This is the first definitive and authoritative book available on ActionScript 3 animation techniques. ActionScript animation is a very popular discipline for Flash developers to learn. The essential skill set has been learned by many Flash developers through the first edition of this book. This has now been updated to ActionScript 3, Adobe's new and improved scripting language. All of the code has been updated, and some new techniques have been added to take advantage of ActionScript 3's new features, including the display list and new event architecture. The code can be used with the Flash 9 IDE, Flex Builder 2, or the free Flex 2 SDK.

The Year of the Flood Things From the Flood

There are rumors of a mechanical contraption that roams around the fields outside the small communities of the Mälaren Islands. At the same time, flyers asking for information on lost pets

are increasing on the bulletin board outside the grocery store. On TV, the weatherman speaks of "random storm gusts" - and hasn't there been severely bad weather the past few nights? This is the beginning of a series of mysteries that lead the children out into the wilderness of The Loop and down into its secret tunnels. But what does this all have to do with the long-awaited summer camp, the magnetrine ship Susi Talvi, and the 1969 moon landing? This is a 124-page full-color hardback module to the multiple award-winning Tales from the Loop roleplaying game. Made in the UK.

"A tense and beautiful tale about the monsters we make and the memories that haunt us." --Kate Alice Marshall, author of I Am Still Alive and Rules for Vanishing Rose Colter is almost home, but she can't go back there yet. When her car breaks down in the Nevada desert, the silence of the night is broken by a radio broadcast of a voicemail message from her best friend, Gaby. A message Rose has listened to countless times over the past year. The last one Gaby left before she died. So Rose follows the lights from the closest radio tower to Lotus Valley, a small town where prophets are a dime a dozen, secrets lurk in every shadow, and the diner pie is legendary. And according to

Cassie Cyrene, the town's third most accurate prophet, they've been waiting for her. Because Rose's arrival is part of a looming prophecy, one that says a flood will destroy Lotus Valley in just three days' time. Rose believes if the prophecy comes true then it will confirm her worst fear--the PTSD she was diagnosed with after Gaby's death has changed her in ways she can't face. So with help from new friends, Rose sets out to stop the flood, but her connection to it, and to this strange little town, runs deeper than she could've imagined. Debut author Rebecca Mahoney delivers an immersive and captivating novel about magical places, found family, the power of grief and memory, and the journey toward reconciling who you think you've become with the person you've been all along.

“Intense. Feral. Deliciously unhinged.” –Kristen Mae, bestselling author of *Underdog* Seven people. A locked storm shelter. Inevitable starvation. What could you do to survive? Victoria Larson and her husband, Chad, are sitting on their rooftop, waiting for the end. For three days, they’ve watched their coastal Louisiana town turn into a lake, battered by an unprecedented series of hurricanes. With the levees obliterated, the waters rise higher and higher—the next storm is sure to swallow their house whole. Just when all hope seems lost, a rescue boat emerges through the driving rain; a woman named Windy plucks them from their roof and motors them to a waterproof bunker—to safety. There, with a ragtag group of other evacuees, Victoria and Chad bed down and prepare to wait out the storms. But it isn’t long before Victoria notices a few things seem...off. The concrete bunker has a door that locks from the outside. Many of the boxes of food don’t contain food at all. The bottles of water smell like rubbing alcohol. And everyone in the group has a secret; even Victoria’s own estranged husband seems to have known their captor prior to making the trek to the shelter. And some of her fellow evacuees are far too intent on defending the woman who locked them in this dungeon. Are they really storm victims like Victoria? Or are they accomplices in a sick game? One thing is certain: none of them will survive if they can’t find something to eat. And if the stories the others tell about Windy are any indication, Victoria suspects their captor’s plans are far more evil than simply watching them die of malnourishment. The blade Windy gave her is

proof enough of that. And it won’t be long until starvation devours the last of Victoria’s sanity. Tightly plotted and deliriously wicked, this psychological thriller will leave you breathless. Fans of Nick Cutter and Paul Tremblay will love *The Flood*.

Mount Fitz Roy Harper Collins

In the tradition of *Silent Spring*, a modern parable of the American experience and our paradoxical relationship with the natural world. Though it seems a part of the "natural" landscape of New England today, the Swift River Valley reservoir, dam, dike, and nature area was a triumph of civil engineering. It combined forward-looking environmental stewardship and social policy, yet the “little people”—and the four towns in which they lived—got lost along the way. Elisabeth Rosenberg has crafted *Before the Flood* to be both a modern and a universal story in a time when managed retreat will one day be a reality. Meticulously researched, *Before the Flood*, is the first narrative book on the incredible history of the Swift River Valley and the origins Quabbin Reservoir. Rosenberg dive into the socioeconomic and psychological aspects of the Swift River Valley’s destruction in order to supply drinking water for the growing populations of Boston and wider Massachusetts. It is as much a human story as the story of water and landscape, and *Before the Flood* movingly reveals both the stories and the science of the key players and the four flooded towns that were washed forever away.

After The Flood Vintage Canada

"This is a novel in the guise of the tape-recorded recollections of a black woman who has lived 110 years, who has been both a slave and a witness to the black militancy of the 1960's. In this woman Ernest Gaines has created a legendary figure, a woman equipped to stand beside William Faulkner's Dilsey in *The Sound And The Fury*." Miss Jane Pittman, like Dilsey, has 'endured,' has seen almost everything and foretold the rest. Gaines' novel brings to mind other great works *The Odyssey* for the way his heroine's travels manage to summarize the American history of her race, and *Huckleberry Finn* for the clarity of her voice, for her rare capacity to sort through the mess of years and things to find the one true story in it all." -- Geoffrey Wolff, *Newsweek*. "Stunning. I know of no black novel about the South that excludes quite the same refreshing mix of wit and wrath, imagination and indignation, misery and poetry. And I can recall no more memorable female character in Southern fiction since *Lena of Faulkner's Light In August* than Miss Jane Pittman." -- Josh Greenfeld, *Life*
