Idols Behind Altars Disney Electronic Content

In a provocative discussion of the sources of human creativity, Gardner explores all aspects of the subject, from the young child's ability to learn a new song through Mozart's conceiving a complete symphony.

Punto Rojo Libros

It is commonly assumed that the best way to help the poor out of their misery is to allow the rich to get richer, that if the rich pay less taxes than all the rest of us will be better off, and that in the final analysis the richness of the few benefits us all. And yet these commonly held beliefs are flatly contradicted by our daily

experience, an abundance of research findings and, indeed, logic. Such a bizarre discrepancy between hard facts and popular opinions makes one pause and ask: why are these opinions so widespread and resistant to accumulated and fast-growing evidence to the contrary? This short book is by one of the world's leading social thinkers is an attempt to answer this question. Bauman lists and scrutinizes the tacit assumptions and unreflected-upon convictions upon which such opinions are grounded, finding them one by one to be false, deceitful and misleading. Their persistence could be hardly sustainable were it not for the role they play in defending - indeed, promoting and reinforcing - the current, unprecedented, indefensible and still accelerating growth in social inequality and the rapidly widening gap between the elite of the rich and the rest of society.

Fans of Reese Witherspoon's Book Club picks eager for their next moving historical novel—look no further! Readers of *The Alice Project* and *The Lost Girls of Paris* will be enthralled by V.S. Alexander's *The Traitor*. Drawing on the true story of the White Rose—the resistance movement of young Germans against the Nazi regime—*The Traitor* tells of one woman who offers her life in the ultimate battle against tyranny during one of history's darkest hours. In the summer of 1942, as war rages across Europe, a series of anonymous leaflets appears around the University of Munich, speaking out against escalating Nazi atrocities. The leaflets are hidden in public places, or mailed to addresses selected at random from the phone book. Natalya Petrovich, a student, knows who is behind the leaflets—a secret group called the White Rose, led by

siblings Hans and Sophie Scholl and their friends. As a volunteer nurse on the Russian front, Natalya witnessed the horrors of war first-hand. She willingly enters the White Rose's circle, where every hushed conversation, every small act of dissent could mean imprisonment or death at the hands of an infuriated Gestapo. Natalya risks everything alongside her friends, hoping the power of words will encourage others to resist. But even among those she trusts most, there is no guarantee of safety—and when danger strikes, she must take an extraordinary gamble in her own personal struggle to survive. Praise for V.S. Alexander's *The Irishman's Daughter* "Accompanied by an expertly rendered plot, bold and empathetic characters, and prose that jumps off the page, this tale will particularly satisfy fans of historicals and those looking for stories about the redeeming grace of faith and hard work." —Publishers Weekly, STARRED REVIEW

The House of the Spirits Alianza Editorial

Una meditación sobre el feminismo el año de la huelga feminista y el #MeToo. Tres acontecimientos más una sentencia (el #MeToo, la carta de las intelectuales francesas, la huelga feminista del 8 de marzo y la sentencia de La Manada) han marcado la agenda en los últimos meses y han puesto en el punto de mira el concepto del feminismo hoy. Marta Sanz reflexiona acerca de lo que ello supone, cómo posicionarse ante esos hechos concretos, cómo «proteger» la lucha feminista de la simplificación y comercialización de un capitalismo que lo puede absorber todo, y piensa también sobre las cuotas y el poder, para llegar a la conclusión de que quizás lo que deba modificarse sea la noción de poder misma... Una reflexión de una mujer que se pregunta, en sus actuaciones públicas y privadas, en cada gesto y cada palabra, cuál es el camino hacia la igualdad.

