Down Girl Random House Trade Paperbacks

"A remarkable work of slowed-down journalism...They are doing their jobs as journalists and writing the first draft of history." —Jill Filipovic, *The Washington Post* "...Generous but also damning." —Hanna Rosin, *The New York Times* From two *New York Times* reporters, a deeper look at the formative years of Supreme Court Justice Brett Kavanaugh and his confirmation. In September 2018, the F.B.I. was given only a week to investigate allegations of sexual misconduct against Brett Kavanaugh, President Trump's Supreme Court nominee. But even as Kavanaugh was sworn in to his lifetime position, many questions remained unanswered, leaving millions of Americans unsettled. During the Senate confirmation hearings that preceded the bureau's brief probe,

New York Times reporters Robin Pogrebin and Kate Kelly broke critical stories about Kavanaugh's past, including the "Renate Alumni" yearbook story. They were inundated with tips from former classmates, friends, and associates that couldn't be fully investigated before the confirmation process closed. Now, their book fills in the blanks and explores the essential question: Who is Brett Kavanaugh? The *Education of Brett Kavanaugh* paints a picture of the prep-school and Ivy-League worlds that formed our newest Supreme Court Justice. By offering commentary from key players from his confirmation process who haven't yet spoken publicly and pursuing lines of inquiry that were left hanging, it will be essential reading for anyone who wants to understand our political system and Kavanaugh's unexpectedly emblematic role in it.

The Smash-Up

Metropolitan Books Acclaimed journalist Jeffrey Toobin takes us into the chambers of the most important—and secret—legal body in our country, the Supreme Court, revealing the complex dynamic among

the nine people who decide the law of the land. An institution at a moment of transition, the Court now stands at a crucial point, with major changes in store on such issues as abortion, civil rights, and church-state relations. Based on exclusive interviews with the justices and with a keen sense of the Court's history and the trajectory of its future, Jeffrey Toobin creates in *The Nine* a riveting story of one of the most important forces in American life today.

Campus Politics Simon and Schuster

We are all living through modern constitutional history in the making, and *Ordinary Equality* helps teach about the past, present, and future of the Equal Rights Amendment (ERA) through the lives of the bold, fearless women and queer people who have helped shape the U.S. Constitution. *Ordinary Equality* digs into the fascinating and little-known history of the ERA and the lives of the incredible—and often overlooked—women and queer people who have helped shape the U.S. Constitution for more than 200 years. Based on author Kate Kelly's acclaimed podcast of the

same name, *Ordinary Equality* recounts a story centuries in the making. From before the Constitution was even drafted to the modern day, she examines how and why constitutional equality for women and Americans of all marginalized genders has been systematically undermined for the past 100-plus years, and then calls us all to join the current movement to put it back on the table and get it across the finish line. Kate Kelly provides a much-needed fresh perspective on the ERA for feminists of all ages, and this engaging, illustrated look at history, law, and activism is sure to inspire many to continue the fight. Individual chapters tell the stories of Molly Brant (Koñwatsi-tsiáiéñni / Degonwadonti), Abigail Adams, Phillis Wheatley, Matilda Joslyn Gage, Alice Paul, Mary Church Terrell, Pauli Murray, Martha Wright Griffiths, Patsy Takemoto Mink, Barbara Jordan, and Pat Spearman, and features other key players and concepts, including Ruth Bader Ginsburg, Title IX, Danica Roem, and many more.

[A Tremor of Bliss](#) The Education of Brett

Kavanaugh
A sitting justice reflects upon the authority of the Supreme Court—how that authority was gained and how measures to restructure the Court could undermine both the Court and the constitutional system of checks and balances that depends on it. A growing chorus of officials and commentators argues that the Supreme Court has become too political. On this view the confirmation process is just an exercise in partisan agenda-setting, and the jurists are no more than “politicians in robes”—their ostensibly neutral judicial philosophies mere camouflage for conservative or liberal convictions. Stephen Breyer, drawing upon his experience as a Supreme Court justice, sounds a cautionary note. Mindful of the Court’s history, he suggests that the judiciary’s hard-won authority could be marred by reforms premised on the assumption of ideological bias. Having, as Hamilton observed, “no influence over either the sword or the purse,” the Court earned its authority by making decisions that have, over time, increased the

public’s trust. If public trust is now in decline, one part of the solution is to promote better understandings of how the judiciary actually works: how judges adhere to their oaths and how they try to avoid considerations of politics and popularity. Breyer warns that political intervention could itself further erode public trust. Without the public’s trust, the Court would no longer be able to act as a check on the other branches of government or as a guarantor of the rule of law, risking serious harm to our constitutional system.

