Dennis Rader, a sixty-one-year-old churchgoing, married man with two children. As a leading serial killer profiler for the FBI, John Douglas was first called to consult about the case in 1980 and remained involved with the story and all of its principal players up to the arrest and prosecution. After Rader was arrested, Douglas was granted both an exclusive interview with the killer after his sentencing, as well as access to friends, family, and police. In this page-

turning book, Douglas reveals both new information and insight into why Rader did what he did, why he stopped for a mysterious nine-year period, and his current psychological state in custody. Praise for *Inside the Mind of BTK* “Legendary profiler and bestselling author Douglas (Mindhunter), who pioneered the FBI’s systematic study of serial killers, offers his insights into one of this country’s most chilling killers—Dennis Rader, a seemingly innocuous

family man and municipal employee, whose brutal murders terrorized Wichita, Kans., for three decades. . . . While the stomach-turning story of BTK’s crimes has been told by others, Douglas’s unique professional experience and his exclusive personal access to Rader offers a different perspective, even as the answer to the question of how such a monster comes to be remains elusive.” —Publishers Weekly “Riveting! Douglas and Dodd have focused a laser sight on

one of the most fascinating and disturbing serial killers of our time. Their in-depth analysis of BTK's early childhood, his seemingly "normal" everyday life, and his shockingly well-hidden "other" life deftly explores the nature of evil and how we can better protect ourselves from such cunning predators." —Lisa Gardner, New York Times–bestselling suspense author of *Hide Enemies* Penguin Random House India Private Limited  
For thirty-one years, a

monster terrorized the residents of Wichita, Kansas. A bloodthirsty serial killer, self-named "BTK"—for "bind them, torture them, kill them"—he slaughtered men, women, and children alike, eluding the police for decades while bragging of his grisly exploits to the media. The nation was shocked when the fiend who was finally apprehended turned out to be Dennis Rader—a friendly neighbor . . . a devoted husband . . . a helpful Boy Scout dad . . . the respected president of

his church. Written by four award-winning crime reporters who covered the story for more than twenty years, *Bind, Torture, Kill* is the most intimate and complete account of the BTK nightmare told by the people who were there from the beginning. With newly released documents, evidence, and information—and with the full cooperation, for the very first time, of the Wichita Police Department's BTK Task Force—the authors have put all the pieces of the

grisly puzzle into place, thanks to their unparalleled access to the families of the killer and his victims.

### **A Killer By Design**

Penguin

Over the course of his nearly forty-year career, John Douglas has pursued, studied, and interviewed criminals including Charles Manson, James Earl Ray, Dennis Rader, and David Berkowitz - a veritable Who's Who of violent predators. But he has also devoted extensive energies to helping the wrongfully

accused and convicted, including several inmates of death row. Now, with longtime collaborator Mark Olshaker, Douglas addresses every law enforcement professional's worst nightmare: cases in which justice was delayed, or even denied. Book jacket.

**The I-5 Killer** Penguin  
Mindhunter Simon and Schuster

The Next 500 Years  
Harper Collins

Legendary FBI profiling pioneer John Douglas's theory is that once you figure out the motivating

force driving a perpetrator, you've got a good chance of cracking the case. In **THE ANATOMY OF MOTIVE** he uses cases from his own career to illustrate his argument. He takes us further than ever before into the dark corners of the minds of arsonists, hijackers, serial and spree killers and mass murderers. **THE ANATOMY OF MOTIVE** analyses such diverse killers as Lee Harvey Oswald and Timothy McVeigh - and helps us learn to anticipate potential

violent behaviour before it's too late.

### **When a Killer Calls**

Penguin

The Killer Book of Serial Killers is the ultimate resource (and gift) for any true crime fan and student of the bizarre world of serial killers. Filled with stories, trivia, quizzes, quotes, photos, and odd facts about the world's most notorious murderers, this is the perfect bathroom reader for anyone fascinated with serial killers. The stories and trivia cover such killers as: John Wayne

Gacy Ted Bundy The BTK Killer Jack the Ripper The Green River Killer Serial killers around the world And many more Bathroom readers have enjoyed considerable success as a format, selling millions of copies. The Killer Book series brings this format to the rabid true crime audience. Including more than 40 black & white photos, this is a must for true crime fans.