The Lightning Thief Kensington Books
Smuggling has been a way of life in Galicia for millennia. The Romans considered its windswept coast the edge of the world. To the Greeks it was from where Charon ferried souls to the Underworld. Since the Middle Ages, its shoreline has scuppered thousands of pirate ships. But the history of Cape Finisterre is no fiction and by the late twentieth century a new and exotic cargo flooded the cape's ports and fishing villages. In *Snow on the Atlantic*, the book the Spanish national court tried to ban, intrepid investigative journalist Nacho Carretero tells the incredible story of how a sleepy, unassuming corner of Spain became the cocaine gateway into Europe,

exposing a new generation of criminals, cartels and corrupt officials, more efficient and ruthless than any who came before. **Guerrilla Warfare** Dark Horse Comics
In Real Life: An Online Love Story is the first of its kind—a bilingual novel-in-poetry written by popular Spanish-language poet Leticia Sala. *In Real Life* is not only about a young Barcelona woman who finds romance online thousands of miles away in New York City, it is also an ode to the titanic effort required in staying loyal to a commitment and her own individuality in the silicon age. Told in a poetic key, the fate of this couple, whose relationship begins with love at first like, offers a fractured mosaic of essential moments crowded with insecurities and urban neuroses, both contemporary and universal. The characters in the work of Leticia Sala seek light in the chaos churned out by modern culture and are always treated by the author with compassion, regard, and respect for their unfolding desires. *In Real Life* captures our infatuation with technology and finding new ways of relating to one another, our fascination with travel and language, and our age-old obsession with that right to love and feel loved.

Celestina University of Chicago Press
La sociedad del siglo XXI es compleja y cambiante, y esto exige a la ciudadanía una adaptación permanente a dichos cambios que, sin lugar a duda, afecta también la evolución del lenguaje, pues nadie pone cuestiona que el lenguaje está vivo; de no estarlo, seguiríamos hablando en latín. Surgen nuevas realidades, nuevos fenómenos que deben ser nombrados, ya que lo que no se nombra no existe. El lenguaje construye la realidad, modifica nuestros pensamientos y, por tanto, modula nuestras acciones. Así, utilizar un lenguaje inclusivo contribuye a construir una sociedad más inclusiva, del mismo modo que utilizar un lenguaje sexista contribuye a construir una realidad más sexista y más machista. De ahí que el uso del lenguaje inclusivo sea el reflejo de una sociedad más respetuosa. En este libro se relata una experiencia llevada a cabo con alumnado universitario por parte de un grupo de personas concienciadas y sensibilizadas en la apuesta por un lenguaje que no oculte a más de la mitad de la población mundial, un lenguaje que no subordine a nadie, que no infravalore a las personas por razón de género, que no excluya y que no quite la palabra a nadie, porque consideramos que la lengua española dispone de recursos suficientes para que, sin apartarse de las normas que rigen su funcionamiento, pueda no solo reflejar un derecho humano como es la

igualdad, sino también reforzarla.

Desire for Chocolate Anagrama
Che Guevara, the larger-than-life hero of the 1959 revolutionary victory that overturned the Cuban dictatorship, believed that revolution would also topple the imperialist governments in Latin America. Che's call to action, his proclamation of "invincibility"-the ultimate victory of revolutionary forces-continues to influence the course of Latin American history and international relations. His amazing life story has lifted him to almost legendary status. This edition of Che's classic work *Guerrilla Warfare* contains the text of his book, as well as two later essays titled "Guerrilla Warfare: A Method" and "Message to the Tricontinental." A detailed introduction by Brian Loveman and Thomas M. Davies, Jr., examines Guevara's text, his life and political impact, the situation in Latin America, and the United States' response to Che and to events in Latin America. Loveman and Davies also provide in-depth case studies that apply Che's theories on revolution to political situations in seven Latin American countries from the 1960s to the present. Also included are political chronologies of each country discussed in the case studies and a postscript tying the analyses together. This book will help students gain a better understanding of Che's theoretical contribution to revolutionary literature and the inspiration that his life and *Guerrilla Warfare* have provided to revolutionaries since the 1960s. This volume is an invaluable addition to courses in Latin American studies and political science.