Moving Up Without Losing Your Way University Press of Kentucky

An urgent exploration of men’s entitlement and how it serves to police and punish women, from the acclaimed author of *Down Girl* “Kate Manne is a thrilling and provocative feminist thinker. Her work is indispensable.”—Rebecca Traister NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE ATLANTIC In this bold and stylish critique, Cornell philosopher Kate Manne offers a radical new framework for understanding misogyny. Ranging widely across the

culture, from Harvey Weinstein and the Brett Kavanaugh hearings to “Cat Person” and the political misfortunes of Elizabeth Warren, Manne’s book shows how privileged men’s sense of entitlement—to sex, yes, but more insidiously to admiration, care, bodily autonomy, knowledge, and power—is a pervasive social problem with often devastating consequences. In clear, lucid prose, Manne argues that male entitlement can explain a wide array of phenomena, from mansplaining and the undertreatment of women’s pain to mass shootings by incels and the seemingly intractable notion that women are “unelectable.” Moreover, Manne implicates each of us in toxic masculinity: It’s not just a product of a few bad actors; it’s something we all perpetuate, conditioned as we are by the social and cultural mores of our time. The only way to combat it, she says, is to expose the flaws in our default modes of thought while enabling women to take up space, say their piece, and muster resistance to the entitled attitudes of the men around them. With wit and intellectual fierceness, Manne sheds

new light on gender and power and offers a vision of a world in which women are just as entitled as men to our collective care and concern. Univ of California Press
The Education of Brett Kavanaugh Penguin
The Authority of the Court and the Peril of Politics Crown Forum
The cornerstone of the American republic is an educated, active, and engaged citizenry; however, the multifaceted inner workings of government and the political forces that shape it are incredibly complex. Kentucky Government, Politics, and Public Policy is the first book in nearly three decades to provide a comprehensive overview of the commonwealth's major governing and political institutions and the public policy issues that profoundly affect Kentuckians' daily lives. In this groundbreaking volume, editors James C. Clinger and Michael W. Hail have assembled respected scholars from across the state to inform citizens about their governing institutions, the consequences of their policy choices, and the intricacies of the political process. They provide clear and authoritative

information on Kentucky's government and explain significant trends and patterns, exploring the legacy of the state's political history and illuminating the contributions of influential Kentucky politicians such as Henry Clay, Abraham Lincoln, and Jefferson Davis. The contributors also address essential topics such as the structure and function of the three branches of government, the constitution, and federalism and intergovernmental relations, as well as administration, budgeting, and finance. They analyze key issues in education policy, economic and community development, and health care in great detail, explaining persistently controversial topics such as campaign finance, the cost of elections, ethics, and the oversight of regulatory agencies. From the executive branch to the legislature, from the court system to political parties, there is no better primer on government in the commonwealth. *Shadow* Random House Trade Paperbacks
Featuring new interviews with his accusers and overlooked evidence of his deceptions, a deeply

reported account of the life and confirmation of Brett Kavanaugh, set against the conservative movement's capture of the courts. In *DISSENT*, award-winning investigative journalist Jackie Calmes brings readers closer to the truth of who Supreme Court Justice Brett Kavanaugh is, where he came from, and how he and the Republican party at large managed to secure one of the highest seats of power in the land. Kavanaugh's rise to the justice who solidified conservative control of the supreme court is a story of personal achievement, but also a larger, political tale: of the Republican Party's movement over four decades toward the far right, and its parallel campaign to dominate the government's judicial branch as well as the other two. And Kavanaugh uniquely personifies this history. Fourteen years before reaching the Supreme Court, during a three-year fight for a seat on the D.C. Circuit Court of Appeals, Democratic Senator Dick Durbin would say to Kavanaugh, "It seems that you are the Zelig or Forrest Gump of Republican politics. You show up at every scene of the crime." Featuring