### **Whoever Fights**

**Monsters** Simon and Schuster  
INSTANT NEW YORK  
TIMES BESTSELLER An

Amazon "Best Book of 2019" A Washington Post "10 Books To Read in July" A Los Angeles Times "Seven Highly Anticipated Books for Summer Reading" A USA Today "20 of the Season's Hottest New Books" A New York Post "25 Best Beach Reads of 2019 You Need to Pre-Order Now" A Bustle "The Best New True Crime Books You Can Read Right Now" "Maureen Callahan's deft reporting and stylish writing have created one of the all-time-great serial-killer books:

sensitive, chilling, and completely impossible to put down.” —Ada Calhoun, author of *St. Marks Is Dead* Ted Bundy. John Wayne Gacy. Jeffrey Dahmer. The names of notorious serial killers are usually well-known; they echo in the news and in public consciousness. But most people have never heard of Israel Keyes, one of the most ambitious and terrifying serial killers in modern history. The FBI considered his behavior unprecedented. Described by a prosecutor as "a force of pure evil," Keyes

was a predator who struck all over the United States. He buried "kill kits"--cash, weapons, and body-disposal tools--in remote locations across the country. Over the course of fourteen years, Keyes would fly to a city, rent a car, and drive thousands of miles in order to use his kits. He would break into a stranger's house, abduct his victims in broad daylight, and kill and dispose of them in mere hours. And then he would return home to Alaska, resuming life as a quiet, reliable

construction worker devoted to his only daughter. When journalist Maureen Callahan first heard about Israel Keyes in 2012, she was captivated by how a killer of this magnitude could go undetected by law enforcement for over a decade. And so began a project that consumed her for the next several years--uncovering the true story behind how the FBI ultimately caught Israel Keyes, and trying to understand what it means for a killer like Keyes to exist. A killer who left a

path of monstrous, randomly committed crimes in his wake--many of which remain unsolved to this day. American Predator is the ambitious culmination of years of interviews with key figures in law enforcement and in Keyes's life, and research uncovered from classified FBI files. Callahan takes us on a journey into the chilling, nightmarish mind of a relentless killer, and to the limitations of traditional law enforcement. Empty Planet Simon and

Schuster  
Three former CIA officers--the world's foremost authorities on recognizing deceptive behavior--share their techniques for spotting a lie with thrilling anecdotes from the authors' careers in counterintelligence. Crime Classification Manual Open Road Media Enter the "fascinating" and frightening world of modern forensic psychology as experienced by one of the most respected practitioners in the field today (Robert K.

Tanenbaum, New York Times--bestselling author). At the heart of countless crimes lie the mysteries of the human mind. In this eye-opening book, Dr. Cheryl Paradis draws back the curtain on the fascinating world of forensic psychology, and revisits the most notorious and puzzling cases she has handled in her multifaceted career. Her riveting, sometimes shocking stories reveal the crucial and often surprising role forensic psychology plays in the pursuit of justice—in

which the accused may truly believe their own bizarre lies, creating a world that pushes them into committing horrific, violent crimes. Join Dr. Paradis in a stark concrete cell with the indicted as she takes on the daunting task of mapping the suspect's madness or exposing it as fakery. Take a front-row seat in a tense, packed courtroom, where her testimony can determine an individual's fate—or if justice will be truly served. The criminal thought process has never been so intimately

revealed—or so darkly compelling—as in this “excellent and entertaining” journey into the darkest corners of the human mind (Booklist). *American Predator* John Wiley & Sons "Previously publisher under the pseudonym Andy Stack."--Title page verso. Footsteps in the Snow An Encyclopedia of Serial Killers Winner of the 2018 Mariposa Award for Best First Novel Whenever the lust for drugs, money, and power lays claim to a city,