The House of Impossible Loves Alma Books

La revolución feminista en las aulas es una guía de igualdad para todo el mundo. Un manual para jóvenes que se inician en el feminismo, un conjunto de recursos muy útiles (cuentas en redes sociales, vídeos, podcast, libros, series...) para abordar temas como la igualdad, las masculinidades o el amor romántico en las aulas. Pretende dar respuesta a las dudas, preocupaciones y mitos que rodean estas cuestiones, y se dirige por igual a boomers, millenials y la generación Z: porque el machismo es un problema que afecta a todas las generaciones, tanto si han nacido con un móvil en la mano como si no. El Comando Igualdad es un proyecto coeducativo donde adolescentes con formación en feminismo comparten lo aprendido a través de redes sociales y actuaciones públicas en grupo. Además, su objetivo es crear una red de apoyo para quienes quieran llevar a cabo una iniciativa semejante, desafiar lo que la sociedad considera "normal" y tejer

alternativas colectivas. Chis Oliveira es catedrática de Filosofía y doctora en Educación Afectivo Sexual. Es toda una referente en la educación con perspectiva de género y ha sido galardonada con varios premios. Priscila Retamozo es politóloga, máster de Igualdad de Género, formadora y activista. Chis y Priscila fueron profesora y alumna, y hoy en día coordinan juntas el Comando Igualdad.

Matt Wagner's Grendel Tales

Omnibus Volume 1 Rowman & Littlefield Publishers

The Trueba family embodies strong feelings. This family saga starts at the beginning of the 20th century and continues through the assassination of Allende in 1973.

A User's Guide to the Brain Oxford University Press

A personal story of Kate Millett's struggle to regain control of her life after falling under an ascription of manic depression.

Lo sexual es político (y jurídico) Farrar, Straus and Giroux

Percy Jackson is a good kid, but he can't seem to focus on his schoolwork or control his temper. And lately, being away at boarding school is only getting worse—Percy could have sworn his pre-algebra teacher turned into a monster and tried to kill him.

The Natural Science of Stupidity W. W. Norton & Company

"Lo sexual es político (y jurídico)" lleva el conocido lema feminista de "lo personal es político" hacia lo más íntimo de nuestra existencia: las relaciones sexuales y nuestra identificación como hombres o mujeres (u otra cosa, o nada), y sus consecuencias institucionales y políticas. Pablo de Lora ofrece un conjunto de reflexiones y análisis sobre el sexo y el género alejadas "de la pancarta, el pespunte de twitter, el chiringuito académico-institucional, la trinchera y la escolástica autorreferencial y abstrusa". Busca, más bien, introducir claridad y objetividad en muchas confusiones y desvaríos normativos a los que ha conducido el llamado "feminismo hegemónico", y lo hace reivindicando las ideas que conforman la tradición liberal: el individualismo moral, que sitúa al individuo como "unidad de medida y de imputación moral", la reticencia a que el poder público intervenga en la vida privada de los individuos por razones perfeccionistas y la adopción de un punto de vista imparcial para evaluar racionalmente nuestras normas y prácticas sobre los aspectos más personales de la vida privada.

Martin Rivas Simon and Schuster

Three women, three centuries and the

same bone-china chocolate pot: Sara, the scion of a dynasty of chocolatiers from Barcelona, who prides herself on maintaining the family tradition; Aurora, the daughter of a nineteenth-century maidservant, for whom chocolate is a forbidden luxury; Mariana, the wife of the most famous seventeenth-century chocolate manufacturer, an official purveyor to the French court and the inventor of a revolutionary chocolate mill. Through her passion for chocolate, Care Santos takes us on a spellbinding journey through its evolution, from the cocoa bean's first arrival in Europe to the many sophisticated products derived from it today, and shows us how we can understand the great shifts in history through the study of small things. Luscious and addictive, this novel will delight the reader's senses from start to finish.