revelatory new reporting and exclusive interviews, *DISSENT* is a harrowing look into the highest echelons of political power in the United States, and a captivating survey of the people who will do anything to have it. [My Grandfather's Son](#) Harvard University Press Twenty-five years after Richard Nixon's resignation, investigative journalist Bob Woodward examines the legacy of Watergate. Based on hundreds of interviews - both on and off the record - and three years of research of government archives, Woodward's latest book explains in detail how the premier scandal of US history has indelibly altered the shape of American politics and culture - and has limited the power to act of the presidency itself. Bob Woodward's mix of historical perspective and journalistic sleuthing provides a unique perspective on the repercussions of Watergate and proves that it was far more than a passing, embarrassing crisis in American politics: it heralded the beginning of a new period of troubled presidencies. From Ford through to Clinton, presidents have battled public scepticism,

a challenging Congress, adversarial press and even special prosecutors in their term in office. Now, a quarter of a century after the scandal emerged, the man who helped expose Watergate shows us the stunning impact of its heritage. *Kentucky Government, Politics, and Public Policy* Crown Now in paperback with a foreword by President Donald J. Trump, Senate Majority Leader Mitch McConnell's memoir shows how one of the most successful public figures of our time has worked to advance conservative values in Washington. Under Mitch McConnell's famously quiet and strategic leadership, Republicans in the Senate have seen win after win—from tax cuts and deregulation to major improvements for veterans, farmers, and our national defense. In 2018, President Donald Trump dubbed McConnell "the greatest leader in history"—and even his harshest critics on the Left acknowledge his skill. Now with a new foreword by President Trump and an afterword that details McConnell's friendship with Supreme Court Justice Antonin Scalia, this paperback edition of

McConnell's memoir reveals the backdrop of his decision not to fill Scalia's vacant seat until after the 2016 presidential election. Of this decision, New York Times chief Washington correspondent Carl Hulse wrote that "McConnell not only preserved a Supreme Court seat, he elected Donald Trump president." The years of the McConnell-led Senate have proved that lasting change can only be won by playing the long game. Leading up to the 2020 election, when the system of government our Founding Fathers created will again be threatened by the Left, this book is necessary reading for anyone who wants to avoid repeating the mistakes of our recent past.

The Secret Club That Runs the World Simon and Schuster

The Washington Post journalist and legal expert Ruth Marcus goes behind the scenes to document the inside story of the Brett Kavanaugh confirmation battle and the Republican plot to take over the Supreme Court—thirty years in the making—in this "impressively reported, highly insightful, and rollicking good read" (The

New York Times Book Review). In the summer of 2018 the Kavanaugh drama unfolded so fast it seemed to come out of nowhere. With the power of the #MeToo movement behind her, a terrified but composed Christine Blasey Ford walked into a Senate hearing room to accuse Kavanaugh of sexual assault. This unleashed unprecedented fury from a Supreme Court nominee who accused Democrats of a "calculated and orchestrated political hit." But behind this showdown was a much bigger one. The Washington Post journalist and legal expert Ruth Marcus documents the thirty-year mission by conservatives to win a majority on the Supreme Court and the lifelong ambition of Brett Kavanaugh to secure his place in that victory. The reporting in *Supreme Ambition* is full of revealing and weighty headlines, as Marcus answers the most pressing questions surrounding this historical moment: How did Kavanaugh get the nomination? Was Blasey Ford's testimony credible? What does his confirmation mean for the future of the court? Were the Democrats outgunned

from the start? On the way, she uncovers secret White House meetings, intense lobbying efforts, private confrontations on Capitol Hill, and lives forever upended on both coasts. This "extraordinarily detailed" (The Washington Post) page-turner traces how Brett Kavanaugh deftly maneuvered to become the nominee and how he quashed resistance from Republicans and from a president reluctant to reward a George W. Bush loyalist. It shows a Republican party that had concluded Kavanaugh was too big to fail, with senators and the FBI ignoring potentially devastating evidence against him. And it paints a picture of Democratic leaders unwilling to engage in the no-holds-barred partisan warfare that might have defeated the nominee. In the tradition of *The Brethren* and *The Power Broker*, *Supreme Ambition* is the definitive account of a pivotal moment in modern history, one that will shape the judicial system of America for generations to come.