brutality is never far behind. Phoenix detective Veranda Cruz is dead set on taking down the Villalobos Cartel, but the ruthlessness of her quarry demands a ruthless edge of her own. Detective Veranda Cruz leads an elite task force on the Phoenix Police Drug Enforcement Bureau. Bartolo Villalobos is the heir apparent to the most powerful cartel in the world. No one in the department suspects the secret motive behind Veranda's obsession with the cartel...until an

operation goes horribly wrong. Targeted by an increasingly unstable drug lord, Veranda must protect her family and stay clear of adversaries within the force while she sets a trap for Bartolo. As the desert action heats up, Veranda and her new Homicide team—along with an arson investigator who kindles a flame for her—are all drawn into a deadly gambit. Taking down Bartolo is the ultimate goal, but is Veranda ready to trade life for justice? Praise: "A highly entertaining police

procedural...Hang on tight for the ride of a lifetime across Southern Arizona as Maldonado rises to her written challenge to entertain, enthrall and engage readers in this high octane thriller."—Suspense Magazine "Maldonado ratchets up the tension with each page, leaving you breathless as you race to the end."—Robin Burcell, bestselling author of The Kill Order "Isabella Maldonado is off to a great start, giving us a tense thriller with a strong sense of place and an

insider's look at some of the most dangerous work in law enforcement. This first Veranda Cruz novel will leave readers eagerly awaiting her next adventure."—Jan Burke, New York Times bestselling author "The Phoenix sun isn't the only thing burning in this thrilling debut and I look forward to more."—Shannon Baker, bestselling author of the Kate Fox mystery series "Maldonado has crafted a top-notch thriller that will have police procedural junkies and thrill-seekers

turning page after page, late into the night."—Maegan Beaumont, award-winning author of *Carved in Darkness*

**The Killer's Shadow** St. Martin's Press  
New York Times bestselling author of *Mindhunter* John Douglas reveals more unique cases from his time as head of the FBI's elite Investigative Support Unit. In the #1 New York Times bestseller *Mindhunter*, John Douglas, who headed the FBI's elite Investigative Support

Unit, told the story of his brilliant and terrifying career tracking down some of the most heinous criminals in history. Now, in *Journey into Darkness*, Douglas profiles vicious serial killers, rapists, and child molesters. He is straightforward, blunt, often irreverent, and outspoken, but takes pains not to glorify any of these murderers. Some of the unique cases Douglas discusses include: -The Clairemont killer -The schoolgirl murders -Richmond's First Serial Murderer -The brutal and

sadistic murder of Suzanne Marie Collins - Polly Klaas' abduction and murder by Richard Allen Davis, -The tragedy that lead to the creation of Megan's Law With *Journey into Darkness*, Douglas provides more than a glimpse into the minds of serial killers; he demonstrates what a powerful weapon behavioral science has become. Profiling criminals helps not only to capture them, but also helps society understand how these predators work and what can be done to

prevent them from striking again. Douglas focuses especially on pedophiles and child abductors, fully explaining what drives them, and how to keep children away from them. As he points out, "The best way to protect your children is to know your enemy." He includes eight rules for safety, a list of steps parents can take to prevent child abduction and exploitation, tips on how to detect sexual exploitation, basic rules of safety for children, and a chart, based on age,

which details the safety skills children should have to protect themselves. In his review for Mindhunter in The New York Times Book Review, Dean Koontz said, "Because of his insights and the power of the material, he leaves us shaken, gripped by a quiet grief for the innocent victims and anguished by the human condition." Journey into Darkness continues this perilous trip into the psyche of the serial killer, but also offers a glimmer of hope that profiling may enable law enforcement

to see the indicators of a serial killer's mind and intervene before he kills, or kills again. *Scam Me If You Can* Simon and Schuster New York Times Bestseller: From the journalists who covered the story, the shocking crimes of Gary Ridgway, America's most prolific serial murderer. In the 1980s and 1990s, forty-nine women in the Seattle area were brutally murdered, their bodies dumped along the Green River and Pacific Highway South in Washington