Alzamiento Nacional VS Izquierda Patológica A&C Black

Raquel Riba Rossy, autora de *Lola Vendetta*, lleva a cabo la adaptación completa del libro de Leticia Dolera tras su paso por la antología *Voces que cuentan*, en uno de las novelas gráficas más impactantes en toda su trayectoria. Este es uno de esos libros esenciales que nacen de la necesidad y de la urgencia. Porque Leticia Dolera necesita contar por qué es feminista y por qué todas deberíamos serlo. Un camino vital en el que se ha encontrado con personas inspiradoras, lecturas reveladoras, anécdotas —de las buenas, de las malas y de las peores— vividas muy de cerca o en primera persona. Este libro es también la historia de mujeres valientes que marcaron el camino y cuyo ejemplo nos ayuda a despertar nuestras conciencias y también a enseñar a las más jóvenes. Empezando por Eva, la primera que mordió la manzana, esta es una historia sobre todas las mujeres. Porque Leticia Dolera nos invita a abrazar una causa, que es la de todas las personas que soñamos con una sociedad justa. Por mucho que nos hayan repetido que Eva pecó al morder la manzana, nosotras sabemos que aquello fue precisamente lo que la hizo sabia. Entonces ¿qué?, ¿te apetece una? Una obra de empoderamiento feminista para todas las edades.

The Apple Tart of Hope Houghton Mifflin Harcourt

John Ratey, bestselling author and clinical professor of psychiatry at Harvard Medical School, lucidly explains the human brain's workings, and paves the way for a better understanding of how the brain affects who we are. Ratey provides insight into the basic structure and chemistry of the brain, and demonstrates how its systems

shape our perceptions, emotions, and behavior. By giving us a greater understanding of how the brain responds to the guidance of its user, he provides us with knowledge that can enable us to improve our lives. In *A User's Guide to the Brain*, Ratey clearly and succinctly surveys what scientists now know about the brain and how we use it. He looks at the brain as a malleable organ capable of improvement and change, like any muscle, and examines the way specific motor functions might be applied to overcome neural disorders ranging from everyday shyness to autism. Drawing on examples from his practice and from everyday life, Ratey illustrates that the most important lesson we can learn about our brains is how to use them to their maximum potential.

Live Alone and Like It LOS LIBROS DE LA CATARATA

In this witty, engaging guide, a renowned Vogue editor takes readers through the fundamentals of living alone by showing them how to create a welcoming environment and cultivate home-friendly hobbies, "for no woman can accept an invitation every night without coming to grief." "Whether you view your one-woman ménage as Doom or Adventure, you need a plan, if you are going to make the best of it." Thus begins Marjorie Hillis' archly funny, gently prescriptive manifesto for single women. Though it was 1936 when the Vogue editor first shared her wisdom with her fellow singletons, the tome has been passed lovingly through the generations, and is even more apt today than when it was first published. Hillis, a true bon vivant, was sick and tired of hearing single women carping about their living arrangements and lonely lives; this book is her invaluable wake-up call for single women to take control and enjoy their circumstances. With engaging chapter titles like "A Lady and Her Liquor" and "The Pleasures of a Single Bed," along with a new preface by author Laurie Graff (*You Have to Kiss a Lot of Frogs*), *Live Alone and Like It* is sure to appeal to live-aloners—and those considering taking the plunge.

In Real Life Holiday House

Morder la manzana Editorial Planeta
Snow on the Atlantic John Wiley & Sons
Throughout his career, Eduardo Galeano has turned our understanding of history and reality on its head. Isabelle Allende said his works "invade the reader's mind, to persuade him or her to surrender to the charm of his writing and power of his idealism." *Mirrors*, Galeano's most ambitious project since *Memory of Fire*, is an unofficial history of the world seen through history's unseen, unheard, and

forgotten. As Galeano notes: "Official history has it that Vasco Núñez Balboa was the first man to see, from a summit in Panama, the two oceans at once. Were the people who lived there blind??" Recalling the lives of artists, writers, gods, and

visionaries, from the Garden of Eden to twenty-first-century New York, of the black slaves who built the White House and the women erased by men's fears, and told in hundreds of kaleidoscopic vignettes, *Mirrors* is a magic mosaic of our humanity.
