EATON MAGDALENA

A Cook's Tour Allen & Unwin

'It works extremely well. In large part because Bourdain is a very funny writer; sharp, honest and with a beguiling mix of belligerence and sensitivity' Sunday Telegraph 'Brilliantly written up in a raw, stylish gonzo prose, with pitch-black humour and a devilish turn of phrase' Evening Standard _____
Anthony Bourdain, life-long line cook and bestselling author of Kitchen Confidential, sets off to eat his way around the world. But being Anthony Bourdain, this was never going to be a conventional culinary tour. Bourdain heads out to Saigon where he eats the still-beating heart of a live cobra, and travels deep into landmined Khmer Rouge territory to find the rumoured Wild West of Cambodia (Pailin). Other stops include dining with gangsters in Russia, a medieval pig slaughter and feast in northern Portugal, the Basque All Male Gastronomique Society in Saint Sebastian, rural Mexico with his Mexican sous-chef, a pilgrimage to the French Laundry in the Napa Valley and a return to his roots in the tiny fishing village of La Teste, where he first ate an oyster as a child. Written with the inimitable machismo and humour that has made Tony Bourdain such a sensation, A Cook's Tour is an adventure story sure to give you indigestion.

The ancient and mysterious ruins of Cambodia have long captured the imagination of visitors, more so now than ever before. In Destination Cambodia, Walter Mason charts an affectionate, intimate and deeply personal look at a Kingdom that has drawn him back again and again since his youth. Whether he's watching young monks recite the Buddha's life stories, visiting shamans and fortune tellers, or discovering the darker alleys of Phnom Penh with a romantic novelist and a world-weary street hustler, Walter takes the reader straight to the heart of this famously unknowable country. As heat, dust and weariness take their toll, he remains alive to the charms, and even seductions, of a place that was once a byword for misery and human suffering. Destination Cambodia takes us on a joyful and constantly

fascinating literary journey in which Cambodia is vibrant and its people excited about the future while never denying their haunted past.

Southeast Asia Moon Travel

Richard Serrano begins his provocative new work Against the Postcolonial with the bold statement that Ofrancophone studies is mostly a mirage, while postcolonial studies is mostly a delusion. O He argues that many attempts to use postcoloniality to account for francophone writers tell us more about the critics O assumptions than about the writers O works. Furthermore, he asserts that postcolonial studies, with its antecedents as an Anglophone Indian project that emerged in response to the weakening British Raj, is but one sort of narrative of colonialism into which writers of French expression do not neatly fit. In an insightful exploration of the work of five writers from lands formerly or currently ruled by France_ Algeria, Cambodia, Guiana, Madagascar, and Mali_ Serrano demonstrates the rewards of research that engages in textual analysis within its historical and literary context. He deftly argues against the relevance of a homogenizing critical practice; considering these writers Opostcolonial, O he claims, is to misunderstand their aesthetic strategies for survival in the face of French colonialism and modernism. Scholars of Francophone literature, postcolonial studies, and world literature will relish Serrano O s lively invitation to debate and masterful analysis of five brilliant artists.

Off the Rails in Phnom Penh Allen & Unwin

A Fareed Zakaria GPS Book of the Week: "An exhilarating look at the cutting edge of bioengineering. . . . a mind-bending read." —Kirkus Reviews (starred review) For millennia, humans have tried—and often failed—to master nature and transcend our limits. But this has started to change. The new scientific frontier is the human body: The greatest engineers of our generation have turned their sights inward, and their work is beginning to revolutionize mankind. In *The Body Builders*, Adam Piore takes us on a fascinating journey into the field of bioengineering—which can be used to reverse engineer, rebuild, and augment human beings—and paints a vivid portrait of the people at its center. Chronicling the ways new technology has retooled our physical expectations and mental processes, Piore visits people who have regrown parts of their fingers and legs in the wake of terrible traumas; tries on a muscle suit that allows him to lift ninety pounds with his fingertips; dips into the race to create "Viagra for the brain"; and shadows the doctors trying to give mute patients the ability to communicate telepathically. As science continues to lay bare the mysteries of human performance, it is helping us to