State. Despite an exhaustive investigation—even serial killer Ted Bundy was consulted to assist with psychological profiling—the sadistic killer continued to elude authorities for nearly twenty years. Then, in 2001, after mounting suspicion and with DNA evidence finally in hand, King County police charged a fifty-two-year-old truck painter, Gary Ridgway, with the murders. His confession and the horrific details of his crimes only added fuel

to the notoriety of the Green River Killer. Journalists Carlton Smith and Tomas Guillen covered the murders for the Seattle Times from day one, receiving a Pulitzer Prize nomination for their work. They wrote the first edition of this book before the police had their man. Revised after Ridgway's conviction and featuring chilling photographs from the case, *The Search for the Green River Killer* is the ultimate authoritative account of the Pacific Northwest killing spree

that held a nation spellbound—and continues to horrify and fascinate, spawning dramatizations and documentaries of a demented killer who seemed unstoppable for decades.

#### [The Anatomy Of Motive](#)

Llewellyn Worldwide This is the second volume of the widely acclaimed *Art of the Cut* book published in 2017. This follow-up text expands on its predecessor with wisdom from more than 360 interviews with the world's best editors

(including nearly every Oscar winner from the last 30 years). Because editing is a highly subjective art form, and one that is critical to the success of motion picture storytelling, it requires side-by-side comparisons of the many techniques and solutions used by a wide range of editors from around the world. That is why this book compares and contrasts methodologies from a wide array of diverse voices and organizes that information so that it is easily digested and

understood. There is no one way to approach editorial problems, so this book allows readers to see multiple solutions from multiple editors. The interviews contained within are carefully curated into topics that are most important to film editors and those who aspire to become film editors. The questions asked, and the organization of the book, are not merely an academic or theoretical view of the art of editing but rather the practical advice and methodologies

of actual working film and TV editors, bringing benefits to both students and professional readers. The book is supplemented by a collection of downloadable online exclusive chapters, which cover additional topics ranging from Choosing the Project to VFX. In addition to the supplementary chapters, access to the full-color, full-resolution images printed in the book—and other exclusive images—is included.

**The Silence of the Lambs** St. Martin's Press

"Serial killers and violent criminals have been in society for ages. There are records of these kinds of people in ancient times, and we all know they are still alive and well today. But what we don't know is what goes on inside their heads. Why would anyone kill for the sake of it? Why would someone that seemed so nice and so normal do such a terrible thing? What causes this kind of behavior? These and many more questions have flooded the minds of those that study criminal psychology for decades. If

there was a way to know why they do what they do, it would be so much easier to counteract it. That is why I created this book. Open up the book, read it and understand it right away."--Back cover.

### **Mindhunter**

Sourcebooks, Inc.  
 Authors Susan Ricci and Terri Kyle have teamed up to deliver a unique resource for your students to understand the health needs of women and children. This combination book, *Maternity and Pediatric Nursing* will empower the reader to

guide women and their children toward higher levels of wellness throughout the life cycle. In addition, the focus of the textbook will emphasize to the reader to anticipate, to identify, and to address common problems that would allow timely, evidence-based interventions. Finally, their approach is to provide a resource that incorporates case studies threaded throughout each chapter, multiple examples of critical thinking and an outstanding visual

presentation with extensive illustrations depicting key concepts.

Mindhunter

This is the second edition of the landmark book that standardized the language and terminology used throughout the criminal justice system. It classifies the critical characteristics of the perpetrators and victims of major crimes—murder, arson, sexual assault, and nonlethal acts—based on the motivation of the offender. The second edition contains new classifications on computer crimes, religion-

extremist murder, and elder female sexual homicide. This edition also contains new information on stalking and child

abduction, the use of biological agents as weapons, cybercrimes, Internet child sex offenders, burglary and

rape, and homicidal poisoning. In addition, many of the case studies and crime statistics have been updated.
