Many new believers have questions about what it means to live as a Christian in the context of a local church, and pastors are looking for resources to pass along to their congregations to help them think biblically about the Christian life. 9Marks Church Questions is a new series that seeks to provide ordinary Christians with sound and accessible biblical teaching by answering common questions Christians have about church life. Each volume offers biblical answers and practical applications with the goal of nurturing healthy church practice and commitment. This booklet gives readers the biblical basis and practical tips for sharing the gospel with those who aren't Christians, demonstrating how evangelism is doable for all believers, even those who feel like they aren't particularly gifted

in evangelism.

Each of us experience moments that shift the axis of our lives, nudging us into new perspectives and sometimes altering our course completely. These are thread--threads that seem mundane, silly, or even trite but, woven together over the course of a life, bring us to places we never imagined. Sex, God, and Rock 'n' Roll is a story of such threads in one extraordinary life. Barry Taylor began adulthood on the road with a world-famous rock band, and there he found religion. He then became a theologian, priest, teacher, and a theist-non-theist-post-theist. Some of his stories will shock and others will provoke laughter and tears. Taken together, they will show just how poignantly the sacred moves in all of our lives.

Faith, Hope and Carnage offers ladders of hope and inspiration from a true visionary.

U2's significant career far exceeds that of most average successful rock bands, with a prolific output of thirteen well-received studio albums and a sometimes relentless touring schedule. The band is famous for uniquely drawing together music, art, faith, and activism, all within a lucrative career that has given each of these elements an unusual degree of social and cultural resonance. Broad-minded musically and intellectually, U2's output is thematically rich, addressing a slew of topics, from questions of faith to anxieties about commercialism to outright political statements. With one of the largest fan bases in the history of rock music, U2 and their work require contextualization and exploration. In *U2: Rock 'n' Roll to Change the World*, Timothy D. Neufeld takes up this challenge. Neufeld explores U2's move from the youthful idealism of a band barely able to play instruments through its many phases of artistic expression and cultural engagement to its employment of faith and activism as a foundation for its success. This book outlines how U2 reshaped the very musical and even political culture that had originally shaped it, demonstrating through close readings of its musical work the dynamic interplay of artistic expression and social engagement.

Popular music in the twenty-first century is increasingly divided into niche markets. How do fans, musicians, and music industry executives define their markets’ boundaries? What happens when musicians cross those boundaries? What can Christian music teach us about commercial popular music? In *God Rock, Inc.*, Andrew Mall considers the aesthetic, commercial, ethical, and social boundaries of Christian popular music, from the late 1960s, when it emerged, through the 2010s. Drawing on ethnographic research, historical archives, interviews with music industry executives, and critical analyses of recordings, concerts, and music festival performances, Mall explores the tensions that have shaped this evolving market and frames broader questions about commerce, ethics, resistance, and crossover in music that defines itself as outside the mainstream.

Faith Lies: 7 Incomplete Ideas That Hijack Faith and How to See

Beyond Them is for people noticing the cracks in the foundation of their faith as well as those who feel they have been hurt or discarded by a God or a faith that just does not make sense. Faith lies are those seemingly required religious ideas or spiritual beliefs that are often confusing and rarely helpful. LIE 1 -- The Bible is the Literal Word of God -- The Bible is not the written record of God’s dictation. God was most certainly the inspiration for the Bible, but not the medium. People were the medium—they did the storytelling, the writing, the selecting, and the interpretation that resulted in the Bible. The Bible is not God’s Bill of Rights and Constitution. Rather, it is a divinely inspired story of progression that should open things up rather than constrict and regulate. LIE 2 -- God is Angry and Doesn’t Like Me--Especially When I Sin -- Instead of perceiving God as a loving parent, many of us understand God as a cosmic scorekeeper, intent on our purification. Understanding God as a loving parent not only requires a reframing of our perception of God but also invites us to see each other and ourselves as beloved children. LIE 3 -- The Devil is God’s Counterpart -- This is the bad idea that the Bible presents a continuous, consistent narrative about the devil. It simply does not. Moreover, when we string together what we actually have--disparate statements about satan made by different people, from different places, languages, cultures, and times--we arrive at the strange notion that there is a “good” god who is responsible for the “good” things in our lives and a “bad” god (satan) who handles the “bad” stuff. LIE 4 -- I Am Supposed to Protect and Defend God and My Faith -- There are real tensions and conflicts around the globe today that are built on the notion that as people of faith, one of our jobs is to defend our faith or

our God. Rather than settling for a god who needs our protection, we can follow the powerfully divine thread of moving “beyond the tribe” that is found throughout the Bible. LIE 5 -- There is One Right Way to Believe and One Right Way to Behave -- One of the root lies of fundamentalism--in all faiths--is the notion that true faith is defined by believing the right things and acting the right way. Isn't it more likely that we are all part of a diverse creation that flows from a God that cannot be contained by any one belief or behavior? LIE 6 -- Faith is a Private Matter -- Much like whom we voted for in the last election or how much money we make, people have wrongfully accepted the idea that faith is a private matter and not to be shared with others. The spiritual life has always been a communal life. We require others to undertake our journey, and others need us, too. LIE 7 -- Real Faith is Blind Belief -- The idea that true faith has no doubts or questions creates a powerless and impotent faith that discourages critical thinking and fosters the ridiculous assumption that science and faith are unrelated. Real faith actually requires doubt, criticism, and exploration in order to change us—let alone change the world. While the loud voices at the margins adamantly declare faith either completely irrelevant or capable of being contained in one narrow ideology, most people get lost in the mix, feeling no certainty or comfort in either direction. Faith Lies deconstructs the terrible notion that faithlessness and fundamentalism are our only options.