Ordinary Equality

Oxford University Press
Each year, the Supreme Court of the United States announces new rulings

with deep consequences for our lives. This inaugural volume in Palgrave's new SCOTUS series describes, explains, and contextualizes the landmark cases of the US Supreme Court in the term ending in 2018, covering issues such as gay rights, religious liberty, public sector unions, coerced speech, digital privacy, voting rights, and the Trump travel ban. Bringing together notable scholars of the Court in one volume, the chapters in Scotus 2018 present the details of each ruling in its specific case, its meaning for constitutional debate, and its impact on public policy or partisan politics. Finally, SCOTUS 2018 offers a big-picture look at Justice Neil Gorsuch's first full term in office, the legal and political legacy of former Justice Anthony Kennedy, and the controversial nomination and confirmation of Justice Brett Kavanaugh.

Justice on Trial: Radical Solutions for a System at Breaking Point

Anchor

"A must-read for anyone interested in the Supreme Court."—MIKE LEE, Republican senator from Utah Politics have always intruded on Supreme Court appointments. But

although the Framers would recognize the way justices are nominated and confirmed today, something is different. Why have appointments to the high court become one of the most explosive features of our system of government? As Ilya Shapiro makes clear in *Supreme Disorder*, this problem is part of a larger phenomenon. As government has grown, its laws reaching even further into our lives, the courts that interpret those laws have become enormously powerful. If we fight over each new appointment as though everything were at stake, it's because it is. When decades of constitutional corruption have left us subject to an all-powerful tribunal, passions are sure to flare on the infrequent occasions when the political system has an opportunity to shape it. And so we find the process of judicial appointments verging on dysfunction. Shapiro weighs the many proposals for reform, from the modest (term limits) to the radical (court-packing), but shows that there can be no quick fix for a judicial system suffering a crisis of legitimacy. And in the end, the only measure of

the Court's legitimacy that matters is the extent to which it maintains, or rebalances, our constitutional order.

Aim High Harvard University Press

Ten years after one of the most polarizing political scandals in American history, author Ken Gormley offers an insightful, balanced, and revealing analysis of the events leading up to the impeachment trial of President William Jefferson Clinton. From Ken Starr's initial Whitewater investigation through the Paula Jones sexual harassment suit, to the Monica Lewinsky affair and Brett Kavanaugh's role in the subsequent inquiry, *The Death of American Virtue* is a gripping chronicle of an ever-escalating political feeding frenzy. In exclusive interviews, Bill Clinton, Ken Starr, Monica Lewinsky, Paula Jones, Susan McDougal, and many more key players offer candid reflections on that period. Drawing on never-before-released records and documents—including the Justice Department's internal investigation into Starr, new details concerning the death of Vince Foster, and evidence from lawyers on

both sides—Gormley sheds new light on a dark and divisive chapter, the aftereffects of which are still being felt in today's political climate.

Justice on Trial Simon and Schuster

Winner of the 2021 IRE Book Award Winner of the 2022 Texas Institute of Letters Carr P. Collins Award for Best Book of Nonfiction In the age of #MeToo, learn how brave whistleblowers have dared to lift the federal court's veil of secrecy to expose powerful judges who appear to defy laws they have sworn to uphold Code of Silence tells the story of federal court employee Cathy McBroom, who had to flee her job as a case manager in Galveston, Texas, after enduring years of sexual harassment and assault by her boss—US District Judge Samuel Kent. Following a decade of firsthand reporting at the Houston Chronicle, investigative reporter Lise Olsen charts McBroom's assault and the aftermath, when McBroom was thrust into the role of whistleblower to denounce a federal judge. What Olsen discovered by investigating McBroom's story and other federal judicial misconduct matters nationwide was

shocking. With the help of other federal judges, Kent was being protected by a secretive court system that has long tolerated or ignored complaints about corruption, sexism, and sexual misconduct—enabling him to remain in office for years. Other powerful judges accused of judicial misconduct were never investigated and remain in power or retired with full pay, such as US Circuit Judge Alex Kozinski and Kozinski's mentee, Brett Kavanaugh. McBroom's ultimate triumph is a rare story of redemption and victory as Judge Kent became the first and only federal judge to be impeached for sexual misconduct. Olsen also weaves in narratives of other brave women across the country who, at great personal risk, have reported federal judges to reveal how sexual harassment and assault occur elsewhere inside the federal court system. The accounts of the women and their allies who are still fighting for reforms are moving, intimate, and inspiring—including whistleblowers and law professors like Leah Litman, Emily Murphy, and novelist Heidi Bond, who emerged to

denounce Kozinski in 2017. A larger group of women—and men—banded together to form a group called Law Clerks for Accountability, which is continuing to push for more reforms to the courts' secretive complaint review system. Code of Silence also reveals the role the press plays in holding systems of power in check. Kent would not have been charged had it not been for Olsen's reporting and the Houston Chronicle's commitment to the story.