see—and exist—above our expectations. *The Body Builders* goes beyond the headlines and the hype to reveal the inner workings and the outer reaches of our bodies and minds, and explore how new developments are changing, and will forever change, what is possible for humankind. Weaving powerful storytelling with groundbreaking science, *The Body Builders* explores the current revolution in human augmentation, which is helping us triumph over the limitations and constraints we've long accepted as an inevitable part of being human. "Piore writes gracefully, and with deep insight, about complex scientific endeavors that could ease human suffering but are fraught with myriad ethical perils."

sleeping and drinking listings for every budget * Features information on how to get there and how to get around plus carefully planned itineraries to help you have the best possible experience whether you're travelling for one week or one month *The heart of the guide is divided by country with each section offering an overview map, local information on how to get around with transport and street maps where relevant * Each section has an overview map, local information on how to get around with transport and street maps where relevant, a short history of the region, thorough advice on what to see and do and a directory of key local information on banks, embassies, internet cafes, medical and services * Full-colour mini atlas to help you get your bearings and plan your journeys From the vivid rice paddies of Vietnam to Phnom Penh, the fascinating modern day capital of Cambodia, to laid-back Laos and its picture-postcard gilded temples, Footprint's fully updated 4th edition will help you get to the heart of this exquisite region and charming people.

Adventure Guide Vietnam, Laos and Cambodia Rough Guides

Moments after their wedding reception, Ray Hoover and his wife, Lucy, began a lifelong quest to see the world. To date, they have logged six million miles, taken two thousand trips to seven continents, and filled over four hundred passport pages with thousands of stamps and visas. In a fascinating travelogue, Ray chronicles their most profound exploits to some of the world's most unusual destinations, often under unique circumstances, that taught them not just about the geography of a location, but also the spirit derived from it. Throughout his narrative, Ray details their travels to the City of Gold, the Middle East including a cruise on the Nile, some of the most conflicted places on Earth, India and Imperial China, Vietnam and Cambodia, Nepal, Egypt, East Berlin, Ireland and Greece, Africa, Australia, North America, Antarctica, and much more. *Adventures to the World's Hidden Corners* chronicles the lifelong quest of an architect and his wife as they embarked on an odyssey to the world's most intriguing and out-of-the-way places.

The Supreme Travel Adventure Lonely Planet

The book is a celebration of and tribute to the work inspired by Mike and Corinne Gurry that saw hundreds of volunteers, mainly from Australia, travel to Cambodia to build houses for poor people and find other ways to improve lives of poor Cambodians. This included the building of a Women's Hospital, originally called Nokor Tep, development work through CFS (Cambodia Family Support), as well as arrangong for the West Coast Eagles football team to travel there and also build houses and schools.

Moon Angkor Wat Penguin

Cambodia, also known as the Kingdom of Cambodia, is located in Southeast Asia with Thailand to the northwest, Laos to the northeast, Vietnam to the east and the Gulf of Thailand to the south. The country has a rich and tumultuous history with ancient Hindu and Buddhist kingdoms, European colonialism and the devastating rule of the Khmer Rouge. Despite its troubled past, Cambodia has made significant progress in recent decades and is emerging as a popular tourist destination. Cambodia's capital city is Phnom Penh, which is known for its French colonial architecture, bustling markets, and the Royal Palace. Other

popular tourist destinations include Siem Reap, home to the famous Angkor Wat temple complex, and Sihanoukville, a coastal city with stunning beaches and offshore islands. The country's

official language is Khmer, and the currency is the Cambodian riel. Cambodia's economy largely relies on agriculture, with rice being the main crop, and tourism has become a significant source

of income in recent years.