Tolerance and co-existence are both great! In fact, they are necessary. If we are to live together in peace without hating each other, or physically harming each other over differences in race,

culture, sexual orientation, political views, and religious beliefs, we must have tolerance. However, we must also recognize that every belief can't be equally valid. If two beliefs directly contradict each other, both of them cannot be true, no matter how "tolerant" we become. This means it is false to say that every religion is true, or that every religion leads to God. When people make such claims they show that they have not taken the time to study the world's religions, because a brief reading of the sacred texts of only a handful of religions quickly reveals contradictions on the most fundamental levels. Religious Contradictions Reincarnation (Hinduism and Buddhism) contradicts the belief that this is your only life before eternity (Christianity, Judaism, and Islam). Salvation from sin (Christianity) contradicts the belief that there is no sin to be saved from but simply pain that can be escaped through enlightenment (Buddhism). Jesus Christ is the incarnate, Son of God (Christianity), contradicts the teaching that he is just a prophet (Islam) or that he was a false prophet (Judaism). In light of these contradictions alone, all religions can't be true. They could all be false, but they can't all be true. Are any of them true? This is the most important question anyone can ask. Recognize religious contradictions. Embrace them. Test them. Seek the truth. www.contradictmovement.org

Written by an L. A. County homicide detective and former atheist, *Cold-Case Christianity* examines the claims of the New Testament using the skills and strategies of a hard-to-convince criminal investigator. Christianity could be defined as a "cold case": it makes a claim about an event from the distant past for which there is little forensic evidence. In *Cold-Case Christianity*, J. Warner Wallace uses his nationally recognized skills as a homicide detective to look at the evidence and eyewitnesses behind Christian beliefs. Including gripping stories from his career and the visual techniques he developed in the courtroom, Wallace uses illustration to examine the powerful evidence that validates the claims of Christianity. A unique apologetic that speaks to readers' intense interest in detective stories, *Cold-Case Christianity* inspires readers to have confidence in Christ as it prepares them to articulate the case for Christianity.

God rocks! Or at least for an increasing fraction of the global

population he does. No longer associated with evangelical 'happy clappers' sporting tambourines and sandals, these days the Christian message is being delivered by a swelling number of faithful musicians from every genre -- rock, pop, R&B, dance and country. Of course, the real aim to promote God remains, but at least it's not so cringeworthy anymore. In *Faith, God & Rock 'n' Roll*, Mark Joseph profiles the current crop of American bands and artists with a spiritual message, looking at the challenges they face in reconciling their rock 'n' roll lifestyles with deep-rooted religious convictions. Featuring key interviews with some of the most prominent acts on the music scene, *Faith, God & Rock 'n' Roll* charts what's going on with God stateside. Book jacket.

Wretched excess, rock stardom, and golf—from the man who invented shock rock In this tell-all memoir, Alice Cooper speaks candidly about his life and career, including all the years of rock 'n' roll history he's been a part of, the addictions he faced, and the surprising ways he found redemption. From a childhood spent as a minister's son worshiping baseball and rock 'n' roll; to days on the road with his band, working to make a name for themselves; to stardom and the insanity that came with it, including a quart-of-whiskey-a-day habit; to drying out at a sanitarium back in the late '70s, Alice Cooper paints a rich and rockin' portrait of his life and his battle against addiction—fought by getting up daily at 7 a.m. to play 36 holes of golf. Alice tells hilarious, touching, and sometimes astounding stories about Led Zeppelin and the Doors, George Burns and Groucho Marx, John Daly and Tiger Woods . . . everyone is here from Dalí to Elvis to Arnold Palmer. Alice Cooper, *Golf Monster* is the incredible story

of someone who rose through the rock 'n' roll ranks releasing platinum albums and selling out arenas with his legendary act—all while becoming one of the best celebrity golfers around. Faith, God & Rock 'n' Roll Thomas Nelson Inc

When our daughters Mandy and Malan were young, my husband and I would chart their growth by having them stand against a wall entering our Den. We would measure their height, by drawing a line above their heads. And so, each summer we would repeat this measuring, and tracking of their growth progress. It was wonderful watching our Children grow in this way. This Book came from those precious memories. God reminded me through these measuring experiences with my children, of the Measure of Faith he had given me during my own walk with him thus far! Many experiences that would exercise my Faith and draw me closer to my God! Each Faith-Building Trial only made me stronger for the Lord and strengthened me spiritually, for many new battles God knew were ahead! I hope by sharing these wonderful and sometimes painful experiences, I can help someone else grow in the Lord. May God bless you reader, as you walk through some pages from my Life~!