The Essential Scalia

Vintage

Up to the current day, matters of sexual morality—including contraception, abortion, premarital sex, and gay marriage—have polarized the Catholic Church. In the wake of the turmoil of the 1960s, when liberal theologians challenged the Church's traditional views on the subject, a schism has opened. Much of the world, and many Catholics themselves, believe that the views of each camp are clear and well defined. As Mark Judge reveals in this trenchant and illuminating defense of the teachings of his Church, this is far from the case. Without sensationalism, Judge is candid here about his

personal journey from the playgrounds of the sexual revolution to his eventual belief in the need to combine sexuality with love and commitment to another person, not as an end in itself but rather as a particularly direct means of opening oneself up to God's love. He also sees support for the Christian theology on love in a seemingly unlikely place: rock music. He delves into the Church's teachings on sexual matters, going back to the time of Saint Augustine, Saint Thomas Aquinas, Saint John of the Cross, and Pope John Paul II while also acquainting us with more contemporary voices from within the Church—as well as from the pop charts.

Wasted Penguin

Universities are usually considered bastions of the free exchange of ideas, but a recent tide of demonstrations across college campuses has called this belief into question, and with serious consequences. Such a wave of protests hasn't been seen since the campus free speech demonstrations of the 1960s, yet this time it is the political Left, rather than the political Right, calling for restrictions on campus speech and

freedom. And, as Jonathan Zimmerman suggests, recent campus controversies have pitted free speech against social justice ideals. The language of trauma--and, more generally, of psychology--has come to dominate campus politics, marking another important departure from prior eras. This trend reflects an increased awareness of mental health in American society writ large. But it has also tended to dampen exchange and discussion on our campuses, where faculty and students self-censor for fear of insulting or offending someone else. Or they attack each other in periodic bursts of invective, which run counter to the civility promised by new speech and conduct codes. In *Campus Politics: What Everyone Needs to Know(R)*, Jonathan Zimmerman breaks down the dynamics of what is actually driving this recent wave of discontent. After setting recent events in the context of the last half-century of free speech campus movements, Zimmerman looks at the political beliefs of the US professorate and students. He follows this with chapters on political

correctness; debates over the contested curriculum; admissions, faculty hires, and affirmative action; policing students; academic freedom and censorship; in loco parentis administration; and the psychology behind demands for trigger warnings and safe spaces. He concludes with the question of how to best balance the goals of social and racial justice with the commitment to free speech.

Supreme Disorder

Oxford University Press Smart, sublime, and wickedly clever, *The Smash-Up* captures—then transcends—our current polarized moment “An exhilarating ride . . . hilarious . . . a modern and energetic story about a marriage on the skids.”—The New York Times Ethan has always been one of the good guys, and for years, nobody has appreciated this fact more than his wife, Zo. Until now. Jolted into activism by the 2016 election, Zo's transformed their home into the headquarters for the local resistance, turning their comfortable decades-long marriage inside-out. Meanwhile, their boisterous daughter, Alex, grows wilder by the day. Ethan's former business

partner needs help saving the media company they'd co-founded. Financial disaster looms. Enter a breezy, blue-haired millennial making her way through the gig economy. Suddenly Ethan faces a choice unlike any he's ever had to make. Unfolding over five turbulent days in 2018, *The Smash-Up* wrestles shrewdly with some of the biggest questions of our time: What, exactly, does it mean to be a good guy? What will it take for men to break the "bro code"?

How does the world respond when a woman demands more? Can we ever understand another's experiences... and what are the consequences of failing to try? Moving, funny, and cathartic, this portrait of a marriage—and a nation—under strain is, ultimately, a magic trick of empathy, one that will make you laugh and squirm until its final, breathless pages. *The Problem with Everything* Penguin

Down Girl is a broad, original, and far ranging analysis of what misogyny really is, how it works, its purpose, and how to fight it. The philosopher Kate Manne argues that modern society's failure to recognize women's full humanity and autonomy is not actually the problem. She argues instead that it is women's manifestations of human capacities -- autonomy, agency, political engagement -- is what engenders misogynist hostility.
